Executive Summary (optional)

[903.7(r)].

The County of Albemarle Office of Housing is the designated local agency for the administration of the county Housing Choice Voucher Program. The Office of Housing is a part of the executive branch of local government and not a public housing authority.

It is the mission of the Office of Housing to *promote opportunities for all county citizens to secure and maintain safe, decent, accessible, and affordable housing with emphasis given to those least able to obtain it.* The Office of Housing's available programs include the administration of over 400 vouchers, operates a Family Self-Sufficiency Program, and the HOMEBUYER'S Club homebuyer's education and counseling program.

This Annual Plan for FY 2005-2006 outlines strategies the county expects to address and resources the County anticipates to provide assistance to those lower-income households who cannot afford basic housing costs. The Plan continues to use a preference for those who live and/or work in the County.

The only change proposed in this Plan is an increase in minimum rent from \$25 to \$50. This change will minimize the impact of HUD's budget-based funding.

9. Additional Information

[24 CFR Part 903.12 (b), 903.7 (r)]

A. PHA Progress in Meeting the Mission and Goals Described in the 5-Year Plan

Maintaining a fairly constant stream of funding for the Housing Choice Voucher Program has been key in meeting our mission of serving those households that can least afford housing in the area market. We have been successful, by utilizing a number of sources including our own extensive database, in maintaining rents at reasonable levels within our payment standard. However, more frequent negotiations are conducted with landlords and their agents who are under pressure to raise rents to keep up with the market. We have lost the opportunity to execute new leases with one large tax credit project and two others appear threatened due to management demands to increase rents. The increase in rents in the private sector and the changes in place and being considered at HUD regarding future funding could result in as much as a ten percent (10%) reduction in the number of families receiving assistance. Lease-up rates have been maintained since reaching 95% in April 2003.

Other accomplishments on our goals and strategies have been

- Increasing and maintaining a lease-up rate above 95%
- Improving efficiency in administration including updated software
- Having all housing specialists certified as housing counselors
- Providing local general fund support for the development of a 97-unit elderly apartment project
- Providing local general funds, HOME funds, 24 project-based vouchers, and Community Development Block Grant funds for the acquisition and renovation of a 96-unit expiring Mod Rehab project and the construction of a community center on the site
- Commitment of 12 project-based vouchers for a proposed 90-unit elderly apartment project
- Expanded housing option by executing a six-jurisdiction agreement to allow use of vouchers within those jurisdictions without requiring portability
- Developed a security and utility deposit assistance program using HOME funds for applicants that complete a tenant-counseling program
- Increased use of our website for program information including access to applications and other forms
- Developed an Affordable Housing Policy that was adopted by the local governing body as an amendment to the Comprehensive Plan
- Achieved and maintained the status of “High Performing Agency” under SEMAP

B. Criteria for Substantial Deviations and Significant Amendments

(1) Amendment and Deviation Definitions

24 CFR Part 903.7(r)

PHAs are required to define and adopt their own standards of substantial deviation from the 5-year Plan and Significant Amendment to the Annual Plan. The definition of significant amendment is important because it defines when the PHA will subject a change to the policies or activities described in the Annual Plan to full public hearing and HUD review before implementation.

a. Substantial Deviation from the 5-Year Plan

The County of Albemarle's Office of Housing is designated and acts as a Public Housing Agency for the purpose of administering the Housing Choice Voucher Program. The Office is responsible for preparing the required 5-year Plan and Annual Plans for submission to HUD.

Recommendations for revision to currently approved plans are made to a Housing Committee that is appointed by the County Board of Supervisors. The Housing Committee comments are used in drafting the final proposed plan for public review and public hearing. The public hearing is held at a Board of Supervisors' meeting.

The Office defines any modification as significant if it affects all current voucher holders and/or applicants on the waiting list. Such modifications would include changes in payment standard (ex. Adopting 110% FMR or changing waiting list organization). Such changes have been made since the approval of the 5-year plan; however, the changes were made in conjunction with the approval of Annual Plans.

Every effort is made to implement any changes with the adoption of new plans rather than make significant changes during an approved plan year. If significant modifications were necessary during implementation of an approved Plan, the same process would be used for local approval, review and recommendation by the Housing Committee and public hearing before the Board of Supervisors.

b. Significant Amendment or Modification to the Annual Plan

Increase of minimum tenant rent from \$25 to \$50 with defined hardship exemptions.

- Other (describe below):
 - Support for preservation of affordable units
