D. Other Information Required by HUD

Use this section to provide any additional information requested by HUD.

1. Definition of "Substantial Deviation" and Significant Amendment and "Significant Amendment or Modification" to the Agency Plan

A Housing Authority is required to identify in its Annual Plan the basic criteria that will be used to determine what constitutes a "substantial deviation" from the Five Year Plan and/or a "significant amendment or modification" to either the Five Year Plan or the Annual Plan.

After approval of the Agency Plan, a Housing Authority may not "substantially deviate" from its Five Year Plan or implement any amendment or modification which is a "significant amendment or modification" to the Five Year and Annual Plan until:

- The Resident Advisory Board has had the opportunity to review and make recommendation on the amendment or modification;
- The amendment or modification has been adopted at a duly-called meeting of the Housing Authority Board of Commissioners; and
- Notification of the amendment or modification, along with a copy of the recommendations made by the Resident Advisory Board and a description of the matter in which the Housing Authority addressed the recommendations, is submitted to HUD and approval is received from HUD.

The Housing Authority of Grays Harbor County considers a "substantial deviation" or "significant amendment or modification" as a discretionary change in the plan or policy of the Housing Authority that fundamentally alters the mission, goals, objectives, or plans of the Agency and which will require the formal approval of the Board of Commissioners. Specifically, the following will be considered to constitute a substantial deviation or significant amendment or modification:

- A material change in the policies regarding the manner in which tenant rent is calculated.
- A material change in the admissions policies with respect to the selection of applicants from or organization of the waiting list.
- The addition of new types of activities not previously included in the current PHDEP plan.
- Any change with regard to demolition or disposition, designation, homeownership programs or conversion activities not previously identified in the Agency Plan.

An exception to this definition will be made only to the extent that the modification is the result of changes in HUD regulatory requirements; such changes will not be considered a substantial deviation or significant amendment or modification to either the Five Year or Annual Plans.

Public Housing Assessment System (PHAS)

Resident Service and Satisfaction Scoring (RASS) Process
Follow-up Plan for FY 2003 RASS Score

As required by Federal Register dated June 28, 2000, for the Public Housing Assessment System Resident Services and Satisfaction Scoring Process, any section of the Customer Service Survey scoring lower than 75% must submit a Follow-Up Plan with the Annual Plan.

The Housing Authority of Grays Harbor County received a score of 73.2% for the Communication section of the Customer Service Survey for Fiscal Year 2003.

We are unsure why the Housing Authority received the low score for the Communication section of the survey. The national average is 76.8%. We feel we have demonstrated strong efforts in effectively communicating with the residents. We are not given any clarification from HUD to explain how they arrived at the score of 73.2%. This makes it difficult, if not impossible, to correct a deficiency without knowing what the deficiency is.

Our residents receive monthly newsletters and adequate notice of monthly tenant meetings. The Resident Initiatives Coordinator (RIC) meets with the Resident Representatives on a weekly basis to discuss any lease issues that are unclear to the residents. The Housing Authority also notifies the residents of any maintenance inspections and/or policy changes as required by federal regulations. The residents of two developments have

initiated Housing Authority-supported tenant organizations. Family Self-Sufficiency participants receive newsletters pertinent to the FSS Program.

PREVENTION OF CONCENTRATION OF POVERTY INCOME MIXING

The PHA’s admission policy is designed to provide for prevention of concentration of poverty and income mixing by bringing income tenants into lower income projects and lower income tenants into higher income projects.

Gross annual income is used for income limits at admission and for income-mixing purposes.

Skipping of a family on the waiting list specifically to reach another family with a lower or higher income is not to be considered an adverse action to the family. Such skipping may be uniformly applied until the target threshold is met.

The PHA will gather data and analyze, at least annually, the tenant characteristics of its public housing stock, including information regarding tenant incomes, to assist in the PHA’s prevention of concentration efforts.

The PHA will use the gathered tenant income information in its assessment of its public housing developments to determine the appropriate designation to be assigned to the project for the purpose of assisting the PHA in its prevention of concentration goals. If the PHA’s annual review of tenant incomes indicates that there has been a significant change in the tenant income characteristics of a particular project, the PHA will evaluate the changes to determine whether, based on the PHA methodology of choice, the project needs to be redesigned as a higher or lower income project or whether the PHA has met the prevention of concentration goals and the project needs to particular designation.

Deconcentration and Income-Mixing Goals

Admission policies related to the prevention of concentration efforts of the PHA do not impose specific quotas. Therefore, the PHA will not set specific quotas but will strive to achieve prevention of concentration and income mixing in its developments.

Project Designation Methodology

The PHA will determine and compare the tenant incomes at the developments and the incomes and census tracts, if applicable, in which the developments are located.

Upon analyzing its findings, the PHA will apply the policies, measures and incentives listed in this Chapter to bring higher income families into lower income developments and lower income families into higher income developments, if applicable.

The PHA's goal is to have eligible families having higher incomes occupy dwelling units in projects predominately occupied by eligible families having lower income, and eligible families having lower incomes occupy dwelling units in projects predominantly occupied by eligible families having higher incomes.

Families having lower incomes include very low and extremely low-income families.

Method No. 1 – Aggregate Average Method

The PHA will review the annual resident income of all family sites and using the incomes of all families in those developments as a baseline, determine the mean income of all its resident families.

The PHA may designate as higher income developments, if applicable, those with mean income above the aggregate average, as determined by the annual review.

The PHA may designate as lower income developments, if applicable, those with mean income below the aggregate average, as determined by the annual review.

PHA Incentives for Higher Income Families

The PHA may offer incentives to higher income families willing to move into lower income projects. The PHA will not take any adverse action against any higher income family declining an offer by the PHA to move into a lower income projects.

In addition to maintaining its public housing stock in a manner that is safe, clean, well landscaped and attractive, the PHA may offer incentives for higher income families moving into lower income projects.

PUBLIC AND RESIDENT COMMENTS

The public hearing for the Housing Authority of Grays Harbor County's Agency Plan was held September 20, 2004. In addition to Housing Authority staff, eight public housing residents were in attendance. There were no public comments received, as there were no community members in attendance. The residence in attendance did not offer any comments regarding the Agency Plan, however, a discussion period ensued regarding lease issues and other questions from residents that were answered by the Executive and Deputy Directors.

STATEMENT OF PROGRESS IN MEETING GOALS

We continue to modernize our public housing units as money permits in accordance with our five-year plan.

We are continuing our efforts to assist our elderly and disabled residents, however, are hampered by the lack of funding for a supportive service coordinator.

Equal opportunity training is still one of our priorities, with our staff members receiving training, as well as access to a monthly newsletter on the subject.

Accessibility/special accommodation issues are dealt with at the time the unit is presented to tenants, who may make any needs known at the time. Tenants are also encouraged to inform the Housing Authority of changes in their requirements at any time during their tenancy.

PET POLICY

THE HOUSING AUTHORITY OF GRAYS HARBOR COUNTY

INTRODUCTION

PHAs have discretion to decide whether or not to develop policies pertaining to the keeping of pets in public housing units. This explains the PHA's policies on the keeping of pets and any criteria to the legitimate interest of the PHA to provide a decent, safe, and sanitary living environment for all tenants, to protecting and preserving the physical condition of the property, and the financial interest to the PHA.

The purpose of this policy is to establish the PHA's policy and procedures for ownership of pets in all developments and to ensure that no applicant or resident is discriminated against regarding admission or continued occupancy because of ownership of pets. It also establishes reasonable rules governing the keeping of common household pets.

A. MANAGEMENT APPROVAL OF PETS

Any resident requesting a pet must have all monies owed to the Housing Authority paid before applying for a pet policy.

All pets must be approved, in advance, by the PHA management.

The pet owner must submit and enter into a Pet Agreement with the PHA.

Registration of Pets

Pets must be registered with the PHA before they are brought onto the premises. Registration includes:

Certificate signed by a licensed veterinarian or State/local authority that the pet has received all inoculations required by State or local law, and that the pet has no communicable disease(s) and is pest-free.

Dogs and cats must be spayed or neutered when they become six (6) months old.

Execution of a Pet Agreement with the PHA stating that the tenant acknowledges complete responsibility for the care and cleaning of the pet will be required.

Refusal To Register Pets

The PHA may not refuse to register a pet based on the determination that the pet owner is financially unable to care for the pet. If the PHA refuses to register a pet, a written notification will be sent to the pet owner stating the reason for denial and shall be served in accordance with HUD Notice requirements.

If you bring a pet into your household before you register it and pay the required pet fee, you will have to remove the pet and will not be allowed to have a pet at any time during your tenancy.

The PHA will refuse to register a pet if:

- a. The Pet is not a common household pet as defined in this policy.
- b. Keeping the pet would violate any House Pet Rules.
- c. The pet owner fails to provide complete pet registration information, or fails to update the registration annually.
- d. The PHA reasonably determines that the pet owner is unable to keep the pet in compliance with the pet rules and other lease obligations. The pet's temperament and behavior may be considered as a factor in determining the pet owner's ability to comply with provisions of the lease.

The notice of refusal may be combined with a notice of a pet violation.

A resident who cares for another resident's pet must notify the PHA and agree to abide by all of the pet rules in writing.

B. PET RULES

A resident/pet owner shall physically control or confine his/her pet during the times when Housing Authority employees, agents of the Housing Authority or others must enter the pet owner's unit to conduct business, provide services, enforce lease terms, etc.

If a pet causes harm to any person, the pet's owner shall be required to permanently remove the pet from the Housing Authority's property within 24 hours of written notice from the Housing Authority. The pet owner may also be subject to termination of his/her dwelling lease.

Residents must take appropriate actions to protect their pets from fleas and ticks.

All dogs and cats must wear a tag bearing the resident's name and phone number and the date of the latest rabies inoculation. Pet owners must provide, at least annually, evidence that the pet has received necessary shots and that the pet has been licensed with the City.

Pets cannot be kept, bred, or used for any commercial purpose.

Persons with Disabilities

To be excluded from the pet policy, the resident/pet owner must certify that there is a person with disabilities in the household; and the animal has been trained to assist that person with the specified disability; and that the animal actually assists that person with the disability.

Types of Pets Allowed

Residents are permitted to have only one pet that requires a non-refundable pet fee. Residents are not prohibited from having birds, fish, and/or a turtle in addition to the pet requiring a pet fee.

No exotic animals such as monkeys, tarantulas, reptiles, or wild animals will be permitted on Housing Authority premises. Common household pets do not include reptiles (except turtles). If this definition conflicts with a state or local law or regulation, the state or local law or regulation shall govern.

Only the following types of pets are allowed:

Residents are prohibited from feeding or harboring stray animals and wild birds.

D. DESIGNATION OF PET/NO PET AREAS

The following are designated no-pet areas: Top floor of Aberdeen Manor, Broadway Manor, Skyview Manor, Elma Manor, and Hoquiam Manor.

Residents requesting a transfer from the top floor to obtain a pet are required to pay a \$100 transfer fee (in full) in addition to the non-refundable pet fee in full prior to getting the pet.

E. ADDITIONAL FEES FOR PETS

The resident/pet owner shall be required to pay a non-refundable fee for the purpose of defraying all reasonable costs directly attributable to the presence of a dog, cat, or rodents as defined below.

Pet fees shall be as follows: \$125.00 for 0 - 1 bedroom units
 \$225.00 for 2 – 3 - 4 bedroom units

When transfer is from a zero or one-bedroom unit to a 2-3 or 4-bedroom unit, resident is required to pay the increased pet fee in full prior to transfer.

The Housing Authority reserves the right to change or increase the required fee by amendment to these rules.

Existing paid pet deposits shall be grandfathered for the life of the pet for which the paid deposit was applied. In the event the existing pet is no longer in the household, any new pet in the same household will be subject to the increased non-refundable fee prior to allowing the new pet into the household.

Non-refundable pet fee must be paid in full prior to acceptance of the pet. Partial payments will not be allowed.

All reasonable expenses incurred by the PHA as a result of damages directly attributable to the presence of the pet in the development will be the responsibility of the resident, including:

- The cost of repairs and replacements to the resident’s dwelling unit;
- Fumigation of the dwelling unit;
- Common areas of the development.

If the resident is in occupancy when such costs occur, the resident shall be billed for such costs as a current charge.

If such expenses occur as a result of a move-out inspection, the resident will be billed for any amount that exceeds the existing security deposit.

The expense of flea de-infestation shall be the responsibility of the resident.

F. ALTERATIONS TO UNIT

Residents/pet owners shall not alter their unit, patio, premises, or common areas to create an enclosure for any animal. Installation of pet doors is prohibited. No outdoor cages may be constructed.

G. PET WASTE REMOVAL CHARGE

A separate pet waste removal charge of \$10.00 per occurrence may be assessed against the resident (in addition to the non-refundable pet deposit) for violations of the pet policy.

Pet deposit and pet waste removal charges are not part of rent payable by the resident.

H. PET AREA RESTRICTIONS

Pets must be maintained within the resident’s unit. When outside of the unit (within the building or on the grounds) dogs and cats must be kept on a leash or carried and under the control of the resident or other responsible individual at all times.

No pets shall be left tied (unattended) outdoors. Pets are not allowed to be kept in storage sheds.

With the exception of assistive animals, no pets shall be allowed in the family center, community rooms, community room kitchens, laundry rooms, public restrooms, lobby, hallways, or office in any of our sites.

To accommodate residents who have medically certified allergic or public reactions to dogs, cats, or other pets, those pets may be barred from certain wings (or floors) in our developments and/or buildings, except for those common areas that are entrances to and exits from the building. This shall be implemented based on demand for this service.

I. NOISE

Pet owners must agree to control the noise of pets so that such noise does not constitute a nuisance to other residents or interrupt their peaceful enjoyment of their housing unit or premises. This includes, but is not limited to loud or continuous barking, howling, whining, biting, scratching, chirping, or other such activities.

J. CLEANLINESS REQUIREMENTS

Litter Box Requirements: All animal waste or the litter from waterproof litter boxes shall be picked up immediately by the pet owner, disposed of in sealed plastic trash bags, and placed in a trash bin.

Litter shall not be disposed of by being flushed through a toilet.
Waterproof litter boxes shall be stored inside the resident's dwelling unit.

Removal of Waste from Other Locations: The resident/pet owner shall be responsible for the removal of waste from the outside area by placing it in a sealed plastic bag and disposed of in a proper container.

The resident/pet owner shall take adequate precautions to eliminate any pet odors within or around the unit and to maintain the unit in a sanitary condition at all times.

Pet bedding shall not be washed in any common area laundry facilities.

K. PET CARE

All residents/pet owners shall be responsible for adequate care, nutrition, exercise, and medical attention for his/her pet.

Residents/pet owners must recognize that other residents may have chemical sensitivities or allergies related to pets, or may be easily frightened or disoriented by animals. Pet owners must agree to exercise courtesy with respect to other residents.

L. RESPONSIBLE PARTIES

The resident/pet owners will be required to designate two responsible parties for the care of the pet if the health or safety of the pet is threatened by the death or incapacity of the pet owner, or by other factors that render the pet owner unable to care for the pet.

M. INSPECTIONS

The PHA may enter and inspect the unit if a complaint is received alleging that the conduct or condition of the pet in the unit constitutes a nuisance or threat to the health or safety of the other occupants or other persons in the community.

N. TERMINATION OF TENANCY

All pet policy violations must be corrected immediately upon notice to the resident/pet owner of the violation.

If a resident/pet owner receives three (3) written notices of pet policy violations within a twelve (12) month period, the resident must immediately remove the pet from the premises or eviction procedures will begin.

O. PET REMOVAL

If the health or safety of the pet is threatened by the death or incapacity of the pet owner, or by other factors that render the owner unable to care for the pet, (includes pets who are poorly cared for or have been left unattended) the situation will be reported to the Responsible Party designated by the resident/pet owner, if any.

If the responsible party is unwilling or unable to care for the pet, or if the PHA after reasonable efforts cannot contact the responsible party, the PHA may contact the appropriate State or local agency and request the removal of the pet.

P. EMERGENCIES

The PHA will take all necessary steps to ensure that pets that become vicious, display symptoms of severe illness, or demonstrate behavior that constitutes an immediate threat to the health or safety of others, are referred to the appropriate State or local entity authorized to remove such animals.

If it is necessary for the PHA to place the pet in a shelter facility, the cost will be the responsibility of the resident/pet owner.
