[903.7(r)]. If desired, provide a brief overview of the contents of the streamlined 5-Year/Annual Plan.

*The Viroqua Housing Authority's housing stock is 22 and 30 years old so it is crucial that we continue to make improvements to ensure that our units and common areas are attractive to prospective tenants and visitors. We recently had a needs assessment completed on all of our properties so we feel we are better able to prioritize our needs which will enable us to more effectively use our capital funds. With the age of our buildings, we will be looking at some large capital replacements in the next five years, including roof replacements, parking lot and driveway resurfacing, window replacements, and possible boilers.*

*In an effort to improve tenant satisfaction, we are working closely with the Vernon County Health Department to provide a Nurse educator in the building every other Monday. Along with education, she is able to do blood pressure and blood sugar checks, set up medications and provide foot care services. This has worked out very well.*

*We continue to strive toward raising our overall PHAS score by trying to reduce turnover time and by keeping our units in sound shape maintenance wise. With only two maintenance people, this is sometimes a struggle for us if we have several move-outs at one time. We've been replacing kitchen cabinets and flooring as tenants move out, which will be documented on our next PHAS. We have also been contracting some of the painting out to help cut down on the turnaround time.*

## **9. Additional Information**

[24 CFR Part 903.12 (b), 903.7 (r)]

### **A. PHA Progress in Meeting the Mission and Goals Described in the 5-Year Plan**

*(Provide a statement of the PHA's progress against the goals and objectives established in the previous 5-Year Plan for the period FY 1999 - 2004)*

*We have revised our Admissions and Continued Occupancy policy to reflect HUD regulations to date. We still have some policies that need to be updated and we will continue to work toward this goal. We have been updating the units in our elderly/handicapped building thanks to the CFP money that we have received. We have replaced kitchen cabinets, countertops, and flooring. We have also been replacing appliances. With the added services that we're able to offer such as our on-site meals, county health educator, and activities, I believe we have become very competitive in the housing market in our community. We have been marketing our units with local newspaper ads, as well as an ad that runs in the Senior Edition, a monthly publication for area seniors in the coulee region. We also designed a new brochure which we have distributed to many service*

agencies in Viroqua and to prospective tenants. Our Tenant Service Coordinator constantly explores new ideas for keeping tenants involved in activities and assuring that their needs are being met. We work closely with Family and Children's Center and with the Job Center to keep our younger tenant's abreast of services and employment assistance that may be a benefit to them. In our goal to promote self-sufficiency and asset development, this example comes to mind: This past year we were able to assist a young woman who did not meet the age or disability criteria for housing. By requesting a waiver from HUD, we were able to provide her with housing, which aided her in leaving a very abusive situation, obtain employment, enroll in post secondary education, purchase a car, and become self sufficient. She has since moved out on her own and is doing extremely well. This whole process demanded tremendous cooperation and effort on the part of many service agency workers in our community and has, I believe gained us respect and mutual appreciation. It really was rewarding and a strong reminder of the role public housing can play in the process of recovery to success.
