Subject: The SHA PHA Plan appears to be consistent with the County's 2005-2009 Five-Year Consolidated Plan

Angel:

I have read the Sanford Housing Authority (SHA) PHA Plan for Fiscal Year 2006.

The rental admissions preferences (elderly, disabled, and working families) and income levels (all <50% AMI) as well as FMR percentage and minimum tenant rent contributions that SHA has established, mirror those that the County has established in the delivery of its HOME TBRA Program. Both, SHA, and the County are administering their rental programs in line with the County's 2005-2009 Five-Year Consolidated Plan needs assessments to mitigate the monthly rental housing cost burdens of >50% of annual gross income for the elderly, disabled and poverty level working families.

The review of the PHA Plan did not appear to reveal any inconsistencies with the County's 2005-2009 Five-Year Consolidated Plan.

In the past SHA has submitted a form to be signed by the County documenting that the SHA Plan is consistent with the County's Consolidated Plan. In the absence of a form please let me know if this email is acceptable documentation that the SHA Plan appears to be consistent with the County's 2005-2009 Five-Year Consolidated Plan

Take care and have a super day.

Comments from RAB Meeting

Notes from the Resident Advisory Board Meeting
Tuesday, November 14, 2006

Resident Advisory Board members in attendance; Mrs. Barbara Green – Castle Brewer Court, Ms. Willistine Rivers – William Clark Court, Ms. Ruby Ford – Edward Higgins Terrace, Ms. Gloria Sermon – Cowan Moughton Terrace, Ms. Priscilla Wilson – Redding Garden, Mr. Berry Dixon, Jr. – Redding Garden and Betty Ferguson – Resident Initiative Coordinator.

The meeting was conducted by Ms. Ferguson in absence of the Executive Director, Angel Tua. The following items were presented on the agenda for discussion:

1. RASS – Resident Service and Satisfaction Survey scores related to communication
And Safety
2. Loss of Subsidies/Budget Cuts
 - A. Vision and Mission Statement
 - B. Redevelopment
3. Section III
4. Youth Build

The RASS survey was explained to the group and the scores we received in the areas of communication and safety. The group discussed ways that communication could be improved between the SHA and residents. They suggested the following:

1. Residents don't always receive or read the information. Who ever pass the information out need to distribute it out late afternoon when residents are more likely to be at home. Flyers need to be place in residents hand as much as possible and not be left in the door because sometime it blows off or children take it off and don't give it to their parents.
2. Resident Councils be revamp in all communities and take a more active role
3. Some of the barrier to why the residents feel like SHA is not communicating
Could be connected to the poor quality of service they receive from the SHA. Maintenance not responding and getting things repaired properly in the units. They have an attitude when they come out to repair something and make you feel like it was your fault or they make you think all you do is complain and complain. Many residents fell as housing don't care so why should they.
 1. Management should have community meetings outside with loud speakers.
 2. Rules and regulations need to be enforced by the housing authority
 3. Housing is to slack and seem to have a I don't care attitude.

A discussion about safety and security was the next item on the agenda. The following things were listed as areas of concerns:

1. The officers need to learn how to talk to people and not talk so harsh to the residents. They really do not know how to approach residents and speak decent to residents. Some of them have bad attitudes.
2. They need to be more visible on the sites. They might ride
Through the complexes once or twice for about 20 or 30 minutes.
3. There is a lot of prostitution, drugs and criminal activity at Redding Garden.
People are allowing other people to live with them that are not on the lease

4. Need speed bumps within the complexes to slow the traffic down
5. The lawn people are not doing a good job. They do not pick up trash prior to cutting the grass. They just cut whatever is lying there on the grass in with the grass. They also will cut down your plants and flowers
6. Redding Garden need to have more lighting

The 3rd item discussed was the subsidies and budget cuts for Housing, vision and mission statement, and redevelopment. It was explained that HUD had cut operating subsidies for SHA by \$20,000 per month, currently in debt to Wachovia \$4 million dollars and most of the capital funds are being obligated for loan payments. The Resident Advisory Board response to this was that something should be done about residents who are able to work but do not. They stated many residents just get a job to move in and once they are in the quit. They don't keep their house clean, tear up things, play music too loud, have people living with them who are not on the lease. One member stated that the units at Cowan Moughton Terrace had been renovated but they put people in the units who do not care, tear it up and don't keep it clean. Inspections are not being done to see the conditions of the units and it's a shame how some of the units look inside.

During the discussion about redevelopment the Resident Advisory Board agreed that due to the age of the units and the conditions, perhaps they do need to be torn down and rebuilt. The heating systems don't always work, the plumbing is old and the sewer backs up. There was a concern stressed about what would happen to the residents, where would they go. One resident stated section 8 vouchers should be offered to residents who want to leave and the others be transferred to other housing complexes. Residents need to be told now what might happen to them so they can start preparing for the future.

The 4th item was The Section 3. The residents were interested in this issue especially the training and employment components.

The last item was the Youth Build Program offered by the City of Sanford and they were given general information about the program.

“Public Housing Strategy (91.210)

1. Describe the public housing agency's strategy to serve the needs of extremely low-income, low-income, and moderate-income families residing in the jurisdiction served by the public housing agency (including families on the public housing and section 8 tenant-based waiting list), the public housing agency's strategy for addressing the revitalization and restoration needs of public housing projects within the jurisdiction and improving the management and operation of such public housing, and the public housing agency's strategy for improving the living environment of extremely low-income, low-income, and moderate families residing in public housing.
 2. Describe the manner in which the plan of the jurisdiction will help address the needs of public housing and activities it will undertake to encourage public housing residents to become more involved in management and participate in homeownership. (NAHA Sec. 105 (b)(II) and (91.215 (k))
 3. If the public housing agency is designated as "troubled" by HUD or otherwise is performing poorly, the jurisdiction shall describe the manner in which it will provide financial or other assistance in improving its operations to remove such designation. (NAHA Sec. 105 (g))
- 3-5 Year Strategic Plan Public Housing Strategy response:

1. PUBLIC HOUSING AUTHORITY STRATEGY:

The County's housing authorities (2) are independent authorities established under federal/state laws and are not under the general control of the County. The City of Sanford's Housing Authority participates in HUD's Comprehensive Grant Management Program to provide physical improvements to their properties. Each Authority has resident management participation programs. Each has access to the County's low-income homebuyers programs.

The County Housing Authority has a family self-sufficiency program that combines education/job training and social services with rental subsidy vouchers. It also participates in the 'Welfare-to-Work' programs, and with other family self-sufficiency programs. Over the years the County, through Its CDBG program has made improvements to the Authority's housing stock.

2. JURISDICTION'S PLAN TO MEET RESIDENT'S NEEDS:

The County coordinates its activities with the public housing authority to ensure residents have access to all available governmental employment training, social services and affordable housing programs. The County is proposing to invest additional CDBG funds to continue to further modernize the Authority's project.

The County will have an outreach program to tenants of both housing authorities to advise residents about the ADDI program and to provide assistance to qualified residents.

The County has no direct control over the City of Sanford's Housing Authority nor the City of Sanford or HUD.

3. HUD 'TROUBLED' DESIGNATION:

Neither of the Public Housing Authorities located in the County have been designated as 'troubled' by HUD, although HUD currently manages the Sanford Housing Authority.

Barriers to Affordable Housing (91.210 (e) and 91.215 (f))

1. Explain whether the cost of housing or the incentives to develop, maintain, or improve affordable housing are affected by public policies, particularly those of the local jurisdiction. Such policies include tax policy affecting land and other property,”

**HOUSING AUTHORITY OF THE CITY OF NEWARK ANNUAL PLAN
FISCAL YEAR 2023-24
PUBLICATIONS
UPDATED RESULTS APRIL 2023**

1. At-Risk Properties

When are the at-risk properties slated for demolition?
Are they located in troubled areas?
Will tenants be notified when a decision is made?

Response

The Annual Plan identifies eight low-rise family developments as being at-risk. These developments have been designated being at-risk because they were constructed over 60 years ago and have not undergone a substantial rehabilitation.

The Authority is in the process of ordering comprehensive needs assessments and viability studies to confirm its suspicion on confirmation of these suspicions the Authority will convene resident meetings at each of the sites to discuss its plans for demolition and for the development of new housing.

Coincidentally, these housing communities tend to have the lowest income levels and the highest crime rates.
