ii. Executive Summary of the Annual PHA Plan

[24 CFR Part 903.7 9 (r)]

This plan calls for the PHA to continue improving the quality of its housing stock by investing its CAP fund allocation to make units competitive with housing in the private sector. The PHA proposes to use future CAP funds to improve lighting and security, install central air units, upgrade interiors and refurbish roofs and exterior facades.

The PHA will continue to implement policies that help program participants complete their HS education or equivalency, pursue a post secondary education, acquire training and/or find employment in an effort to increase their incomes and achieve economic independence. It successful with its 2005 ROSS grant proposal, the PHA will also continue its partnership with the Family Conservancy to increase employability among public housing families and promote self-sufficiency. To that end and to improve academic achievement among students, the PHA will maintain its partnership with the Kansas City, Kansas Public Schools, KCK Community College and Youthbuild. The Authority will also look to form partnerships with faith-based organizations to implement drug prevention, leadership development, abstinence and positive lifestyles programs in family developments. The Authority will also contract with resident organizations to assist in promoting and implementing resident self-sufficiency strategies and resident participation in the KCKHA planning process.

The Authority will explore options under the Section 8 program to expand housing options for frail elderly persons needing limited supportive services to preserve an independent living style. To this end, the Authority will consider housing developments in non-impacted census tracts.

For the purposes of this plan the Authority defines “substantial deviation” from the plan as a change that meets one or both of the following criteria: 1) A change not included in the 5-Year Plan; and 2) A change requiring an unplanned non-emergency expenditure of \$500,000 or more.

The authority will explore funding possibilities to develop affordable housing project in an 8-acre lot adjacent to Juniper Gardens left vacant through a HOPE VI demolition grant.
