The Housing Authority has developed this plan in conjunction with the resident advisory board, residents, local government officials, the general public and the board of commissioners. The plan has been publicly advertised and made available for public review. A public hearing was conducted at which time the board received public comments, reviewed the plan, and approved the plan for submission to the department of housing and urban development.

The Housing Authority expanded on those goals and objectives and quantified them in the strategies section. The plan provides statements on low and very low income housing needs including elderly and disabled, financial resources available and planned uses, policies that govern eligibility, selection, and admissions including preferences and deconcentration, maintaining waiting lists, rent determination, capital needs, demolition and disposition plans, safety and crime prevention measures. There also are statements concerning civil rights, American Disabilities Act, Section 504, fair housing, and the most recent fiscal audit. All resident comments during the development of the plan are recorded and on file at the authority available for review.

All areas covered by the authority are subject to consistency with the state of Mississippi consolidated plan. There are no entitlement cities within our region.

MISSISSIPPI REGIONAL HOUSING AUTHORITY NO. VII

ATTACHMENT A

DECONCENTRATION POLICY

In an ongoing effort for the Housing Authority to meet or exceed the laws and regulations regarding public housing, a comprehensive Deconcentration Policy has been developed in order to comply with the Housing Quality and Work Responsibility Act of 1998 Section 513, as it applies to the Mississippi Regional Housing Authority No. VII.

INCOME MIX TARGETING:

This housing authority must ensure that within a given fiscal year, not less than forty percent (40%) of the public housing dwelling units shall be occupied by families whose incomes at the time of commencement of occupancy does not exceed thirty percent (30%) of the area median income.

PROHIBITION OF CONCENTRATION OF LOW-INCOME FAMILIES:

This housing authority may not concentration very low-income families, or those with relatively low incomes, in public housing units in certain projects or certain buildings within projects. There must, however remain at least forty percent (40%) of the families who are at or below thirty percent (30%) of the median area income. The Housing Authority must review the income and occupancy characteristics of the housing projects and the buildings of each project to ensure that a low-income concentration does not occur.

DECONCENTRATION:

It shall be the sole and exclusive right of the Housing Authority to move families from one dwelling unit to another as necessary or as vacancies warrant to reduce a concentration of a particular income level of families into any one building or complex. In contrast, the Housing Authority will also make every effort and attempt to maintain a consistent dwelling unit for every family and will only make moves necessary if there is no other alternative as determined by the Housing Authority.

 CERTIFICATION
 “INITIAL ASSESSMENT”
 VOLUNTARY CONVERSION OF DEVELOPMENT FROM PUBLIC HOUSING
 STOCK**

This is to certify that The Mississippi Regional Housing Authority No. VII has reviewed each development operating as public housing; considered the implications of converting the public housing to tenant-based assistance ; and concluded that conversion may be inappropriate because removal of the developments would not meet the necessary conditions for voluntary conversion.

That the initial assessment indicated that 1) cost would be a factor; 2) the ability to occupy the developments; 3) cost and/ or workability of vouchers in the community and 4) other relevant factors that voluntary conversion may be inappropriate.

Component 10 (B) Voluntary Conversion Initial Assessments

- a. How many of the PHA’s developments are subject to the Required Initial Assessments? 5
- b. How many of the PHA’s developments are not subject to the Required Initial Assessments based on exemptions (e.g., elderly and/or disabled developments not general occupancy projects)? 0
- c. How many Assessments were conducted for the PHA’s covered developments? 1
- d. Identify PHA developments that may be appropriate for conversion based on the Required Initial Assessments:

Development Name	Number of Units
NONE	

- e. If the PHA has not completed the Required Initial Assessments, describe the status of these assessments. Completed

THEREFORE, the Housing Authority has determined that our developments are not appropriate for conversion based on the following reasons:

1. Conversion **would be** more expensive than continuing to operate the developments (or a portion of it) as public housing;
2. Conversion **would not** principally benefit residents of the public housing development to be converted and the community; and
3. Conversion **would** adversely affect the availability of affordable housing in the community.

The Housing Authority does not plan to demolish or dispose of any public housing units;

Public Housing developments accounts for a large percentage of the housing stock in the community and would effect the availability of affordable housing in the community; and

Conversion would not benefit the residents due to the limited housing stock in the community and the current programs/services being offered by the housing authority. Additionally, our public housing developments are equal to or above existing housing stock in the community;
