[24 CFR Part 903.7 9 (r)]

Provide a brief overview of the information in the Annual Plan, including highlights of major initiatives and discretionary policies the PHA has included in the Annual Plan.

*The Municipality of Lares has established the Housing Authority for Housing Choice Voucher Programs in order to assist financially distressed families in meeting their housing needs (decent, safe and sanitary housing). There are two major philosophy components in the Section 8 Program: To give extremely low-income and low-income families the opportunity of choice and mobility in selecting where they chose to live; second, to maintain the essential elements of a private relationship between the tenant and the landlord on matters other than the rent. As result of this philosophy the Section 8 Voucher Programs are tenant based, and not to a particular housing unit. In addition, part of Section 8 is the development of strategies to coordinate the use of housing assistance under the Section 8 Rental Voucher Programs with public and private resources, to enable families eligible to receive assistance under these programs to achieve economic independence and self-sufficiency (Section 984.101). The purpose of the municipal programs is to assist the families during financial distress and to gradually reduce the amount paid by the program.*

*It should be noted that there exist an undeniable need for low-income housing within the Municipality of Lares as evidenced by the waiting list. Furthermore, there exists a need for quality housing units for program participants, but there is not an abundance of affordable housing for low income families within this same Municipality. Therefore, by setting attainable goals, the Municipality intends to become a facilitator for those-in-need and for those who have available units by coming together in a manner beneficial to all principals. This Municipality of Lares administers the following tenant-based subsidized housing programs geared towards certain sectors of the population in general to afford them the same opportunities as other extremely low-income and low-income families within the general population. In addition to the Housing Choice Voucher Program, the Municipality of Lares administered the Family Self Sufficiency Program. This is a tenat*

*based-program whereby strategies are developed to coordinate the use of housing assistance under the auspices of the Housing Choice Voucher Program (Section 8) with public and private resources. Hence, enabling extremely low-income and low-income families, who are eligible to receive side assistance to achieve economic independence, and self-sufficiency.*

*The Five-Year/Annual Plan of Lares as presented herein furthers HUD's statutory goal, in accordance with the Quality Housing and Work Responsibility Act of 1998, 24 CFR 903, Section 545, as amended. This same plan will afford Lares an opportunity to shape the various programs presented herein into effective, viable, and coordinated strategies by involving citizen participation.*
