**ii. Executive Summary of the Annual PHA Plan**

[24 CFR Part 903.7 9 (r)]

Provide a brief overview of the information in the Annual Plan, including highlights of major initiatives and discretionary policies the PHA has included in the Annual Plan.

The Annual Plan provides details about KCDC's operations, programs and services, and the agency's operational strategies for this fiscal year. Included in the Annual Plan are answers to questions about policies, tables, and brief narratives that provide details about KCDC's operation of public housing and Section 8. The plan also addresses current housing needs and the programs and services offered by KCDC. Taking advantage of a new HUD regulation designed to allow a PHA to accelerate the renovation of its public housing stock through the securitization of Capital Funds, KCDC secured the issuance of bonds to generate additional funds for redesigning and modernizing two of its public housing developments, Lonsdale Homes and Christenberry Heights. The term of the debt service is 20 years and the amount is \$22,540,000. Budget Line Item 1501 in CFP Budgets for years 2002 through 2006 and each year in the 5-Year Plan includes the amount of funds allocated for collateralization/debt service. Also, Budget Line Items are included in CFP budgets for renovation of Vista (Regency), which KCDC purchased as replacement housing for demolished units. In February 2005, KCDC entered into a contract with a developer for construction of a 42-unit complex which is the last phase of HOPE VI. KCDC submitted a request that has since been approved by HUD to designate the units as elderly.

## Attachment   B   : Admissions Policy for Deconcentration

KCDC will affirmatively market its housing to all eligible income groups. Lower income applicants will not be steered toward lower income developments and higher income applicants will not be steered toward higher income developments. Toward this end, KCDC will:

- A. Establish local preferences that promote deconcentration of poverty and income mixing, such as a preference for working families;
- B. Provide information and referral services that link residents to supportive services, such as child care, job training and placement programs, and case management;
- C. Establish ceiling rents at the same level as flat rents. This will insure residents that request a reduction in rent never have to pay more than the flat rent should they have an increase in income between annual reexaminations.
- D. Offer rent incentives, if deemed appropriate and financially feasible, for eligible families who will have the sole discretion in determining whether to accept the incentive. KCDC will not take any adverse action toward any eligible family for choosing not to accept an incentive and occupancy of a development.

Prior to the beginning of each fiscal year, KCDC will analyze the income levels of families residing in each of its developments and the income levels of the families on the waiting list. Based on this analysis, KCDC will determine marketing strategies for deconcentration.

It will be the responsibility of either heads of household or individual residents to notify KCDC staff of all nonexempt family members within their household. Also, it will be the responsibility of the resident to keep track on a participation form documenting the hours of service. ## **Attachment K: Follow-up Plan for RASS**

**Safety:** Knoxville's Community Development Corporation (KCDC) works with its Security Patrol (made up of Knoxville Police Department (KPD) off-duty officers), and the Knoxville Tenant Council (KTC), which includes representatives from each resident association, to address problems with safety and crime in public housing developments. Security Patrol officers are represented at the monthly KTC meetings and resident association meetings. KTC members may bring up any problems or concerns they have in their respective developments and KCDC staff and/or the Security Patrol officers address those issues.

The KCDC Security Patrol routinely sets up Identification Checkpoints to assure that only residents and their invited guests are on the property. Citations are issued and/or arrests are made for those who do not belong on the property. Additionally, KCDC has a "One-Strike" and "No-Trespass" policy, which is strictly enforced, as well as a tough screening process for applicants. Also, the management staff at each KCDC property promptly reports crime to and works closely with local law enforcement.

Security cameras, funded by the Capital Fund Program, have been installed at each of KCDC's high-rises. The cameras enable the management staff to identify residents who allow unauthorized access to others or who engage in other acts detrimental to the safety of other residents. Also, KCDC staff monitors outdoor lighting and requests additional lighting or replacements as needed.

**Neighborhood Appearance:** KCDC uses Capital Fund Program (CFP) resources for physical improvements to the developments. All units have been demolished in the oldest section of Austin Homes, which is one of two developments on a contiguous site. This strategy was used to improve accessibility and make the newer section more marketable. Also, three developments are currently undergoing complete modernization/redesign, and KCDC is expanding its Strategic Investment Plan to include all development sites for means of improving appearance.

KCDC has abandoned vehicles towed from its properties; picks up trash on a daily basis at each family development, including the use of Mad-Vac trucks; and KCDC purchased a street sweeper to help improve the appearance of its properties. Also, KCDC has contracted with outside sources to cut tree limbs and/or remove dead trees.

**Communication:** KCDC has continued to contract for technical and professional services to survey public housing residents (similar to the previous Resident Drug Elimination Survey). Results are used for planning safety issues. Also, phone numbers (on a magnet) are given to all households for maintenance repairs and Customer Relations issues. Additionally, development managers prepare newsletters and/or calendars with important events to keep residents informed, and the managers attend regularly scheduled Resident Association meetings at their respective sites.
