This information collection is authorized by Section 511 of the Quality Housing and Work Responsibility Act, which added a new section 5A to the U.S. Housing Act of 1937 that introduced 5-year and annual PHA Plans. The full PHA plan provides a ready source for interested parties to locate basic PHA policies, rules, and requirements concerning the PHA's operations, programs, and services, and informs HUD, families served by the PHA, and members of the public of the PHA's mission and strategies for serving the needs of low-income and very low-income families. This form allows eligible PHAs to make a streamlined annual Plan submission to HUD consistent with HUD's efforts to provide regulatory relief for certain types of PHAs. Public reporting burden for this information collection is estimated to average 11.7 hours per response, including the time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information. HUD may not collect this information and respondents are not required to complete this form, unless it displays a currently valid OMB Control Number.

He then mentioned that the results of the survey were in and that the Spencer Housing Authority scored well in all areas and that as a result we did not have to prepare any follow-up plan. He mentioned that a random survey would be sent out probably in November and encouraged everyone who received a survey to respond.

Mr. Reed also explained that the roof at Ann Street apartments was a big item for 2006. He then asked for the group's ideas and opinions on what they felt would be needed.

Jan Ward asked about the progress made on items in the 2005 Capital Fund Plan, specifically the elevator. Mr. Reed explained that the big items in that plan were the elevator at Marcap Manor, and the additional parking spaces at Sunset. He told the group that those two items were in the hands of the architect who was drawing up the specifications. He also told her that he would have more information about the time frame by the end of the week.

Jan Ward mentioned that she would like to see an additional emergency call system installed in the bathrooms in all apartments. She also mentioned that having an extra phone jack in the bedroom would be convenient also should they become ill through the night. Most all of the other tenants agreed with her.

B. B. Cole from Sunset Apartments asked about the possibility of putting windows at the ends of each floor of her building because of the heat in the summertime. There was some discussion about how it could be done and Mr. Reed said he would look into the matter and try and get some ideas on the best way to improve airflow and the cost. She also asked about the possibility of recycling. She was told that we would look into that matter as well.

Ellen Holcomb asked about the possibility of getting additional security cameras up at Ann Street. She recently had her car vandalized and wondered if we could get additional cameras for surveillance in the parking lots, as well as behind some of the buildings.

Some residents of Sunset apartments also asked if it was possible to remove the bathtubs and install stand up showers because it was hard for a lot of them to step over the bathtub. They also asked about replacing the standard toilet bowls with higher handicapped commodes. They mentioned also that the ovens in their apartments were nearly 25 years old and need to be replaced. If they were to be replaced they would like to have ovens with range tops that were easier to clean, maybe flat tops. They were advised that the ovens were something that was likely to happen, however, the bathroom changes would be more difficult and something we would have to look into because of the cost factor and the inconvenience to the tenant while the bathroom was under construction.

Albert Hughes asked about the possibility of having a generator for Marcap Manor in the event of a power outage. Kenny Nichols told him that he was already looking into that possibility, but that even if it did happen it would only generate enough electricity to run the heat and lights in the rec. room, and lights in the stairwells.

Those present were told that they are considered members of the Resident Advisory Board. The housing authority has tried in the past to form a resident advisory board without any success, so the Housing Authority considers that all residents who attend the Public Meeting are members.

There being no more business or other matters to be discussed, the meeting was adjourned.

### **VOLUNTARY CONVERSION REQUIRED INITIAL ASSESSMENT**

The initial assessment indicates that it is not economically feasible to convert our Ann Street apartments and is not applicable to Marcap Manor and Sunset apartments as they are Elderly/Disabled facilities. Documentation of this is in our file for the 2006 Agency Plan.
