C. Statement of Consistency with the Consolidated Plan

For each applicable Consolidated Plan, make the following statement (copy questions as many times as necessary).

- 1. Consolidated Plan jurisdiction: (provide name here) STATE OF ARKANSAS
- 2. The PHA has taken the following steps to ensure consistency of this PHA Plan with the Consolidated Plan for the jurisdiction: (select all that apply)

- The PHA has based its statement of needs of families in the jurisdiction on the needs expressed in the Consolidated Plan/s.
- The PHA has participated in any consultation process organized and offered by the Consolidated Plan agency in the development of the Consolidated Plan.
- The PHA has consulted with the Consolidated Plan agency during the development of this PHA Plan.
- Activities to be undertaken by the PHA in the coming year are consistent with the initiatives contained in the Consolidated Plan. (list below)

The Poinsett County Housing Authority administers 332 units of public housing. As a small authority, it lacks the means to pursue a wide range of programs. Its public housing program, however, clearly meshes well with the Arkansas Consolidated Plan Five-Year Goals. The state's goals for housing are to rehabilitate existing housing, and to support rental assistance programs. Through its Capital Fund Program for ongoing modernization, and through its well run public housing program, the Poinsett County Housing Authority furthers these state goals.

In addition, the Arkansas Consolidated Plan indicates that the two greatest needs it has identified are the need for rental housing for large and small households of families with low and extremely low incomes. This is exactly the population that the Poinsett County Housing Authority serves through its public housing program. The Consolidated Plan also shows that over one quarter of the Poinsett County population has this need.

- Other: (list below)

- 4. The Consolidated Plan of the jurisdiction supports the PHA Plan with the following actions and commitments: (describe below)

D. Other Information Required by HUD

Use this section to provide any additional information requested by HUD.

Criterion for identifying a “substantial deviation” from the PHA Plan

The Poinsett County Housing Authority will consider the following to be changes in its *Agency Plan* necessary and sufficient to require a full review by the Resident Advisory Board and by the Public Hearing process before a corresponding change in the Agency Plan can be adopted.

1. Any alteration of the Authority’s *Mission Statement*;
2. Any change or amendment to a stated Strategic Goal;
3. Any change or amendment to a stated Strategic Objective except in a case where the change results from the objective having been met;
4. Any introduction of a new Strategic Goal or a new Strategic Objective;
5. Any alteration in the Capital Fund Program Annual Plan that affects an expenditure greater than twenty percent (20%) of the CFP Annual Budget for that year.

In setting the above criteria, the Poinsett County Housing Authority intends by “Strategic Goal” and “Strategic Objective” specifically those items under those headings in its *5-Year Plan*.

Because the Annual Plan already requires annual review by the Resident Advisory Board and by Public Hearing, the Authority believes this annual process sufficient to meet the spirit of the *Quality Housing and Work Responsibility Act of 1998*. It expects that changes to the Annual Plan will be primarily administrative in nature. It believes, however, as shown in item #5 above, that significant changes in its planned modernization expenditures should be subject to a resident/public process.

The Poinsett County Housing Authority has also reviewed the requirements set out in HUD Notice PIH 99-51. It here incorporates the several additional criteria established by HUD for “substantial deviation” and “significant amendment or modification” to its Agency Plan. The PHA will also consider the following events to require a public process before amending such changes to its Agency Plan.

- changes to rent or admissions policies or organization of the waiting list;
- additions of non-emergency work items (items not included in the current Annual Statement or 5-Year Plan) or change in use of replacement reserve funds under the Capital Fund;
- additions of new activities not included in the current PHDEP Plan and
- any change with regard to demolition or disposition , designation, homeownership programs or conversion activities.

The Poinsett County Housing Authority acknowledges that an exception will be made by HUD to compliance with the above criteria for any of the above changes that are adopted to reflect changes in HUD regulatory requirements; such changes will not be considered significant amendments by HUD.

Attachment A:

A Policy for the Deconcentration of Poverty

The Poinsett County Housing Authority will not concentrate very low-income families in any public housing development or in any single building within a development. For this purpose, very low-income families includes also includes other families with extremely low incomes.

This Authority will annually review its waiting lists and the census tracts in which it has public housing units in order to determine if they reveal an unacceptable concentration of impoverished families. If such a concentration is determined, the authority will take steps consistent with the policy stated below to remedy that inequity.

Where an inequity has been discovered in the distribution of impoverished families within its jurisdiction or on its waiting list, this PHA will take steps to remove that concentration of poverty by bringing higher income families into its lower income developments and lower income families into its higher income developments.

Among the strategies this authority may consider in attempting to remedy any inequity are the following:

- 1). It may skip certain income families on its waiting list to reach other families with a lower or higher income, as may be required to achieve better income distribution balance in its developments. This authority will apply such skipping uniformly and fairly.
- 2). It may make concerted efforts to aid lower-income families to increase their income through offering incentives. These incentives may include but are not required to be or limited to the following:
 - (a) Providing self sufficiency activities to improve resident employability;
 - (b) Providing permissive deductions from annual income and other permissive deductions to public housing resident as allowed by law. If offered, these options will be spelled out in detail as an amendment to this policy;
 - (c) Providing individual savings accounts to families who select income-based rents;
 - (d) Establishing a rent structure that encourages deconcentration of poverty;
 - (e) Providing certain admissions preferences, such as those for working families;
 - (f) Providing additional applicant consultation and information;
 - (g) And providing additional supportive services or amenities.

In pursuing this policy of deconcentration of poverty where a family receiving TANF assistance is concerned, this authority will pursue every reasonable recourse to coordinate

its efforts to provide incentives to families that are consistent with programs administered by the office administering TANF responsibilities in its jurisdiction.

Our efforts to reduce the number of lower income families or higher income families concentrated at our family developments will rely on judicious administration of our waiting lists. In order to reach higher income or lower income applicants on our waiting lists for admission to our selected developments, we will develop a process to “skip” applicants as needed to reach other applicants that will better redress any income imbalances at those developments. Where we have designated a development as “higher income” we will seek by skipping to admit to it more families with lower incomes. Where we have identified a development as “lower income” we will use skipping on the waiting list to admit higher income families to it.

As a further strategy, our Authority will pursue outreach efforts to attract more higher income families to our waiting lists.

This PHA will pursue this policy of deconcentration of poverty in a way that affirmatively furthers fair housing, and that ensures for both our applicants and our residents receive equitable treatment devoid of discrimination.

Attachment B:

Statement of Progress in Meeting goals and Objectives

The Housing Authority of the County of Poinsett (HACP) is a modestly sized agency in an area with a declining population base. Despite this limitation, the HACP has made progress in meeting some of its main goals set out in its Five-Year Agency Plan.

The HACP labors under the burden of a heavy vacancy rate. In order to address that, it sought to develop an outreach program geared to attract new residents and reduce its vacancies. The PHA began an outreach program in the late summer of 2000. It was successful in that goal. Unfortunately, although the HACP established its outreach program, it has not been successful in significantly reducing its vacancies. The recent 2000 Census has revealed that the area in which the HACP is located has suffered a ten-percent (10%) reduction in its population. Even the authority's best professional efforts may not fair well against the declining demographics of the community it serves.

The HACP has as its continuing goals a desire to increase customer satisfaction with its programs and services. The HACP will measure this goal by its scores on the Public Housing Assessment System (PHAS) Resident Survey. The HACP received a 9.1 on this component of the PHAS, a grade of A. The HACP has been successful in bringing a high quality of thoughtful and timely services to its residents.

Attachment C:

Statement on the PHA Community Service Policy and Plan

Note: The HACP is aware of new federal restrictions in using FY 2002 funds for community service activities. It repeats this statement from last year, because it has not carried forward community service activities pending additional advice from HUD on the status of this requirement.

On October 4, 2000, the Board of Commissioners of the Housing authority of the County of Poinsett adopted Resolution no. 0004, which put in place the PHA Policy for Community Service.

Part A. of that policy outlines the general requirement that all public housing residents who are not exempted by regulation from the requirement must give community service of at least eight hours per month, or participate in an economic self sufficiency activity.

Part B. of the policy lists the exemptions from the requirement in detail.

Part C. of the policy defines what constitutes a qualifying economic self-sufficiency program. This definition includes the federal definition set out in its rules, but adds:

In addition to the HUD definition above, the PHA definition includes any of the following:

- ◆ Participating in the Family Self-sufficiency program and being current in the steps outlined in the Individual training and Services Plan.
- ◆ Participating in the Family Self-sufficiency Program and attending at least one FSS event annually.

The PHA adds that it will give residents the greatest choice possible in identifying community service opportunities, and that the PHA will consider a broad range of self-sufficiency opportunities

Part D. of the Policy outlines the methodology for re-examinations for family members who are under obligation to perform community service. It also describes the requirements for written certification of satisfactory compliance with the requirements.

Part E. of the policy describes the conditions under which a family will be considered not in compliance with policy requirements. It specifically states the conditions under which a lease will not be renewed for a family member's non-compliance with the community service obligation. It further indicates that a family member has a right to due process through the PHA grievance procedure, if it believes that the PHA has incorrectly terminated a lease.

The policy adds a page containing the implementation date for its community service policy as stated in the HUD Final Rule, March 29, 2000.

Statement on the PHA Pet Policy

The Housing Authority of Poinsett County, in compliance with federal guidelines, has adopted policies allowing pet ownership for both its elderly and non-elderly families.

Pet Policy for Elderly Households

Section I. of this policy requires that residents enter into a pet agreement with the PHA.

Section II. sets out definitions of a pet, of families eligible to have pets, and of exclusions for handicapped or disabled persons.

Section III. provides against discrimination in applying the pet policy.

Section IV. contains mandatory restrictions on ownership of some pets such as requiring vaccinations and inoculations for dogs and cats, and setting sanitary conditions pet owners should assure. It also contains provisions on restraining dogs and cats, and on requiring registration of pets with the PHA.

Section V. sets out a list of allowable pets, which include small dogs, cats, some rodents, birds, fish and turtles. This section also outlines specific requirements such as a pet being neutered or spayed, appropriately licensed, and limiting their number in a household. This section also indicates that a pet deposit will be required for some pets, and sets the amount of that deposit and the time by which it must be paid. This section further addresses temporary guest pets in a household, allowing a resident to reject a unit near a pet owning household, setting conditions for entry to the premises, outlining the PHA rights to remove a pet in an emergency requiring such removal, the protection of pets, and how the PHA will handle pets causing a nuisance or otherwise threatening the health and safety of residents.

The policy concludes with a copy of the PHA Pet Agreement. And with a copy of the Lease Addendum incorporating appropriate provisions in the resident lease.

Pet Policy for Family Households

Section 1. of this policy references the legislation allowing pet ownership in family public housing units.

Section 2. affirms the enabling legislation.

Section 3. describes that family households may own a cat, a dog, goldfish, tropical fish, or some kinds of birds.

Section 4. describes the requirements a family must meet before the PHA will allow them to have pets. It references the need for PHA permission to have a pet on PHA property, a requirement for registration of some pets, that a refundable pet deposit will be required for owning some kinds of pet, and that a monthly fee may also be required.

Section 5. requires that a pet responsibility card be filed with the PHA.

Section 6. further details the requirement for a pet security deposit.

Section 7. puts forward in considerable detail the requirements for dog ownership.

Section 8. puts forward in considerable detail the requirements for cat ownership.

Section 9. puts forward the general conditions for bird ownership.

Section 10. outlines the general conditions for fish ownership.

Section 11. sets out general restrictions for authorized pets, such as where they may or may not be exercised, treatment of ill pets, rules for unattended pets, treatment of pets on a resident's death, and other health and safety concerns important to residents.

Statement on the Deconcentration of Poverty

As required I HUD PIH Notice 2001-4, the Housing Authority of the County of Poinsett here attaches the required additional questions modifying those in Section 3(A)(6) of the HUD 50075 Template.

Component 3, (6) Deconcentration and Income Mixing

- a. Yes No Does the PHA have any general occupancy (family) public housing developments covered by the deconcentration rule? If no, this section is complete. If yes, continue to the next question.
- b. Yes No Do any of these covered developments have average incomes above or below 85% to 115% of the average incomes of all such developments? If no, this section is complete.

If yes, list these developments as follows:

Deconcentration Policy for Covered Developments			
Development Name:	Number of Units Occupied by families	Explanation (if any) [see step 4 at §903.2 (c)(1)(iv)]	Deconcentration policy (if no explanation) [see step 5 at §903.2 (c)(1)(v)]
AR023-004 Weiner	1 general 7 elderly	Single high income family in an eight unit development occupied by elderly - distorts analysis	Yes Higher income development *
AR023-009 Lepanto	6 general 20 elderly	Families on public subsidy Most not working	Yes Lower income development *
AR023-0010 Marked Tree - Industrial	29 general 21 elderly	Families on public subsidy Most not working	Yes Lower income development *

* The outcome of this analysis results from a single working family in an eight-unit development (AR023-04) significantly distorting the family income at that development, which the HAPC has not been able to rent to general occupancy families because they don't want to live in Weider where the development is located far from jobs and other conveniences.

Attachment H:

- a) How many of the PHA's developments are subject to the Required Initial Assessments?

Eight

- b) How many of the PHA's developments are not subject to the Required Initial Assessments based on exemptions (e.g., elderly and/or disabled developments not general occupancy developments)?

Three

- c) How many Assessments were conducted for the PHA's covered developments?

Eight

- d) Identify developments that may be appropriate for conversion based on the Required Initial Assessments:

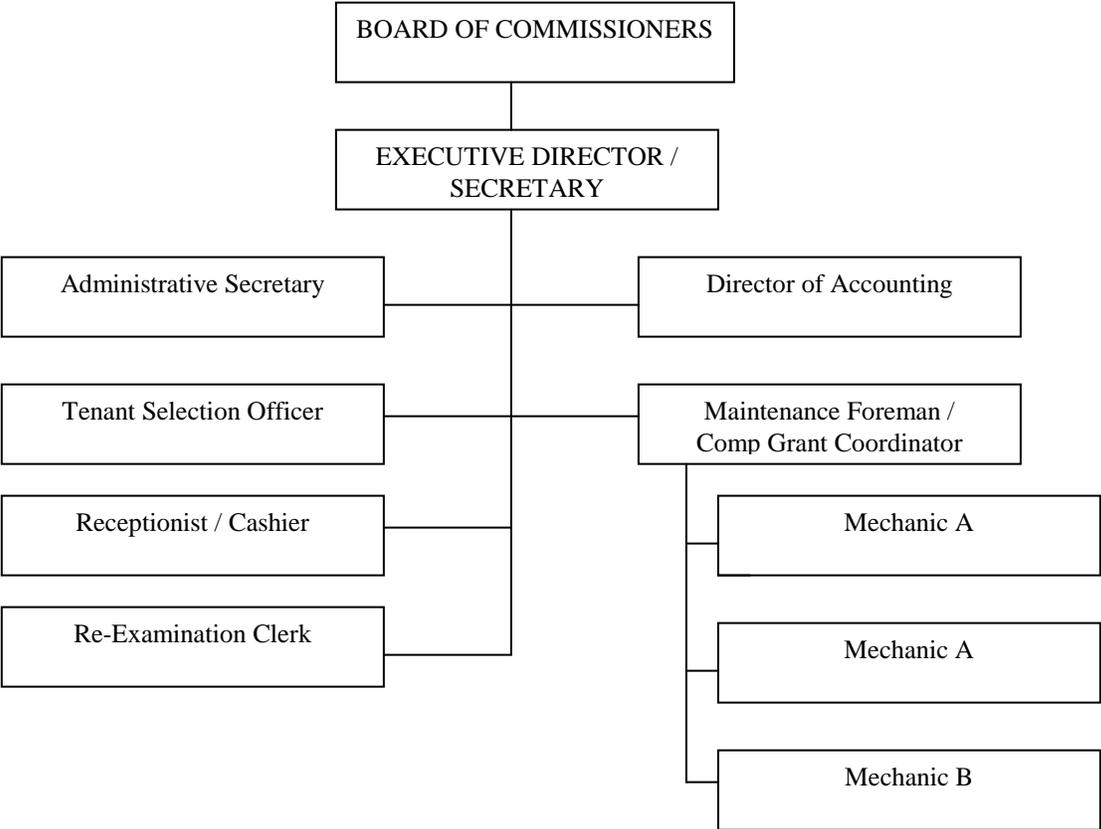

None
