## EXECUTIVE SUMMARY

The Alma Housing Authority believes it has adopted a planning approach that meets both the needs of the Authority's residents and the new federal review standards. With the demand for a plan that met the HUD requirements the Alma Housing Authority believes it has found such a balance.

The Alma Housing Authority has developed a plan that is consistent with HUD's stated mission and goals. It has also developed a plan that provides for standards against which plan objectives can be measured. As a step towards its own improved management, the Alma Housing Authority has keyed these standards to the requirements in the Public Housing Assessment System (PHAS).

The Alma Housing Authority has established five fundamental goals. These are:

1. Provide, preserve and improve our housing stock.
2. Without discrimination, provide quality housing that is decent, safe and sanitary.
3. Assist residents with counseling, education, self sufficiency and homeownership.
4. Work with the City of Alma for the overall development and improvement of our city.
5. Keep our policies and procedures current with regulations and sound management practices.

### **1. Policy or Program Changes for the Upcoming Year**

Alma Housing Authority has no changes in policies or programs in last year's PHA plan except:

We do not keep a large waiting list as applicants are housed as soon as possible, however the Alma Housing Authority request criminal records from local law enforcement agencies for screening processes.

We have followed our modernization plan; have HQS inspections that passed on all units; have been on track with all inspections and work orders and have an active waiting list. Overall we have been on track with all the goals and objectives we set. 2004 Capital Fund Program is on schedule with all funds obligated; and 2005 Capital Fund Program has been approved in the amount of \$125,899; and 2006 Capital Fund Program has been approved in the amount of \$111,366.

De-concentration: Developments not subject to de-concentration. The final rule 903(2)(B)(2) describes public housing developments not subject to de-concentration. One of the provisions of the rule exempts public housing developments operated by a PHA with fewer than 100 public housing units. The Alma Housing Authority has a total of 92 units of public housing, which would make The Alma Housing Authority exempt from the de-concentration rule.
