ii. Executive Summary of the Annual PHA Plan

[24 CFR Part 903.7 9 (r)]

Provide a brief overview of the information in the Annual Plan, including highlights of major initiatives and discretionary policies the PHA has included in the Annual Plan.

Culver City Housing Agency (CCHA) administers a Section 8 Housing Choice Voucher Program (HCVP) of 384 households. Additionally, The CCHA has a Family Self Sufficiency (FSS) program of twenty-five (25) participants. Our jurisdiction, which is only five (5) square miles, is completely surrounded by the City of Los Angeles, so we face the pressure of serving a much larger population. CCHA has recently purged a waiting list of approximately 7,272 households with eighty-two percent (82%) of waiting list applicants being extremely-low income and sixty-two percent (62%) being families with dependent children.

After the purge, approximately 4,500 applicants remain on the waiting list. To date, CCHA has received approximately 1,100 completed update applications pending completion of the purge. Those individuals who submitted completed and updated applications will remain on the waitlist and may be pulled to receive vouchers at a later date. All applicants that failed to respond to the update letter by the deadline will become inactive and will therefore be removed from the waitlist.

With a program attrition rate of eight percent (8%) annually, we are unable to serve all the households requesting assistance. Because demand far exceeds the supply of Section 8 Vouchers, our goal is to serve the neediest population first. CCHA will continue to serve the neediest applicants first through the use of waiting list preferences, and then from additional funds secured from the Redevelopment Agency Low and Moderate Income Housing Fund (LMIHF) (Housing Set Aside). CCHA is also committed to assisting in addressing fair housing issues and creating an avenue where tenants can address rental increases. Using our LMIHF, we contract with Housing Rights Center of Los Angeles to investigate discrimination claims and study the state of fair housing in our City. We plan to continue funding and supporting fair housing initiatives and studies. Additionally, through the Landlord Tenant Mediation Board, tenants are afforded an avenue to mediate rental increases with property owners.

The current demand for affordable rental housing units is steadily increasing. According to current market trends, the majority of new rental housing

developments target upper income households. Rents for existing units are escalating beyond the ability of lower-income households to pay. Presently, there is limited production and/or existing availability of rental housing units affordable to lower-income households. The current market conditions have substantially restricted the utilization of the Section 8 HCVP rental assistance program causing a reduced lease-up rate of 81%, coupled with an existing vacancy rate below two percent (2%).

2006 Appropriations

The 2006 Federal Fiscal Year (FFY) Appropriations Act has made administering the Section 8 Housing Choice Voucher Program even more challenging. This Act continues the 2005 allocation method for calculating and distributing housing assistance payments (HAP) renewal funds and public housing agency (PHA) administrative fees.

Culver City Housing Agency continues to implement the following HUD recommended cost saving measures to meet the mandates of the 2006 HUD Appropriations Act:

- **Minimum Rent:** The minimum rent for CCHA voucher families has been increased from \$25.00 to \$50.00.
- **Subsidy Standards:** A subsidy standard of two (2) persons per bedroom regardless of sex or age has been established.
- **Utility Costs:** CCHA plans to alter our current utility allowance if there is a utility rate increase of ten percent (10%) or more and CCHA is experiencing financial difficulties, a waiver request will be sent to HUD Headquarters for a higher utility allowance.
- **Rent Increases:** CCHA has decided to limit approval of incoming rent increase requests. Written notification has been sent to all existing HCVP owners stating that rent increases will not be granted due to limited funding. However, CCHA may approve rent increase requests on a case by case basis.

Up until recently the CCHA was billing all incoming ports and was limiting port-outs to high cost areas if the receiving housing agency planned to bill rather than absorb. With the release of PIH notice 2006-32 dated August 21, 2006, the CCHA will no longer enact portability restrictions. Clients may now port outside the CCHA jurisdiction at their discretion.

Public Relations/Owner Outreach

In the environment of limited funding to provide rent increases and lowered payment standards to property owners and extreme competition from the rental housing market's "market rate units", the CCHA staff has strategically created different methods to maintain the current lease-up rate and attract and maintain property owner participation in the Section 8 HCVP such as conducting an "Open

House” for property owners, hosting an annual Owner Appreciation Dinner, presenting a Landlord of the Year Award, conducting exploratory meetings with developers, placing advertisements in local papers during Festival La Ballona and giving \$25.00 gift cards to a local business when a property owner executes a new Section 8 contract.

Even with these efforts, the CCHA felt more could be done and on February 20, 2007, the Agency approved entering into a contract with Big Imagination, a local public relations firm, for an amount of \$60,000 to assist the CCHA put a new face on affordable housing by creating consumer friendly marketing pieces for community wide distribution and have marketing materials and brochures that will help to “Tell Our Story”. The CCHA is very encouraged that this marketing/public relations campaign and outreach will assist in increasing property owner participation in the Section 8 Program.

Property Acquisition/Rehabilitation/Development

The CCHA is also enhancing our efforts to increase our affordable housing stock and increase access by Section 8 participants through the Redevelopment Agency Property Acquisition and Development Program. This program involves identifying blighted and nuisance multi-family housing units. These units are acquired, rehabilitated, installed with professional management companies and long-term affordability covenants that restrict the rent and occupancy by very-low to moderate income households. The CCHA will be presenting these sites to the Agency for prioritization in April/May 2007.

Family Self-Sufficiency

Since 1999 the Culver City Housing Agency (CCHA) has been awarded funding for our FSS Coordinator which has afforded our agency the ability to assist our Section 8 participants achieve their goal of self sufficiency. Through the years, forty (40) households have participated in FSS. Of this number, twelve (12) have graduated by completing their Contract of Participation (COP) and thirty-four (34) have generated escrow accounts.

The CCHA was approved to enroll up to twenty-five (25) participants in our Family Self Sufficiency (FSS) Program. Currently, our enrollment is at two (2) and we are aggressively working to increase enrollment to twenty-five (25). The FSS Coordinator has been actively trying to recruit participants onto the FSS Program.

The temporary reduction in our current program was due to the success of the FSS Program of graduating households and the result of the Housing Authority of the City of Los Angeles (HACLA) absorbing these households into their program.

Currently, the CCHA has two (2) active FSS participants with escrow accounts. In the last nine (9) months, CCHA has actively pulled over 1500 people from the Section 8 HCVP Waitlist. The FSS Coordinator has worked extensively with the Section 8

HCVP Waitlist Staff to make presentations about the FSS Program when a household is certified and briefed as they enter the Section 8 Program. This is done in an attempt to educate the applicants on the benefits of the program should they decide to enroll once leased up on the Section 8 HCVP. Also, the FSS Coordinator conducted telephone follow-ups to each household to inform them of the program.

In addition to making presentations during the briefings, two (2) mass mailings regarding the FSS Program were transmitted to all current HCVP participants in order to educate and outreach to potential participants. Over two hundred (200) individuals were notified via mail about the benefits of the FSS program along with contact information on how to apply. Also, the FSS Coordinator conducted telephone follow-ups to each household. To increase our FSS enrollment, CCHA will continue the above efforts while also employing new methods to enhance enrollment. The role of the FSS Coordinator is essential to the effort.

Staff will continue to aggressively outreach to current HCVP participants in an attempt to recruit for the Family Self Sufficiency Program and we anticipate to enroll fifteen new households to the program by December 2007.

Violence Against Women Act (VAWA)

The Violence against Women Act-Public Law 109-162 (VAWA) was first authorized in 1994. Last year Congress reauthorized and expanded VAWA adding several new provisions that address the housing needs of victims of domestic violence, dating violence, sexual assault, and stalking.

These provisions affect Public Housing Agencies (PHA's) administering federal housing programs including the Section 8 Housing Choice Voucher Program (HCVP). They also affect property owners participating in the HCVP.

VAWA specifically prohibits PHA's and owners from considering actual or threatened domestic violence, dating violence, or stalking as a cause for terminating the tenancy, occupancy, or program assistance of the victim. PHA's and owner's may not construe such violence or stalking (1) as a serious or repeated violation of the lease by the victim, (2) as other good cause for terminating the tenancy or occupancy rights of the victim or (3) as criminal activity justifying the termination of the tenancy, occupancy rights, or program assistance of the victim.

In November, 2006 a letter regarding VAWA was sent by the CCHA to all owners and current participants on the HCVP. The CCHA will continue to actively educate Section 8 property owners and program participation regarding VAWA.

2. Statement of Financial Resources

[24 CFR Part 903.7 9 (b)]

Public Housing		
Section 8	25	2

The temporary reduction in our current program is due to the success of graduating households and the result of the Housing Authority of the City of Los Angeles (HACLA) absorbing these households into their program. Since 1999 the Culver City Housing Agency (CCHA) has been awarded funding for our FSS Coordinator which has afforded our agency the ability to assist our Section 8 participants achieve their

goal of self sufficiency. Through the years, forty (40) households have participated in FSS. Of this number, twelve (12) have graduated by completing their Contract of Participation (COP) and thirty-four (34) have generated escrow accounts.

The CCHA has continued to solicit and enroll FSS participation through extensive outreach. The FSS Coordinator has worked diligently with the Section 8 HCVP Waitlist Staff to make presentations about the FSS Program when a household is certified and briefed as they enter the Section 8 Program. Follow up telephone calls are also conducted.

In addition, two (2) mass mailings regarding the FSS Program were transmitted to all current HCVP participants in order to educate and outreach to potential participants. Over two hundred (200) individuals were notified via mail about the benefits of the FSS program along with contact information on how to apply. Also, the FSS Coordinator conducted telephone follow-ups to each household. To increase our FSS enrollment, CCHA will continue the above efforts while also employing new methods to enhance enrollment. The role of the FSS Coordinator is essential to the effort.

Staff will continue to aggressively outreach to current HCVP participants in an attempt to recruit for the Family Self Sufficiency Program and we anticipate enrolling fifteen new households to the program by December 2007.
