This information collection is authorized by Section 511 of the Quality Housing and Work Responsibility Act, which added a new section 5A to the U.S. Housing Act of 1937 that introduced 5-year and annual PHA Plans. The full PHA plan provides a ready source for interested parties to locate basic PHA policies, rules, and requirements concerning the PHA's operations, programs, and services, and informs HUD, families served by the PHA, and members of the public of the PHA's mission and strategies for serving the needs of low-income and very low-income families. This form allows eligible PHAs to make a streamlined annual Plan submission to HUD consistent with HUD's efforts to provide regulatory relief for certain types of PHAs. Public reporting burden for this information collection is estimated to average 11.7 hours per response, including the time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information. HUD may not collect this information and respondents are not required to complete this form, unless it displays a currently valid OMB Control Number.

Privacy Act Notice. The United States Department of Housing and Urban Development, Federal Housing Administration, is authorized to solicit the information requested in this form by virtue of Title 12, U.S. Code, Section 1701 et seq., and regulations promulgated thereunder at Title 12, Code of Federal Regulations. 1. Yes No: Are there circumstances indicating that the project basing of the units, rather than tenant-basing of the same amount of assistance is an appropriate option? If yes, check which circumstances apply:
 - low utilization rate for vouchers due to lack of suitable rental units
 - access to neighborhoods outside of high poverty areas
 - other (describe below:)

With the lack of suitable rentals in Delta, the DHA has been in the process of selling single family properties in order to use the proceeds towards building an affordable housing project. The proceeds will be matched and leveraged with other revenue sources for the capital construction. In order to reduce the risk of ownership and stabilize the possible long term debt, the intent is to convert the maximum amount of tenant based vouchers available to project based.

2. Indicate the number of units and general location of units (e.g. eligible census tracts or smaller areas within eligible census tracts):

The number of units will be determined once a needs assessment has been completed. The DHA waiting list of over 130 individuals will be considered when making the determination. The location will be on property located within the city limits of Delta. The DHA Board of Commissioners and the Delta City Council will begin discussions to determine a suitable location.

The discussions will continue with Rural Development on the purchase of units that may be available in the near future. This project is consistent with the five-year plan and may be applicable for project based vouchers as well.
