## Exhibit I

### Housing Authority of the City of Waterbury Housing Authority

#### Corrective Action Plan

The Waterbury Housing Authority has analyzed the nature and causes of the high incidence of Exigent Health and Safety violations and has developed a corrective action plan to reduce deficiency levels.

The Authority will conduct monthly inspections of all units to identify those units where smoke detectors are missing or inoperable. Work orders will be issued immediately to correct existing deficiencies. The Authority will also order and install warning labels next to each smoke detector warning residents about penalties associated with tampering or removing smoke detectors.

The Authority has set up an annual inspection program with Waterbury Fire and Safety LLC to insure that all fire extinguishers are operable and have current valid fire extinguisher inspection tags.

The Authority will send notices to all residents informing them of the Fire Safety Code as it applies to egress. The Authority will purchase and install "Do Not Block" labels to identify areas of each unit that are required to be kept clear for egress purposes.

In addition to the above mentioned strategies the Authority had numerous violations for venting of boiler exhaust due to misaligned or deteriorated stacks. A mechanical upgrades contract completed in 2004 addressed all boiler room deficiencies including new boilers, hot water tanks, venting, as well as installing sprinklers in all boiler rooms.

The REAC inspection of 2004 identified code violations involving missing hand rails on site or building exteriors. The Authority contracted with Nutmeg Welding to fabricate and install tubular metal railings where needed Authority wide. The installation has been completed.

The Authority intends to schedule Capital Fund projects to purchase and install "EZ-OUT" quick release bars for window air conditioners, along with safety harnesses to restrain falling air conditioners, which clear the window escape route for unrestricted emergency egress.

## **WATERBURY HOUSING AUTHORITY**

### Violence against Women Act

The Violence against Women Act protects tenants and family members of tenants who are victims of domestic violence, dating violence, or stalking from being evicted or terminated from housing assistance based on acts of such violence against them. Generally, the law provides that criminal activity directly relating to domestic violence, dating violence, or stalking, engaged in by a member of a tenant's household or any guest or other person under the tenant's control, shall not be cause for termination of assistance, tenancy, or occupancy right if the tenant or an immediate member of the tenant's family is the victim or threatened victim of that abuse. The law also provides that an incident or incidents of actual or threatened domestic violence, dating violence, or stalking will not be construed as serious or repeated violations of the lease by the victim or threatened victim or that violence and will not be "good cause" for termination of the assistance, tenancy, or occupancy rights of a victim of such violence.

It is the Housing Authority's plan that future residents of the public housing program and participants of the Housing Choice Voucher Program will be given a copy of PIH Notice 2006-42. Residents of the Public Housing complexes will be provided this notice when the lease is executed, while participants of the HCV Program will be apprised during their briefing session. The contents therein will be explained to the family members that attend these appointments.

The requirement contained in the law that precludes eviction based on domestic violence, dating violence, or stalking will be explained to new landlords and those currently involved in the program at time of recertification. During the lease period, the landlords will be advised of the VAWA requirements should tenant-eviction because of actions become a reality.

Landlords of/and new participants to the Housing Choice Voucher Program or families relocating to a different unit will be required to complete the reissued Housing Assistance Payments Contract and Tenancy Addendum that incorporated the restrictions of the Act.

Families currently residing in the Public Housing developments, as well as the HCV participants who have not submitted a Request for Tenancy Approval, will be notified of the safe-guards against eviction/termination, as well as the requirement for certification and verification.

Any family who requests relief from eviction or termination because of domestic violence, dating violence, or stalking will be required to submit the Certification Form and provide restraining orders, police reports, letters from shelters, or other such documentation as necessary to verify the request. Additionally, the Housing Authority will obtain information from the local police department as to the nature and type of police calls made to the respective address as further verification.
