The following is an extract from our adopted Admissions and Continued Occupancy Policy:

7.0 Taking Applications

Families wishing to apply for the Public Housing Program will be required to complete an application for housing assistance. Applications will be accepted during regular business hours at:

Flint Area Consolidated Housing Authority
542 Richardson Street
Montezuma, Georgia 31063

Applications are taken to compile a waiting list. Due to the demand for housing in the Flint Area Consolidated Housing Authority jurisdiction, the Flint Area Consolidated Housing Authority may take applications on an open enrollment basis, depending on the length of the waiting list.

Completed applications will be accepted for all applicants and the Flint Area Consolidated Housing Authority will verify the information.

Applications may be made in person on Monday through Thursday from 8:00AM to 5:00PM. Applications will be mailed to interested families upon request.

The completed application will be dated and time stamped upon its return to the Flint Area Consolidated Housing Authority.

Persons with disabilities who require a reasonable accommodation in completing an application may call the Flint Area Consolidated Housing Authority to make special arrangements. A Telecommunication Device for the Deaf (TDD) is available for the deaf. The TDD telephone number is 478-472-4614.

The application process will involve two phases. The first phase is the initial application for housing assistance or the pre-application. The pre-application requires the family to provide limited basic information (i.e. family composition, income, etc.) establishing any preferences to which they may be entitled. This first phase results in an apparently eligible family's placement on the waiting list.

Upon receipt of the family's pre-application, the Flint Area Consolidated Housing Authority will make a preliminary determination of eligibility. The Flint Area Consolidated Housing Authority will notify an apparently eligible family in writing of the date and time of placement on the waiting list, and the approximate wait before housing may be offered. If the Flint Area Consolidated Housing Authority determines the family to be ineligible, the notice will state the reasons therefore and will offer the family the opportunity of an informal review of the determination.

The applicant may at any time report changes in their applicant status including changes in family composition, income, or preference factors. The Flint Area Consolidated Housing Authority will annotate the applicant's file and will update their place on the waiting list. Confirmation of the changes will be made in writing.

The second phase is the final determination of eligibility, referred to as the full application. The full application takes place when the family nears the top of the waiting list. The Flint Area Consolidated Housing Authority will ensure that verification of all preferences, eligibility, suitability and selection factors are current (less than 90 calendar days old) in order to determine the family's final eligibility for admission into the Public Housing Program.

b. Which non-income (screening) factors does the PHA use to establish eligibility for admission to public housing (select all that apply)?

- Criminal or Drug-related activity
- Rental history
- Housekeeping
- Other (describe)

The following is an extract from our adopted Admissions and Continued Occupancy Policy:

8.3 Suitability

- A. Applicant families will be evaluated to determine whether, based on their recent behavior, such behavior could reasonably be expected to result in compliance with the public housing lease. The Flint Area Consolidated Housing Authority will look at past conduct as an indicator of future conduct. Emphasis will be placed on whether a family's admission could reasonably be expected to have a detrimental effect on the development environment, other tenants, Flint Area Consolidated Housing Authority employees, or other people residing in the immediate vicinity of the property. Otherwise eligible families will be denied admission if they fail to meet the suitability criteria.
- B. The Flint Area Consolidated Housing Authority will consider objective and reasonable aspects of the family's background, including the following:
 - 1. History of meeting financial obligations, especially rent and any utility payments;
 - 2. Ability to maintain (or with assistance would have the ability to maintain) their housing in a decent and safe condition based on living or housekeeping habits and whether such habits could adversely affect the health, safety, or welfare of other tenants;
 - 3. History of criminal activity by any household member involving crimes of physical violence against persons or property and any

other criminal activity including drug-related criminal activity that would adversely affect the health, safety, or well being of other tenants or staff or cause damage to the property;

4. History of disturbing neighbors or destruction of property;
 5. Having committed fraud in connection with any Federal housing assistance program, including the intentional misrepresentation of information related to their housing application or benefits derived there from; and
 6. History of abusing alcohol in a way that may interfere with the health, safety, or right to peaceful enjoyment by others.
- C. The Flint Area Consolidated Housing Authority will ask applicants to provide information demonstrating their ability to comply with the essential elements of the lease. The Flint Area Consolidated Housing Authority will verify the information provided. Such verification may include but may not be limited to the following:
1. A credit check of the head, spouse, co-head, and any other adult family members;
 2. A rental history check of all adult family members;
 3. A criminal background check on all adult household members, including live-in aides at no cost to the applicant. This check will be made through State or local law enforcement or court records in those cases where the household member has lived in the local jurisdiction for the last three years. Where the individual has lived outside the local area, the Flint Area Consolidated Housing Authority may contact law enforcement agencies where the individual had lived or request a check through the FBI's National Crime Information Center (NCIC). This criminal background check will proceed after each adult household member has signed a consent form designed by the Flint Area Consolidated Housing Authority.

The information received as a result of the criminal background check shall be used solely for screening, lease enforcement and eviction purposes. The following is an extract from our adopted Admissions and Continued Occupancy Policy:

10.6 Offer of a Unit

When the Flint Area Consolidated Housing Authority discovers that a unit will become available, we will contact the first family on the waiting list who has the highest priority for this type of unit or development and whose income category would help to meet the deconcentration goal and/or the income targeting goal.

The Flint Area Consolidated Housing Authority will contact the family first by telephone to make the unit offer. If the family cannot be reached by telephone, the family will be notified of a unit offer via first class mail. The family will be

given five (5) business days from the date the family was contacted by telephone or from the date the letter was mailed to contact the Flint Area Consolidated Housing Authority regarding the offer.

The family will be offered the opportunity to view the unit. The family will have two (2) business days to view and accept or reject the unit. This verbal offer and the family's decision must be documented in the tenant file. If the family rejects the offer of the unit, the Flint Area Consolidated Housing Authority will send the family a letter documenting the offer and the rejection.

10.7 Rejection of Unit

If in making the offer to the family the Flint Area Consolidated Housing Authority skipped over other families on the waiting list in order to meet their deconcentration goal or offered the family any other deconcentration incentive and the family rejects the unit, the family will not lose their place on the waiting list and will not be otherwise penalized.

If the Flint Area Consolidated Housing Authority did not skip over other families on the waiting list to reach this family, did not offer any other deconcentration incentive, and the family rejects the unit without good cause, the family will forfeit their application's date and time. The family will keep their preferences, but the date and time of application will be changed to the date and time the unit was rejected.

If the family rejects with good cause any unit offered, they will not lose their place on the waiting list. Good cause includes, among other things, reasons related to health, proximity to work, school, and childcare (for those working or going to school). The family will be offered the right to an informal review of the decision to alter their application status.

HOUSING AND COMMUNITY DEVELOPMENT STRATEGIC PLAN

Vision for Change

Over the next five years, the state anticipates providing assistance to put over 158,474 extremely low, low-, and moderate-income households in affordable housing free of overcrowded, structurally substandard conditions, with supportive services where appropriate for populations with special needs. Community Housing Development Organizations (CHDOs) and other nonprofits play an increasingly important role in the development and rehabilitation of affordable housing throughout Georgia.

Strategic Plan Priorities

The Consolidated Plan divides the State's priorities into two categories based on function: (1) priorities to directly benefit low- and moderate-income households and (2) priorities to improve the production capacity of Georgia's affordable housing providers. These priorities are not listed in rank order, but are of equal importance to the state.

Direct Benefit Priorities

To increase the number of Georgia's low- and moderate-income households who have obtained affordable rental housing which is free of overcrowded and structurally substandard conditions.

To increase the number of Georgia's low- and moderate-income households who have achieved and are maintaining homeownership in housing free of overcrowded and structurally substandard conditions.

To increase the access of Georgia's homeless to a continuum of housing and supportive services which address their housing, economic, health, and social needs.

To increase the access of Georgia's special need populations to a continuum of housing and supportive services which address their housing, economic, health, and social needs.

To increase the access of Georgia's Latino population to a continuum of housing and supportive services which address their housing, economic, and social needs.

To increase the access of Georgia's elderly population to a continuum of housing and supportive services which address their housing, economic, and social needs.

To provide assistance to local governments to meet their non-housing community and economic development needs.

Production Improvement Priorities

To increase coordination, strengthen linkages and encourage the formation of partnerships between Georgia's private sector housing developers, financial institutions, nonprofit organizations, public sector agencies, foundations, and other providers.

To increase the capacity and skills of local nonprofit organizations and other providers to offer housing assistance.

To improve the responsiveness of state and local policies to affordable housing issues. The state recognizes that its efforts to improve the production of housing and supportive service providers will be reflected in the number of households which directly benefit from their assistance. Therefore, the state has not established separate, quantifiable objectives for its production improvement goals within its Strategic and Action Plans.

Strategic Plan Five-Year Objectives

Based on a review of key economic and demographic indicators, Georgia's housing needs are not likely to change substantially over the next five years.

While the absolute number of households will increase, the percentage of households affected by cost burden, overcrowding, and physically defective housing should remain constant. The use of federal, state, local, and private resources will help to alleviate but not eliminate these problems. The Strategic Plan estimates, based on resources to be available over a five-year period, that the state will provide the following benefits to low- and moderate-income Georgians:

Construct or rehabilitate 1,820 affordable rental housing units.

Provide rental assistance for 84,000 households.

Assist 3,519 households to achieve or maintain homeownership in housing free of overcrowded and structurally substandard conditions.

Increase the number of Spanish-speaking households assisted under all programs by 100 percent.

Assist an average of 65,000 homeless individuals with housing and supportive services.

Assist local governments or organizations with providing housing and supportive services to 3,300 special need households and 435 elderly persons.

Make housing assistance funding awards to 400 individuals to enable the household to transfer from institutional to community living situations.

Eliminating Barriers to Affordable Housing

Georgia has a strong and growing commitment to making decent affordable housing available to all residents. Over the past twenty years, a wide variety of policy and program initiatives have been instituted to move toward this goal. Governments at both the state and local levels have made important strides in the areas of planning and standardization of construction codes and impact fees.

The state will continue these efforts over the next five years. Actions that will be taken include revising housing programs to facilitate access to available funds; revising and implementing state laws impacting housing affordability; continuing implementation of the Georgia Planning Act requirement for jurisdictions to examine issues related to the provision of affordable and adequate housing; implementing actions recommended in the Analysis of Impediments to Fair Housing Choice; and providing training and technical assistance programs to local governments.

Anti-Poverty Strategy

In 1999, Census statistics indicated that 13% of Georgia's population lived below the poverty level, higher than the national average of 12.4%. However, the percentage of Georgians living below the poverty level has decreased since 1989, from 14.7% to 13%. However, the number of Georgians living below the poverty level actually increased over this period, from 923,085 in 1989 to 1,033,793 in 1999. Some of this change can be attributed to the state's rapid population growth and the growth of the state's economy in terms of the number of new jobs created.

The state has established the following goals to reduce poverty among its residents:

To provide a range of services and activities having a measurable and potentially major impact on the conditions of poverty in all areas of the state, focusing on areas of the state where poverty is a particularly acute problem;

To provide activities designed to assist low-income participants, including the elderly poor, secure and retain meaningful employment; attain an adequate education; make better use of available income; obtain and maintain adequate housing; obtain emergency assistance to meet immediate and urgent individual and family needs, including health services, nutritious food, housing and employment; remove obstacles blocking the achievement of self-sufficiency; and achieve greater participation in the affairs of the community;

To provide for the emergency provision of supplies and services, nutritious foodstuffs, and related services necessary to counteract conditions of starvation and malnutrition among the poor;

To coordinate and establish linkages between government and other social service programs to assure the effective delivery of such services to low income individuals; and

To encourage the private sector of the community to become involved in efforts to ameliorate poverty.

Flint Area Consolidated Housing Authority

Annual Plan

Fiscal Year 10/01/2007 – 09/30/2008

Deconcentration Policy

It is the Flint Area Consolidated Housing Authority's policy to provide for deconcentration of poverty and encourage income mixing by bringing higher income families into lower income developments and lower income families into higher income developments. Toward this end, we will skip families on the waiting list to reach other families with a lower or higher income. We will accomplish this in a uniform and non-discriminating manner.

The Flint Area Consolidated Housing Authority will affirmatively market our housing to all eligible income groups. Lower income residents will not be steered toward lower income developments and higher income people will not be steered toward higher income developments.

Prior to the beginning of each fiscal year, we will analyze the income levels of families residing in each of our developments, and the income levels of the families on the waiting list. Based on this analysis, we will determine the level of marketing strategies and deconcentration incentives to implement.

Deconcentration Incentives

The Flint Area Consolidated Housing Authority may offer one or more incentives to encourage applicant families whose income classification would help to meet the deconcentration goals of a particular development.

Various incentives may be used at different times, or under different conditions, but will always be provided in a consistent and nondiscriminatory manner.

Offer of a Unit

When the Flint Area Consolidated Housing Authority discovers that a unit will become available, we will contact the first family on the waiting list who has the highest priority for this type of unit or development and whose income category would help to meet the deconcentration goal and/or the income targeting goal.

The Flint Area Consolidated Housing Authority will contact the family first by telephone to make the unit offer. If the family cannot be reached by telephone, the family will be notified of a unit offer via first class mail. The family will be given five (5) business days from the date the letter was mailed to contact the Housing Authority regarding the offer.

The family will be offered the opportunity to view the unit. After the opportunity to view the unit, the family will have two (2) business days to accept or reject the unit. This verbal offer and the family's decision must be documented in the tenant file. If the family rejects the offer of the unit, the Flint Area Consolidated Housing Authority will send the family a letter documenting the offer and the rejection.

Rejection of Unit

If in making the offer to the family the Flint Area Consolidated Housing Authority skipped over other families on the waiting list in order to meet their deconcentration goal or offered the family any other deconcentration incentive and the family rejects the unit, the family will not lose their place on the waiting list and will not be otherwise penalized.

If the Flint Area Consolidated Housing Authority did not skip over other families on the waiting list to reach this family, did not offer any other deconcentration incentive, and the family rejects the unit without good cause, the family will forfeit their application's date and time. The family will keep their preferences, but the date and time of application will be changed to the date and time the unit was rejected.

If the family rejects with good cause any unit offered, they will not lose their place on the waiting list. Good cause includes reasons related to health, proximity to work, school, and childcare (for those working or going to school). The family will be offered the right to an informal review of the decision to alter their application status.

Acceptance of Unit

The family will be required to sign a lease that will become effective no later than three (3) business days after the date of acceptance or the business day after the day the unit becomes available, whichever is later.

Prior to signing the lease, all families (head of household) and other adult family members will be required to attend the Lease and Occupancy Orientation when they are initially accepted for occupancy. The family will not be housed if they have not attended the orientation. Applicants who provide prior notice of an inability to attend the orientation will be rescheduled. Failure of an applicant to attend the orientation, without good cause, may result in the cancellation of the occupancy process.

The applicant will be provided a copy of the lease, the grievance procedure, utility allowances, utility charges, a current schedule of routine maintenance charges, tenant handbook, and a request for reasonable accommodation form. These documents will be explained in detail. The applicant will sign a certification that they have received these documents and that they have reviewed them with Housing Authority personnel. The certification will be filed in the resident's file.

Pet Ownership Policy Statement

PET OWNERSHIP POLICY

1. Exclusions

This policy does not apply to animals that are used to assist persons with disabilities. Assistive animals are allowed in all public housing facilities with no restrictions other than those imposed on all residents to maintain their units and associated facilities in a decent, safe and sanitary manner and to refrain from disturbing their neighbors.

2. Approval

Residents must request approval for all pets on Housing Authority property by registering pets on the Authorization for Pet Ownership Form prior to Management's approval.

3. Types and Number of Pets

Management will allow only domesticated dogs, cats, birds and fish in aquariums in the dwelling units. All dogs and cats must be neutered. Only one (1) pet per unit is allowed. Any animal deemed to be potentially harmful to the health or safety of others, including attack or fight-trained dogs, will not be allowed. No animal may exceed fifteen (15) pounds in weight.

4. Inoculations

A certificate from a veterinarian is required stating that the animal is healthy and has received all required inoculations which meets conditions prescribed by local ordinances.

5. Pet Deposit

A pet deposit of \$150.00 is required at the time of registering the pet. The deposit is refundable when the pet or family vacates the unit, less any amounts owed due to damage beyond normal wear and tear.

6. Obligation of Residents

Any Resident who owns or keeps a pet in the dwelling unit will be required to pay for any damages caused by the pet. Also, any pet related insect infestation in the pet owner's unit will be the financial responsibility of the pet owner and Management reserves the right to exterminate and charge the Resident.

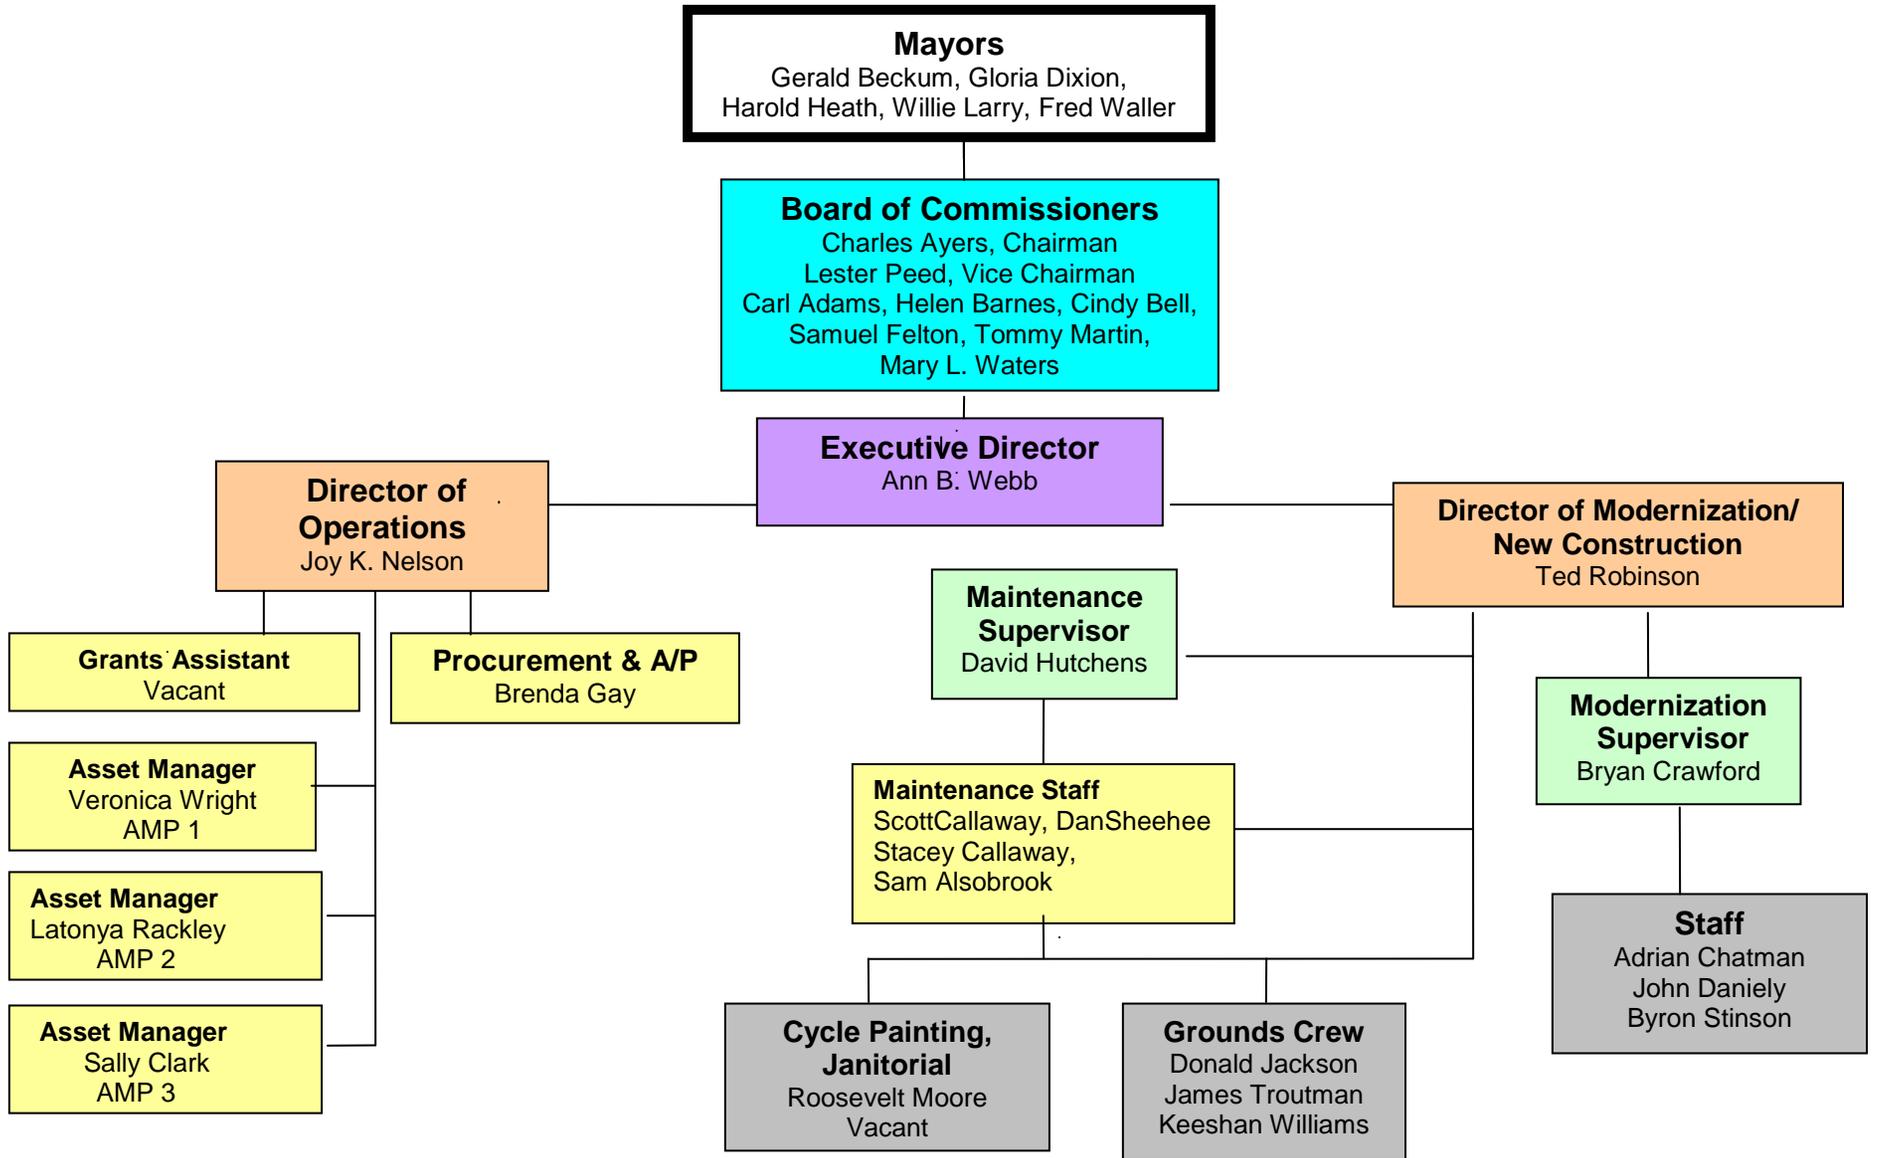

7. Nuisance or Threat to Health or Safety

The pet and its living quarters must be maintained in a manner to prevent odors and any other unsanitary conditions in the owner's unit and surrounding areas. Repeated and substantiated complaints by neighbors or Management personnel regarding pets disturbing the peaceful enjoyment of neighbors through noise, odor, animal waste, or other nuisance will result in the owner having to remove the pet or vacate the dwelling unit. Pets must be kept in the owner's apartment or on a leash at all times when outside the unit. (No outdoor cages may be constructed). Pets will be allowed only in designated areas outside of the dwelling unit. Pet owners must keep areas clean and are responsible for disposing of pet waste.

8. Removal of Pets

Management or the appropriate community authority shall require the removal of any pet from the property if the pet conduct or condition is determined to be a nuisance or threat to the health or safety of other occupants of Management's property or other persons in the community where the pet is located.
