C. Strategy for Addressing Needs

Provide a brief description of the PHA's strategy for addressing the housing needs of families in the jurisdiction and on the waiting list **IN THE UPCOMING YEAR**, and the Agency's reasons for choosing this strategy.

(1) Strategies

Need: Shortage of affordable housing for all eligible populations

Affordable rental units have decreased and applicants and participants are having difficulty finding qualified units. To increase the housing opportunities for participants of the Section 8 Program, the Housing Agency is doing more frequent comparability analyses of current market rents in the hope that this will establish rent reasonable standards that will increase the families' ability to secure rental units. Payment standards are at 110% of Fair Market Rents.

Annual outreach efforts will be made to potential voucher landlords in the form of presentations to Social Service Provider Agencies, Realtors, and various community organizations. The Housing Agency will increase efforts to more effectively educate applicants and participants about tenant responsibilities. The expected result is a reduction or elimination of lease violations and an increase in landlord participation in the program.

The Housing Agency participates in the Consolidated Plan process to coordinate ideas and to reach mutual goals to benefit eligible families.

Strategy 1. Maximize the number of affordable units available to the PHA within its current resources by:

Select all that apply

- Reduce time to renovate public housing units

- Maintain or increase section 8 lease-up rates by establishing payment standards that will enable families to rent throughout the jurisdiction
- Undertake measures to ensure access to affordable housing among families assisted by the PHA, regardless of unit size required
- Maintain or increase section 8 lease-up rates by marketing the program to owners, particularly those outside of areas of minority and poverty concentration
- Maintain or increase section 8 lease-up rates by effectively screening Section 8 applicants to increase owner acceptance of program
- Participate in the Consolidated Plan development process to ensure coordination with broader community strategies
- Other (list below)

Strategy 2: Increase the number of affordable housing units by:

Resident Advisory Board
Comments and Recommendations
For PHA Annual Plan FFY 2006

The RAB of Kaua'i met on February 15 and March 13, 2007 to review and discuss FFY 2006 PHA Annual Plan.

The RAB wishes to commend Kaua'i County Housing Agency's efforts in supporting first-time home ownership for our low-income households.

We also commend the KCHA's diligent work towards attracting more landlords in becoming involved in the Section 8 program and for the frequent comparability analyses of current market rents, which helps to ensure families' abilities to secure rentals in the explosive rental rates of our island.

Another area, which shows KCHA's sincerity in helping Kaua'i applicants, is their willingness to give extensions on the standard 60-day period to find a suitable house.

In this tight housing market, this is often needed and appreciated.

Recommendations of the RAB:

1: Under Strategic Goal: Improve community quality of life and economic vitality.

Box #4—Designate developments or buildings for particular resident groups.

A. RAB recommends such developments for the elderly and for persons who have significant developmental disabilities.

We feel that KCHA is already starting to lean towards this direction and we recommend KCHA continue efforts and to commit to the designation of developments or buildings for the elderly and developmentally disabled populations.

Our rationale for this recommendation includes:

- The elderly and developmentally disabled populations have fewer options, either due to intellectual or physical challenges combined with fiscal limitations.
- These two populations are generally on a very low fixed income with no options for increasing that.
- They also generally do not drive and therefore, their housing needs to be near public transportation access.
- From the PHA Plan, we find examples that indicate that this recommendation is within the parameters and ability of the Plan:

a. On Page 1; Section B. GOALS

Strategic Goal: Increase the availability of decent, safe, and affordable housing.

"Leverage private or other public funds to create additional housing opportunities" is checked.

This goes on to state the goals for Paanau Village and Kalepa Village.

- b. On Page 43, the KCHA states that it will "continue to support applications from eligible non-profits and other entities that propose to construct rental housing and/or preserve existing affordable housing stock through rehabilitation activities"

2. Under Admission Preferences. We note that Victims of Domestic Violence is checked.

Red flags were brought up for numerous reasons.

- It appears that there is general public opinion that “HUD renters” have a “bad reputation”, hence part of the extra efforts KCHA has to employ to attract owners in allowing their homes to be HUD rentals.
- It is not uncommon for families dealing with domestic violence to damage property or create disturbances in their neighborhoods.
- While we are sympathetic to victims of any kind of violence, we also understand through personal experience or study that there is a certain psychiatry involved in conjugal crime.

As part of the “cycle of abuse”, a victim will oftentimes reunite with her/his abuser, again and again.

- We also understand that a victim may sometimes reunite with her/his abuser simply because they have no place else to go.

As stated in the Administrative Plan, under 3-III.E. Criteria for Deciding to Deny Assistance; Consideration of Circumstances; PHA Policy states that “In the case of drug or alcohol abuse, whether the culpable household member is participating in or has successfully completed a supervised drug or alcohol rehabilitation program or has otherwise been rehabilitated successfully. The PHA will require the applicant to submit evidence”...of such actions.

A. RAB recommends that the same type of PHA Policy (3-III.E.) requirement be applicable to victims of domestic abuse because of the documented research of the cycle of abuse and the difficulty of breaking that cycle without some form of therapy.

- **Perhaps it naturally works out as victims stay in a women’s shelter, which provides qualified therapy and/or support groups, as they wait for available housing.**
 - Evidence of such counsel could possibly be provided by the women’s shelter or other qualified person(s).
- **Genuine desire to have victims overcome their abuse,**
 - preventative measures to minimize further negative stigmatism of Section 8 participants,
 - and concern for positive perpetuation of this program drives this recommendation.

The RAB of Kaua’i thanks the Kaua’i County Housing Agency for this opportunity and for their consideration.
