Executive Summary

[903.7(r)]. If desired, provide a brief overview of the contents of the streamlined 5-Year/Annual Plan.

On August 29, 2005, Hurricane Katrina slammed into the Mississippi Gulf Coast with Category 3 winds and a storm surge that reached as high as 30 feet in some places. 110+ MPH winds and a storm surge of up to ten (10) feet hit our public housing developments of Rue DeLasalle, Camille Circle, and Russell Drive. When the storm abated, all 75 of our Public Housing units were so severely damaged that they were rendered uninhabitable.

Though many of the families in occupancy evacuated during the storm's approach, there may have been some fatalities among our residents. In the days following the storm's passage, our residents that evacuated sought to return to their homes, only to be told that all of their possessions had been destroyed by the salt water and that the dwelling units were unsafe for habitation. In essence, they were told that they could not come back to live. These families, who had formerly lived in Waveland's Public Housing, were homeless. This was also true for most the families that lived in Waveland.

In the weeks following Hurricane Katrina, assessments were made of the physical condition of the three properties that comprised MS 101-001. FEMA, a HUD Contractor, and the Corps of Engineers all agreed that the properties were so badly damaged that the cost of repair made such an action infeasible. Indeed, the condition of many of the buildings made rehabilitation technically infeasible. There was also full agreement that the damaged structures represented an imminent threat to the health and safety of Waveland's citizens and, as such, must be demolished immediately. On October 7th, 2005 demolition began on all of the public housing and the central office of the Waveland Housing Authority.

Our revised Five-Year Plan and our new 2007 Annual Plan makes restoring all of our 75 ACC housing units and producing affordable housing the number one priority for the foreseeable future. The goals, objectives, policies and methods contained within these documents are all focused on utilizing current and potential resources to provide decent affordable housing for Waveland residents that were displaced by Hurricane Katrina and for others in the area that were similarly affected.

Depending on the funding source(s), this Plan gives the WHA the option to transfer title of the property known as MS 101-001 to a development entity to facilitate the development of mixed finance housing (demolition has already taken place but a demolition application is to be submitted, also). The Plan also directs the WHA to seek other non-HUD sources of funding and, if feasible and consistent with the purpose of the WHA, to use Public-Private Partnerships to increase the supply of affordable housing in Waveland.

The process of developing this plan is somewhat different from the process used in the past. Formerly, we held quarterly meetings with a 6-member Resident Advisory Board (RAB). Because of relocation and displacement by Hurricane Katrina, our residents are scattered around the country. Therefore, resident input has been limited to that which was provided by the few that remain in the area and by those who have kept in touch with the WHA in hopes of an eventual return. All comments and anecdotal information we have received from former residents indicate full agreement with our intent to restore our ACC units and to expand the supply of affordable housing.

Our Capital Fund Plan anticipates the use of funds to support development activities, including debt amortization. The WHA will request waivers from HUD to allow it to obligate the bulk of Capital Funds to debt amortization. The WHA also intends to preserve the future stream of Capital Fund dollars by requesting that HUD assign the existing project number to any ACC units developed up to a maximum of 75 units. Finally, the WHA hopes to receive, as a result of a successful demolition/disposition application (to be submitted), Replacement Housing Factor Funds that will be used to assist with our rebuilding effort.

Most of the operational policies in place before the disaster will remain in place. However, the WHA is establishing an admissions preference for persons displaced by Federally-Declared Natural Disaster in Hancock County who resided in Hancock County at the time of the disaster declaration. This will enable families that have been directly affected by Hurricane Katrina and subsequent similar disasters to have better opportunity to be housed in decent, affordable housing.

9. Additional Information

[24 CFR Part 903.12 (b), 903.7 (r)]

A. PHA Progress in Meeting the Mission and Goals Described in the 5-Year Plan

(Provide a statement of the PHA's progress against the goals and objectives established in the previous 5-Year Plan for the period FY 20__ - 20__.)

The Waveland Housing Authority suffered a catastrophic loss of all of its public housing on August 29, 2006, less than two months into its PHA Plan year. Hurricane Katrina caused such wind and storm surge damage that it rendered all the buildings and units uninhabitable and structurally unsound. With the advance of the storm, many residents evacuated to other locations. None could return. Due to the extent of the damage and the continuing hazard posed by the damaged buildings, all 75 units had to be demolished to mitigate the danger.

In the aftermath of the storm and for the remainder of the fiscal year, the Waveland Housing Authority worked to:

- Assure the adequate relocation of its families
- Recover or reconstruct records that were lost or damaged by the storm
- Request appropriate forms of assistance from HUD and other entities engaged in the recovery efforts
- Set up an alternate office at another PHA, and later, in a salvaged maintenance building of the WHA
- Manage the administrative affairs of the WHA under very trying circumstances

The WHA has more recently embarked upon a planning process that will lead to the

development of new units of affordable and ACC housing. It is the intent of the WHA to utilize all funding sources available to it and partnerships to replace 75 ACC units and to create additional affordable housing units as part of a community-wide effort restore the supply of housing for working class families.

B. Criteria for Substantial Deviations and Significant Amendments

(1) Amendment and Deviation Definitions

24 CFR Part 903.7(r)

PHAs are required to define and adopt their own standards of substantial deviation from the 5-year Plan and Significant Amendment to the Annual Plan. The definition of significant amendment is important because it defines when the PHA will subject a change to the policies or activities described in the Annual Plan to full public hearing and HUD review before implementation.

Substantial deviations or significant amendments or modifications are defined as discretionary changes in the plans or policies of the housing authority that fundamentally change the mission, goals, objectives, or plans of the agency and which require formal approval of the Board of Commissioners.

Any changes in HUD regulations that necessitate a change in the Five-year or Annual Plan will not be considered Substantial Deviations or Substantial Modifications by the WHA.

a. Substantial Deviation from the 5-Year Plan

The Five-Year Plan is a living document which shall serve to guide WHA operations and resource management. In the event that circumstances or priorities necessitate actions which would represent a substantial departure from the goals, objectives, timetables or policies as set forth in the plan, the WHA will invite public review and input prior to taking actions that would implement such substantial changes.

b. Significant Amendment or Modification to the Annual Plan

In the event that any planned WHA activity represents a significant departure from those of the existing Annual Plan, a Significant Amendment or Modification to the Annual Plan will be undertaken. Under these circumstances, a full and participatory planning process will be used to obtain public input. A draft of the substantially modified Annual will be subject to the public review, comment, and hearing process.

C. Other Information

(1) Resident Advisory Board Recommendations

- a. Yes No: Did the PHA receive any comments on the PHA Plan from the Resident Advisory Board/s?

All former members of the Resident Advisory Board were relocated to other

communities as a result of Hurricane Katrina. There are no more Public Housing units operated by the Waveland Housing Authority, therefore there are no more Public Housing Residents that could serve on the RAB.

The WHA has maintained contact with some of the former residents who have expressed a desire to return to Waveland should its public housing program be restored. They have each spoken in favor of the WHA's tentative plans to redevelop its properties for public and affordable housing.

The WHA held a public hearing on the revisions to the 2005-2009 Five-Year Plan and the 2007 Annual Plan. No comments were received.

If yes, provide the comments below:
