The Housing Authority Agency Plan was prepared in accordance with Section 511 of the Quality Housing and Work Responsibility Act of 1998. The Housing Authority has attempted to provide all the necessary information and documentation for the five year plan. Our goals and objectives are contained in the plan along with adopted policies and procedures to comply with HUD guidelines, rules, regulations and federal laws.

The Agency Plan was made available for public review and prepared with input from local officials, board of commissioners, resident advisory board and general public. All comments were taken under consideration and addressed in this plan. Supporting documentation is attached and/or available upon request.

The Housing Authority Plan has focused on improving the quality of life for its residents, expanding the supply of assisted housing, promote self-sufficiency through education and training, ensure equal opportunity and fair housing, safe environment and physical improvements.

We will continue to use existing relationships that exist between our agency and other local organizations. This type of partnerships has enabled us to better deal with the problems confronting the residents and Housing Authority.

### DECONCENTRATION POLICY

In an ongoing effort for the Forest Housing Authority to meet or exceed the laws and regulations regarding public housing, a comprehensive Deconcentration Policy has been developed in order to comply with the Housing Quality and Work Responsibility Act of 1998 Section 513, as it applies to the Forest Housing Authority.

#### INCOME MIX TARGETING:

This housing authority must ensure that within a given fiscal year, not less than forty percent (40%) of the public housing dwelling units shall be occupied by families whose incomes at the time of commencement of occupancy does not exceed thirty percent (30%) of the area median income.

#### PROHIBITION OF CONCENTRATION OF LOW-INCOME FAMILIES:

This housing authority may not concentration very low-income families, or those with relatively low incomes, in public housing units in certain projects or certain buildings within projects. There must, however remain at least forty percent (40%) of the families who are at or below thirty percent (30%) of the median area income. The Forest Housing Authority must review the income and occupancy characteristics of the housing projects and the buildings of each project to ensure that a low-income concentration does not occur.

#### DECONCENTRATION:

It shall be the sole and exclusive right of the Forest Housing Authority to move families from one dwelling unit to another as necessary or as vacancies warrant to reduce a concentration of a particular income level of families into any one building or complex. In contrast, the Forest Housing Authority will also make every effort and attempt to maintain a consistent dwelling unit for every family and will only make moves necessary if there is no other alternative as determined by the Forest Housing Authority.

This policy became effective immediately upon adoption by the Board of Commissioners of the Housing Authority of the City of Forest, Mississippi.

**CERTIFICATION  
“INITIAL ASSESSMENT”  
VOLUNTARY CONVERSION OF DEVELOPMENT FROM PUBLIC  
HOUSING STOCK**

This is to certify that The Housing Authority of the City of Forest, Mississippi has reviewed each development operating as public housing; considered the implications of converting the public housing to tenant-based assistance ; and concluded that conversion may be inappropriate because removal of the developments would not meet the necessary conditions for voluntary conversion.

That the initial assessment indicated that 1) cost would be a factor; 2) the ability to occupy the developments; 3) cost and/ or workability of vouchers in the community and 4) other relevant factors that voluntary conversion may be inappropriate.

*Component 10 (B) Voluntary Conversion Initial Assessments*

- a. How many of the PHA’s developments are subject to the Required Initial Assessments? 1
- b. How many of the PHA’s developments are not subject to the Required Initial Assessments based on exemptions (e.g., elderly and/or disabled developments not general occupancy projects)? 0
- c. How many Assessments were conducted for the PHA’s covered developments? 1
- d. Identify PHA developments that may be appropriate for conversion based on the Required Initial Assessments:

<b>Development Name</b>	<b>Number of Units</b>
NONE	

- e. If the PHA has not completed the Required Initial Assessments, describe the status of these assessments. Completed

THEREFORE, the Housing Authority has determined that our developments are not appropriate for conversion based on the following reasons:

1. Conversion **would be** more expensive than continuing to operate the developments (or a portion of it) as public housing;
2. Conversion **would not** principally benefit residents of the public housing development to be converted and the community; and
3. Conversion **would** adversely affect the availability of affordable housing in the community.

The Housing Authority does not plan to demolish or dispose of any public housing units;

Public Housing developments accounts for a large percentage of the housing stock in the community and would effect the availability of affordable housing in the community; and

Conversion would not benefit the residents due to the limited housing stock in the community and the current programs/services being offered by the housing authority. Additionally, our public housing developments are equal to or above existing housing stock in the community;
