ii. Executive Summary of the Annual PHA Plan

[24 CFR Part 903.7 9 (r)]

Provide a brief overview of the information in the Annual Plan, including highlights of major initiatives and discretionary policies the PHA has included in the Annual Plan.

Lakewood Tenants Organization, Inc (LTO) in its administration of the Lakewood Township Residential Assistance Program has been in the forefront in dealing with affordable housing in our area. The LTO is a well established community organization with a history of providing counseling and representation for Lakewood's tenants, in addition to its administration of approximately 1100 Section 8 units.

Lakewood Tenants Organization, as the Lakewood Township Residential Assistance Program (LTRAP) has been administering Section 8 programs in Lakewood for nearly 30 years. Our records are audited on an annual basis by an Independent Public Auditor. For the past 20 years (at least) there has not been a single audit finding or recommendation. LTRAP has consistently maintained a leasing rate of close to 100%. Additionally, the LTO is a financially sound organization, with excellent credit rating.

Over the past two decades, LTRAP has become well known in the area. Local property owners are very familiar with our agency and our comfortable dealing with the Section 8 program. LTRAP maintains a list of participating landlords to assist tenants in locating units. We also maintain a good rapport with area real estate agencies that have often assisted our participants in finding suitable housing acceptable under Section 8 criteria. The Agency also maintains a bulletin board in our Waiting Room where landlords will often post available units. Other available services that may be helpful to our participants are posted here also. LTRAP has developed a website at www.ltrap.org which has much useful information for both tenants and landlords. Landlords can find out information about leasing units as well as the procedures that must be followed. Additionally, they can

post their units directly from the website. Tenants can find out a lot of useful information that pertain to the rental and homeownership program, including how to apply, where they are on the Waiting List, and general information about the Section 8 programs we administer.

LTRAP maintains a Family Self-Sufficiency Program as prescribed in the HUD regulations. Our program size has always met program requirements. Our initial FSS Program size was 34 units. Over the years the minimum program size grew to 61. All 61 slots were fully utilized. Since the enactment of the Quality Housing and Work Responsibility Act of 1998, the minimum program size decreases when a family graduates from the program. Since the enactment of this rule at least half the participants have successfully graduated from the program. Anyone leaving the program unsuccessfully is replaced with another eligible family wishing to participate. Thus, the required program size shrunk to about 20, however LTRAP has chosen to allow the program to grow so as to promote self-sufficiency and homeownership. In the past year alone we have had over 25 households enroll in the FSS Program and at least as many are in the pipe-line. We have seen quite a few successful participants in this program, many of which have gone on to purchase their own homes. LTRAP maintains a strong FSS Escrow Account and makes monthly deposits on behalf of all eligible FSS participants. Year end statements are sent to the participants detailing the activity of their account. Due to this Agency's involvement in the FSS Program, we have developed strong connections and agreements with other local agencies. We have worked together and developed inter agency agreements to assist these participants. Now with the implementation of LTRAP's HomeRun™ Program graduates from the FSS Program are using their escrow funds towards a down payment on a home.

LTRAP has successfully launched the HomeRun™ Program which was developed in accordance with the Homeownership Final Rule, published on September 12, 2000. To date we have helped over 70 families close on their first home.

Additionally, LTRAP will offer a down-payment assistance program, when appropriated funds are available for this use. A qualifying family wishing to purchase a home will be given the option of either 1) entering the HomeRun™ Program, where monthly payments are paid by this Agency, towards the mortgage or 2) receiving one lump sum payment to be used for a down-payment or for reasonable and customary closing costs. The second option is a one time payment equal to one year of homeownership assistance payments. A family may choose only one of the above options, and may not receive the other form of homeownership assistance at any other time. A family choosing the down-payment assistance method, may later apply for and receive tenant based assistance so long as no family member owns any title or interest in the property, and at least 18 months have elapsed since the down-payment grant was paid.

Due to severe Section 8 budget cuts and the fact that no new Housing Vouchers have been awarded or will be awarded in the near future, LTRAP closed its Waiting List on Friday, December 31, 2004. The List still contains over 2000 eligible households.

LTRAP no longer ranks the Waiting List by federal preferences. As required by law new admissions are targeted to those with incomes at or below 30% of median income for at least 75% of the new admissions. LTRAP did maintain the resident preference, which gives preference to applicants who live, work or have been hired to work, in Lakewood. Additionally, LTRAP did maintain the preference for elderly/disabled individuals or families over other singles. LTRAP has now added another local preference which gives tiered preference to households with under a certain amount of assets. This was done to ensure that the most needy are helped first. Of course this preference is considered after the other preferences. The Waiting List is ranked according to the above preferences. When slots are available applicants are called in from the Waiting List ranked as described above. Each applicant's income is reviewed. If their income falls within the extremely low income guidelines they are issued a Voucher. If the applicant's income exceeds the extremely low income level but is within the very low income level they are held until funding is available in the very low income category. Since only 1 in 4 participants can come from the very low category, LTRAP does not issue the Voucher to the very low income family until 3 extremely low income families are admitted to the program to ensure compliance with the targeting rule. Unfortunately due to the severe budget cuts to the Housing Choice Voucher Program progress on the Waiting List has been slow.

By careful program monitoring, LTRAP hopes not to have to cut any current participants from the program. If, however it does become necessary, the households that will be removed first from the program are the ones with the highest per-capita assets.

LTRAP participants have enjoyed the portability feature of the Section 8 program. We have successfully transferred participants throughout the U.S. and Puerto Rico, and are also administering units for other jurisdictions.

LTRAP prides itself in promoting integrity in the Section 8 program. Fraud and abuse in the program is dealt with immediately by prompt termination of benefits. An informal hearing is always offered to the participant prior to termination. Erroneous misrepresentation made by participants (not in a fraudulent manner) must be repaid to this agency. This is another method used to ensure that our program receipts are sufficient to cover program expenses. Enforcement of any repayment agreement is imperative in ensuring program integrity and dealing with program constraints.

LTRAP's Voucher Payment Standards are analyzed annually so as to ensure that our participants are not paying too much (rent burdened) as a result of too low of a payment standard, nor too little. If the payment standard is too high we may not be able to help as many families. At the same time we ensure that the payment standard is at least 90% of the current Fair Market Rent even if the participants are not rent burdened.

Based on LTRAP's recent analysis, and the aforementioned budget cuts, this agency has decided to adopt 90% of the 2007 Fair Market Rent Schedule as its Payment Standard Schedule. This analysis was based on the fact that the Fair Market Rents were increased significantly, but Lakewood is experiencing a soft rental market at this time. Rental units are in abundance. Additionally, in order to assist as many households as possible with the

budget constraints we are experiencing, it is necessary for LTRAP to limit the Payment Standards to 90% of the Fair Market Rent.

The following are the Fair Market Rents printed in the Federal Register on September 27, 2006, effective October 1, 2006.

0 Br	1 Br	2 BR	3 Br	4 Br	5 Br	6 Br	7Br
830	958	1170	1525	1654	1902	2150	2398

The following are the Payment Standards to be used by this agency -90% of the FMR, effective January 1, 2007.

0 Br	1 Br	2 BR	3 Br	4 Br	5 Br	6 Br	7Br
747	862	1053	1373	1489	1712	1935	2158

In approving any lease, rent reasonableness is verified and documented before a lease is approved. In addition, no family will be allowed to rent a unit over the payment standard if they will be paying over 40% of their adjusted income for rent. This policy has been adopted per the regulations governing the merger rule as well as the amendment to this part printed in the Federal Register on November 3, 1999.

Before any unit is approved our agency conducts a thorough Housing Quality Standards (HQS) Inspection. The unit is inspected on an annual basis. Quality control inspections are performed as required by law to ensure that these inspections are being done correctly.

Family rent is calculated in accordance with HUD regulations. HUD has authorized use of a "minimum rent" of up to \$50. Due to the drastic budget cuts, LTRAP implemented a \$50 minimum rent effective January 1, 2005.

LTRAP instituted a criminal check policy. Before admitting anyone to the program a criminal history check is performed through the State Police. Policies for denial of assistance are explained in the Administrative Plan. Anyone denied assistance based on a criminal history report is given a copy of the report and is entitled to a hearing. Final determinations regarding admission to the program, are made by the hearing officer.

All residents were elected.

Attachment “B” Narrative Description of LTRAP’s FY’2006 Progress Report

LTRAP has consistently followed the methodology detailed in LTRAP’s annual plan, submitted last year for fiscal year 2006. We are administering a successful Section 8 Homeownership Program and have approximately 70 families who have already closed on their homes and many more in the process.

Applications intake was closed as of January 1, 2005 since the Waiting List is growing, with no progress in sight. HUD is not offering any additional vouchers this year, and the budget cuts to the program are severe.

LTRAP has consistently maintained a Family Self-Sufficiency Program. We have already seen nearly half of the enrolled households graduate from the program, most leaving with substantial escrow payments, and many going on to purchase their own homes. Although the required program size is under 25 we have chosen to allow the program to increase so as to promote self sufficiency and homeownership. We currently have a program size of approximately 50 households and it is growing.
