 - The Housing Authority will continue to provide accessible housing in the public housing program to persons with disabilities.
 - The Housing Authority will continue to market its public housing and Section 8 program to make families and individuals aware of the availability of decent, safe, sanitary and affordable housing in the City of Rensselaer.
 - The Housing Authority will continue to apply its limited resources to the effective and efficient management and operation of public housing and Section 8 programs.

Other: (list below)

The Housing Authority of the City of Rensselaer Admission and Continued Occupancy Policy Requirements are established and designed to:

- Continue to upgrade the living conditions for very low and low-income families while maintaining their rent payments at an affordable level.
- To operate a socially and financially sound public housing agency that provides violence and drug-free, decent, safe and sanitary housing with a suitable living environment for residents and their families.
- To lawfully deny the admission of applicants, or the continued occupancy of residents, whose habits and practices reasonably may be expected to adversely affect the health, safety, comfort or welfare of other residents or the physical environment of the neighborhood, or create a danger to our employees.

- To facilitate the judicious management of our inventory and efficient management of our staff.
- To ensure compliance with Title VI of the Civil Rights Act of 1964 and all other applicable Federal laws and regulations so that the admissions and continued occupancy are conducted without regard to race, color, religion, creed, sex, national origin, handicap or familial status.

We have similar principles for our Section 8 program:

- To provide decent, safe and sanitary housing for very low income families while maintaining their rent payments at an affordable level.
- To ensure that all units meet Housing Quality Standards and families pay fair and reasonable rents.
- To promote fair housing and the opportunity for very low-income families of all ethnic backgrounds to experience freedom of housing choice.
- To promote a housing program which maintains quality service and integrity while providing an incentive to private property owners to rent to very low income families.
- To create positive public awareness and expand the level of family, owner, and community support in accomplishing the Town of Harriestown Housing Authority's mission.
- To attain and maintain a high level of standards and professionalism in our day to day management of all program components.
- To administer an efficient, high-performing agency through continuous improvement of the Housing Authority's support systems and commitment to our employees and their development.

Our agency is part of the entire effort undertaken by the City of Rensselaer and the State of New York to address our jurisdiction's affordable housing needs. When appropriate and feasible, we will apply for additional grants and loans from federal, state and local sources, including private sources to enhance the affordable housing available in our community. We intend to continue working with our local partners to try and meet these identified needs.

This year we expect to continue to utilize the funds we receive for our existing programs to house people. We will be focusing on management improvements, modernization and increasing the number of owners willing to participate in our Section 8 program. Priorities and guidelines for programs often change from year

to year and our decisions to pursue certain opportunities and resources may change over the coming year if there are program changes beyond our control.

3. The Consolidated Plan of the jurisdiction supports the PHA Plan with the following actions and commitments: (describe below)

The New York State Consolidated Plan establishes three strategic objectives that are of equal importance and form the basis of New York State's strategy:

1. Preserve and increase the supply of decent, safe and affordable housing available to all low and moderate income households, and help identify and develop available resources to assist in the development of housing.

While not specifically targeting funds in the Consolidated Plan for such programs, New York State believes it has a vested interest in the federal government's commitment to continue to provide resources for the operations, maintenance and preservation of Section 8 and public housing. The Consolidate Plan states: "The preservation of this irreplaceable low-income housing asset should remain a federal priority. Specifically, the federal government should maintain its commitment to rental assistance, preservation of housing eligible for mortgage prepayment and funding for operations, repairs, maintenance and modernization of public housing."

2. Improve the ability of low and moderate income New Yorkers to access rental and home-ownership opportunities.

The Consolidate Plan includes the provision of rental assistance where possible and also to providing home-ownership opportunities to low-income and minority households. State housing agencies are encouraged to apply for Section 8 program funding.

The Consolidated Plan notes that there are insufficient Federal and State capital subsidies to increase the supply of affordable housing to address the problems of all those with cost burdens.

3. Address the shelter, housing, and service needs of the homeless poor and others with special needs.

Among the programs to be utilized, are the various Section 8 programs.

The Consolidated Plan addresses Public Housing Resident Initiatives. The Plan states that "the State of New York does not directly own or administer Federal public housing. Therefore the requirements of this section of the Consolidated Plan do not apply to the State of New York."

The New York State Objectives respond to the purposes of the National Affordable Housing Act that are:

1. to help families not owning a home to save for a down payment for the purchase of a home;
2. to retain wherever feasible as housing affordable to low-income families those dwelling units produced for such purposes with Federal assistance;
3. to extend and strengthen partnerships among all levels of government and the private sector, including for-profit and non-profit organizations, in the production and operation of housing affordable to low-income and moderate-income families;
4. to expand and improve Federal rental assistance for very low-income families; and
5. to increase the supply of supportive housing, which combines structural features and services needed to enable persons with special needs to live with dignity and independence.

In summary, the New York State Consolidated Plan strategies are consistent with and support the goals and objectives of the Housing Authority of the City of Rensselaer.
