The full PHA plan provides a ready source for interested parties to locate basic PHA policies, rules, and requirements concerning the PHA's operations, programs, and services, and informs HUD, families served by the PHA, and members of the public of the PHA's mission and strategies for serving the needs of low-income and very low-income families. This form allows eligible PHAs to make a streamlined annual Plan submission to HUD consistent with HUD's efforts to provide regulatory relief for certain types of PHAs. Public reporting burden for this information collection is estimated to average 11.7 hours per response, including the time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information. HUD may not collect this information and respondents are not required to complete this form, unless it displays a currently valid OMB Control Number.

- The PHA has based its statement of needs of families on its waiting lists on the needs expressed in the Consolidated Plan/s.

- Other: (list below)

3. The Consolidated Plan of the jurisdiction supports the PHA Plan with the following actions and commitments: (describe below)

One of the strategic objectives in the New York State Consolidated Plan that relates to programs administered by the Wilna Housing Authority:

Preserve and increase the supply of decent, safe and affordable housing available to all low and moderate-income households, and help identify and develop available resources to assist in the development of housing.

While not specifically targeting funds in the Consolidated Plan for such programs, New York State believes it has a vested interest in the federal government's commitment to continue to provide resources for the operations, maintenance and preservation of Section 8 and public housing. The Consolidate Plan states: "The preservation of this irreplaceable low-income housing asset should remain a federal priority. Specifically, the federal government should maintain its commitment to rental assistance, preservation of housing eligible for mortgage prepayment and funding for operations, repairs, maintenance and modernization of public housing."

The use of the term "low and moderate income households" includes all households at or below 80 percent of median income. Extremely low-income households are included in this category, which has been identified in the needs analysis as having the highest magnitude of housing problems.

The New York State Consolidated Plan strategies are consistent with and support the goals and objectives of the Town of Wilna Housing Authority.
