This information collection is authorized by Section 511 of the Quality Housing and Work Responsibility Act, which added a new section 5A to the U.S. Housing Act of 1937 that introduced 5-year and annual PHA Plans. The full PHA plan provides a ready source for interested parties to locate basic PHA policies, rules, and requirements concerning the PHA's operations, programs, and services, and informs HUD, families served by the PHA, and members of the public of the PHA's mission and strategies for serving the needs of low-income and very low-income families. This form allows eligible PHAs to make a streamlined annual Plan submission to HUD consistent with HUD's efforts to provide regulatory relief for certain types of PHAs. Public reporting burden for this information collection is estimated to average 11.7 hours per response, including the time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information. HUD may not collect this information and respondents are not required to complete this form, unless it displays a currently valid OMB Control Number.

(If “No”, skip to the next component; if “yes”, complete each program description below (copy and complete questions for each program identified.)

2. Program Description:

a. Size of Program

- Yes  No: Will the PHA limit the number of families participating in the Section 8 homeownership option?

If the answer to the question above was yes, what is the maximum number of participants this fiscal year? The number will be based on staffing capacity; until we receive a Homeownership Coordinator grant, through the FSS Program, we have limited staff capacity to handle many participants in a Section 8 Homeownership option.

b. PHA-established eligibility criteria

- Yes  No: Will the PHA's program have eligibility criteria for participation in its Section 8 Homeownership Option program in addition to HUD criteria? If yes, list criteria: Target successful FSS participants as Homeownership Option Program participants, however, the Homeownership Option will be offered to Section 8 participants.

c. What actions will the PHA undertake to implement the program this year (list)?

3. Capacity of the PHA to Administer a Section 8 Homeownership Program:

The PHA has demonstrated its capacity to administer the program by (select all that apply):

- Establishing a minimum homeowner downpayment requirement of at least 3 percent of purchase price and requiring that at least 1 percent of the purchase price comes from the family's resources.
- Requiring that financing for purchase of a home under its Section 8 homeownership will be provided, insured or guaranteed by the state or Federal government; comply with secondary mortgage market underwriting requirements; or comply with generally accepted private sector underwriting standards.
- Partnering with a qualified agency or agencies to administer the program (list name(s) and years of experience below):
- Demonstrating that it has other relevant experience (list experience below):

The Union County Housing Authority has designed and adopted a Section 8(y) homeownership program. The Housing Authority has been administering homeownership programs since the early 1990's, and has a great deal of expertise and experience in homeownership and homeownership education. The following is descriptive of our capacity:

As mentioned previously, the Housing Authority has been administering homeownership programs since the 1990's. Public Housing Development funds were used to acquire and rehabilitate ten homes. In subsequent years, the Housing Authority administered three additional development grants totaling 39 more units. The proceeds from the sale of these thirty homes is subject to a 5 (h) Implementation Plan, and much of the funding will continue to be used for homeownership.

Rehabilitation is a major aspect of homeownership programs. The Housing Authority has residential rehabilitation experience that goes back to the early 1980's. Since then our current staff have renovated 711 homes to code standards. The Housing Authority has also constructed three new homes for sale in the homeownership program. The Housing Authority has completed construction of 19 units, using 5(h) funds, at Alvira Place. All nineteen of these units have been sold.

Obviously, the administration of the Section 8 rental assistance program is fundamental to the operation of the Section 8 (y) program. The Housing Authority has subsidized approximately 500 households under the Housing Choice Voucher Program.

Our staff is completely familiar with program requirements, income eligibility, unit inspections, re-certifications, adjustments, etc.....

Another strength of the Housing Authority is that it contracts with the Central Keystone COG to perform housing & code inspections for the Section 8 programs.

A key element for the success of a homeownership program is education. The Housing Authority developed the Homeownership Institute in the early 1990's and has trained 341 individuals in homeownership. The Homeownership Institute includes sixteen hours of collaborative training featuring presentations from bankers, credit counselors, realtors, lawyers, insurance agents, home maintenance specialists, and others. The Housing Authority received NAHRO's Award of Merit for the Homeownership Institute.

The current Housing Authority staff has been administering these programs for over seventeen years and is familiar with the program requirements. We employ skilled staff, including a former bank-lending officer who packages mortgages as part of his homeownership responsibilities.

The Housing Authority also administers a Family Self-Sufficiency Program and intends to blend the Section 8(y) Homeownership program with it.

We do believe we do have all the capacity necessary to administer a Section 8(y) Homeownership program.

#### **4. Use of the Project-Based Voucher Program**

##### **Intent to Use Project-Based Assistance**

Yes  No: Does the PHA plan to "project-base" any tenant-based Section 8 vouchers in the coming year? If the answer is "no," go to the next component. If yes, answer the following questions.

1.  Yes  No: Are there circumstances indicating that the project basing of the units, rather than tenant-basing of the same amount of assistance is an appropriate option? If yes, check which circumstances apply:

- low utilization rate for vouchers due to lack of suitable rental units
- access to neighborhoods outside of high poverty areas
- other (describe below:)

2. Indicate the number of units and general location of units (e.g. eligible census tracts or smaller areas within eligible census tracts):

## **5. PHA Statement of Consistency with the Consolidated Plan**

[24 CFR Part 903.15]

For each applicable Consolidated Plan, make the following statement (copy questions as many times as necessary) only if the PHA has provided a certification listing program or policy changes from its last Annual Plan submission.

1. Consolidated Plan jurisdiction: Commonwealth of Pennsylvania
  
2. The PHA has taken the following steps to ensure consistency of this PHA Plan with the Consolidated Plan for the jurisdiction: (select all that apply)
  - The PHA has based its statement of needs of families on its waiting lists on the needs expressed in the Consolidated Plan/s.
  - The PHA has participated in any consultation process organized and offered by the Consolidated Plan agency in the development of the Consolidated Plan.
  - The PHA has consulted with the Consolidated Plan agency during the development of this PHA Plan.
  - Activities to be undertaken by the PHA in the coming year are consistent with the initiatives contained in the Consolidated Plan. (list below)
  - Other: (list below)
  
3. The Consolidated Plan of the jurisdiction supports the PHA Plan with the following actions and commitments: (describe below)

The Pennsylvania Consolidated Plan supports the Union County Housing Authority's PHA Plan in several ways. The following is a listing and explanation of some of the ways both plans complement each other. The Commonwealth's priorities are listed (underlined) and an explanation of the PHA's Plan components is described.

- a. Housing for Low Income Households.  
The Union County Housing Authority's largest program is the Housing Choice Voucher Program. Nearly 500 Extremely Low, Very Low and Low Income households are provided safe, decent, and sanitary housing through this program. In addition, the Housing Authority owns and/or manages 196 housing units for elderly, handicapped, and disabled individuals and families.
  
- b. Maintain and Revitalize Neighborhoods and Housing in Communities.  
The Housing Authority uses funding from multiple sources to provide rehabilitation funds to low income homeowners throughout the County. These funds are used to provide functional home repairs to roofs, foundations, septic systems, water systems, furnaces, electrical systems, plumbing, siding, insulation, etc. These repairs allow the

homeowners (typically elderly) to remain in their homes, preserve the housing stock, helps maintain the tax base, and revitalizes neighborhoods, and prevents blight.

- c. Building the Capacity of Community-Based Organizations and Local Governments.  
 The Housing Authority supports a local non-profit community housing development organization by actively participating on their board of directors, providing program development services, referring potential clients, sharing program information, and providing other support.
- d. Creative Leverage of Resources for Community Development Housing.  
 The Housing Authority has just completed leveraging development funding from five sources to develop a unique homeownership program for elderly. Part of the Comprehensive Plan’s goal of creative leveraging is to provide supportive services in connection to housing projects, and the Housing Authority does this by providing direct program services at its elderly housing project and in the family self-sufficiency program and homeownership programs. The Housing Authority has applied for a grant, which will be used for energy efficient “green” housing.
- e. Use of New Technologies and Innovations in Housing Construction and Rehabilitation.  
 The Housing Authority does not have a current project that contributes to meeting this priority. However, since 1987, the Housing Authority did develop and administer a building code enforcement program and an on-lot septic system program for the majority of Union County. In 2003, the Housing Authority created a Council of Governments that currently administers these two innovative programs. The Housing Authority has applied for a grant, which will be used for energy efficient “green” housing.
- f. Promote Economic Opportunities.  
 The Housing Authority works actively with the Community Action Agency to assist families in the Family Self-Sufficiency Program to train and encourage participants to improve their job skills and to earn more money. The Housing Authority also owns the Union County Community Services Center, which houses the Union County Community Service Agency offices. Clients are referred to the Union County Community Service Agency for job assistance.
