Board Resolution to Accompany the Streamlined Annual PHA Plan**

Acting on behalf of the Board of Commissioners of the Public Housing Agency (PHA) listed below, as its Chairman or other authorized PHA official if there is no Board of Commissioners, I approve the submission of the streamlined Annual PHA Plan for PHA fiscal year beginning 2007, hereinafter referred to as the Streamlined Annual Plan, of which this document is a part and make the following certifications, agreements with, and assurances to the Department of Housing and Urban Development (HUD) in connection with the submission of the Streamlined Plan and implementation thereof:

1. The streamlined Annual Plan is consistent with the applicable comprehensive housing affordability strategy (or any streamlined Plan incorporating such strategy) for the jurisdiction in which the PHA is located.
2. The PHA has established a Resident Advisory Board or Boards, the membership of which represents the residents assisted by the PHA, and provided this Board or Boards an opportunity to review and comment on any program and policy changes since submission of the last Annual Plan.
3. The PHA made the proposed streamlined Annual Plan, including policy and program revisions since submission of the last Annual Plan, and all information relevant to the public hearing available for public inspection at least 45 days before the hearing, published a notice that a hearing would be held and conducted a hearing to discuss the streamlined Plan and invited public comment.
4. The PHA will carry out the streamlined Annual Plan in conformity with Title VI of the Civil Rights Act of 1964, the Fair Housing Act, section 504 of the Rehabilitation Act of 1973, and title II of the Americans with Disabilities Act of 1990.
5. The PHA will affirmatively further fair housing by examining their programs or proposed programs, identify any impediments to fair housing choice within those programs, address those impediments in a reasonable fashion in view of the resources available and work with local jurisdictions to implement any of the jurisdiction's initiatives to affirmatively further fair housing that require the PHA's involvement and maintain records reflecting these analyses and actions.
6. For streamlined Annual Plans that include a policy or change in policy for site-based waiting lists: **N/A TO RQ072**
The PHA regularly submits required data to HUD's MTCS in an accurate, complete and timely manner (as specified in PIH Notice 99-2):
 - The system of site-based waiting lists provides for full disclosure to each applicant in the selection of the development in which to reside, including basic information about available sites; and an estimate of the period of time the applicant would likely have to wait to be admitted to units of different sizes and types at each site;
 - Adoption of site-based waiting list would not violate any court order or settlement agreement or be inconsistent with a pending complaint brought by HUD;
 - The PHA shall take reasonable measures to assure that such waiting list is consistent with affirmatively furthering fair housing;
 - The PHA provides for review of its site-based waiting list policy to determine if it is consistent with civil rights laws and certifications, as specified in 24 CFR part 903.7(b)(2).

CERTIFICATION REGARDING SINGLE AUDIT ACT

The undersigned certifies that to the best of his knowledge, the housing agency of the Municipality of Florida, Puerto Rico is currently in compliance with the audits requirements under the Single Audit Act, OMB Circular No. A-128 and HUD's implementing regulations a 24 CFR part 44; or OMB Circular No A-133, as applicable. This certification includes the period ending June 30, 2006 which covers the last audit Conducted and submitted to HUD in accordance with these requirements.

INDEPENDENT AUDITORS' REPORT

To the Honorable Mayor and Municipal Legislature
Municipality of Florida
Florida, Puerto Rico

We have audited the accompanying financial statements of the governmental activities, aggregate discretely presented component unit, each major fund and the aggregate remaining fund information of the Municipality of Florida, as of and for the year ended June 30, 2006, which collectively comprise the Municipality's basic financial statements, as listed in the table of contents. These financial statements are the responsibility of the Municipality's management. Our responsibility is to express opinions on these financial statements based on our audit.

Except for the following paragraph, we conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinions.

As discussed in Note 20, to the financial statements, management has not recorded a provision for liability of closure and postclosure care costs of the landfill. Accounting principles generally accepted in the United States of America require that a provision for liability of closure and postclosure care costs be recorded to comply with applicable state and federal regulations. The amount by which this departure would affect the liabilities, net assets, and expenses of the governmental activities is not reasonable determinable.

In our opinion, because of the effects of the matter discussed in the preceding paragraph, the financial statements referred to above do not present fairly, in conformity with accounting principles generally accepted in the United States of America, the financial position of the governmental activities of the Municipality of Florida as of June 30, 2006, and the changes in financial position thereof for the year then ended.

In addition, in our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the aggregate discretely presented component unit, each major fund and the aggregate remaining fund information of the Municipality of Florida as of June 30, 2006, and the respective changes in financial position, thereof and the respective budgetary comparison for the general and debt service funds for the fiscal year then ended in conformity with accounting principles generally accepted in the United States of America.

In accordance with *Government Auditing Standards*, we have also issued our report dated November 27, 2006, on our consideration of the Municipality's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts, and grants agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* and should be considered in assessing the results of our audit.

The Management's Discussion and Analysis on pages 3 through 11 is not a required part of the basic financial statements, but is supplementary information required by accounting principles generally accepted in the United States of America. We have applied certain limited procedures, which consisted principally of inquires of management regarding the methods of measurement and presentation of the required supplementary information. However, we did not audit the information and express no opinion on it.

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Municipality's basic financial statements. The accompanying schedule of expenditures of federal awards is presented for purposes of additional analysis as required by *U. S. Office of Management and Budget Circular A-133, Audits of States, Local Governments, and Non-Profit Organizations*, and is also not a required part of the basic financial statements of the Municipality. The schedule of expenditures of federal awards has been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

El moderno centro dispone de un potente sistema de cámaras que velan por la seguridad de ciudadanos, comerciantes y visitantes en el casco urbano.

El sofisticado sistema opera las 24 horas con nueve técnicos especializados. Es un nuevo recurso que se une a otras inversiones hechas por el alcalde Santana, como la compra de patrullas y equipos para la policía municipal en un esfuerzo por fortalecer la seguridad pública.
