5-YEAR PLAN
PHA FISCAL YEARS 2005 - 2009
[24 CFR Part 903.5]

A. Mission

State the PHA's mission for serving the needs of low-income, very low income, and extremely low-income families in the PHA's jurisdiction. (select one of the choices below)

- The mission of the PHA is the same as that of the Department of Housing and Urban Development: To promote adequate and affordable housing, economic opportunity and a suitable living environment free from discrimination.
- The PHA's mission is: (state mission here)

B. Goals

The goals and objectives listed below are derived from HUD's strategic Goals and Objectives and those emphasized in recent legislation. PHAs may select any of these goals and objectives as their own, or identify other goals and/or objectives. Whether selecting the HUD-suggested objectives or their own, **PHAS ARE STRONGLY ENCOURAGED TO IDENTIFY QUANTIFIABLE MEASURES OF SUCCESS IN REACHING THEIR OBJECTIVES OVER THE COURSE OF THE 5 YEARS.** (Quantifiable measures would include targets such as: numbers of families served or PHAS scores achieved) PHAs should identify these measures in the spaces to the right of or below the stated objectives.

HUD Strategic Goal: Increase the availability of decent, safe, and affordable housing.

- PHA Goal: Expand the supply of assisted housing
Objectives:
- Apply for additional rental vouchers:
 - Reduce public housing vacancies: **To maintain occupancy levels that will result in an average vacancy rate of 5% or less for the next five years.**
 - Leverage private or other public funds to create additional housing opportunities:
 - Acquire or build units or developments
 - Other (list below)

Progress: Vacancy rate for previous fiscal year (7-1-05 to 6-30-06) was 0.88 % (less than 1%)

- PHA Goal: Improve the quality of assisted housing
Objectives:
- Improve public housing management: (PHAS score) **85**
 - Improve voucher management: (SEMAP score)
 - Increase customer satisfaction: **To show increasing customer satisfaction throughout the next five years, as measured by survey results.**

- Concentrate on efforts to improve specific management functions:
(list; e.g., public housing finance; voucher unit inspections)
- Renovate or modernize public housing units: **To maximize the use of Capital Fund grants to improve livability and aesthetics of all four sites as their age and needs demand.**
- Demolish or dispose of obsolete public housing:
- Provide replacement public housing:
- Provide replacement vouchers:
- Other: (list below)

Progress: All PHAS indicators have (with one exception) remained at the maximum score or within one (1) point of maximum. Resident satisfaction continues to remain good as measured by survey results. Use of Capital Funds was maximized, with all work completed prior to deadlines. The one exception was the physical indicator, where the PHAS-PASS inspector scored the PHA and that scoring was not accepted by REAC because it was too high. REAC sent a Quality Assurance inspector to inspect two (2) properties. REAC then offered the PHA a 3-point adjustment to last year's 15 in lieu of a 3rd inspection. The offer was accepted.

- PHA Goal: Increase assisted housing choices
Objectives:
 - Provide voucher mobility counseling:
 - Conduct outreach efforts to potential voucher landlords
 - Increase voucher payment standards
 - Implement voucher homeownership program:
 - Implement public housing or other homeownership programs: **To develop a viable homeownership program (for selected residents with homeownership potential) before the end of the five-year plan (6-30-08). This program will be funded through Residual Receipts and other sources as they may become available.**
 - Implement public housing site-based waiting lists:
 - Convert public housing to vouchers:
 - Other: (list below)

Progress: No progress due to heavy concentration on improving Physical Indicator and the resources necessary to comply with the Memorandum of Agreement.

HUD Strategic Goal: Improve community quality of life and economic vitality

- PHA Goal: Provide an improved living environment
Objectives:
 - Implement measures to deconcentrate poverty by bringing higher income public housing households into lower income developments: **To monitor average incomes of all families in all sites and maintain an average difference of no more than +/- 15%. Average Household income for**

all sites is below Federal “Extremely Low” income limits. All sites are exempted.

- Implement measures to promote income mixing in public housing by assuring access for lower income families into higher income developments:
- Implement public housing security improvements: **To strengthen our partnership with local law enforcement, with primary emphasis on the Gaffney Police Department.**
- Designate developments or buildings for particular resident groups (elderly, persons with disabilities)
- Other: (list below)

Progress: Analysis of deconcentration continues to indicate no need for action. Partnership with Gaffney Police Department has been maintained, although one of two full-time police officers has been cut to part-time, and the use of other officers on a part-time basis has been discontinued due to funding shortages.

HUD Strategic Goal: Promote self-sufficiency and asset development of families and individuals

- PHA Goal: Promote self-sufficiency and asset development of assisted households
- Objectives:
- Increase the number and percentage of employed persons in assisted families:
 - Provide or attract supportive services to improve assistance recipients’ employability: **Progress: Memorandums of Agreement have been signed with the Department of Social Services and the Cherokee County Adult Education School to strengthen our partnerships with these groups.**
 - Provide or attract supportive services to increase independence for the elderly or families with disabilities.
 - Other: (list below)

HUD Strategic Goal: Ensure Equal Opportunity in Housing for all Americans

- PHA Goal: Ensure equal opportunity and affirmatively further fair housing
- Objectives:
- Undertake affirmative measures to ensure access to assisted housing regardless of race, color, religion national origin, sex, familial status, and disability:
 - Undertake affirmative measures to provide a suitable living environment for families living in assisted housing, regardless of race, color, religion national origin, sex, familial status, and disability:

- Undertake affirmative measures to ensure accessible housing to persons with all varieties of disabilities regardless of unit size required:
- Other: (list below)

Progress: Training on Fair Housing and equal opportunity issues has been conducted for all staff and commissioners by the HUD-Columbia office. Executive Director received further training in Fair Housing by the HUD-Columbia office.

Other PHA Goals and Objectives: (list below)

PET POLICY

INTRODUCTION

This document explains the Gaffney Housing Authority's (GHA) policies on the keeping of pets and any criteria or standards pertaining to the policy. The rules adopted are reasonably related to the legitimate interest of the GHA to provide a decent, safe and sanitary living environment for all tenants, to protecting and preserving the physical condition of the property, and the financial interest of the GHA.

A. ENABLING REGULATIONS

Section 526 of the Quality Housing And Work Responsibility Act of 1998 (QHWRA) added new Section 31 to the United States Housing Act of 1937 which provides that residents of public housing may own one (1) or more common household pets. This is subject to the reasonable requirements of the local housing authority. The resident must maintain each pet responsibly and in accordance with applicable State and local public health, animal control, animal anti-cruelty laws and regulations, and with the policies established in the agency plan for the housing authority. To this end, the Gaffney Housing Authority has adopted "reasonable" pet requirements. This policy is to be effective upon approval of the GHA Annual Plan for the Fiscal Year beginning on July 1, 2001.

These "Reasonable Pet Requirements" incorporate the various state and local laws governing pets that include inoculating, licensing, and restraint, and provide sufficient flexibility to protect the rights and privileges of other residents who chose not to own pets.

Regulations governing the requirements for pet ownership by persons in developments for the elderly and disabled are located in part 5, subpart C of the Housing Act of 1937. Pet ownership in Gaffney Housing Authority properties have previously been governed by that regulation. As no Gaffney Housing Authority property is designated specifically for the Elderly, and no Elderly person has ever taken oberman of pet ownership permissible under the part 5, subpart C regulation by registering a pet with the housing authority, all pet ownership will now comply with the QWRA rules for pet ownership. Every attempt has been made to construct a pet rule that complies with both regulations.

Service animals are not considered "common household pets" and therefore are not affected by the QWRA regulations. Animals that are necessary as a reasonable oberman tion to assist, support or provide service to persons with disabilities are considered "service animals". The possession of an animal by a disabled person does not, in itself, qualify an animal as a service animal. The animal must provide service to the disabled resident above that of a common household pet.

In the event of an emergency or building evacuation it is the responsibility of the pet owner to remove the animal.

B. TYPE OF DWELLING UNITS PERMITTING PETS

All residents of GHA are eligible for pets according to the "Pet Policy."

C. TYPE OF PETS AND NUMBER PER UNIT

A common household pet is defined as being a cat, dog, goldfish or tropical fish, hamster or guinea pig, canary, parakeet, or lovebird. Examples of animals that are not considered common household for purposes of this policy include: Reptiles, amphibians, insects, simians, and other animals not listed above. No dangerous or intimidating pets, i.e., pit-bull dogs, rottweilers, chows, or oberman pinchers, will be permitted.

For the purpose of this policy there will be two (2) classifications of pets that are permissible:

CLASS A: Those that require a pet deposit and registration.

This class includes dogs and cats.

CLASS B: Those that do not require a pet deposit and do not require registration. It should be noted that although Class B pets do not require deposits or registration, they are still subject to the provisions of this policy and their owners must abide by the applicable rules governing these types of animals.

This class includes all other permissible pets : goldfish or tropical fish, hamster or guinea pig, canary, parakeet, or lovebird.

One type of **Class A** pet to a unit will be permitted, i.e.: one cat or dog

And , if the resident desires, they may, in addition, also have:

One type of **Class B** pet, i.e.: one fish bowl or tank, or one cage with no more than two birds, or one cage with no more than two guinea pigs or two hamsters.

Example: A household may have a registered cat and a cage with two hamsters.

D. REGULATION REQUIREMENTS PRIOR TO ADMISSION

All **Type A** (dogs and cats) pets must be registered with Management before permission is granted. Registration must show type of pet, recent picture, name, age, and if applicable, license number, and current inoculation information, name and address of the pet's veterinarian, plus a signed responsibility card showing the names of the person to call to come get the pet in the event of the tenant's illness or death.

Residents will be refused pet registration if management determines the tenant is unable to fulfill their past or future obligations as a pet owner, are unable to adhere to the terms of the lease or house pet rules, the animal does not meet the definition of common household pet, or the temperament of the animal is considered dangerous.

At the time of submission of the "Pet Permit Application" an amount of \$150.00 will accompany the application. This amount will apply toward the pet security deposit if pet application is approved. The pet deposit is to be used to cover cost of damages or fumigation as the result of pet ownership. The pet deposit will be refunded minus any applicable charges in accordance with S.C. law concerning security deposits after resident vacates the unit or the pet is permanently removed from the unit.

In the event the pet owner is incapacitated or no longer available to care for the pet, the person designated on the registration form must remove the pet. In absence of the designated person's availability, management will place the pet with the Cherokee County Humane Society.

E. PET RESPONSIBILITY CARD

Prior to pet admission, the owner must fill in and sign a written responsibility form showing name, address and phone number of the local person who will come and get the pet in the event of a tenant's illness, vacation, or death. The responsibility form must be renewed each year prior to the effective date of their annual reexamination.

F. PET SECURITY DEPOSIT

The pet security deposit of \$150.00 for **Type A** pets as stated in "Section D" above will be held in deposit as part of the lease. Upon vacancy this will be refunded minus repairs or damage or necessary fumigation incurred by the pet. Such deposit will be used for services related to flea removal as well as other damages.

Residents liability for damages caused by his/her pet is not limited to the amount of the pet deposit and the resident will be required to reimburse the GHA for the amount for the real cost of any and all damages caused by his/ her pet where they exceed the amount of the pet deposit. If the pet deposit is not sufficient to cover the costs of damages due to pet ownership, the GHA may access the rental security deposit for such damages. If the combined pet deposit and rental security deposit is not sufficient to cover all pet ownership damages, the GHA will enforce collection in accordance with present collection policies.

All units occupied by a dog or cat will be fumigated upon being vacated regardless of the lack of any visual evidence of infestation, the cost of which will be born by the pet security deposit. Infestation of a unit by fleas carried by his/her pet shall be the responsibility of the pet owner. Any damage caused by a **Type B** pet will be charged through the regular security deposit or through normal maintenance charges in the case of residents still in tenancy.

FOLLOW-UP PLAN – REAC CUSTOMER SERVICE AND SATISFACTION SURVEY

Neighborhood Appearance (71%) FY 2005, FY 2006 is still not released by HUD

We will address the following areas in this Plan Year:

1. Exterior of Buildings: The Authority has begun a program of graffiti removal and has found it to be very difficult to completely remove all traces. Graffiti removed prior to the latest REAC seemed to help, although we were never given access to the results of the two inspections done by REAC. Major reconstruction of exteriors is not financially feasible at this time. However, in response to Resident Advisory Council comments, exterior improvements have been made part of our Capital Fund Five-Year Plan.
2. Parking Areas: REAC and Housing Authority inspections reveal no major problems in the upkeep of the parking areas. We believe that respondents at our older sites may have reacted to the lack of parking at these sites. We have nearly doubled the amount of parking at our Limestone Courts site. We have no

immediate plans for any further parking lot improvements. The parking lots are cleaned daily as they have been each year.

3. Recreation Areas: The Authority attempts to maintain existing equipment, but that has been increasingly difficult due to its age. Due to funding cuts, no new playground equipment will be installed. Broken or unsafe equipment has, and will be removed.

4. Noise & Litter: There is no evidence of excessive environmental noise (industrial, traffic, etc.) or commercial litter (nearby industry, fast food stores, etc.) at any of our sites. Therefore, the source of the noise and litter problem must be within the site and the result of the actions of residents and their guests. We continue to have all litter picked up once each day. We have found that daily pickup is not sufficient and 24 hour a day pickup is necessary at some sites. We are unable to fund this. However, we have now employed two (2) full shift yard maintenance persons and one part-time resident volunteer in an effort to improve the neighborhood appearance at our sites. Resident and community response has been positive.

COMMUNITY SERVICE AND SELF-SUFFICIENCY POLICY

A. Background

The Quality Housing and Work Responsibility Act of 1998 requires that all non-exempt (see definitions) public housing adult residents (18 or older) contribute eight (8) hours per month of community service (volunteer work) or participate in eight (8) hours of training, counseling, classes or other activities that help an individual toward self-sufficiency and economic independence. This is a requirement of the public housing lease.

B. Definitions

Community Service – volunteer work which includes, but is not limited to:

- Work at a local institution, including but not limited to: school, child care center, hospital, hospice, recreation center, senior center, adult day care center, homeless shelter, indigent feeding program, cooperative food bank, etc.

- Is a member of a family receiving assistance, benefits or services under TANF or any other State welfare program and has not been found to be in noncompliance with such program

C. Requirements of the Program

1. The eight (8) hours per month may be either volunteer work or self-sufficiency program activity, or a combination of the two.
2. At least eight (8) hours of activity must be performed each month. An individual may not skip a month and then double up the following month, unless special circumstances warrant special consideration. The housing authority will make the determination of whether to allow or disallow a deviation from the schedule based on a family's written request.
3. Family obligation:
 - At lease execution, all adult members (18 or older) of a public housing resident family must:
 - Sign a certification that they have received and read this policy and understand that if they are not exempt, failure to comply with the community service requirement will result in a nonrenewal of their lease; and
 - Declare if they are exempt. If exempt, they must complete the Exemption Form (Exhibit 11-3) and provide documentation of the exemption.
 - Upon written notice from the PHA, non-exempt family members must present complete documentation of activities performed during the applicable lease term. This documentation will include places for signatures of supervisors, instructors, or counselors, certifying to the number of hours contributed.

- If a family member is found to be noncompliant at the end of the 12-month lease term, he or she, and the head of household, will be required to sign an agreement with the housing authority to make up the deficient hours over the next twelve (12) month period, as a condition of continued occupancy.
4. Change in exempt status:
- If, during the twelve (12) month lease period, a non-exempt person becomes exempt, it is his or her responsibility to report this to the PHA and provide documentation of exempt status.
 - If, during the twelve (12) month lease period, an exempt person becomes non-exempt, it is his or her responsibility to report this to the PHA. Upon receipt of this information the PHA will provide the person with the appropriate documentation form(s) and a list of agencies in the community that provide volunteer and/or training opportunities.

D. Authority Obligation

1. To the greatest extent possible and practicable, the PHA will:
 - Provide names and contacts at agencies that can provide opportunities for residents, including residents with disabilities, to fulfill their community service obligations.
 - Provide in-house opportunities for volunteer work or self-sufficiency activities.
2. The PHA will provide the family with a copy of this policy, and all applicable exemption verification forms and community service documentation forms, at lease-up, lease renewal, when a family member becomes subject to the community service requirement during the lease term, and at any time upon the family's request.
3. Although exempt family members will be required to submit documentation to support their exemption, the PHA will verify the exemption status in accordance with its verification policies. The PHA will make the final determination as to whether or not a family member is exempt from the community service requirement. Residents may use the PHA's grievance procedure if they disagree with the PHA's determination.
4. Noncompliance of family member:
 - At least thirty(30) days prior to the end of the 12-month lease term, the PHA will begin reviewing the exempt or non-exempt status and compliance of family members;
 - If, at the end of the initial 12-month lease term under which a family member is subject to the community service requirement, the PHA finds the family member to be noncompliant, the PHA will not renew the lease unless:
 - The head of household and any other noncompliant resident enter into a written agreement with the PHA, to make up the deficient hours over the next twelve (12) month period; or
 - The family provides written documentation satisfactory to the PHA that the noncompliant family member no longer resides in the unit.
 - If, at the end of the next 12-month lease term, the family member is still not compliant, a 30-day notice to terminate the lease will be issued and the entire family will have to vacate, unless the family provides written documentation satisfactory to the PHA that the noncompliant family member no longer resides in the unit;
 - The family may use the PHA's grievance procedure to dispute the lease termination.

Deconcentration of Poverty and Income-Mixing [24 CFR 903.1 and 903.2]

The PHA's admission policy must be designed to provide for deconcentration of poverty and income-mixing by bringing higher income tenants into lower income projects and lower income tenants into higher income projects. A statement of the PHA's deconcentration policies must be included in its annual plan [24 CFR 903.7(b)].

The PHA's deconcentration policy must comply with its obligation to meet the income targeting requirement [24 CFR 903.2(c)(5)].

Developments subject to the deconcentration requirement are referred to as 'covered developments' and include general occupancy (family) public housing developments. The following developments are not subject to deconcentration and income mixing requirements: developments operated by a PHA with fewer than 100 public housing units; mixed population or developments designated specifically for elderly or disabled families; developments operated by a PHA with only one general occupancy development; developments approved for demolition or for conversion to tenant-based public housing; and developments approved for a mixed-finance plan using HOPE VI or public housing funds [24 CFR 903.2(b)]. **All Gaffney Housing Authority developments are exempt from the Deconcentration Rule [903.2 (b)(2)(iii)].**

Steps for Implementation [24 CFR 903.2(c)(1)]

To implement the statutory requirement to deconcentrate poverty and provide for income mixing in covered developments, the PHA must comply with the following steps:

Step 1. The PHA must determine the average income of all families residing in all the PHA's covered developments. The PHA may use the median income, instead of average income, provided that the PHA includes a written explanation in its annual plan justifying the use of median income.

PHA Policy

The PHA will determine the average income of all families in all covered developments on an annual basis.

Step 2. The PHA must determine the average income (or median income, if median income was used in Step 1) of all families residing in each covered development. In determining average income for each development, the PHA has the option of adjusting its income analysis for unit size in accordance with procedures prescribed by HUD.

PHA Policy

The PHA will determine the average income of all families residing in each covered development (not adjusting for unit size) on an annual basis.

Step 3. The PHA must then determine whether each of its covered developments falls above, within, or below the established income range (EIR), which is from 85% to 115% of the average family income determined in Step 1. However, the upper limit must never be less than the income at which a family would be defined as an extremely low income family (30% of median income).

Step 4. The PHA with covered developments having average incomes outside the EIR must then determine whether or not these developments are consistent with its local goals and annual plan.

Step 5. Where the income profile for a covered development is not explained or justified in the annual plan submission, the PHA must include in its admission policy its specific policy to provide for deconcentration of poverty and income mixing.

Depending on local circumstances the PHA's deconcentration policy may include, but is not limited to the following:

- Providing incentives to encourage families to accept units in developments where their income level is needed, including rent incentives, affirmative marketing plans, or added amenities
- Targeting investment and capital improvements toward developments with an average income below the EIR to encourage families with incomes above the EIR to accept units in those developments
- Establishing a preference for admission of working families in developments below the EIR
- Skipping a family on the waiting list to reach another family in an effort to further the goals of deconcentration
- Providing other strategies permitted by statute and determined by the PHA in consultation with the residents and the community through the annual plan process to be responsive to local needs and PHA strategic objectives

A family has the sole discretion whether to accept an offer of a unit made under the PHA's deconcentration policy. The PHA must not take any adverse action toward any eligible family for choosing not to accept an offer of a unit under the PHA's deconcentration policy [24 CFR 903.2(c)(4)].

If, at annual review, the average incomes at all general occupancy developments are within the EIR, the PHA will be considered to be in compliance with the deconcentration requirement and no further action is required.

PHA Policy

For developments outside the EIR the PHA will take the following actions to provide for deconcentration of poverty and income mixing:

***[ALL GAFFNEY HOUSING AUTHORITY DEVELOPMENTS ARE
CURRENTLY EXEMPT FROM THE DECONCENTRATION RULE]

Violence Against Women Act (VAWA) – Statement of Policy

New rights under VAWA for tenants and applicants include:

1. Certification: Any tenant or applicant may claim the additional protections of VAWA by notifying the Housing Authority. The Housing Authority can require anyone claiming victim status to sign a certification form and provide additional proof such as a court order, police report, record of medical treatment, or other reliable proof.

2. Confidentiality: The Housing Authority may not disclose any person's certification of victim status without permission from that person.
3. Non-discrimination: The Housing Authority may not take into account a person's victim status when making decisions about admissions, eligibility, lease violations, lease terminations, evictions, and occupancy rights.

Additional rights for the Housing Authority under VAWA include:

1. Certification: Anyone claiming the additional protections of VAWA can be required to sign an appropriate form certifying their victim status within fourteen (14) days.
2. Independent Basis for Adverse Action: Tenants and applicants who claim victim status can still be sanctioned, up to and including eviction or termination, when the reasons for such actions are due to lease or program violations occurring regardless of victim status.
3. Actual And Imminent Threat: Tenants and applicants can be terminated from assistance, evicted, or be denied assistance based on an incident of violence or stalking if an actual and imminent threat to other tenants, or those employed at or providing service to the property, would result from not doing so.
4. Bifurcation: Assistance can be terminated or denied, including eviction, to one or more household members who are guilty of violence or stalking without terminating or denying assistance to other household members who are victims.

Please be advised that the Housing Authority of the City of Gaffney will immediately interpret its current plans, policies, rules, regulations, leases, and contracts in light of these new provisions of law.
