**DE-CONCENTRATION AND INCOME TARGETING POLICY**  
**FOR THE**  
**EAGLE PASS HOUSING AUTHORITY**  
**EAGLE PASS, TEXAS**

**DE-CONCENTRATION AND INCOME TARGETING POLICY**  
*(of the Public Housing Admissions and Occupancy Policy)*

Sub-Title A, Section 513 of the Quality Housing and Work Responsibility Act of 1998 (QHWRA), establishes two interrelated requirements for implementation by Public Housing Authorities: (1) Economic De-concentration of public housing developments and (2) Income Targeting to assure that families in the “extremely low” income category are proportionately represented in public housing and that pockets of poverty are reduced or eliminated. In order to implement these new requirements the PHA must promote these provisions as policies and revise their Admission and Occupancy policies and procedures to comply.

Therefore, the Eagle Pass Housing Authority, Eagle Pass, Texas (hereinafter referred to as PHA) hereby affirms its commitment to implementation of the two requirements by adopting the following policies:

A. Economic De-concentration:

Admission and Continued Occupancy Policies are revised to include the PHA’s policy of promoting economic de-concentration. Implementation of this program may require the PHA to determine the median income of residents in each development, determine the average income of residents in all developments, compute the Established Income Range (EIR), determine developments outside the EIR, and provide adequate explanations and/or policies as needed to promote economic de-concentration.

Implementation may include one or more of the following options:

- Skipping families on the waiting list based on income;
- Establishing preferences for working families;
- Establish preferences for families in job training programs;
- Establish preferences for families in education or training programs;
- Marketing campaign geared toward targeting income groups for specific developments;
- Additional supportive services;
- Additional amenities for all units;
- Flat rents for developments and unit sizes;
- Different tenant rent percentages per development;
- Different tenant rent percentages per bedroom size;
- Saturday and evening office hours;
- Security Deposit waivers;
- Revised transfer policies;
- Site-based waiting lists
- Mass Media advertising/Public service announcements; and
- Giveaways.

B. Income Targeting

As public housing dwelling units become available for occupancy, responsible PHA employees will offer units to applicants on the waiting list. In accordance with the Quality Housing and Work Responsibility Act of 1998, the PHA encourages occupancy of its developments by a broad range of families with incomes up to eighty percent (80%) of the median income for the jurisdiction in which the PHA operates. Depending on the availability of applicants with proper demographics, at a minimum, 40% of all new admissions to public housing **on an annual basis** may be families with incomes at or below thirty percent (30%) (extremely low-income) of the area median income. The offer of assistance will be made without discrimination because of race, color, religion, sex, national origin, age, handicap or familial status.

In order to implement the income targeting program, the following policy is adopted:

- The PHA may select, based on date and time of application and preferences, two (2) families in the extremely low-income category and two (2) families from the lower/very low-income category alternately until the forty percent (40%) admission requirement of extremely low-income families is achieved (2 plus 2 policy).
- After the minimum level is reached, all selections may be made based solely on date, time and preferences. Any applicants passed over as a result of implementing this 2 plus 2 policy will retain their place on the waiting list and will be offered a unit in order of their placement on the waiting list.
- To the maximum extent possible, the offers will also be made to effect the PHA's policy of economic de-concentration.
- The PHA reserves the option, at any time, to reduce the targeting requirement for public housing by no more than ten percent (10%), if it increases the target figure for its Section 8 program from the required level of seventy-five percent (75%) of annual new admissions to no more than eighty-five percent (85%) of its annual new admissions. (Optional for PHAs with both Section 8 and Public Housing programs)

Eagle Pass Housing Authority  
**COMMUNITY SERVICE DESCRIPTION OF IMPLEMENTATION**

**Description of the Community Service Policy**

The Eagle Pass Housing Authority Community Service Policy is simple and definitive of Section 512 of the Quality and Work Responsibility Act of 1998. The Eagle Pass Housing Authority believes that the community service requirement should not be received by the resident to be a punitive or demeaning activity, but rather to be a rewarding activity that will benefit both the resident and the community. Community service offers public housing residents and opportunity to contribute to the communities that support them while gaining work experience. The requirement is easy and rewarding and the Housing Authority provides the residents with the name of agencies, the agencies point of contact and all required paper work necessary to accomplish the monthly service.

The Community Service Policy allows the PHA to identify those residents required to participate in the community service requirement. Participants will be required to contribute 8 hours of community service each month or to participate in a self-sufficiency program for 8 hours each month. Identified residents are responsible to determine the appropriateness of the voluntary service within guidelines provide in the policy. Allowed activities that may be included are listed in the policy. Voluntary political activities are prohibited from being considered to meet the Community Service requirement. Participation in self-sufficiency activities that may be included are listed in the policy. A list of exemptions that may be claimed from the requirement is provided in the policy. Family obligations and PHA obligations are addressed in detail. Lease requirements and documentation and non-compliance are all clearly addressed.

**Community Service Implementation Report:**

Number of tenants performing community service: 45

Number of tenants granted exemptions: 1213

Number of tenants in non-compliance: 138

Number of tenants terminated/evicted due to non-compliance: 1

The Eagle Pass Housing Authority is working with tenants to help them comply with their community service requirement. They are referred to different places in the community where they can do their community service hours. The EPHA also has two resource centers which offer ESL, Citizenship, and GED classes to help tenants become self-sufficient.

The Eagle Pass Housing Authority is responsible of notifying those public housing tenants who are required to complete community service. Tenants are notified upon entering public housing of the requirement and which household members are exempt. At that time, they sign the Resident Community Service Compliance Certification and those members who are exempt sign the Exemption Certification. Residents are given time sheets to document the community service hours completed for each month. It is their responsibility to return the completed time sheet to the housing authority office every month.

The Eagle Pass Housing Authority developed a Community Service Tracking System in which a file is created for each family. Each file is labeled with the HOH and date of re-examination and it is also color coded to flag which tenants are in noncompliance. Each file is reviewed on a monthly basis for compliance. If tenant is complying, file will be coded accordingly and will not be reviewed until the following month. If non-complying, an appointment will be scheduled to counsel tenant regarding their delinquency in community service hours and will be given the opportunity to sign a Compliance Agreement to make up the delinquent hours. If tenant does not respond, Notice of Noncompliance is issued. Prior to re-examination date, a list of noncompliance tenants are given to managers so that they can issue notice of termination of lease.

Of the 138 tenants in noncompliance, nine (9) were in their second year of noncompliance. These tenants were sent up to five (5) notices of noncompliance. However, six (6) of these tenants signed Compliance Agreements in which they agree to make up their delinquent hours and we are monitoring their compliance. We have been unable to have the other three (3) tenants sign an agreement, therefore, we will proceed with eviction.

We also had fifteen (15) noncompliance tenants move out of our program; twenty (20) noncompliance tenants began complying; and sixteen (16) noncompliance tenants became exempt. The remaining 78 tenants are within their first year of noncompliance. These tenants have been sent up to two notices of noncompliance. Six (6) have already signed an agreement to make up their delinquent hours.

Our Community Service Clerk continues her effort in helping noncompliance tenants become compliant. She conducts home visits regularly, counsels tenants about the consequences of not complying with the Community Service Requirement. We have had challenges with some tenants.

The Eagle Pass Housing Authority is working with tenants to help them comply with their Community Service Requirement. They are referred to different places in the community where they can perform their community service hours. The Eagle Pass Housing Authority also has two resource centers which offer ESL, Citizenship and GED classes to help tenants become self sufficient.

Progress in Meeting 5-Year Plan Goals

The Eagle Pass Housing Authority has been successful in achieving its mission and 5 year plan goals during the fiscal year 2006. Goals are either completed or on target for completion as scheduled.

Concerning modernization the PHA has done substantial renovation of older units by upgrading of electrical meters, remodeling of bathrooms, painting interior of units as they become vacant, building water heater rooms for all units and building new kitchen cabinets when units are vacated.

Concerning self-sufficiency and crime and safety, PHA efforts reduced crime in the communities through coordination of nightly security patrols and working with the local law enforcement agencies.

Concerning improving the quality of life, PHA continues a work skill program, coordinated and is offering ESL (English as a Second Language) and computer classes to housing residents. The PHA continues to operate a resource center that serves as a clearing house of social programs. In addition, the PHA has opened a second resource center.

To ensure compliance with the HUD's latest rules and regulations, every policy was reviewed and updated as needed. Most significant was the update to the Admissions and Continued Occupancy Policy and the Section 8 Administrative Plan.

Concerning ensuring equal opportunity outreach efforts have been made by making renewed partnerships with community groups and medical facilities.

Criteria for Substantial Deviation and Significant Amendment

**(1) Amendment and Deviation Definitions**

24 CFR Part 903.7(r)

PHAs are required to define and adopt their own standards of substantial deviation from the 5-year Plan and Significant Amendment to the Annual Plan. The definition of significant amendment is important because it defines when the PHA will subject a change to the policies or activities described in the Annual Plan to full public hearing and HUD review before implementation.

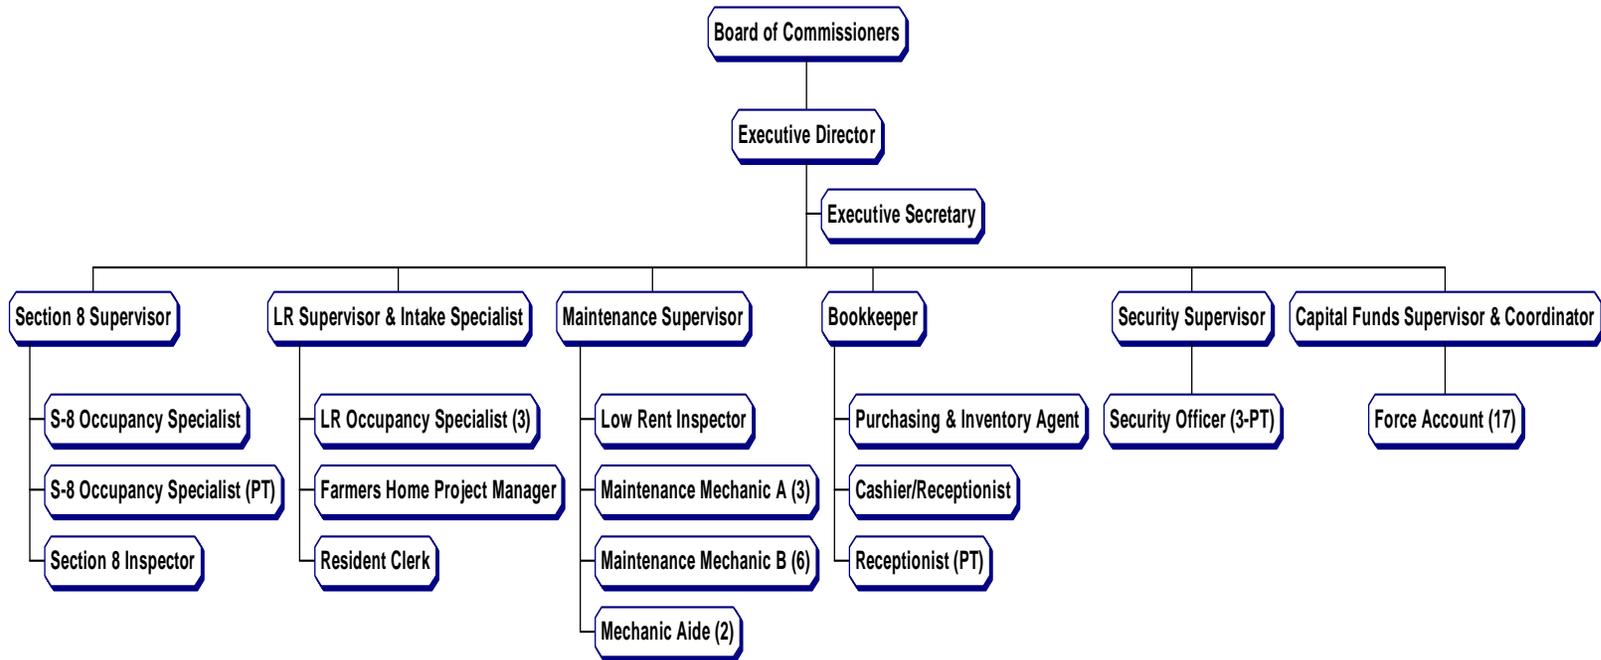

**a. Substantial Deviation from the 5-Year Plan**

- Any change to the Mission Statement;
- 50% deletion from or addition to the goals and objectives as a whole; and
- 50% or more decrease in the quantifiable measurement of any individual goal or objective

**b. Significant Amendment or Modification to the Annual Plan**

- Additions or non-emergency work items in excess of \$25,000 (items not included in the current Capital Funds Annual Statement or Five Year Action Plan) or any changes in excess of \$25,000 in use of replacement reserve funds;
- Any change in policy or operation being submitted to HUD that requires a separate notification to residents, such as changes in the HOPE VI, Public Housing Conversion, Demolition/Disposition, Designated Housing or Public Housing Homeownership programs; and
- That is inconsistent with the applicable Consolidated Plan.
