ii. Executive Summary of the Annual PHA Plan

[24 CFR Part 903.7 9 (r)]

Provide a brief overview of the information in the Annual Plan, including highlights of major initiatives and discretionary policies the PHA has included in the Annual Plan.

The City of Pharr is located in the south part of Hidalgo County, along the intersection of U.S. Highway 281 and Expressway 83 since 1909. The City has consistently grown in size and population.

The Board of Commissioners and staff selected six priority goals or results for the five years, which are as follows:

- 1.) Retain high quality employees, conduct evaluations and have scheduled training sessions on a continuous basis.
- 2.) Apply for vouchers as soon as NOFA is issued.
- 3.) Apply for all grants that the Housing Authority can qualify for.
- 4.) Apply for Tax Credits to build affordable housing to produce additional resources.
- 5.) Apply for bank loans to continue with our Homeownership Program.
- 6.) Evaluate Public Housing developments to determine redevelopment initiatives, including but not limited to possible demolition/disposition and redevelopment as mixed finance developments, and replace all units lost on a one-for-one basis.

The long waiting list indicates that the area residents cannot afford housing in the local market.

A new 100 unit mixed finance development (Las Canteras) using low-income housing tax credits that includes the replacement of public housing units has been completed. An application for an allocation of 2007 housing tax credits has been submitted to the Texas Department of Housing and Community Affairs (TDHCA) to redevelop Sunset Terrace as a new mixed finance development. TDHCA will make allocation decisions in late July 2007.

Attachment # 1 Admission Policy for Deconcentration

(of the Public Housing Admissions and Continued Occupancy Policy)

Sub-Title A., Section 513 of the Quality Housing and Work Responsibility Act of 1998 (QHWRA), establishes two interrelated requirements for implementation by Public Housing Authorities: (1) Economic Deconcentration of public housing developments and (2) Income Targeting to assure that families in the “extremely low” income category are proportionately represented in public housing and that pockets of poverty are reduced or eliminated. Under the deconcentration requirement, PHA’s are to implement a program which provides that families with the lowest incomes will be offered units in housing developments where family incomes are the highest and high-income families will be offered units in developments where family incomes are the lowest. In order to implement these new requirements the PHA must promote these provisions as policies and revise their Admission and Occupancy policies and procedures to comply.

Therefore, the Pharr Housing Authority (PHA) hereby affirms its commitment to implementation of the two requirements by adopting the following policies:

A. Economic Deconcentration:

Admission and Continued Occupancy policies are revised to include the PHA’s policy of promoting economic deconcentration of its housing developments by offering low-income families, selected in accordance with applicable preferences and priorities, units in developments where family incomes are highest. Conversely, families with higher incomes will be offered units in developments with the lowest average family incomes.

Implementation of this program will require the Pharr Housing Authority to: 1.) Determine and compare the relative tenant incomes of each development and the Incomes of families in the census tracts in which the developments in located, and 2.) consider what policies, measures or incentives are necessary to bring high-income families into low-income developments)or into developments in low-incomes census tracts) and low-income families into high-income developments (or into developments in high-income census tracts.

In addition, an assessment of the average family income for each development is necessary. Families will be provided with an explanation of the policy during the application/screening process and/or the occupancy orientation sessions and given opportunities to discuss the options available to them. The families will also be informed that should they choose not to accept the first unit offered under this system, their refusal would not be cause to drop their name to the bottom of the list.

Implementation may include one or more of the following options:

- Skipping families on the waiting list based on income;
- Establishing preferences for working families;
- Establish preferences for families in job training programs;
- Establish preferences for families in education or training programs;
- Marketing campaign geared toward targeting income groups for specific developments;

Description of Implementation of Community Service Requirements

The Housing Authority of the City of Pharr is in agreement that the Community Service/Self-Sufficiency requirement is intended to assist adult public housing residents in improving their economic and social well being. Over the last year the Pharr Housing Authority has implemented and enforced Community Service/Self-Sufficiency requirements to all adult public housing residents who do not qualify for an exemption.

The Pharr Housing Authority informs residents of the different activities that can be done as well as provide them with various locations where they can be done. Community Service has given the Pharr Housing Authority residents an opportunity to give back to their community.

During this past year we have noticed a difference in our housing authority due to community service. We have always had resident participation in all of our activities, but now the resident involvement has increased a lot more in our developments. Residents participate in self-sufficiency activities such as homeownership classes and job training programs. While others participate in recreational and beautification activities such as resident council festivities like Red Ribbon Week, Graduation Banquet, clean up campaigns, neighborhood watch and after school programs.

Our residents are made aware that it is the responsibility of every adult family member under this requirement to provide the Pharr Housing Authority their completed monthly log and certification form from the past twelve months. If a resident is exempt from doing community service hours they must provide the Pharr Housing Authority written documentation of exemption status. The Pharr Housing Authority Residents are informed that failure to provide this information to the PHA will result in termination of the lease. Our residents are informed that if the first twelve months they are not in compliance with the total of 96 hours of community service they will be given another twelve months to complete their hours which will be a total of 192 hours. If by the end of the 2nd year they do not complete the mandatory 192 hours their assistance will be terminated.

During this past year the Pharr Housing Authority has done several things to implement Community Service. We print community service reminders in our quarterly newsletter and we discuss the importance of our residents being in compliance with community service at our resident council meetings. We have not proceeded with any evictions, due in part that several of our residents our moving out voluntarily because of noncompliance with community service requirements.
