**9. Required Response for Follow-Up Plan from Resident Assessment Survey for FY 2006**

**Neighborhood Appearance (required response)**

Open meetings with residents for their comments are conducted on ways to enhance the appearance of their complexes and neighboring areas. During prior meetings with residents their thoughts on the neighborhood appearance segment of the survey includes all the surrounding subdivision(s) privately owned homes in the area. Although it was explained that the survey relates directly to their housing complex they are still looking at all the areas in their neighborhood when giving their responses.

Disabled/abandoned vehicles are tagged with a warning for removal and if not done within three (3) days are removed from housing authority property at the tenant's expense.

Residents are warned that old furniture and other personal belongings left outside the unit need to be removed and given the opportunity to have them removed in a timely manner or will be charged a fee for the removal of said items.

Pest control is provided free of charge to each apartment on a semi-monthly basis.

Resident suggestions regarding smoking areas have been heard and action taken. Failure of residents to cooperate with rules may change current smoking areas to non-smoking areas at the request of the Resident Advisory Board.

Landscape work and site improvements are an ongoing project within the Capital Fund Program as funding permits.

Resident suggestions are addressed with follow-up reminders in the monthly newsletters regarding proper placement of disposable items in provided containers and for balcony areas to be maintained in a visually accepted manner.

City brush and trash pickup services are provided through a Community Service Agreement for the disposal of large items in addition to privately contracted services.

Graffiti and other visual hazards are eliminated as they are reported and are addressed in the Maintenance Plan Addendum.

A Yard-of-the-Month program continues annually to encourage residents to maintain their areas and foster a better curb appeal within the community.

Residents are notified of community-wide cleanup days and encouragement to participate in these activities.

The 2006 Capital Fund Program is addressing the exterior of the family units with the replacement of windows, doors, frames, and exterior painting. Exterior surfaces will be painted to reflect the current trend in multiple colors within a complex. This project is almost complete at one site and work will begin at the other family site as soon as funds are approved for the 2007 Capital Fund Program.
