ii. Executive Summary of the Annual PHA Plan

[24 CFR Part 903.7 9 (r)]

Provide a brief overview of the information in the Annual Plan, including highlights of major initiatives and discretionary policies the PHA has included in the Annual Plan.

During the past year the operations of the Knox County Housing Authority have continued to be negatively impacted on several levels by factors outside the control of its board and staff. The primary source of this has been the Section 8 Housing Choice Voucher (HCV) program the housing authority administers. HUD established a fixed funding level for each HCV program two years ago. The amount each PHA is authorized to receive under this plan became the absolute funding “ceiling”. It must cover the total costs of both rental subsidies and administrative fees. While the amount assigned to this housing authority would appear to be in line with our needs as indicated by previous years’ expenditures, other Section 8-related factors continue to bring funding uncertainty for this tenant-based rental assistance program.

The statutory “portability” of Section 8 vouchers has resulted in increasing uncertainty for ours, and many other Housing Choice Voucher programs. The fact that the funding level is fixed precludes the possibility of adjustments for unforeseen cost increases. The most dramatic cost increase has come as a result of the escalating numbers of our vouchers that have been taken to jurisdictions where housing costs are as much as four times as high as they are in Knox County. When someone we issue a Housing Choice Voucher chooses to take it to another housing authority that new authority may elect either to “absorb” that new household into its own voucher program or administer it and bill us for the housing assistance payments (HAP) it makes as well as for an administrative fee. When an authority in an area with higher housing costs chooses to “administer” their billing to us for one family’s HAP may be as much as four times more than it would cost to assist that same family in Knox County. Since we may no longer receive additional funding to cover circumstances such as this, we effectively lose the capacity to assist four Knox County families for every one we assist in locations such as Chicago and the surrounding area.

The inequity does not stop with the reduced ability to serve people in our area of mandate, Knox County. The means by which we pay for people, services, supplies, and other services to operate our HCV program is the approximate \$40.00 per month administrative fee HUD permits us to charge for each voucher we have in use at the first day of each month. When we send one voucher to another authority they get to retain 80 percent of the administrative fee for that voucher. Since we must pay the higher housing cost out of our local budget and will not be reimbursed for that increased cost in any way, we lose the potential to receive our \$40.00 monthly administrative fee for the three other vouchers we can no longer afford to issue. Effectively then, the \$1,920.00 annual income stream to our program from the local administration of four vouchers shrinks to \$96.00, our 20 percent share of the \$480.00 annual administrative fee for the one “ported out” voucher.

The negative impact of the portability option offered participants in the HCV program by Congressional mandate extends to the Knox County Housing Authority low income public housing program. Many families from outside of Knox County await issuance of a voucher and/or satisfy the one year local residency requirement before exercising the portability option as tenants in our low income housing program. After their wait is over and they are able to “port” they move out of our housing. Funding irregularities in the HCV program over the past few years have resulted in our being forced to let the number of vouchers in force diminish through attrition when funds are short, and then build the program back up quickly when funds become available by issuing relatively large numbers of vouchers in short periods of time. Since so many of our voucher applicants are also public housing residents these quick build-ups result in a sudden, large number of vacancies in our low income housing developments. This, of course taxes our maintenance department beyond any reasonable expectation. Families in need of housing wait longer and longer for it because our unit turn around times grow longer and longer. And of course, our management assessment score suffers.

The problems discussed above notwithstanding, the Knox County Housing Authority remains financially stable and its housing stock is in good condition. It has achieved “High Performer” status on the Public Housing Assessment System rating consistently over the past several years. I should be noted, however that our rating for this last year was only that of “Standard Performer” largely due to both the management assessment score and the repeat use of the resident assessment review from the year before.

This plan incorporates changes deemed necessary to reduce unit turnaround times and overall vacancy rates. As noted above, an inordinate and increasing number of unit turnovers for our PHA come as a result of families moving from our housing to the HCV program. Some time ago we discontinued the use of a needs-based tenant selection system in favor of a date and time selection system. At the time we hoped that this would discourage families from taking unfair advantage of our preference system using what became the common practice of coming to Knox County, moving into shelters or other temporary housing, applying for both public housing and the HCV program at the same time and claiming preference status on both. All of this

with the end purpose of getting a Housing Choice Voucher and taking it back to where they originally lived. At that time we were able to accept applications for both programs. Due to availability, applicants almost always were offered, and accepted, public housing first but would keep their HCV program application active. Since HUD regulations make it incumbent on housing authorities to allow applicants to retain any preference status they had for both programs at initial application, even if they are currently being served on one or the other, they would ultimately get a voucher, often before many on the waiting list with actual housing crises issues receive any kind of assistance. Upon receipt of voucher these families would promptly move out of our public housing program leaving us with a vacant unit to renovate and re-lease. This coming year we plan to fine tune our tenant selection plan by reversing the relative priority assigned to working applicants and those who are current residents of Knox County. Under the new selection criteria applicants from Knox County will receive 32 “preference” points and applicants who are employed will receive 16 “preference” points. This change is proposed because we found that the original preference priority system did not result in a net increase in employed households in our programs. Many applicants from great distances from Knox County who were employed when they applied, terminated their employment when they were accepted into our program. The distances involved making commuting back to their jobs impossible. The new system proposed will result in more employed members of applicant households continuing their employment after admittance to our program.

I. PROGRESS REPORT

Needs identified in last year’s plan and the effectiveness of the strategies adopted to meet those needs

Need: Shortage of affordable housing for family households

Strategy 1.

Efforts to reduce the average time required to renovate and re-lease vacated family housing units continue to be offset by the impact of the high turnover rate resulting from families moving out to become Section 8 program participants. We were able to rebuild our maintenance staff from lows resulting from injuries and illness, however. At this writing it is difficult to predict how that will impact annual turnaround times but it appears that it has reduced those times. Additionally, joint efforts between occupancy and maintenance staff to assure that vacating tenants leave units in good order seem to be having positive results.

Acceptance of the Housing Choice Voucher program among area landlords continued to be good during the past year. The use of “Success Rate” payment standards has not resumed.

Strategy 2.

Again, we were not given an opportunity to apply for more Housing Choice vouchers. However, we did acquire the two, existing apartment complexes discussed in the annual report from two years ago. They contain a combined total of 138 apartments ranging in size from one to three bedrooms. This acquisition was financed through a combination of sources including both public and private funds.

We have received authorization project-base 20% of our HCV program budget and to request proposals from local, private apartment complex owners to host the “project based” Housing Choice Vouchers. This move is undertaken to both stabilize our HCV program financially and enhance its impact. However, to date area landlords have not shown any interest.

Need: Improve customer satisfaction

During the last fiscal year the Knox County Housing Authority applied for, and received authorization to designate one wing of a 200-unit hi-rise for persons over 62 years of age only. This was done in response to numerous complaints from the senior population about the activities of the younger tenants, disabled or otherwise. This designation will allow physical separation between the two groups.

As in past years, the capital fund / improvement program proceeded on schedule during the past year. Improvements in building HVAC system, life safety systems and increased security systems were completed resulting in improved comfort and safety in our two, hi-rise complexes.

Need: Specific Family Types: Families at or below 30% of median income

The Knox County Housing Authority adopted admission and rent calculation policies some years ago that include all of the work incentive provisions made available through HUD regulations. These have been maintained

Need: Specific Family Types: Families with Disabilities

Strategy 1: Target available assistance to Families with Disabilities:

The Authority maintains close association and communication with local agencies that serve the disabled.

The Knox County Housing Authority continues to offer a varied range of services, in addition to affordable housing, to its residents. The objective of these efforts is the reduction or elimination of drug and criminal activity and their influences and the development of attitudes and skills which would assist tenants to be economically independent. Even though the PHDEP grant program was eliminated several years ago

the Knox County Housing Authority board of commissioners considers these services important enough to continue even if doing so results in deficit budgets.

The KCHA resident initiatives staff, along with the network of other agencies it is a part of, continues to provide a range of services to assist residents in their efforts to develop skills and attitudes needed to succeed. Many of these programs once funded by the Public Housing Drug Elimination Program (PHDEP) grant program have been continued.

The following is a list of community agencies that have been included in a network established to create a broad range of services available to our residents. The following is a listing of the agencies involved during the past year and the programs/services they offer:

Galesburg Police and Fire Departments providing crime, drug, fire prevention activities on site

Carl Sandburg Community College providing GED preparatory and computer literacy classes on site and “Transitions to Employment” classes off site

Illinois Cooperative Extension (University of Illinois) 4-H programs on site

Safe Harbor, domestic violence intervention and prevention agency services on and off site

The Boys and Girls Club of Knox County assumed responsibility for the family housing site after-school educational/recreational program beginning with the 2007-2008 school year.

C. Strategy for Addressing Needs

Provide a brief description of the PHA's strategy for addressing the housing needs of families in the jurisdiction and on the waiting list **IN THE UPCOMING YEAR**, and the Agency's reasons for choosing this strategy.

(1) Strategies

Need: Shortage of affordable housing for all eligible populations

Strategy 1. Maximize the number of affordable units available to the PHA within its current resources by:

Select all that apply

- Employ effective maintenance and management policies to minimize the number of public housing units off-line
- Reduce turnover time for vacated public housing units
- Reduce time to renovate public housing units
- Seek replacement of public housing units lost to the inventory through mixed finance development
- Seek replacement of public housing units lost to the inventory through section 8 replacement housing resources
- Maintain or increase section 8 lease-up rates by establishing payment standards that will enable families to rent throughout the jurisdiction
- Undertake measures to ensure access to affordable housing among families assisted by the PHA, regardless of unit size required
- Maintain or increase section 8 lease-up rates by marketing the program to owners, particularly those outside of areas of minority and poverty concentration

- Maintain or increase section 8 lease-up rates by effectively screening Section 8 applicants to increase owner acceptance of program
- Participate in the Consolidated Plan development process to ensure coordination with broader community strategies
- Other (list below)

Strategy 2: Increase the number of affordable housing units by:

Select all that apply

- Apply for additional section 8 units should they become available
- Leverage affordable housing resources in the community through the creation of mixed - finance housing
- Pursue housing resources other than public housing or Section 8 tenant-based assistance.
- Other: Continue in our efforts to “project-base” up to 20% of our Section 8 HCV’s to assure availability for local families.

Need: Specific Family Types: Families at or below 30% of median

Strategy 1: Target available assistance to families at or below 30 % of AMI

Select all that apply

- Exceed HUD federal targeting requirements for families at or below 30% of AMI in public housing
- Exceed HUD federal targeting requirements for families at or below 30% of AMI in tenant-based section 8 assistance
- Employ admissions preferences aimed at families with economic hardships
- Adopt rent policies to support and encourage work
- Other: (list below)

Need: Specific Family Types: Families at or below 50% of median

Strategy 1: Target available assistance to families at or below 50% of AMI

Select all that apply

- Employ admissions preferences aimed at families who are working
- Adopt rent policies to support and encourage work
- Other: (list below)

Need: Specific Family Types: The Elderly

Strategy 1: Target available assistance to the elderly:

Select all that apply

Not necessary, current need in excess of need/demand

- Seek designation of public housing for the elderly
- Apply for special-purpose vouchers targeted to the elderly, should they become available
- Other: (list below)

Need: Specific Family Types: Families with Disabilities

Strategy 1: Target available assistance to Families with Disabilities:

Select all that apply

- Seek designation of public housing for families with disabilities
- Carry out the modifications needed in public housing based on the section 504 Needs Assessment for Public Housing
- Apply for special-purpose vouchers targeted to families with disabilities, should they become available
- X Affirmatively market to local non-profit agencies that assist families with disabilities
- Other: (list below)

Need: Specific Family Types: Races or ethnicities with disproportionate housing needs

Strategy 1: Increase awareness of PHA resources among families of races and ethnicities with disproportionate needs:

Select if applicable

- Affirmatively market to races/ethnicities shown to have disproportionate housing needs
- Other: (list below)

Strategy 2: Conduct activities to affirmatively further fair housing

Select all that apply

- Counsel section 8 tenants as to location of units outside of areas of poverty or minority concentration and assist them to locate those units
- Market the section 8 program to owners outside of areas of poverty /minority concentrations
- Other: (list below)

Other Housing Needs & Strategies: (list needs and strategies below)

(2) Reasons for Selecting Strategies

Of the factors listed below, select all that influenced the PHA's selection of the strategies it will pursue:

- X Funding constraints
- X Staffing constraints
- Limited availability of sites for assisted housing
- X Extent to which particular housing needs are met by other organizations in the community
- Evidence of housing needs as demonstrated in the Consolidated Plan and other information available to the PHA
- X Influence of the housing market on PHA programs
- X Community priorities regarding housing assistance
- X Results of consultation with local or state government
- X Results of consultation with residents and the Resident Advisory Board

condition in which it was in when they moved into it, normal wear and tear not excepted. The transferring tenant must make an additional, \$100.00 security deposit. This deposit is to be refunded if the move is completed within seven days and the vacated unit is ready for another family to move into it.

4. Relationship of preferences to income targeting requirements:

- The PHA applies preferences within income tiers
X Not applicable: the pool of applicant families ensures that the PHA will meet income targeting requirements

The Knox County Housing Authority proposes the following revision to its preference priority system. This change reverses the priority assigned to the residential and working preferences currently in use:

The KCHA will select families from the waiting list based on the preference criteria shown below. In descending order, each preference criteria shall carry more weight than the cumulative total weight of all criteria below it on the list. *For example, a household which meet the KCHA criteria for a working preference but qualifies for none of the other preferences shall be selected before households qualifying for any or all of the lesser preferences.*

A) Applicant households with a physical residence in Knox County Illinois or in which the head or co-head is employed in Knox County at the time their application is submitted. Should an applicant household which met this preference criterion at the time their application was submitted no longer meet it when the household is offered a dwelling unit, preference under this criterion shall be withdrawn. 32 points

To establish eligibility for preference on the basis of employment in Knox County applicants must provide documentation from a bona-fide employer in the form of a written statement from the employer or paycheck stubs documenting that the head of household, or the co-head of the household is gainfully employed for an average of at least 20 hours per week.

To establish eligibility for preference as a resident of Knox County the applicant household must demonstrate that they have a physical residence in Knox County. Physical residence shall be defined as a domicile with a mailing address, other than a post office box, for which the applicant can produce one or more of the following: a lease or a purchase agreement, utility bills showing the claimed residence address, two pieces of first class mail addressed to a member of the applicant household at the claimed address. Households domiciled as guests in another household or in accommodations intended for transients such as hotels, motels, emergency shelter housing facilities, travel trailers, motor homes or campsites will not be considered to be residents of the county.

B) Applicant households where the head, or co-head if applicable, is currently, and has continuously been, gainfully employed for at least 4 months immediately prior to the date of that household's application and has worked an average of 20 hours each week during that period will receive the highest preference priority for admission. Eligibility for this preference will be re-assessed at such time as an applicant household is offered a housing unit. At that time the household must document that either the head, or co-head of that household has been continuously employed for the 4-month period prior to the date of the offer of a dwelling unit and, must also document that the head or co-head of that household has worked an average of 20 hours each week during the 4-month period immediately prior to the date of the offer of a dwelling unit. Applicant households where the head of the household is 62 years of age or older or is disabled will receive this working preference.

 The PHA requests approval for this preference through this PHA Plan
The order and preference points remain the same as what had been previously reviewed and approved by HUD however the Knox County Housing Authority (KCHA) proposes a change to the length of time that an applicant has been continuously employed. The current preference for working in our jurisdiction states: that the head or co-head of the household must have been continuously employed for the 12-month period immediately prior to the date of the offer of a dwelling unit. The proposal would change that to be continuously employed for the 4-month period immediately prior to the date of the offer of a dwelling unit.

6. Relationship of preferences to income targeting requirements: (select one)

- The PHA applies preferences within income tiers
 Not applicable: the pool of applicant families ensures that the PHA will meet income targeting requirements

The Knox County Housing Authority proposes the following revision to its HCV preference priority system as briefly described in #5.

The KCHA will select families from the waiting list based on the preference criteria shown below. In descending order, each preference criteria shall carry more weight than the cumulative total weight of all criteria below it on the list. *For example, a household which meet the KCHA criteria for a working preference but qualifies for none of the other preferences shall be selected before households qualifying for any or all of the lesser preferences.*

A) Applicant households with a physical residence in Knox County Illinois or in which the head or co-head is employed in Knox County at the time their application is submitted. Should an applicant household which met this preference criterion at the time their application was submitted no longer meet it when the household is offered a dwelling unit, preference under this criterion shall be withdrawn. 32 points

To establish eligibility for preference on the basis of employment in Knox County applicants must provide documentation from a bona-fide employer in the form of a written statement from the employer or paycheck stubs documenting that the head of household, or the co-head of the household is gainfully employed for an average of at least 20 hours per week.

To establish eligibility for preference as a resident of Knox County the applicant household must demonstrate that they have a physical residence in Knox County. Physical residence shall be defined as a domicile with a mailing address, other than a post office box, for which the

applicant can produce one or more of the following: a lease or a purchase agreement, utility bills showing the claimed residence address, two pieces of first class mail addressed to a member of the applicant household at the claimed address. Households domiciled as guests in another household or in accommodations intended for transients such as hotels, motels, emergency shelter housing facilities, travel trailers, motor homes or campsites will not be considered to be residents of the county.

B) Applicant households where the head, or co-head if applicable, is currently, and has continuously been, gainfully employed for at least 4 months immediately prior to the date of that household's application and has worked an average of 20 hours each week during that period will receive the highest preference priority for admission. Eligibility for this preference will be re-assessed at such time as an applicant household is offered a housing unit. At that time the household must document that either the head, or co-head of that household has been continuously employed for the 4-month period prior to the date of the offer of a dwelling unit and, must also document that the head or co-head of that household has worked an average of 20 hours each week during the 4-month period immediately prior to the date of the offer of a dwelling unit. **KNOX COUNTY HOUSING AUTHORITY MINIMUM RENT POLICY
AND**

CRITERIA FOR WAIVER OF MINIMUM RENT

November, 2004

The Quality Housing and Work Responsibility Act of 1998 (QHWARA) includes a provision for the establishment of minimum rents to be paid by public housing residents and participants in the Section 8 Housing Choice Voucher Program. It permits housing authorities administering these programs to set these minimum rents anywhere between \$0.00 and \$50.00 per month. The Knox County Housing Authority, in response to recommendations from the Secretary of the U.S. Department of Housing and Urban Development and the reduction in funding from the "Department", has established minimum rents of \$50.00 per month for both its Section 8 and public housing programs. This minimum will apply even if 30% of the adjusted monthly household income is less than \$50.00. This policy will become effective for all new admissions and recertifications on April 1, 2005, unless notification from HUD is received prior to that date indicating that the change is not approved. This change will effect only those tenants/participants whose rent or share of the Section 8 payment standard, when calculated on the basis of their household incomes, are, or would be less than \$50.00 per month.

The minimum rent provisions contained in QHWARA require that agencies adopting minimum rents grant waivers to tenants/participants in certain "hardship" circumstances. This policy will define the circumstances that the Knox County Housing Authority will recognize as hardships which warrant the waiver of the established minimum rent and the period of time for which such waivers will remain in effect.

DEFINITION OF A HARDSHIP WARRANTING A WAIVER:

To be considered for a waiver of the minimum rent requirement a tenant/participant household must demonstrate that it is experiencing a financial crisis due to involuntary obligations significantly in excess of those of other households, of a similar size and with a similar income stream, served by the housing authority. The household must demonstrate that it has not made purchases of, or financial commitments for, items or services of a non-essential nature within the past 90 days and that it has taken all reasonable steps to reduce unnecessary expenditures during the period in which it experienced the financial crises for which the waiver is requested. Items and services considered unnecessary include, but are not limited to: cable television service, satellite television or radio service, internet service, more than one telephone line or service, or any premium telephone service, tobacco products, alcoholic beverages, pets, vacations and pleasure trips, rental or purchase of audio and video entertainment equipment, and expenses associated with ownership of more than one motor vehicles (*unless need for additional motor vehicle for employment, training, or access to health care can be documented*). Fines imposed on any household member by a court of law, accumulated utility bills, and retro-active child support will not be considered justification for a waiver of the minimum rent.

Circumstances which would be considered to contribute to a household financial crises warranting a waiver of the minimum rent payment would include, but might not be limited to: significant, unreimbursed medical expenses, expenses associated with the death of a household member, repair or replacement of an automobile required to get to and from places of employment or health care providers. (*The value of all vehicles purchased should not exceed the annual income of the household.*)

WAIVER REQUEST PROCESS

Requests for waivers of minimum rent must be submitted in writing to the administrative offices of the Knox County Housing Authority. They must explain the exact nature of the hardship and the particular expense or financial obligation that resulted in the household no longer being able to afford to pay the minimum rent. Request for waivers must be accompanied by the following:

- 1) A listing of the amounts and sources of the household's current income
- 2) A listing of all of the household's current financial obligations and routine expenditures
- 3) A statement that no member of the household has made purchase or financial obligations of a non-essential nature, as outlined above, within the past 90 days

VERIFICATION

To qualify for a waiver or deferment of the \$50.00 minimum rent requirement the members of the requesting household over the age of 18 years must sign informational release forms authorizing the Knox County Housing Authority to obtain account information directly from all entities to which members of that household may be financially obligated including businesses marketing any form of subscription entertainment or communication services such as: Insight Cable Television, Dish network, Direct TV, Verizon Wireless, U.S. Cellular, Gallatin River Communications, Frontier Communications.

No request for waiver of the minimum rent will be considered until all necessary information and documentation has been received. The Knox County Housing Authority reserves the right to make reasonable requests for any additional documentation or information it may deem necessary in order to make a fair determination.

RETROACTIVE WAIVERS

Requests for retroactive waivers of minimum rents may be granted. In no case shall more than two month's minimum rent be waived retroactively dating back from the date the request for a waiver is made.

LENGTH OF WAIVER

The maximum period of time a waiver of the minimum rent may be granted is six months, including any retroactive waivers. Actual waiver length will vary with the financial circumstances of the household as determined by the Knox County Housing Authority. Additional rent waivers may be granted if fully

justified. Requests for such extensions must be supported by updated versions of all of the documentation required for the original waiver.

DEFERMENT OF THE MINIMUM RENT

A temporary deferment of the \$50.00 minimum rent may, at the complete discretion of the Authority, be granted a household for up to 90 days if that household awaits scheduled income or incurs reimbursable expenses for items and/or services related to health care, education and training, or employment-related purposes (*travel expenses, etc.*) At the time a deferment of minimum rent is granted the tenant/recipient will be required to sign a statement indicating when the reimbursement is anticipated and agreeing to pay all deferred amounts when that reimbursement is received or within 90 days, whichever comes first. If the tenant/recipient does not receive the reimbursement within the 90 day period, and can so document, a time extension may be granted. Any deferred rent that is not paid by the end of the deferment period, including any extensions to it, shall become due and payable immediately and the Authority's policies regarding delinquent rent will be followed.

REVOCAION OF MINIMUM RENT WAIVERS AND DEFERMENTS

The housing authority reserves the right to revoke a waiver or deferment of the minimum rent and require the immediate payment of all waived or deferred rent if it becomes aware that any member of a household which has been granted a waiver or deferment has made purchases or financial commitments of a non essential nature, as defined above, during the term of a waiver or deferment or that it provided false documentation of its need for a waive or deferment.

D. Reserved for Community Service Requirement pursuant to section 12(c) of the U.S. Housing Act of 1937

KNOX COUNTY HOUSING AUTHORITY COMMUNITY SERVICE

Why you must perform Community Service: A few years ago The United States Congress passed a law covering public housing. Among the contents of the law is a requirement for all public housing tenants who are above the age of 18 years to perform voluntary community service work or be engaged in a form of economic self-sufficiency activity for eight (8) hours each month. The law requires that community service/self-sufficiency activity become a condition of your continued occupancy. (Listed on the back of this notice is an explanation of persons who are exempt from Community Service.)

Suggestions on how you may fulfill your Community Service obligations: Work may be performed for schools, churches, or for governmental units such as park districts, libraries or street departments. Volunteering time at a hospital or nursing home will also meet the requirement as would involvement with youth sports, scouting, charity fund raising, neighborhood watch, roadway litter control, or any number of good causes. Try volunteering at the Habitat for Humanity, Prairieland Animal Welfare Center, Salvation Army or Good Will. Ask the individuals in charge of such places and events to sign your Community Service Requirement form.

Participating in education and training activities presented by Knox County Housing Authority, picking up litter, washing outside windows or otherwise making the neighborhood look attractive on our sites qualifies for community service. Knox County Housing Authority employees are authorized to sign your Community Service Requirement forms. Knox County Housing Authority employees will determine how much time to sign off for you based on what you have accomplished and/or the amount of time you have spent. The administrative staff will not override the judgment of the maintenance staff on this matter.

Who is exempt from performing Community Service:

- Persons who are 62 years of age or older
- Blind or disable persons (disability to be verified by a qualified professional)
- Persons who are primary care givers for disabled individuals
- Persons who are regularly employed for at least 8 hours per month (employment to be verified by pay stub or in writing by employer)
- Welfare-to-work program (to be verified by the Department of Human Services/DHS)
- Persons who are participants in a state welfare-to-work program and in full compliance with the requirements of that program (to be verified by DHS)

OF RESIDENT ADVISORY BOARD
OF THE KNOX COUNTY HOUSING AUTHORITY
November 15th, 2007**

The special meeting of the Resident Advisory Board of the Knox County Housing Authority was held at Family Site "C", located at South St. and Berrien St. Roll call was taken and the following were present.

PRESENT: Joe Hathaway Pat Hathaway Shunta Northern
 Connie Nelson Esther Lawson Dale Parsons (Commissioner)
 Yolanda Fulton David Manser Niquandra Purnell
 JaVona Smith Eugenia Moon Denita Massenburg
 Rosie Ellis Amber Patch Victoria Williams

ABSENT: Denise Basley (Resident Commissioner)

Also present were Margie Hulick, Executive Director; Derek Antoine, Assistant Director; Rita Hall, Modernization Coordinator; Jenny Stegall, Bluebell Tower Property Manager, Nancy Epperson, Resident Services Coordinator; and Nishq Mody, Resident Services.

The meeting of the Resident Advisory Board was held for residents to review proposed changes to the Knox County Housing Authority Annual Plan, as well as changes to the KCHA Admission and Continued Occupancy Policy. Mrs. Hulick explained the KCHA operates on a five year plan, which is reviewed and amended annually.

Ms. Hulick indicated in addition to several language changes designed for clarification, the main change in the ACOP centers around Preference Points for admission. The proposed change would reduce the time requirement for employment preference points from twelve months to four months. Ms. Hulick indicated the reason for the proposed reduction is reflective that applicants will have completed the standard three month probationary period with respective employers and will subsequently be more secure in their employment. Ms. Hulick indicated there are no further proposed changes to the Preference Points. A brief discussion of preference points followed. Dialogue also included procedures and requirements of the Section 8 Housing Choice Voucher program.

Ms. Hulick then summarized the proposals for the Capital Grant Fund. Ms. Hall indicated the KCHA has to report each year what the grant money is used for and to establish plans for the remaining grant money. Ms. Hulick indicated an interest of the KCHA to focus appropriate resources on landscaping at the family sites. Residents discussion conveyed interested in landscaping improvements.

Open discussion from the residents centered on developing tenant associations at the family sites. Representatives of the Moon Towers Tenant Association and the Bluebell Tower Tenant Association offered to consult with Family Site residents interested in forming and maintaining their own tenant associations.

Hearing no further discussion on the proposals, Ms. Hulick declared the meeting adjourned at 1:20 PM.

D. Other Information Required by HUD

Use this section to provide any additional information requested by HUD.

Under a new Illinois law, as of January 1, 2007 all dwelling units in which a fossil fuel-burning device is employed for space heating, water heating or other purpose or , which is attached to a garage, must have carbon monoxide detectors in stalled within 15 feet of any sleeping spaces. The Knox County Housing Authority has installed CO detectors in all dwelling units except those currently being evaluated by local building officials for exemption from the requirement as provided by the law. These units are in a multi-building complex in which most dwelling units are far removed from the hot water boiler heating plant.

Under a new Illinois law, as of January 1, 2008, Pursuant to this law there will be no smoking permitted in any common areas nor within fifteen (15) feet of an entrance or exit of the Knox County Housing Authority's properties. No smoking signs shall be posted and all ashtrays shall be moved from the non-smoking areas. The residents may smoke in their units. The personnel policy has also been adjusted accordingly.

Attachments

Use this section to provide any additional attachments referenced in the Plans.

Section 8 Homeownership Program Capacity Statement

The Knox County Housing Authority has established the following in Section 24.9 (a.) of the Section 8 Administrative Plan:

“A purchasing family must invest at least three (3) percent of the purchase price of the home they are buying in the property. This can take the form of either a down payment, closing costs, or a combination of the two. Of this sum, at least one (1) percent of the purchase price must come from the family's personal resources.”

Having established this criterion the Knox County Housing Authority has demonstrated its capacity to implement A Section 8 homeownership program.

VIOLENCE AGAINST WOMEN ACT REQUIREMENTS

In 2007, the Knox County Housing Authority adopted the following to its Public Housing Admission and Continued Occupancy Policies and to its Section 8 Administrative Plan:

That an applicant or participant is or has been a victim of domestic violence, dating violence, or stalking is not an appropriate basis for denial of program assistance or for denial of admission if the applicant/ participant otherwise qualifies for assistance or admission. Nothing in this section shall be construed to supersede any provision of any Federal, State, or local law that provides greater protection than does this section for victims of domestic violence, dating violence, or stalking. Applicant households which have or might be denied admission or in-place tenant households which have been or might be served with a notice of

lease termination due to a history of disruptive behavior on the part of one or more members may seek protection from those actions by providing documentation that the disruptive behavior was domestic violence, dating violence, stalking, etc. Acceptable documentation shall be a properly completed and endorsed HUD form 50066. After receipt of this form the Knox County Housing Authority shall either consider the household, minus the perpetrator for housing or housing assistance or rewrite the lease of an in-place household with the name of the perpetrator excluded.

REQUEST TO MERGE UNITS IN MOON TOWERS (IL085-001)

The Knox County Housing Authority requests permission to merge ten (10) efficiency units into five (5) one bedroom units in the high-rise apartment complex of Moon Towers. For the last twelve months there has been a fairly consistent vacancy rate of 12 %. Of that 12% vacancy rate 72% consists of efficiency units.

If we are permitted to merge units it would decrease the average vacancy rate to 9%. Having more one bedroom units would also increase the marketability of Moon Towers and allow it to be more competitive with the other high-rises in the area as they are composed entirely of one and two bedroom units.

We would like to have the permission to merge the units as they become available. At the present time we do not have efficiencies vacant that are adjacent to one another. In order to receive permission to merge as they become available I will send the request to the Director, Steve Meiss, at the HUD field office with each unit address and any other details immediately at the time we know they will be available.

The approximate cost for each merger would be as follows:

Counter top	\$55.00
Door	\$90.00
Locks	\$10.00
Plumbing	\$20.00
Wood, shims, screws	<u>\$15.00</u>
Total materials	\$190.00
Labor	
~ 16 hrs X \$30.00	\$480.00
Electrician	<u>\$298.00</u>
Total merge	\$968.00
