The full PHA plan provides a ready source for interested parties to locate basic PHA policies, rules, and requirements concerning the PHA's operations, programs, and services, and informs HUD, families served by the PHA, and members of the public of the PHA's mission and strategies for serving the needs of low-income and very low-income families. This form allows eligible PHAs to make a streamlined annual Plan submission to HUD consistent with HUD's efforts to provide regulatory relief for certain types of PHAs. Public reporting burden for this information collection is estimated to average 11.7 hours per response, including the time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information. HUD may not collect this information and respondents are not required to complete this form, unless it displays a currently valid OMB Control Number.

Attachment to Housing Authority of Piatt County 2008 ANNUAL PHA PLAN

Re: Description of how the PHA is meeting the requirement of the Carbon Monoxide Alarm Detector Act.

This Housing Authority installed Carbon Monoxide Alarm Detector devices in all of our units in 2003. We had determined the need for an extra safety precaution even before it became law. These detectors are maintained and checked each time we change furnace filters, which is approximately every 6-8 weeks. We have been very pleased with the protection they afford and we have had one incident in which a detector alerted us of a furnace problem, which was readily corrected.

Re: Text satisfying the requirements of the Violence Against Women Act.

This Housing Authority has amended our ACOP with a Resolution stating the requirements and policies of the Violence Against Women Act. We have not had any incidents that would call this policy into action, however, if the need arises we are prepared.
