### **9. VAWA Statement**

The City of Peru Housing Authority supports the goals and objectives of the VAWA Act of 2005 and has amended our Low Rent Public Housing Admissions and Continued Occupancy Plan, the Public Housing Lease and the Section 8 Administrative Plan in order to address the requirements of the VAWA Law. Policy changes were included to cover eligibility, tenant selections, Lease terminations, transfers, grievances and appeals, and program administration.

Information regarding the law has been posted in the Administrative Office of the Agency for the general public and all in coming applicants to view and take if appropriate. Information regarding the law was included in the Monthly Agency Calendar distributed to residents to first introduce them to the law. For clients the information is also provided at the time of processing, during briefing sessions, and is again included in the all recertification processing for clients of both programs. The information is distributed in duplicate so the client has a set of information to take home with them.

To work with the domestic violence the agency has developed and maintained an open communication system with the local law enforcement agencies and The Family Service Association which runs the Domestic Violence Shelter that provides service to our area along with other social service programs that may provide assistance or services to those in need.

### **10. Summary of Comments from RAB, Resident Meeting, Public Hearing.**

#### A.. RAB, Resident Advisory Board

The Resident Advisory Board met to discuss the Five Year and the 2008 Annual Plan of the Agency There were no comments from the members present or received from those unable to attend who were contacted directly. There was general discussion regarding the proposed No Smoking Policy and those present felt it was extremely necessary but may be hard to enforce. It was noted that all new things are hard to enforce but will take time and repeated provision of the information.

The next item of discussion was the proposed Guest Policy definition. It was noted the there seems to be lots of people in the building coming and going at all hours and using all doors. A resident did express concerns about security but those present did not feel that physical security was a problem. It was noted that due to the nature of our clients, lots of elderly security will always be an issue. It was stated that it is hard to tell who is here to visit a resident and those who possibly shouldn't be here (not here with a resident) . The use of security cameras was brought up, discussed and included in the Capital Fund. The meeting concluded with no written comments to the proposed plan or proposed policy changes.

#### B. Resident Meeting

There were no formal written or verbal comments made at the Resident Meeting. There were several questions about where smokers could smoke outside and as to what would be the designated smoking area. It was confirmed that no tenants were

being displaced as the policy allows all smokers to remain in place and the new lease would only affect move-ins and they will also be using the designated smoking areas. There was one verbal comment al Fund and a tenant asked if the Community Kitchen would get a new floor and it was stated that this was indeed a part of the new plan. The possibility of getting security cameras was discussed and it was noted that this had been added to the capital Fund upon recommendation of the RAB. The meeting concluded with no written or verbal comments to take to the Board.

### **C. Public Hearing**

There were no members of the public, citizens, clients or residents present at the Public Meeting. The Board members took the Plan as presented under advisement.
