ii. Executive Summary of the Annual PHA Plan

[24 CFR Part 903.7 9 (r)]

Provide a brief overview of the information in the Annual Plan, including highlights of major initiatives and discretionary policies the PHA has included in the Annual Plan.

The Housing Authority of Hazard is dedicated to the re-establishment of public trust in this agency. We are regaining the trust by instating new management practices, as well as, providing increased levels of services to our residents. One of these practices is an aggressive modernization program utilizing Force Account Labor as a money saving device while maintaining high quality standards of work.

The Housing Authority of Hazard's Administrative team has streamlined the leasing process by finally getting all the glitches out of our computer software, enabling us to effectively house applicants and transmit required reports to HUD in a highly efficient manner. This greatly reduces turn around time and more effectively addresses the high demand for low-income housing in Hazard, Kentucky.

The Housing Authority of Hazard's Financial Management team, I am very proud to report, has achieved consecutive clean audits the last few years while building up reserves to address the ever decreasing funding levels from Congress.

The Housing Authority of Hazard's Resident Initiative team continues to provide many different activities for the families and elderly. They also continue this with reduced funding from HUD.

The Housing Authority of Hazard has also been able to comply with the unfounded mandates from Congress concerning community service, criminal history checks, and new accounting procedures.

Finally the Housing Authority of Hazard’s Maintenance crew quality of work is exemplary. They respond immediately to break downs day and night, effectively correcting the problem with no overtime. Also, they efficiently make ready the empty units with competitively purchased materials.

A Resident Advisory Board Meeting was held on March 28, 2008. There was one resident in attendance, Mr. J.B. Fields of Gorman Tower. Mr. Orville Francis of Liberty Street contacted us ten minutes before the meeting and told us he had a

medical emergency and could not attend the meeting. He said when he was able he would come by the office and review the plan. A few days later Mr. Francis did as he said and a copy of the plan was provided and reviewed with him at this time. Also present at the meeting was I.H. Buchanan, III, Executive Director, Linda Vaughn, Assistant Director, and Melinda Fugate, Grant Administrator all Housing Authority representatives.

The purpose of the meeting was to discuss the 2008 Capital Funds section of the Annual Plan and the 5-Year Plan and to review the additions and changes to the plan, which have been made since last years plan, was submitted.

Mr. J.B. Fields of Gorman Tower reviewed the plans and said no improvements were needed at his complex. He said everything looks very nice and he loved everything about the place. The only suggestion Mr. Fields had was the need to put down some sort of non-skid paint or indoor/outdoor carpet at the entrance of Gorman Tower. We told him this was a concern that we were currently in the process of addressing. He said every one would benefit greatly with this improvement. He did not feel the plan needed any changes, and he was happy to see the 2008 plan included unit renovations at his complex.

Mr. Francis of Liberty Street reviewed the plans and said the only improvement needed at his complex was painting the outside of the units. He suggested the units to be painted the same color throughout the street. We told him as we received the funding we would also love to see this happen and would incorporate it into the plan in the coming years. He said he is very pleased with all the improvements that have taken place in the past few years. He expressed how pleased he was to get some response from our program.

Both tenants said to keep up the good work and thanked us for letting them be a part of the planning process. Both said they would inform other tenants of the efforts being made to improve their neighborhoods and would try to get other tenants to be more involved with the activities the authority has to offer.

3. In what manner did the PHA address those comments? (select all that apply)

Considered comments, but determined that no changes to the PHA Plan were necessary.

The PHA changed portions of the PHA Plan in response to comments

- Other: (list below)

4. The Consolidated Plan of the jurisdiction supports the PHA Plan with the following actions and commitments: (describe below)

The State Consolidated Plan is not location specific, but addresses most of the Commonwealth of Kentucky outside of the major cities such as, Louisville, Lexington, Covington, etc. Therefore, it does not address the needs of the Hazard individually but as part of the Kentucky River Area Development District. The Consolidated Plan does identify a large and growing need for more affordable housing in all areas of the state, as well as, the need for rental housing within the affordable housing market. Additionally, the Consolidated Plan states that not only is new construction needed but also extensive revitalization of existing affordable housing. The Consolidated Plan also recognizes the need for increased employment and “livable” wages for all people. This is seen as the only means by which the poor can achieve self-sufficiency and escape the poverty of the welfare system.

Attachment A: Resident Survey Follow-Up Plan

1. Neighborhood Appearance:

Common areas are to be monitored daily for cleanliness. Painting common areas and cleaning of carpet are done as needed. Building exteriors are inspected quarterly with cleaning and or painting as needed. Parking areas (relating to coating and repairs) are inspected annually. Playgrounds are inspected weekly and repairs are done as needed. Trash and litter is picked up weekly at all sights. As for the over all appearance the Housing Authority of Hazard continues its modernization program. With this program the Housing Authority of Hazard plans to continue improving the appearance with structural improvements, as well as, exterior improvements. These improvements will continue with the help of HUD funding.

2. Communication:

In order to better enable communication via Housing Authority of Hazard and its residents the Housing Authority has started hand-delivering memos regarding any maintenance related issues. The Housing Authority of Hazard has also started asking city maintenance to notify the Housing Authority of Hazard when utilities will be turned off. Housing Authority of Hazard employees will then go door to door and notify the tenants.

Attachment B: Residents Comments of Capital Funds

As in past years, the Housing Authority of Hazard used several methods to ascertain the residents' comments on our proposed Capital Funds budget for the next year and for the next five years. The public hearing to discuss these Capital Funds, as well as, the Annual and Five Year Plan was held during the month of July 2008 at Perkins Tower and was properly advertised in the Hazard Herald Newspaper. However, no residents attended this public hearing.

We also utilized a survey tailored to each development to develop a representative idea of their thoughts on our Capital Funds Program. While the responses to the surveys were not huge, we did receive comments to help us better understand the wants of our residents.

The residents of Perkins and Gorman Tower, were the most diligent in responding to the survey and they expressed similar wishes. The residents were interested in the following improvements:

- More communication via Housing Authority staff.
- Better landscaping and up keep of the grounds and common areas.
- New patio furniture.
- Unit renovations.

These various desires of the residents will be addressed as the funds become available. We have completed the Gorman Tower 1st floor community room/hallway project. The tenants are now enjoying new floor covering along with new common area furniture purchased by the Housing Authority general operating account. More unit renovations have been addressed in the 2008 grant for both towers.

We had several suggestions on how to better enable communication between the residents and the Housing Authority staff. The Housing Authority currently has in effect a Grievance Procedure outlined in the tenant lease, two active phone numbers in the office, after hours a tenant can call the city police and they will relay them to the Executive Director and formal complaint forms are available at the office that are used to initiate civil proceedings.

The residents also expressed their concern about cleaning/keeping of the grounds, landscaping and new porch furniture. With the cleaning issue we are implementing a new detailed cleaning procedure with more inspections and follow-ups by the Project Manager. As spring and summer arrives we have plans to fix and repair the gazebos, buy some new porch furniture and install small flowerbeds. As weather permits we have funds allocated for painting the outside of the buildings, around the window panels and repair some cracks around the surface. We will also pressure wash and re-paint the entrance of Gorman Tower with a non-slip surface.

The Walkertown/Highland Heights Development residents did not respond to the survey in general, only 1 resident responded. This resident suggested the need for landscaping/recreational areas, such as a new playground. This area has a playground and basketball court that is repaired as needed. Due to the fact this development is on a slope and has no extra land for any additional recreational areas, we feel this suggestion is not feasible. This resident also expressed the need for cleaning such as trash pick up and more mowing in the summer months. Grady, our Projects Manager,

has addressed this by designating Monday's as grounds pick up day for our maintenance crew. He has also expressed to the tenants with their help things would be much cleaner. Unit renovations continue and will continue to be addressed into all future grants.

We received two surveys from the Liberty Street residents addressing the need for landscaping, new playground equipment and washer/dryer hook-ups. Trimming the existing landscaping and replacing the old mulch will resolve the landscaping issue. As far as, getting new playground equipment, we recently acquired information on a set of equipment and the installation procedures and have found it isn't feasible due to unavailable funds. These residents indicated the modernization crew is doing an excellent job and would like to see more porches being modernized along with more unit renovations. We are currently in the process of modernizing more porches and hope to do more unit renovations in the near future, which include washer/dryer hook-ups.

We received two surveys from Gorman Hollow residents this year. One of the surveys requested minor repairs which could be corrected via a called in work order. Therefore, we feel this issue will be resolved with resident cooperation. A memo stating tenants should report any necessary unit repairs to the office will be distributed. Also, all new tenants are advised of this when he or she receives the keys to a unit. Both residents expressed their desires for better landscaping and new playground equipment. The landscaping issue will be addressed as funds become available and new playground equipment isn't feasible at this time due to unavailable funds.

Attachment L: Statement of Progress in Meeting 5-Year Plan Mission and Goals

The Housing Authority of Hazard, since 1997, has had a continuing modernization program based on addressing the most severe needs first, within our financial boundaries. We have improved the condition of our housing stock through an efficient force account labor approach. We have improved our applicant screening procedures by using the NCIC. We have been able to reduce our number of vacancies while improving our UPCS. We have been able to properly expend our awarded HUD funds; as shown by independent audits and HUD field visits. The progress in executing the Five Year Plan is on track.

Attachment M: Implementation of Public Housing Resident Community Service Requirements

The Housing Authority of Hazard has included Community Service Requirement as part of the Residential Lease Agreement in Section IX, aa. The authority developed its "Community Service and Self Sufficiency Policy" as required by law using the Quality Housing and Work Responsibility Act of 1998 as the guide. Written notification to residents was delivered to each tenant outlining requirements and exemption status.

The Housing Authority has an agreement in place with TANF (welfare) agencies for exchange of tenant information to verify compliance. The Housing Authority is administrating the Community Service Program.

Tenants may comply by providing care to the disabled, elderly or children of families that need care, so they can work; volunteering at non-profit organizations, participating in recovery programs, volunteering at public agencies, etc. The partners are the Hazard Nursing Home, Hazard Perry County Housing Development Alliance, Senior Citizens Center, Hazard City Police, PRIDE, Family Youth Services, Hospice, School PTA Meetings, Boy/Girl Scouts, Narcotics Anonymous, Alcoholics Anonymous, A-Anon and Hazard Perry County Community Ministries or any other place considered appropriate by the Executive Director of the Housing Authority of Hazard.
