ii. Executive Summary of the Annual PHA Plan

[24 CFR Part 903.7 9 (r)]

Provide a brief overview of the information in the Annual Plan, including highlights of major initiatives and discretionary policies the PHA has included in the Annual Plan.

The WHA Agency Plan provides a blueprint of goals and objectives mutually established by the WHA Resident Advisory Board and the WHA administration. These goals and objectives will allow the WHA to expand services to its resident population, provide a variety of housing options for its applicants while continuing to operate in a fiscally responsible manner.

The WHA provides over 3,000 units of safe, affordable public housing in twenty-three different developments and 2,000 Section 8 vouchers in neighborhoods throughout the City. The need for decent, safe and affordable housing is growing. This is evidenced by the analysis of the WHA's waiting lists and the information provided in the City of Worcester's Consolidated Plan, the City's Housing Mission and through collaboration with both public and private housing organizations. The WHA is addressing this need by actively working its waiting list, creating admission preferences, developing new and creative programs, providing incentives and in the securing of additional housing vouchers; providing added housing opportunities to its applicants The WHA offers its resident and applicants housing and rent payment options that suit their individual needs. Four developments are designated as senior-only, providing the residents and applicants with neighbors and a community that share similar interests. Other developments are designated for family living with services and opportunities available to create a more enjoyable living environment. As residents and applicant's transition into the workforce, the WHA has developed and implemented rent determination options and income disregards that will aid families as they work towards economic independence.

As operating budgets continue to be cut, the WHA is faced with the challenge of maintaining its present level of services and also providing additional services to its residents with fewer resources. The WHA has been and will continue to be aggressive in its approach in securing additional financing through its grant application processes

and other revenue generating enterprises. The WHA has been successful in the past in securing grant money that assists its residents in their quest for economic and social independence. These grants have provided the WHA with the opportunity to offer its residents a variety of services that will lead to better and more productive lives.

The WHA has been and will continue to work to secure capital improvement funds through the Capital Fund Program. The WHA evaluates its present and projected needs through its annual needs assessment conducted by its Modernization and New Development staff. These funds allow the WHA to upgrade its existing housing stock through exterior and interior renovations, upgrading mechanical systems and also with necessary management improvement funds. The WHA has formed a new non-profit affiliate that will provide the agency with additional opportunities in the development of housing and housing related opportunities for its residents.

In these uncertain times and with budget and funding cutbacks, the WHA is guardedly optimistic that it will fulfill its mission in providing housing opportunities to the people that it serves.

C. Strategy for Addressing Needs

Provide a brief description of the PHA’s strategy for addressing the housing needs of families in the jurisdiction and on the waiting list **IN THE UPCOMING YEAR**, and the Agency’s reasons for choosing this strategy.

Section 8 HCVP - The WHA monitors the ABA with the actual PUC (per unit costs) on a monthly basis to maximize the units under lease. The WHA’s goal is to lease-up 100% of its vouchers without going over their ABA, than spending 100% of their funds to fewer voucher holders. The WHA also works with building a large landlord cliental by providing better customer service and landlord group meetings.

Tenant Selection - The WHA will increase ways to improve the efficiency of screening applications in order to have available qualified applicants for our tenant selection process. As part of our tenant selection process, the WHA will offer available units prior to maintenance release in order to ensure and reduce the number of days a unit is vacant.

Public Housing will utilize all existing resources to most efficiently house waiting applicants. The WHA will maximize occupancy through reduced vacancy turnover days, complete necessary repairs for occupancy and minimize units reserved for services or administration. The agency will closely monitor household size to insure that families are in appropriately sized units and will transfer over housed families,

making existing units available to applicants. The WHA will seek out opportunities to develop or expand its portfolio.
