(1) Amendment and Deviation Definitions

24 CFR Part 903.7(r)

PHAs are required to define and adopt their own standards of substantial deviation from the 5-year Plan and

Significant Amendment to the Annual Plan. The definition of significant amendment is important because it defines when the PHA will subject a change to the policies or activities described in the Annual Plan to full public hearing and HUD review before implementation.

a. Substantial Deviation from the 5-Year Plan

Substantial deviation relates to changes in the annual plan, which causes substantial deviation from the five-year plan. RHA defines substantial deviation as: significant amendments or modifications to the annual plan, which materially impact the goals and objectives of the five-year plan. This would include any changes in the mission statement or a major revision or abandonment of one or more of the goals in the five-year plan. It would not include a delay in the implementation of any particular component caused by business needs or deviations based on emergencies or circumstances out of RHA's control.

b. Significant Amendment or Modification to the Annual Plan

After submitting the five-year plan or annual plan to HUD, RHA may amend or modify any policy, rule, regulation or other aspect of the plan. Each significant amendment or modification to a plan submitted to HUD is subject to the requirements of §§ 903.13, 903.15, and 903.17. If the amendment or modification is a significant amendment or modification, RHA:

- i. May not adopt the amendment or modification until RHA has duly called a meeting of its Board of Commissioners and the meeting, at which the amendment or modification is adopted, is open to the public; and*
- ii. May not implement the amendment or modification until notification of the amendment or modification is provided to HUD and approved by HUD in accordance with HUD's plan review procedures, as provided in § 903.23.*

The following items will be considered as significant amendments or modifications to the annual plan and, accordingly, will require the above process prior to adoption:

- Substantial alterations in rental policy*
- Changes in admissions preferences*
- Additions of non-emergency work items (items not included in the current Annual Statement or Five Year Action Plan) under the Capital Fund*
- Any change with regard to proposed public housing demolition or disposition, designation, conversion activities, or ownership of public housing units.*

Exceptions to these definitions will be made for any of the above that are adopted to reflect changes in HUD regulatory requirements or other mandated regulatory changes such as building codes, health codes, etc.; such changes will not be considered significant amendments by HUD.
