ii. Executive Summary of the Annual PHA Plan

[24 CFR Part 903.7 9 (r)]

Provide a brief overview of the information in the Annual Plan, including highlights of major initiatives and discretionary policies the PHA has included in the Annual Plan.

The Municipal Housing Authority of the City of Utica, New York (UMHA) has prepared this Agency Plan in compliance with the Quality Housing and Work Responsibility Act (QHWRA) of 1998 and related HUD requirements. The plan was developed with the input of residents of public housing and the public. Two meetings of our Resident Advisory Board were held to discuss the plan. The UMHA provided a 45-day public review period and held a public hearing for residents and the public to comment on the draft plan. In addition, the public had an opportunity to submit written comments on the draft plan. Finally, a public hearing was held to gather input on the plan prior to submission to HUD.

The final Agency plan will be available for public review at the Authority's main office. Copies of the final plan will also be available at each development's Management Office and have been provided to the Resident Advisory Board. A copy of the final plan will be available on the UMHA's web page, which is located at www.uticamha.org.

We have adopted the following mission statement to guide the activities of the Municipal Housing Authority of the City of Utica:

The mission of the Municipal Housing Authority of the City of Utica, New York is to provide decent, safe and affordable housing for all low-income residents of Utica through development, management, and sale of housing and related projects and programs.

In an effort to achieve our stated mission, we have established relevant goals and objectives for the Housing Authority's Five-Year Plan for the period 2005 – 2009. Those goals and objectives are listed on pages 1 through 5 of the Five-Year Plan located in the previous section.

Our Annual Plan is based on the premise that if we accomplish our goals and objectives we will be working towards the achievement of our mission. The plans, statements, budget summary, policies, etc. set forth in the Annual Plan all lead towards the accomplishment of our goals and objectives and are consistent with the Consolidated Plan for the City of Utica.

The Municipal Housing Authority of the City of Utica promotes adequate and affordable housing, economic opportunity, and a suitable living environment for the families that we serve, without discrimination.

The Housing Authority continues to meet or exceed established industry standards in the areas of asset management, maintenance, fiscal responsibility and development. We have implemented some innovative programs that have served to further improve our service delivery as a result of asset management.

The ever-decreasing federal funds create obstacles that make strategic planning even more vital if the Authority is to continue in the achievement of its overall mission. Our primary goal is the provision of safe and affordable housing. In partnership with the City of Utica, our HOPE VI Revitalization initiative helps to serve as the catalyst in revitalizing neighborhoods, and improve the condition and availability of affordable housing in the City of Utica. In tandem with other Authority programs, the housing needs of Utica's low-income residents will continue to be addressed.

Following are a few components of our Annual Plan that are either not mentioned elsewhere in the Plan Template or that warrant further reference:

SUMMARY OF POLICY CHANGES

During the annual planning process this year, we have made the following changes to our policies based on changes in statutes and/or HUD regulations that have occurred in the past year.

- ***ADMISSIONS AND CONTINUED OCCUPANCY POLICY:***

The UMHA has amended its ACOP plan to include the Violence Against Women Act provisions.

- ***SECTION 8 PROGRAM ADMINISTRATIVE PLAN:***

Adopted policy alterations honoring the Violence Against Women Act (VAWA).

In addition we are making the following discretionary changes to public housing in response to operating budget regulatory changes:

- ***PUBLIC HOUSING PROPERTY GROUPINGS:***

By resolution of the UMHA Board, public housing subsidized buildings have been grouped into four (4) cost centers. An update to UMHA's transition to site-based management is provided on Page 6 under the heading, "Redesignation of Housing Authority Development Sites."

- **CHILDHOOD LEAD POISONING PREFERENCE**

Childhood lead poisoning has been identified as a critical housing issue facing the City of Utica. A limited supply of lead safe housing exists to provide emergency housing for children with high levels of childhood lead poisoning. Local housing authorities have the right to establish local preferences in connection with the selection of applicants for public housing. Such a preference will assist with community-wide efforts to mitigate childhood lead poisoning in the City of Utica. A local preference giving priority to families with children with high levels of lead poisoning will be incorporated into the UMHA the Admissions and Continued Occupancy Policy. The UMHA will provide notice to the residents and participants in the Authority's programs about this policy change. The UMHA will seek input and guidance from HUD and the local health department before implementing this change.

- **SECTION 8 HOMEOWNERSHIP VOUCHER PROGRAM**

Pending funding availability, the UMHA is planning to develop a Section 8 Homeownership Program designed to assist low-income families to become homeowners.

- **SECTION 8 PROJECT-BASED SUBSIDIES**

In order to ensure the viability of local affordable housing developments, the UMHA is planning to use a portion of its Section 8 vouchers for project-based subsidies.

HOUSING INNOVATION PROGRAMS

- During FY 2008, the UMHA will explore the development and implementation of programs to demonstrate model practices with respect to public housing and Section 8 including but not limited to the Housing Innovation and Moving to Work Programs.

NEW 2008 INITIATIVES

Domestic Violence Requirements

The UMHA will continue with its efforts to be responsive to the needs of victims of domestic violence (VDV) applying for or residing in public housing while balancing the need to manage the availability of a scarce housing resource. Victims of Domestic Violence are provided with a preference for public housing residency. The 2005 Violence Against Women Act has housing implications that may impact UMHA and require additional modifications to our policies and procedures. UMHA must await HUD issuance of effectuating regulations before taking further action.

Funding Shortfalls

UMHA's federal operating subsidy has not been fully funded since FY 2002. Additionally, the national Public Housing Capital Fund allocation continues to decline.

In 1998, Congress mandated that HUD work with the public housing industry to create a new formula for allocating operating subsidies. The final rule on the new formula was issued in September 2005 and HUD guidance was issued in March 2006. The new formula includes a requirement that the UMHA use property-based budgeting, accounting and management (also called "asset management") or be subject to a significant reduction in subsidy.

In order to maintain its financial stability, UMHA will request that HUD provide relief from unfunded mandates such as Community Service, streamline federal rules and regulations, provide relief from nonessential administrative costs and authorize UMHA to combine all federal funding streams (public housing and Section 8) for maximum financial flexibility.

The UMHA has witnessed a decline in the number of its Section 8 vouchers. It will submit proposals to New York State Division of Housing and Community Renewal and other funders to request that unused vouchers be transferred to the UMHA. In addition, it will seek additional funding from HUD to increase its Section 8 funding allocation.

The Housing Authority is considering incorporating a separate tax-exempt nonprofit corporation which can qualify as a recipient of grants, gifts, and contributions. This new corporation is integral to our strategy of increasing funding and diversifying our donor base. The corporation may serve as a conduit for the funding of Housing Authority initiatives and provide opportunities to create new programs and services for local residents. Through this corporation, the Housing Authority management and Board of Commissioners will have a corporate entity in place that can apply for new funding streams from government agencies, foundations, and corporations which normally would not be available to housing authorities.

Limited English Proficiency Requirements

Executive Order 13166, signed on August 11, 2000, directs all federal agencies, including the Department of Housing and Urban Development (HUD), to work to ensure that programs receiving federal financial assistance provide meaningful access to Limited English Proficient (LEP) persons. The UMHA is committed to ensuring compliance with its Limited English Proficiency obligations and is requesting further HUD guidance on this matter.

Expanding Entrepreneurial Capacity

The UMHA is committed to maximizing our effectiveness in achieving our mission by making the best use of our real estate assets, diversifying funding, developing partnerships, expanding our entrepreneurial capabilities and reducing dependence on federal funding. The UMHA will continue to renovate and fully develop our public housing properties to improve management cost-effectiveness and competitiveness in the low-income housing market, strengthen communities and broaden affordable housing options in the City of Utica. We will explore using bonding, tax credits, and other funding mechanisms to revitalize our public housing stock in order to comprehensively address long-term maintenance needs.

During the next fiscal year, the UMHA will undertake revenue generating partnerships, programs and entrepreneurial activities. It will pursue strategic acquisition of residential properties for rehabilitation, repositioning and resale with income restrictions in order to produce revenue for cross-subsidy of low-income housing.

The UMHA will implement fund development strategies to support our resident and community service programs and reduce reliance on federal support of these programs. These programs are vital to our mission of providing affordable housing. Resident service programs foster resident self-sufficiency, increase rent revenue, reduce vandalism costs, and lower tenant turnover.

Section 8 Homeownership Program

The UMHA is planning to administer a Section 8 Homeownership program pursuant to Section 8(y) of the U.S.H.A. of 1937, as implemented by 24 CFR part 982. We are in the process of establishing criteria for participation, including credit worthiness standards, rental history and certain income criteria other than those established by HUD for the Section 8 Program as a whole.

The term of the homeownership voucher will vary according to the needs of the program and the participants as well as available funding levels. The UMHA is planning to serve 25 or fewer participants through the homeownership voucher program. As part of this program, we plan to serve current households enrolled in the

program, public housing residents enrolled in the Homeownership Supportive Services Program, applicant households approved for the UMHA HOPE VI homeownership program, and other target populations. Final implementation of this program is contingent upon funding availability and the local applicant interest.

Homeownership Supportive Services Program

The United States Department of Housing and Urban Development recently awarded funding to the UMHA to implement the Utica Homeownership Supportive Services (HSS) Program to help public housing residents to become homeowners. It will serve a total of 50 participants. Ten homeownership vouchers will be provided on an annual basis to participating households during the three year grant term. The term of each voucher is expected to be three years.

In order to ensure the successful implementation of the Section 8 homeownership program and the Homeownership Supportive Services Program, it is important that UMHA's Section 8 program funding allocation through HUD remains at sufficient levels to support the expansion of the program.

Section 8 Project-Based Subsidies

The U.S. Department of Housing and Urban Development (HUD) allows housing authorities to make available 15% of its Section 8 allocation authority for project based subsidies. These Section 8 project subsidies help ensure that affordable housing developments remain financially viable. By way of this Annual Plan and Board of Commissioners approval, the UMHA is amending its administrative plan to include the provision of Section 8 project-based subsidies. Our Board of Commissioners has approved amending its Section 8 Administrative Plan to include project-based subsidies, the submittal of the revised Section 8 Administrative Plan, and the issuance of a Request for Proposal to housing development organizations. Final implementation of the project-based subsidies initiative is contingent upon funding availability and local market conditions.

SUMMARY OF PROGRAM HIGHLIGHTS

- HOPE VI

In April 2003, the Utica Municipal Housing Authority (UMHA) was approved for a grant of \$11,501,039 from the United States Department of Housing and Urban Development (HUD) to demolish the Washington Courts development and provide replacement rental and homeownership housing.

With the HOPE VI Grant award, the UMHA has relocated all residents of the Washington Courts public housing complex in compliance with all regulatory statutes. The Washington Courts property has been demolished and has been transferred to the

City of Utica for economic development purposes. As of March 1, 2007, a total of 109 rental and 18 homeownership units have been developed. At least an additional 21 homeownership units are planned to be developed.

In March 2007, the UMHA submitted an amended HOPE VI Revitalization Plan to adjust the number of planned homeownership units. HUD approved the Plan on June 25, 2007.

Due to increases in construction costs, it is not feasible to develop the original number of planned units. Instead of creating 194 replacement units, the UMHA requested to develop a total of 149 rental and homeownership units.

Our HOPE VI application called for the development of 24 lease to purchase units. The UMHA has determined that these types of units are not suitable for development in our area because of the low sales prices of existing homes and the length of time needed to transfer these units to homeownership.

The HOPE VI Project consists of the following phases:

Phase I - Kembleton consists of 27 non-ACC rental units which were primarily financed by Low Income Housing Tax Credit (LIHTC) equity through our HOPE VI rental developer, Housing Visions Consultants, Inc. Construction was completed in January 2004. Full occupancy was attained in November 2004.

Phase II - Steuben Village consists of 49 units of residential rental housing which was developed on scattered in-fill sites in the Cornhill neighborhood. All 49 units are LIHTC and 25 are public housing (ACC). The project was completed in December 2004.

Phase III - Rutger Manor consists of 33 units. Eleven buildings were newly constructed and one existing structure was substantially rehabbed. Of the 33 units developed, 21 are to be public housing (ACC) units and 8 HOME units. All units will have Low Income Housing Tax Credits. Construction was completed in December 2006. The closing is expected to be completed by November 2007. Leasing is expected to be completed by December 2007.

Phase IV - Oneida Homes consist of 40 single-family homeownership units constructed within the HOPE VI development area. All the units will be intended for fee-simple sale. To date, 18 homes have been developed. Financing for Phase IV is provided by the Federal Home Loan Bank of New York, the City of Utica HOME Program, New York State Division of Housing and Community Renewal, private bank mortgages and construction loans, homeowner equity, and HOPE VI funds. Oneida Homes consists of four subphases: A – 11 units (completed); B – 8 units (nearing completion); C – 12

units (to be developed); and D- 9 units (to be developed). The precise number of units will be contingent upon final development costs and available financing.

Our original HOPE VI application called for the development over a ten-year period of the Cornhill Commons - a major community asset containing a new elementary school, a community center, and recreational facilities. The UMHA was committed to realizing the Cornhill Commons concept, but had to recognize the financing challenges involved in making it a reality. Although we will continue to support efforts of the Utica City School District, the Cosmopolitan Center, and St. Paul's Baptist Church to establish a hub for community activity, we concur with HUD that our major priority should be to meet HOPE VI housing production unit goals. Therefore, the UMHA shall undertake only those activities related to housing production.

- ***RE-DESIGNATION OF HOUSING AUTHORITY DEVELOPMENT SITES:***

The Utica Municipal Housing Authority has started the transition to Site Based Asset Management. The Authority's existing developments have been re-designated to become a cluster of four (4) property groups for the purposes of project-based accounting and management. The decision on which developments to group together was based on the following factors: Location (contiguous sites); elderly sites versus family sites; HOPE VI/Mixed-Finance development, etc.

In terms of financial management, UMHA's income/expense ledger have been broken down for each development. UMHA's goal is to create a breakdown of its balance sheet for each development.

In Phase I of the transition to asset management, maintenance supervisory personnel have each been assigned to a specific property group. Each has been assigned the responsibility, and the authority to carry out that responsibility, for the direct accountability of the maintenance of that property group.

In 2006, materials inventory have been moved from UMHA's central warehouse to individual warehouses at each site.

Phase II will transition in site management functions. When fully implemented, there will be one Asset Manager for public housing. That position will be charged with the responsibility and accountability for the property management services of all property groups. Supporting management staff will have an increased level of responsibility including supervision of site maintenance, security and related management functions.

In October 2007, the UMHA has submitted a Stop Loss package to HUD to ensure compliance with HUD asset based management requirements. This Annual Plan submission includes administrative action to improve the quality of life of residents in

all housing units through effective asset based management practices. In order to accomplish this transition to asset-based management, up to 8 additional positions are authorized at the discretion of the Executive Director.

- ***REPLACEMENT HOUSING FACTOR FUNDS:***

The UMHA continues to use Replacement Housing Factor Funds (RHF) for the purpose of developing single-family fee simple homes as outlined in the Authority's Section 32 Homeownership Plan (Section 32 of the USHA of 1937 enabling legislation). Homes are sold to income eligible public housing and non-public housing residents.

First and Second Increment funding enabled the construction of two homes in Cornhill and one home in East Utica. Third Increment funding as well as City of Utica HOME funding assisted in the financing of the construction of eight homes in West Utica.

As funds permit, future plans include construction of additional single-family homes in the City of Utica. The UMHA intends to use program income generated from the mortgage proceeds of the homes developed using First, Second, and Third Increments to construct additional homes for low-income families. In the event that new RHF funds are made available the UMHA will seek to develop rental and homeownership housing units for low-income residents.

- ***OTHER HOUSING PROGRAMS:***

Through funding provided by the New York State Division of Housing & Community Renewal, UMHA has acquired a property at 819 Hamilton Street, Utica, consisting of nine (9) studio apartments. The Authority is in the process of renovating the units. Project-Based Housing Choice vouchers are provided by Mohawk Valley Community Action, Inc. to ensure that the project has a consistent rent stream. Units will be targeted to households with incomes below 60% of area median income.

The New York State Housing Trust Fund Corporation has granted permission to the UMHA to end its mortgage and regulatory agreement commitment in connection with the property located at 164-166 Eagle Street, Utica. This will enable the Authority to either demolish this vacant six-unit apartment building or transfer it to another entity. The regulatory agreement obligations will be transferred to a HOPE VI affordable housing site.

The Utica Municipal Housing Authority and its nonprofit developer has received funding from the County of Oneida, Empire State Development, and the New York State Division of Housing and Community Renewal to implement a home improvement program targeted to the residents of the HOPE VI Target Area. This

program will safeguard the public investment in the HOPE VI program by ensuring that adjacent properties are improved and maintained.

The UMHA and its partner agency – Rebuild Mohawk Valley, Inc. – will seek new funding in 2007 and 2008 to develop new affordable housing and community development programs including but not limited to rental, homeownership, and home improvement.

- ***ENERGY PERFORMANCE CONTRACTING:***

On January 27, 2006 the Municipal Housing Authority of the City of Utica received preliminary approval from the U.S. Department of Housing & Urban Development (HUD) to perform over three (3) million dollars in energy conservation measures Authority wide. This agreement if executed would conserve \$315, 550 a year in energy costs. Additionally, this agreement would benefit the Authority financially by approximately \$1,891,504 in cost avoidance and shared energy savings.

The Authority Board of Commissioner's approval to proceed with the Energy Performance Contract work is contingent upon final approval by HUD. The Authority has selected an architectural/engineering firm for design, bidding and implementation services. The physical work may commence as soon as autumn 2007 with completion of all work occurring in approximately 18 to 24 months.

1. Statement of Housing Needs

[24 CFR Part 903.7 9 (a)]

A. Housing Needs of Families in the Jurisdiction/s Served by the PHA

Based upon the information contained in the Consolidated Plan/s applicable to the jurisdiction, and/or other data available to the PHA, provide a statement of the housing needs in the jurisdiction by completing the following table. In the "Overall" Needs column, provide the estimated number of renter families that have housing needs. For the remaining characteristics, rate the impact of that factor on the housing needs for each family type, from 1 to 5, with 1 being "no impact" and 5 being "severe impact." Use N/A to indicate that no information is available upon which the PHA can make this assessment.

Housing Needs of Families in the Jurisdiction by Family Type							
Family Type	Overall	Afford-ability	Supply	Quality	Access-ibility	Size	Loca-tion
Income <= 30% of AMI	3,334	5	5	4	4	4	3
Income >30% but <=50% of AMI	1,755	4	4	3	4	4	4
Income >50% but <80% of AMI	466	3	4	2	3	3	3
Elderly	1,200	4	2	2	3	3	3
Families with Disabilities	1,985	4	4	3	5	3	4

C. Strategy for Addressing Needs

Provide a brief description of the PHA's strategy for addressing the housing needs of families in the jurisdiction and on the waiting list **IN THE UPCOMING YEAR**, and the Agency's reasons for choosing this strategy.

(1) Strategies

Need: Shortage of affordable housing for all eligible populations

Strategy 1. Maximize the number of affordable units available to the PHA within its current resources by:

Select all that apply

- Employ effective maintenance and management policies to minimize the number of public housing units off-line
- Reduce turnover time for vacated public housing units
- Reduce time to renovate public housing units
- Seek replacement of public housing units lost to the inventory through mixed finance development
- Seek replacement of public housing units lost to the inventory through section 8 replacement housing resources
- Maintain or increase section 8 lease-up rates by establishing payment standards that will enable families to rent throughout the jurisdiction
- Undertake measures to ensure access to affordable housing among families assisted by the PHA, regardless of unit size required
- Maintain or increase section 8 lease-up rates by marketing the program to owners, particularly those outside of areas of minority and poverty concentration
- Maintain or increase section 8 lease-up rates by effectively screening Section 8 applicants to increase owner acceptance of program
- Participate in the Consolidated Plan development process to ensure coordination with broader community strategies
- Other (list below)

1. Develop Section 8 Homeownership Voucher Programs.
2. Create a Section 8 Project-Based Subsidies Program

Strategy 2: Increase the number of affordable housing units by:

Select all that apply

- Apply for additional section 8 units should they become available
- Leverage affordable housing resources in the community through the creation of mixed - finance housing

- Pursue housing resources other than public housing or Section 8 tenant-based assistance.
- Other: (list below)

Need: Specific Family Types: Families at or below 30% of median

Strategy 1: Target available assistance to families at or below 30 % of AMI

Select all that apply

- Exceed HUD federal targeting requirements for families at or below 30% of AMI in public housing
- Exceed HUD federal targeting requirements for families at or below 30% of AMI in tenant-based section 8 assistance
- Employ admissions preferences aimed at families with economic hardships
- Adopt rent policies to support and encourage work
- Other: (list below)

Use targeting requirements to reach very low-income, homeless, and disabled households in connection with HOPE VI development.

Need: Specific Family Types: Families at or below 50% of median

Strategy 1: Target available assistance to families at or below 50% of AMI

Select all that apply

- Employ admissions preferences aimed at families who are working
- Adopt rent policies to support and encourage work
- Other: (list below)

Need: Specific Family Types: The Elderly

Strategy 1: Target available assistance to the elderly:

Select all that apply

- Seek designation of public housing for the elderly
- Apply for special-purpose vouchers targeted to the elderly, should they become available
- Other: (list below)

Need: Specific Family Types: Families with Disabilities

Strategy 1: Target available assistance to Families with Disabilities:

Select all that apply

- Seek designation of public housing for families with disabilities Carry out the modifications needed in public housing based on the section 504 Needs Assessment for Public Housing
- Apply for special-purpose vouchers targeted to families with disabilities, should they become available
- Affirmatively market to local non-profit agencies that assist families with disabilities
- Other: (list below)

1. Apply for funding to develop special needs housing.

Need: Specific Family Types: Races or ethnicities with disproportionate housing needs

Strategy 1: Increase awareness of PHA resources among families of races and ethnicities with disproportionate needs:

Select if applicable

- Affirmatively market to races/ethnicities shown to have disproportionate housing needs
- Other: (list below)

Strategy 2: Conduct activities to affirmatively further fair housing

Select all that apply

- Counsel section 8 tenants as to location of units outside of areas of poverty or minority concentration and assist them to locate those units
- Market the section 8 program to owners outside of areas of poverty /minority concentrations
- Other: (list below) The UMHA conducts marketing targeted to Utica's large refugee population and requests resident referrals from the local refugee assistance organization.

Other Housing Needs & Strategies: (list needs and strategies below)

(2) Reasons for Selecting Strategies

Of the factors listed below, select all that influenced the PHA's selection of the strategies it will pursue:

- Funding constraints
- Staffing constraints
- Limited availability of sites for assisted housing
- Extent to which particular housing needs are met by other organizations in the community

- Evidence of housing needs as demonstrated in the Consolidated Plan and other information available to the PHA
- Influence of the housing market on PHA programs
- Community priorities regarding housing assistance
- Results of consultation with local or state government
- Results of consultation with residents and the Resident Advisory Board
- Results of consultation with advocacy groups
- Other: (list below)

2. Statement of Financial Resources

[24 CFR Part 903.7 9 (b)]

List the financial resources that are anticipated to be available to the PHA for the support of Federal public housing and tenant-based Section 8 assistance programs administered by the PHA during the Plan year. Note: the table assumes that Federal public housing or tenant based Section 8 assistance grant funds are expended on eligible purposes; therefore, uses of these funds need not be stated. For other funds, indicate the use for those funds as one of the following categories: public housing operations, public housing capital improvements, public housing safety/security, public housing supportive services, Section 8 tenant-based assistance, Section 8 supportive services or other.

Exemptions: PHAs that do not administer public housing are not required to complete subcomponent 3A.

(1) Eligibility

a. When does the PHA verify eligibility for admission to public housing? (select all that apply)

- When families are within a certain number of being offered a unit: (state number)
- When families are within a certain time of being offered a unit: (state time)
- Other: (describe)

When families are nearing the top of the waiting list.

b. Which non-income (screening) factors does the PHA use to establish eligibility for admission to public housing (select all that apply)?

- Criminal or Drug-related activity
- Rental history
- Housekeeping
- Other (describe)

Section 8.3 of our adopted Admissions and Continued Occupancy Policy discusses factors of suitability (criminal background, credit check, rental history, etc.).

- c. Yes No: Does the PHA request criminal records from local law enforcement agencies for screening purposes?
- d. Yes No: Does the PHA request criminal records from State law enforcement agencies for screening purposes?

- e. Yes No: Does the PHA access FBI criminal records from the FBI for screening purposes? (either directly or through an NCIC-authorized source)

(2) Waiting List Organization

- a. Which methods does the PHA plan to use to organize its public housing waiting list (select all that apply)

- Community-wide list
 Sub-jurisdictional lists
 Site-based waiting lists
 Other (describe)

- b. Where may interested persons apply for admission to public housing?

- PHA main administrative office
 PHA development site management office
 Other (list below)

- c. If the PHA plans to operate one or more site-based waiting lists in the coming year, answer each of the following questions; if not, skip to subsection **(3) Assignment**

1. How many site-based waiting lists will the PHA operate in the coming year? **8**

2. Yes No: Are any or all of the PHA's site-based waiting lists new for the upcoming year (that is, they are not part of a previously-HUD-approved site based waiting list plan)?
If yes, how many lists?

3. Yes No: May families be on more than one list simultaneously
If yes, how many lists? **8**

4. Where can interested persons obtain more information about and sign up to be on the site-based waiting lists (select all that apply)?

- PHA main administrative office
 All PHA development management offices
 Management offices at developments with site-based waiting lists
 At the development to which they would like to apply
 Other (list below)

(3) Assignment

a. How many vacant unit choices are applicants ordinarily given before they fall to the bottom of or are removed from the waiting list? (select one)

- One
 Two
 Three or More

b. Yes No: Is this policy consistent across all waiting list types?

c. If answer to b is no, list variations for any other than the primary public housing waiting list/s for the PHA:

(4) Admissions Preferences

a. Income targeting:

Yes No: Does the PHA plan to exceed the federal targeting requirements by targeting more than 40% of all new admissions to public housing to families at or below 30% of median area income?

b. Transfer policies:

In what circumstances will transfers take precedence over new admissions? (list below)

- Emergencies
 Overhoused
 Underhoused
 Medical justification
 Administrative reasons determined by the PHA (e.g., to permit modernization work)
 Resident choice: (state circumstances below)
 Other: (list below)

c. Preferences

1. Yes No: Has the PHA established preferences for admission to public housing (other than date and time of application)? (If "no" is selected, skip to subsection **(5) Occupancy**)

2. Which of the following admission preferences does the PHA plan to employ in the coming year? (select all that apply from either former Federal preferences or other preferences)

Former Federal preferences:

- Involuntary Displacement (Disaster, Government Action, Action of Housing Owner, Inaccessibility, Property Disposition)
 Victims of domestic violence

- Substandard housing
- Homelessness
- High rent burden (rent is > 50 percent of income)

Other preferences: (select below)

- Working families and those unable to work because of age or disability
- Veterans and veterans' families
- Residents who live and/or work in the jurisdiction
- Those enrolled currently in educational, training, or upward mobility programs
- Households that contribute to meeting income goals (broad range of incomes)
- Households that contribute to meeting income requirements (targeting)
- Those previously enrolled in educational, training, or upward mobility programs
- Victims of reprisals or hate crimes
- Other preference(s) (list below)

Households impacted by childhood lead poisoning (e.g., children with lead levels equal to or greater than 20 micrograms per deciliter, children admitted for chelation therapy) who are in need of immediate housing

3. If the PHA will employ admissions preferences, please prioritize by placing a "1" in the space that represents your first priority, a "2" in the box representing your second priority, and so on. If you give equal weight to one or more of these choices (either through an absolute hierarchy or through a point system), place the same number next to each. That means you can use "1" more than once, "2" more than once, etc.

Date and Time

Former Federal preferences:

- 1 Involuntary Displacement (Disaster, Government Action, Action of Housing Owner, Inaccessibility, Property Disposition)
- 2 Victims of domestic violence
Substandard housing
Homelessness
High rent burden

Other preferences (select all that apply)

- Working families and those unable to work because of age or disability

- Other preference(s) (list below)

3 Households impacted by childhood lead poisoning (e.g., children with lead levels equal to or greater than 20 micrograms per deciliter, children admitted for chelation therapy) who are in need of immediate housing

4. Relationship of preferences to income targeting requirements:

- The PHA applies preferences within income tiers
- Not applicable: the pool of applicant families ensures that the PHA will meet income targeting requirements

(5) Occupancy

a. What reference materials can applicants and residents use to obtain information about the rules of occupancy of public housing (select all that apply)

- The PHA-resident lease
- The PHA's Admissions and (Continued) Occupancy policy
- PHA briefing seminars or written materials
- Other source (list)

b. How often must residents notify the PHA of changes in family composition? (select all that apply)

- At an annual reexamination and lease renewal
- Any time family composition changes
- At family request for revision
- Other (list)

(6) Deconcentration and Income Mixing

(Per PIH 2001-4 and other HUD guidance, the following questions replace the former ones in the Agency Plan template. Rather than adding this as an additional attachment, the Municipal Housing Authority of the City of Utica, New York has deleted the former questions and inserted the current questions from the HUD website)

- a. Yes No: Did the PHA's analysis of its family (general occupancy) developments to determine concentrations of poverty indicate the

need for measures to promote deconcentration of poverty or income mixing?

b. Yes No: Did the PHA adopt any changes to its **admissions policies** based on the results of the required analysis of the need to promote deconcentration of poverty or to assure income mixing?

c. If the answer to b was yes, what changes were adopted? (select all that apply)

Adoption of site-based waiting lists
If selected, list targeted developments below:

Employing waiting list “skipping” to achieve deconcentration of poverty or income mixing goals at targeted developments
If selected, list targeted developments below:

Employing new admission preferences at targeted developments
If selected, list targeted developments below:

Other (list policies and developments targeted below)

d. Yes No: Did the PHA adopt any changes to **other** policies based on the results of the required analysis of the need for deconcentration of poverty and income mixing?

e. If the answer to d was yes, how would you describe these changes? (select all that apply)

- Additional affirmative marketing
- Actions to improve the marketability of certain developments
- Adoption or adjustment of ceiling rents for certain developments
- Adoption of rent incentives to encourage deconcentration of poverty and income-mixing
- Other (list below)

f. Based on the results of the required analysis, in which developments will the PHA make special efforts to attract or retain higher-income families? (select all that apply)

- Not applicable: results of analysis did not indicate a need for such efforts
- List (any applicable) developments below:

g. Based on the results of the required analysis, in which developments will the PHA make special efforts to assure access for lower-income families? (select all that apply)

- Not applicable: results of analysis did not indicate a need for such efforts
- List (any applicable) developments below:

Deconcentration Policy for Covered Developments			
Development Name:	Number of Units	Explanation (if any) [see step 4 at §903.2(c)(1)(iv)]	Deconcentration policy (if no explanation) [see step 5 at §903.2(c)(1)(v)]
NY 006-1	85 Occupied	See Below	N/A
NY 006-3	7 Occupied	See Below	N/A

Explanation:

The Deconcentration analysis was conducted on February 8, 2006. The current Median Family Income for Oneida County, New York is \$51,400. Thirty (30) percent of the Median Family Income is \$15,420.

The Deconcentration analysis indicated that two developments have income ranges outside of the Established Income Range (EIR) of 85% to 115%:

NY 006-1, Adrean Terrace, has an income range that is above the EIR. However, HUD regulations provide that any development that has an average income of less than 30% of the Area Median Income (AMI) is exempt from Deconcentration and Income Mixing requirements. When the Housing Authority applies the Analysis Based on Bedroom Adjustment Factors, this development is below 30% AMI.

NY 006-3, Duplex Homes, has an income range that is above the EIR. However, HUD regulations provide that any development that has an average income of less than 30% of the Area Median Income (AMI) is exempt from Deconcentration and Income Mixing requirements. When the Housing Authority applies the Analysis Based on Bedroom Adjustment Factors, this development is below 30% AMI.

Further, per the regulations at 903.2 (c) (1) (iv) in the December 22, 2000 Final Rule, a PHA may explain or justify an income profile outside of the EIR. For reasons of this development's size (*small – Has less than 10 units*), and configuration (*scattered site*), this development is exempt.

All other covered developments are within the acceptable EIR and are below 30% of the Median Income for Oneida County, NY.

As a result, the Housing Authority is currently exempt from Deconcentration and Income Mixing requirements.

Documentation of the required deconcentration and income mixing analysis is a Supporting Document to the Annual Plan.

B. Section 8

Exemptions: PHAs that do not administer section 8 are not required to complete sub-component 3B. **Unless otherwise specified, all questions in this section apply only to the tenant-based section 8 assistance program (vouchers, and until completely merged into the voucher program, certificates).**

(1) Eligibility

- a. What is the extent of screening conducted by the PHA? (select all that apply)
- Criminal or drug-related activity only to the extent required by law or regulation
 - Criminal and drug-related activity, more extensively than required by law or regulation
 - More general screening than criminal and drug-related activity (list factors below)
 - Other (list below)
- b. Yes No: Does the PHA request criminal records from local law enforcement agencies for screening purposes?
- c. Yes No: Does the PHA request criminal records from State law enforcement agencies for screening purposes?

4. Among applicants on the waiting list with equal preference status, how are applicants selected? (select one)

- Date and time of application
- Drawing (lottery) or other random choice technique

5. If the PHA plans to employ preferences for "residents who live and/or work in the jurisdiction" (select one)

- This preference has previously been reviewed and approved by HUD
- The PHA requests approval for this preference through this PHA Plan

6. Relationship of preferences to income targeting requirements: (select one)

- The PHA applies preferences within income tiers
- Not applicable: the pool of applicant families ensures that the PHA will meet income targeting requirements

(5) Special Purpose Section 8 Assistance Programs –

a. In which documents or other reference materials are the policies governing eligibility, selection, and admissions to any special-purpose section 8 program administered by the PHA contained? (select all that apply)

- The Section 8 Administrative Plan

- Briefing sessions and written materials
 Other (list below)

b. How does the PHA announce the availability of any special-purpose section 8 programs to the public?

- Through published notices
 Other (list below)

The UMHA is proposing to use no more than 15% of its vouchers in connection with project-based programs. A Request for Proposal will be issued to select project-based programs. Assistance will be targeted to those projects serving the HOPE VI Target Area. The use of Section 8 project-based vouchers is vital to maintaining the financial health of affordable housing developments and ensuring that residents with the greatest housing needs are provided with decent and sanitary housing.

4. PHA Rent Determination Policies

Note: On August 9, 2006, the UMHA submitted to the HUD Special Applications Center a Section 32 Homeownership Plan to sell six new construction public housing units to income eligible public housing and non-public housing residents. All the units are owner occupied, fee simple title, single family homes. None of the units have been previously occupied. The HUD Second Increment Replacement Housing Factor Program provided construction and permanent financing for this project. Construction was completed in January 2007. Utilizing City of Utica HOME funds, two additional single family units were built for purchase as part of this development. The HOME funding helped the UMHA meet RHF match requirements. A total of 8 units were developed through the Second Increment Replacement Housing Factor project. Pending funding availability, the UMHA plans to build one to four homeownership units using program income from the sale of the first eight homes. The precise number of units will be contingent upon funding availability. Construction on these units is planned to commence in 2007/2008. If necessary, a separate Section 32 term sheet will be submitted in connection with the sale of these additional units.

NOTE: The Housing Authority's HOPE VI project includes an annual homeownership production program called Oneida Homes. It is anticipated that a total of up to 40 homes will be developed through this initiative during the HOPE VI grant term. The homes will be sold to low-income homebuyers. To date, 18 homes have been developed. Financing for Phase IV is provided by the Federal Home Loan Bank

of New York, the City of Utica HOME Program, New York State Division of Housing and Community Renewal, private bank mortgages and construction loans, homeowner equity, and HOPE VI funds. Oneida Homes consists of four subphases: A – 11 units (completed); B – 8 units (nearing completion); C – 12 units; and D- 9 units. The precise number of units to be developed will be contingent upon final construction/development costs as well as remaining financing. Additional units may be developed depending upon availability of funding. HUD has approved the HOPE VI Revitalization Plan to adjust the homeownership production schedule.

The Utica Municipal Housing Authority is considering submitting a Homeownership Plan in connection with the development of a homeownership voucher program targeted to former Washington Courts residents as well as HOPE VI Target area residents. The program will use the Authority’s Section 8 vouchers to reach low-income households interested in purchasing a home, but who do not meet conventional mortgage underwriting criteria.

B. Section 8 Tenant Based Assistance

1. Yes No: Does the PHA plan to administer a Section 8 Homeownership program pursuant to Section 8(y) of the U.S.H.A. of 1937, as implemented by 24 CFR part 982? (If “No”, skip to component 12; if “yes”, describe each program using the table below (copy and complete questions for each program identified), unless the

PHA is eligible to complete a streamlined submission due to high performer status. **High performing PHAs** may skip to component 12.)

2. Program Description:

a. Size of Program

Yes No: Will the PHA limit the number of families participating in the section 8 homeownership option?

If the answer to the question above was yes, which statement best describes the number of participants? (select one)

- 25 or fewer participants
 26 - 50 participants
 51 to 100 participants
 more than 100 participants

b. PHA-established eligibility criteria

Yes No: Will the PHA's program have eligibility criteria for participation in its Section 8 Homeownership Option program in addition to HUD criteria?

If yes, list criteria below:

We are in the process of establishing criteria for participation, including credit worthiness standards, rental history and certain income criteria other than those established by HUD for the Section 8 Program as a whole. As part of this program, we plan to serve current households enrolled in the program, public housing residents enrolled in the Homeownership Supportive Services Program, and applicant households approved for the UMHA HOPE VI homeownership program.

The term of the homeownership voucher will vary according to the needs of the program and participant as well as available funding levels.

NOTE: The UMHA was awarded a grant of \$250,000 from the United States Department of Housing and Urban Development to establish the Utica Homeownership Supportive Services (HSS) Program to help residents of our public housing projects to become homeowners. In partnership with local financial institutions, and other community and faith-based organizations, UMHA will offer provide coordinated outreach resident assessment, homeownership training, individual savings accounts, homeownership vouchers, supportive services, and on-going participant monitoring.

The project will target populations such as HOPE VI residents, immigrants, persons with limited English proficiency, minorities, and the disabled. Services will be

tailored to meet the individual needs of residents. Resident recruitment will be on-going through the life of the grant. It will serve a total of 50 participants. Ten homeownership vouchers will be provided on an annual basis to participating households during the three year grant term.

We planned to make Homeownership Vouchers available on an annual basis to 10 eligible families who successfully complete training under this program. The term of each voucher is expected to be three years. However, due to cuts in Section 8 voucher authority, we may not be able to make these vouchers available. The UMHA is exploring the possibility of securing additional vouchers from agencies with unused voucher authority or entering into Memorandum of Agreement with other Section 8 agencies to make their vouchers available to our residents. In addition, we are making a concerted effort to market and sell homes developed through the HOPE VI and Replacement Housing Factor Programs to public housing residents. These homes have deep subsidies included in the financing which help to make the homes affordable to our residents. These subsidies effectively serve the same purpose as a Section 8 homeownership voucher.

In addition to the Homeownership Supportive Service Program targeted to public housing residents, the UMHA is planning to develop a homeownership voucher program targeted to current voucher recipients as well as households approved for the HOPE VI homeownership program. This voucher program will be targeted to low-income families who are former residents of the Washington Courts housing complex, residents of the HOPE VI Target Area, and other residents in need of homeownership assistance. Families will need to complete homeownership training as well as family self-sufficiency program goals, but do not have to be current voucher holders to participate in the program.

C. Statement of Consistency with the Consolidated Plan

For each applicable Consolidated Plan, make the following statement (copy questions as many times as necessary).

1. Consolidated Plan jurisdiction: (provide name here) **The City of Utica, an Entitlement City.**
2. The PHA has taken the following steps to ensure consistency of this PHA Plan with the Consolidated Plan for the jurisdiction: (select all that apply)
 - The PHA has based its statement of needs of families in the jurisdiction on the needs expressed in the Consolidated Plan/s.
 - The PHA has participated in any consultation process organized and offered by the Consolidated Plan agency in the development of the Consolidated Plan.
 - The PHA has consulted with the Consolidated Plan agency during the development of this PHA Plan.
 - Activities to be undertaken by the PHA in the coming year are consistent with the initiatives contained in the Consolidated Plan. (list below)

Other: (list below)

4. The Consolidated Plan of the jurisdiction supports the PHA Plan with the following actions and commitments: (describe below)

The City of Utica is a major partner in the HOPE VI project. It provides match funding through its HOME and CDBG allocations for housing development activities, infrastructure improvements, community policing, codes enforcement, and other activities to ensure the success of HOPE VI redevelopment activities.

D. Other Information Required by HUD

Use this section to provide any additional information requested by HUD.

The final Agency Plan Rule contains a requirement in 24 CFR 903.7^(b) that agency plans contain a locally derived definition of “substantial deviation” and “significant amendment or modification.”

The Housing Authority of the City of Utica has adopted a definition of substantial deviation and significant amendment or modification:

A. Substantial Deviation from the 5-year Plan:

A substantial deviation from the 5-year Plan occurs when the Board of Commissioners decides that it wants to change the mission statement, goals or objectives of the 5-year plan.

B. Significant Amendment or Modification to the Annual Plan:

Significant amendments or modifications to the Annual Plan are defined as discretionary changes in the plans or policies of the housing authority that fundamentally change the plans of the agency and which require formal approval of the Board of Commissioners.

Municipal Housing Authority of the City of Utica

Annual Plan

Fiscal Year 01/01/2008 – 12/31/2008

Deconcentration Policy

DECONCENTRATION POLICY

It is the Municipal Housing Authority of the City of Utica's policy to provide for deconcentration of poverty and encourage income mixing by bringing higher income families into lower income developments and lower income families into higher income developments. Toward this end, we will skip families on the waiting list to reach other families with a lower or higher income. We will accomplish this in a uniform and non-discriminating manner.

The Municipal Housing Authority of the City of Utica will affirmatively market our housing to all eligible income groups. Lower income residents will not be steered toward lower income developments and higher income people will not be steered toward higher income developments.

Prior to the beginning of each fiscal year, we will analyze the income levels of families residing in each of our developments, and the income levels of the families on the waiting list. Based on this analysis, we will determine the level of marketing strategies and deconcentration incentives to implement.

DECONCENTRATION INCENTIVES

The Municipal Housing Authority of the City of Utica may offer one or more incentives to encourage applicant families whose income classification would help to meet the deconcentration goals of a particular development.

Various incentives may be used at different times, or under different conditions, but will always be provided in a consistent and nondiscriminatory manner.

OFFER OF A UNIT

When the Municipal Housing Authority of the City of Utica discovers that a unit will become available, we will contact the first family on the waiting list who has the highest

priority for this type of unit or development and whose income category would help to meet the deconcentration goal and/or the income targeting goal.

The Municipal Housing Authority of the City of Utica will contact the family first by telephone to make the unit offer. If the family cannot be reached by telephone, the family will be notified of a unit offer via first class mail. The family will be given five (5) business days from the date the family was contacted by telephone or from the date the letter was mailed to contact the Housing Authority of the City of Utica regarding the offer.

The family will be offered the opportunity to view the unit. After the opportunity to view the unit, the family will have two (2) business days to accept or reject the unit. This verbal offer and the family's decision must be documented in the tenant file. If the family rejects the offer of the unit, the Municipal Housing Authority of the City of Utica will send the family a letter documenting the offer and the rejection.

REJECTION OF UNIT

If in making the offer to the family the Municipal Housing Authority of the City of Utica skipped over other families on the waiting list in order to meet their deconcentration goal or offered the family any other deconcentration incentive and the family rejects the unit, the family will not lose their place on the waiting list and will not be otherwise penalized.

If the Municipal Housing Authority of the City of Utica did not skip over other families on the waiting list to reach this family, did not offer any other deconcentration incentive, and the family rejects the unit without good cause, the family will forfeit their application's date and time. The family will keep their preferences, but the date and time of application will be changed to the date and time the unit was rejected.

If the family rejects with good cause any unit offered, they will not lose their place on the waiting list. Good cause includes reasons related to health, proximity to work, school, and childcare (for those working or going to school). The family will be offered the right to an informal review of the decision to alter their application status.

ACCEPTANCE OF UNIT

The family will be required to sign a lease that will become effective no later than three (3) business days after the date of acceptance or the business day after the day the unit becomes available, whichever is later.

Prior to signing the lease, all families (head of household) and other adult family members will be required to attend the Lease and Occupancy Orientation when they are initially accepted for occupancy. The family will not be housed if they have not attended the orientation. Applicants who provide prior notice of an inability to attend the orientation will be rescheduled. Failure of an applicant to attend the orientation, without good cause, may result in the cancellation of the occupancy process.

The applicant will be provided a copy of the lease, the grievance procedure, utility allowances, utility charges, the current schedule of routine maintenance charges, tenant handbook, and a request for reasonable accommodation form. These documents will be explained in detail. The applicant will sign a certification that they have received these documents and that they have reviewed them with Housing Authority personnel. The certification will be filed in the resident's file.

The signing of the lease and the review of financial information are to be privately handled. The head of household and all adult family members will be required to execute the lease prior to admission. One executed copy of the lease will be furnished to the head of household and the Municipal Housing Authority of the City of Utica will retain the original executed lease in the resident's file. A copy of the grievance procedure will be attached to the resident's copy of the lease.

(This Deconcentration policy is an extract of Section 10.4 through 10.8 of the Housing Authority's adopted Admissions and Continued Occupancy Policy.)

Municipal Housing Authority of the City of Utica

Annual Plan

Fiscal Year 01/01/2008 – 12/31/2008

Implementation of Public Housing Resident Community Service Requirements

The administrative steps that we will take to implement the Community Service Requirements include the following:

1. Development of Written Description of Community Service Requirement:

The Municipal Housing Authority of the City of Utica has a written developed policy of Community Service Requirements as a part of the Admissions and Continued Occupancy Policy and has completed the required Resident Advisory Board review and public comment period.

2. Scheduled Changes in Leases:

The Municipal Housing Authority of the City of Utica has made the necessary changes to the lease and has completed the required Resident Advisory Board review and public comment period.

3. Written Notification to Residents of Exempt Status to each Adult Family Member:

The Municipal Housing Authority of the City of Utica will notify residents at the time of their recertification.

4. Cooperative Agreements with TANF Agencies:

The Municipal Housing Authority of the City of Utica has a Cooperative Agreement with the TANF Agency (Oneida County Department of Social Services).

5. Programmatic Aspects:

Community service includes performing work or duties in the public benefit that serve to improve the quality of life and/or enhance resident self-sufficiency, and/or increase the self-responsibility of the resident within the community.

An economic self-sufficiency program is one that is designed to encourage, assist, train or facilitate the economic independence of participants and their families or to provide work for participants. These programs may include programs for job training, work placement, basic skills training, education, English proficiency, work fare, financial or household management, apprenticeship, and any program necessary to ready a participant to work (such as substance abuse or mental health treatment).

The Municipal Housing Authority of the City of Utica will coordinate with social service agencies, local schools, and the Human Resources Office in identifying a list of volunteer community service positions.

Together with the Resident Advisory Board, the Municipal Housing Authority of the City of Utica may create volunteer positions such as litter patrols and supervising and record keeping for volunteers.

Pet Policy Statement

The Municipal Housing Authority of the City of Utica allows for pet ownership in its developments with the written pre-approval of the Housing Authority.

The Municipal Housing Authority of the City of Utica adopts the following reasonable requirements as part of the Pet Policy:

1. Residents are responsible for any damage caused by their pets, including the cost of fumigating or cleaning their units.
2. In exchange for this right, resident assumes full responsibility and liability for the pet and agrees to hold the Municipal Housing Authority of the City of Utica harmless from any claims caused by an action or inaction of the pet.
3. Residents must have the prior written approval of the Housing Authority before moving a pet into their unit.
4. Residents must request approval on the Authorization for Pet Ownership Form that must be fully completed before the Housing Authority will approve the request.
5. Residents must give the Housing Authority a picture of the pet so it can be identified if it is running loose.
6. A pet deposit of \$350 is required at the time of registering a pet.
7. The Municipal Housing Authority of the City of Utica will allow only common household pets. This means only domesticated animals such as a dog, cat, bird, rodent (including a rabbit), fish in aquariums or a turtle will be allowed in units. Common household pets do not include reptiles (except turtles).

All dogs and cats must be spayed (female) or neutered (male) before they become six months old. A licensed veterinarian must verify this fact.

Only one pet per unit will be allowed according to this schedule.

Any animal deemed to be potentially harmful to the health or safety of others, including attack or fight-trained dogs, will not be allowed (Rottweilers, Pit Bulls, Dobermans, Chows)

No animal may exceed forty (40) pounds in weight projected to full adult size.

8. Dogs and cats must be kept on a lease accompanied by the owner at all times when outside the unit. Pets are not to be left outside by themselves.
9. No guests are allowed to bring pets on community premises (no pet sitting).
10. Pets shall not be permitted in any common areas within the buildings except when directly leaving and entering the building.
11. Before acquiring a pet, the resident must also provide the Project Manager with a notarized statement signed by the resident and his representative who will be responsible for the care of the residents' pet in case of the residents' illness, hospitalization, death or other emergency.
12. In order to be registered, pets must be appropriately inoculated against rabies, distemper and other conditions prescribed by state and/or local ordinances. They must comply with all other state and local public health, animal control, and anti-cruelty laws including any licensing requirements. A certification signed by a licensed veterinarian or state or local official shall be annually filed with the Municipal Housing Authority of the City of Utica to attest to the inoculations.
13. The Municipal Housing Authority of the City of Utica, or an appropriate community authority, shall require the removal of any pet from a project if the pet's conduct or condition is determined to be a nuisance or threat to the health or safety of other occupants of the project or of other persons in the community where the project is located.
14. This pet policy does not apply to animals that are used to assist persons with disabilities. Assistive animals are allowed in all public housing facilities with no restrictions other than those imposed on all residents to maintain their units and associated facilities in a decent, safe, and sanitary manner and to refrain from disturbing their neighbors.

The statutes, regulations and policy regarding pet ownership in public housing are as follows:

- Section 31 of the United States Housing Act
- 24 CFR 960.701 – 707
- Section 227 of the Housing and Urban-Rural Recovery Act of 1983
- 24 CFR 5.300 – 5.327 and 5.380
- Municipal Housing Authority of the City of Utica Admissions and Continued Occupancy Policy
- Municipal Housing Authority of the City of Utica Public Housing Dwelling Lease

DESCRIPTION OF UMHA HOMEOWNERSHIP PROGRAMS

The Utica Municipal Housing Authority (UMHA) currently implements or plans to undertake the following homeownership programs funded by HUD:

The HOPE VI Oneida Homes Project consists of the development of at least 40 single-family homeownership units constructed within the HOPE VI development area. All the units are intended for fee-simple sale. To date, 18 homes have been developed. Financing for the HOPE VI project is provided by the Federal Home Loan Bank of New York, the City of Utica HOME Program, New York State Division of Housing and Community Renewal, private bank mortgages and construction loans, homeowner equity, and HOPE VI funds. Oneida Homes consists of four subphases: A – 11 units (completed); B – 8 units (nearing completion); C – 12 planned units; and D- 9 planned units. The precise number of units will be contingent upon final development costs and available financing.

West Utica Replacement Housing Factor Homes Project - The UMHA has received HUD Section 32 approval to make available six public housing units for purchase by eligible public housing and non-public housing residents as their principal residences. A total of 8 units have been constructed; of the number, six were financed by Replacement Housing Factor (RHF) Funds and two were funded by the City of Utica HOME Program. All of the homes are new construction detached single-family homes which were built on a model block in the West Utica area of the City of Utica. The UMHA intends to build at least two additional units using project program income.

Homeownership Supportive Services Program - On April 7, 2006, the Municipal Housing Authority of the City of Utica, New York (UMHA) was awarded a grant of \$250,000 from the United States Department of Housing and Urban Development to establish the establish the Utica Homeownership Supportive Services (HSS) Program to help residents of our public housing projects to become homeowners. In partnership with local financial institutions, and other community and faith-based organizations, UMHA will offer provide coordinated outreach resident assessment, homeownership training, individual savings accounts, homeownership vouchers, supportive services, and on-going participant monitoring.

The project will target populations such as HOPE VI residents, immigrants, persons with limited English proficiency, minorities, and the disabled. Services will be tailored to meet the individual needs of residents. Resident recruitment will be on-going through the life of the grant. It will serve a total of 50 participants. Ten homeownership vouchers will be provided on an annual basis to participating households during the three year grant term. However, due to deobligation of Section 8 voucher authority, we may not be able to make these vouchers available.

Section 8 Homeownership Program - The UMHA is planning to administer a Section 8 Homeownership program pursuant to Section 8(y) of the U.S.H.A. of 1937, as implemented by 24 CFR part 982. We are in the process of establishing criteria for participation, including credit worthiness standards, rental history and certain income criteria other than those established by HUD for the Section 8 Program as a whole.

The term of the homeownership voucher will vary according to the needs of the program and the participants as well as available funding levels. The UMHA is planning to serve 25 or fewer participants through the homeownership voucher program. As part of this program, we plan to serve current households enrolled in the program, public housing residents enrolled in the Homeownership Supportive Services Program, applicant households approved for the UMHA HOPE VI homeownership program, and other target populations. Final implementation of this program is contingent upon funding availability and the local applicant interest.

Fiscal Year 2008 Annual Plan
Resident Advisory Board Meeting Comments

September 26, 2007 RESIDENT ADVISORY BOARD MEETING

MINUTES

Attendance: Marsha Baye, Linda Mesagna, Carmen Durante, Mary Lou Bojdak, John Furman, Brian Jennings

This meeting was called to order at 1:30 PM by John Furman. Information regarding the Housing Authority's Five Year and Annual Plan was distributed to all in attendance.

Mr. Furman provided an overview of the Plan, the reason the Plan is created and what the Housing Authority is required by the U.S. Department of Housing and Urban Development (HUD) to submit. He also distributed handouts of information from the HUD website regarding the Annual Plan development process. He explained the parts of the Annual Plan, the needs for resident involvement, and the public hearing requirement. Mr. Furman stressed the importance of residents becoming engaged in the Annual Plan Development process.

Mr. Furman read the Mission Statement for the Utica Municipal Housing Authority. He explained that the Five-Year Plan describes the mission of the agency and the agency's long-range goals and objectives for achieving its mission over a five-year period. The Mission Statement of the UMHA is as follows:

"The mission of the Utica Municipal Housing Authority of the City of Utica, New York (UMHA) is to provide decent, safe and affordable housing for all low-income residents of Utica through development, management and sale of housing and related projects and programs."

Mr. Furman indicated that since the UMHA changed its fiscal year from July 1 to January 1, we would need to submit to HUD two Annual Plans this year. The first plan which covered the period from July 1, 2008 to June 30, 2008 was submitted on April 16, 2007. The time frame for the second plan which will be submitted on October 18, 2007 will be from January 1, 2008 to December 31, 2008.

In addition, an explanation was provided as to how the Plan is formulated. It was explained that two (2) meetings of the Resident Advisory Council would be

required. The first meeting provided a general explanation, the purpose and requirements of the Plan and the importance of the Resident Advisory Councils involvement.

Mr. Furman explained the PHA Plan Overview. He indicated that any local, regional or state agency that receives funds to operate federal Public Housing or Section 8 Tenant-based assistance voucher programs must submit a PHA Plan.

It was discussed how the PHA's residents can play an important role in the development of the PHA Plan. Through the planning process, residents can ensure that their needs are being addressed and become more involved in issues that directly affect them. Through involvement in the PHA Plan, residents will be more aware of the process that the PHA undergoes to prioritize agency activities. Residents also can provide important information regarding the physical condition of the developments as well as physical or management improvements that are needed.

Mr. Furman explained the different types of PHA Plan submission. They are:

- 1) Standard PHA Plan
- 2) Streamlined PHA Plan
- 3) Troubled PHA Plan
- 4) Small PHA Plan Update

It was explained that the Annual Plan must be submitted to HUD with a Board Resolution approving the Plan and certifying that a public hearing was held regarding the Plan. The Public Hearing is planned for Wednesday, October 17, 2007.

The PHA Plan Development Steps and Timeline were explained. Many of the b steps require coordination with other organizations and agencies, as well as the Resident Advisory Board. The timeline is as follows:

- 1) Establish Schedule
- 2) Gather Template and Guidance
- 3) Establish RAB(s)
- 4) Consult with Consolidated Plan Agency
- 5) Gather Relevant RAH Documents and Information
- 6) Develop Plan
- 7) Publish Notification and Make Plan Available for Review
- 8) Hold Public Haring
- 9) Obtain Signatures on Certifications
- 10) Submit completed Electronic Template
- 11) Obtain HUD Review and Approval

At what stage in the planning process must the Resident Advisory Board be involved in the PHA plan? The Resident Advisory Board should be involved in the planning process as soon as it is feasible and must be given sufficient time to fully participate in the process so that they can carry out their proper role and provide representation that is meaningful and relevant to the development of the Plan.

Mr. Furman advised the Resident Advisory Board members that as they review the Plan, they should contact him if they have any questions or require further information.

Mr. Furman explained to the Resident Advisory Board Members that today, at 3:00 p.m., the Municipal Housing Authority and the HOPE VI Program will be hosting a HOPE VI Section 3 Employment/ Contractor Recruitment. Information will be provided on bidding opportunities through the HOPE VI, Home Preservation and other Housing Authority Programs as well as how local firms can become certified Minority/Women Business Enterprises as well as Section 3 firms.

The second Resident Advisory Board meeting is scheduled for October 3, 2007 at 1:30 PM in the Municipal Housing Authority Board Room, 509 Second Street.

October 3, 2007 RESIDENT ADVISORY BOARD MEETING

MINUTES

Attendance: Diane Suarez, Marsha Baye, John Furman, Linda Mesagna, Brian Jennings Mary Lou Bojdak, Carmen Durante

On October 3, 2007, the above tenants and staff attended the second meeting of the Resident Advisory Board in connection with the 2008 Annual and Five Year Plan.

John Furman, UMHA Grant Writer, summarized the Annual Plan development process, the importance of seeking resident participation and input, and how residents can become involved. Prior to the meeting, Resident Advisory Board members received copies of the draft annual plan. He reviewed each portion of the Annual Plan.

John Furman also explained the Five Year Goals & Objectives as outlined in the Annual Plan.

After reviewing the goals of the Plan, Mr. Furman discussed new developments and initiatives of the UMHA including the following:

1. HOPE VI

2. Violence Against Women Act
3. Asset Based Management
4. Energy Performance Contracting
5. Funding Shortfalls
6. Community Service Requirement
7. Limited English Proficiency Requirements
8. Need to diversify funding
9. Section 8 Project Based Subsidies
10. Section 8 Homeownership Program
11. Childhood Lead Poisoning Preference

Mr. Furman discussed the other parts of the Annual Plan including housing needs, financial resources, eligibility, selection, and admissions policies, rent determination policies, operations and management policies, grievances procedures, capital improvement needs, homeownership, resident service programs, crime and safety, pets, and demolition and disposition.

Mr. Furman asked the residents for their comments on the Annual Plan.

Resident Concerns

The main concern of residents in attendance was the maintenance of family sector and senior sector apartments. Two of the residents indicated specific maintenance concerns regarding their units. Mr. Brian Jennings, UMHA Modernization Coordinator, indicated that he would have his staff immediately address the resident concerns and make appropriate repairs.

Linda Mesagna expressed concerns that Utica Municipal Housing Authority needs more maintenance workers. She feels more mechanics should be hired.

Marsha Baye expressed concerns that outsiders were illegally dumping garbage at the family developments and that Utica Municipal Housing Authority needs to find a way to monitor the illegal dumping. She further stated that due to the many different cultures moving into public housing, we need to provide more support in teaching the immigrant population about the culture in our country. She believes this would help eliminate many problems for all residents. Marsha also expressed the need for more security at the family sites. She feels that the Utica Housing Authority security is under staffed and security is not as visible as it should be.

Mr. Furman indicated that continued cuts in HUD funding have resulted in reductions of maintenance staff. Those in attendance said that residents should contact their representatives to petition Congress for increased HUD funding

Mary Lou asked what type of services residents would like. The resident board expressed that it would be extremely beneficial to have resident leadership training. There is also a need to promote stronger resident participation.

Brian Jennings discussed short term needs that are a priority:

1. Carpeting should be replaced at Marino Ruggiero Site.
2. General cleanliness at sites and the updating of recycling areas.
3. Replacement of stoves and refrigerators.
4. Community Rooms and hallways need to be repainted.
5. Updates to the heating system.

Carmen Durante expressed that new carpeting was needed in the front entrance of Marino Ruggiero that they need additional maintenance staff at Marino Ruggiero.

The group stated that the plan appeared to be well developed. They agreed with the actions that the Authority planned to take on many issues. They hope that the Authority will follow up on their items of concern.

Mr. Furman summarized the major concerns of the RAB as it pertains to the Annual Plan. The primary needs to be addressed by Housing Authority staff are:

- 1) Stronger maintenance and follow-up on work orders
- 2) Increased Security
- 3) Lease enforcement regarding laundry privileges, garbage disposal, and other issues
- 4) Resident services to help refugees and immigrant to better adapt to housing development rules.

Mr. Furman urged all members to attend the Annual Plan Public Hearing that will be held on Wednesday, October 17, 2007 at 4:00 PM at the UMHA Main Office.

The meeting was adjourned at 2:45 p.m.

October 17, 2007 ANNUAL PLAN PUBLIC HEARING

Minutes

Attendance: UMHA Board members including resident representatives on the Board. In addition, the following Resident Advisory Board member attended the hearing: Carmen Durante.

Mr. David Williams, UMHA Board Chairperson, called the public hearing to order. Mr. Williams asked for resident comments on the Annual Plan.

Ms. Linda Mesagna, one of the resident members of the UMHA Board of Commissioners, indicated that the major concern of the residents was the need for increased maintenance personnel. Mr. Carmen Durante also said that there is a need at his development for new carpeting.

Dr. Taras J. Herbowy, the UMHA Executive Director, said that the Annual Plan which is being considered by the Board of Commissioners this evening, includes a provision that will enable the housing authority to hire up to 8 new maintenance and tenant relations personnel. Due to a positive fund balance of about \$980,000, the UMHA is in a strong financial position to increase its staff despite continuing cuts in HUD subsidies. Residents were pleased that new personnel will be added to the UMHA staff.

Mr. Williams asked for additional public comments. There were none. The public hearing was adjourned at 4:30 p.m.

Respectfully submitted,

Mary Lou Bojdak/John Furman

Conduct outreach efforts to potential voucher landlords	Outreach to landlords is on-going.
Increase voucher payment standards	Voucher payment standards will increase only when HUD issues new standards.
Implement public housing or other homeownership programs	The progress to develop homeownership opportunities is shown above. The Homeownership Supportive Services Program has been implemented. The UMHA is planning to develop a homeownership voucher program.

GOAL FOUR: PROVIDE AN IMPROVED LIVING ENVIRONMENT	
Objective	Progress
Implement public housing security improvements: Increase visibility of security personnel at senior/disabled developments	The UMHA continues to provide an extra four hour security shift for the senior/disabled developments.

GOAL FIVE: PROMOTE SELF-SUFFICIENCY AND ASSET DEVELOPMENT OF ASSISTED HOUSEHOLDS

Objective	Progress
Provide or attract supportive services to improve assistance recipients' employability:	The HOPE VI and MHA staffs provide employment services with HOPE VI partners. In addition, the UMHA has initiated Family Self-Sufficiency and ROSS Family Program which are designed to help residents obtain training and employment.

GOAL SIX: MANAGE THE MUNICIPAL HOUSING AUTHORITY OF THE CITY OF UTICA'S PUBLIC HOUSING PROGRAM IN AN EFFICIENT AND EFFECTIVE MANNER	
Objective	Progress
1. The Municipal Housing Authority of the City of Utica is changing its operations to utilize asset management, project-based accounting and performance budgeting in order to survive worsening subsidy cuts.	The MHA Board on 1/9/06 approved an asset management plan. The first step, accomplished 2/1/06, was to organize all properties into four groupings and assign maintenance staff accordingly. Since then, the UMHA has created separate income/expense ledgers for each development. In addition, materials inventory has been moved from UMHA's central warehouse to individual warehouses at each site. A tenant relations specialist and a senior maintenance mechanic have been assigned to each of the four property groupings. In October 2007, the UMHA has submitted a Stop Loss package to HUD to ensure compliance with HUD asset based management requirements.
2. The Municipal Housing Authority of the City of Utica will attempt to maintain standard performance status under PHAS and an appropriate level of service to public housing residents in the face of worsening subsidy cuts	REAC is 10 months behind schedule. New PHAS scores have not been calculated.

GOAL SEVEN: EXPAND THE RANGE AND QUALITY OF HOUSING CHOICES AVAILABLE TO PARTICIPATE IN OUR TENANT-BASED RENT SUBSIDY PROGRAM	
Objective	Progress
1. The Municipal Housing Authority of the City of Utica shall strive to maintain a high Section 8 lease-up rate within current financial constraints of the Voucher program.	MHA Section 8 lease-up will remain between 95 to 100% of our financial expenditures provided by HUD. The Section 8 Program will initiate a new homeownership voucher and project-based subsidies programs to increase its lease-up rate.
2. The Municipal Housing Authority of the City of Utica shall attract ten (10) new landlords who want to participate in the	MHA has and will continue to attract new landlords to participate in our voucher program, meeting its goal of 10 (ten) new

tenant-based assistance program. This objective will be accomplished by June 30, 2009.	landlords by 6/30/09.

GOAL EIGHT: MANAGE THE MUNICIPAL HOUSING AUTHORITY OF THE CITY OF UTICA'S TENANT-BASED RENT SUBSIDY PROGRAMS IN AN EFFICIENT AND EFFECTIVE MANNER	
Objective	Progress
1. The Municipal Housing Authority of the City of Utica shall maintain high performer status under SEMAP for each fiscal year through June 30, 2009.	MHA has and will continue to maintain its high performer status under SEMAP.

GOAL NINE: MAINTAIN THE MUNICIPAL HOUSING AUTHORITY OF THE CITY OF UTICA'S PROPERTIES IN A DECENT CONDITION	
Objective	Progress
1. The Municipal Housing Authority of the City of Utica will continue to deliver timely and high quality maintenance services to the residents.	On January 9, 2006, the MHA resolved to require that maintenance personnel are responsible to account for all of their time with work orders in compliance with 24 CFR Part 990. Training is underway.
2. The Municipal Housing Authority of the City of Utica will continue to maintain an appealing, up to date environment it its developments using available funds	On January 27, 2006 the Municipal Housing Authority of the City of Utica received preliminary approval from the U.S. Department of Housing & Urban Development (HUD) to perform over three (3) million dollars in energy conservation measures Authority wide. The Authority Board of Commissioner's approval to proceed with the Energy Performance Contract work is contingent upon final approval by HUD. The Authority has selected an architectural/engineering firm for design, bidding and implementation services. The physical work may commence as soon as autumn 2007 with completion of all work occurring in approximately 18 to 24 months.

GOAL TEN: IMPROVE ACCESS OF PUBLIC HOUSING RESIDENTS TO SERVICES THAT SUPPORT ECONOMIC OPPORTUNITY AND QUALITY OF LIFE	
Objective	Progress
1. The Housing Authority will apply for appropriate HUD grants as they become available through the NOFA process.	The UMHA has received funding from HUD to initiate the following new programs: Gilmore Village Neighborhood Network Center, ROSS Elderly, ROSS Family, and Family Self-Sufficiency Program.
2. In consideration of current and pending budget cutbacks, strive to maintain appropriate levels of resident programs and services	Grant awards enable the MHA to continue providing high quality services to its residents.

GOAL ELEVEN: PROVIDE SAFE AND SECURE ENVIRONMENT IN THE MUNICIPAL HOUSING AUTHORITY OF THE CITY OF UTICA'S PUBLIC HOUSING DEVELOPMENTS	
Objective	Progress

When the Municipal Housing Authority of the City Of Utica implemented site-based waiting lists, it was not fully aware of the requirements for tracking demographic changes. Aware of it now, the Housing Authority took several steps in trying to obtain the baseline demographics, including a thorough analysis of it's own records, HUD/PIC databases, etc. At every juncture, software database specialists, including those at HUD, informed us the original baseline databases were no longer available. In an effort to become compliant, we have established this database as our baseline. The Housing Authority will track demographic changes and report them accordingly with the submission of future Annual Agency Plans.
