Statement of Progress in Meeting Five-Year Plan Mission and Goals

The 2008-2012 Agency Plan is the ninth Agency Plan that the Cortland Housing Authority has completed since the advent of QHWRA. Along with this year's plan, the previous Agency Plans included a variety of one and five-year goals that the CHA committed to reach during that time period.

The CHA has had a variety of successes. They include the following:

Continuing to follow the QHWRA regulations, including rent exemptions to encourage work, and increased tenant participation in the activities of the Housing Authority.

Continuing to modernize the Authority development through the use of Capital Fund money. The CHA received **\$514,099** through the Capital Fund program in FY 2006

(CFP 501-06). An additional **\$521,901** has been funded for FY 2007 (CFP 501-07). All of this funding is used to meet critical capital improvement needs at the CHA, including both structural and infrastructure improvements and interior improvements that improve the quality of life for our tenants.

Continuing to monitor the feasibility of implementing the Section 8 Homeownership Program. Local capacity at the lending level needs to improve before the Homeownership Program can begin, but the CHA remains interested in implementing this Program.

Implementing and continuing the Resident Advisory Board, which includes tenant representatives from Public Housing and the Section 8 Housing Choice Voucher Program. The Resident Advisory Board has made a number of suggestions and recommendations that have been implemented by the CHA as part of the Agency Plan process. It is anticipated that they will continue to be part of the process in the future.

The CHA is continuing to examine a variety of options to better serve the people of Cortland County, including utilizing the Low-Income Housing Tax Credit (LIHTC) to complete a new development in the County, exploring partnerships with private sector developers for additional housing units and continuing to improve the level and type of services offered to our Public Housing tenants and Section 8 participants.

Regulations that the CHA is continuing to follow include the exclusions for households with new earned income and the deconcentration rule for poverty in public housing units. The CHA is continually updating its policies and procedures to remain current with HUD and Federal changes in this shifting regulatory environment.

After reviewing the proposed projects with those present, questions were posed and answers were given as follows:

Q. Will the card system still allow the intercom system to work as it does now?

A. Yes, the intercom system will remain in place and will work as it currently does.

Q. What happens if you lose a card?

A. They are replaced by maintenance like lost keys are now. Having the card system stops having lost keys out in the community that will open the front door but not the apartment door. It is a safety feature to prevent people from coming in without being permission.

Q. Can we block off one of the parking entrances to prevent cars from “zooming” into the lot?

A. Goldwyn stated that he did not know if that is a feasible solution and stated his empathy concerning the concerns. He told the group that he would look into what, if anything can be done about the situation.

Q. What can you do about people parking in the lot that are not tenants?

A. Goldwyn said the Authority has given tenants parking permits but we are not able to monitor the lot 24 hours a day but if people have specific problems, they should come to the office and we will do our best to resolve them.

Q. Can the parking lot be numbered and re-stripped?

A. I will have the maintenance staff look into that as a potential future project.

The Public Hearing ended at 2:35 p.m.

Cortland Housing Authority 2008-2012 Agency Plan Hearing
51 Port Watson Street Public Hearing December 3, 2007 3:00 p.m.

There were 38 attendees at the Public Hearing held in the Gertrude Goldner Community Room at 51 Port Watson St.

Those present received a handout listing the upcoming projects the Authority wanted to accomplish through the Capital Fund.

As he did at the 42 Church Street Public Hearing, Goldwyn described the Agency Plan and the Capital Fund projects. Goldwyn then opened the hearing for questions. In response to questions about the proposed card swipe system for entry to the building, Mr. Goldwyn stated that when tenants move out, the "card" will be deactivated and people will not be able to gain access through the main entry doors. When asked, Mr. Goldwyn stated that the tenants will still have a key that will open both their individual apartment door and their mail box.

A tenant asked if future funds could be used to replace medicine cabinets with rusting shelves and to move the cabinets to a lower height. Mr. Goldwyn said that it is something that could be looked into.

A tenant asked about the possibility of a coin changer in the laundry room. Mr. Goldwyn said that the preference is not to leave an unattended coin machine in the building. He added that the office staff can provide change when tenants need it.

199 Pendleton St. November 28, 2007 4:00 p.m.

Cortland Housing Authority 2008-2012 Agency Plan Meeting
Truxton Senior Development-Community Room
November 29, 2006 11:00 a.m.

There were 4 attendees at the public meeting held in the community room in the Truxton Senior Building. The meeting was conducted by Glenn Goldwyn, Executive Director. All of those present received a handout listing the upcoming projects the Authority wanted to accomplish through the Capital Fund.

As Mr. Goldwyn did at the 42 Church Street Public Hearing, he described the Agency Plan and the Capital Fund projects. He presented the tenants with the architect's drawing for the planned entryway work that was to be done with prior year's Capital funding. The tenants were happy with proposal and also anticipating the roof work that was going to be done in the coming weeks. Mr. Goldwyn then opened the floor for questions.

Other than tenants who asked about specific work orders for the development, there were no comments or suggestions for the upcoming plan

Cortland Housing Authority 2008-2012 Agency Plan Meeting
Marathon Senior Development-Community Room
November 27, 2007 9:00 a.m.

There were 4 attendees at the public meeting held in the community room in the Marathon Senior Building. All of those present received a handout listing the upcoming projects the Authority wanted to accomplish through the Capital Fund.

As Mr. Goldwyn did at the 42 Church Street Public Hearing, he described the Agency Plan and the Capital Fund projects. Mr. Goldwyn opened the floor for questions.

Goldwyn received the following comments:

A tenant inquired about a walk-in shower for her unit. Mr. Goldwyn described the type of unit that had been recently installed in several of the units at the senior buildings in Cortland. He said they appeared to be a good application for our tenants. He further stated that this Capital Fund grant included funds for kitchen and bath renovations which can include that type of item.

She also asked about the possibility of adding a slider drawer for the bottom kitchen cabinet as it can be difficult to get down that low to see into the cabinet. Goldwyn also said that is the type of item that may be included in the same kitchen and bath renovation funding that is earmarked for the scattered sites.

Other than these items which are already included in the upcoming grant and several work order requests from tenants for their individual apartments, there were no further comments for the meeting.

Cortland Housing Authority 2008-2012 Agency Plan Meeting
McGraw Senior Development-Community Room
November 27, 2007 9:00 a.m.

There were 8 attendees at the public meeting held in the community room in the McGraw Senior Building. All of those present received a handout listing the upcoming projects the Authority wanted to accomplish through the Capital Fund.

As Mr. Goldwyn did at the 42 Church Street Public Hearing, he described the Agency Plan and the Capital Fund projects. Mr. Goldwyn opened the floor for questions.

A tenant at the meeting asked about the original design of the front doors of the development. She felt that the offset positioning of the two entryway doors were flawed. She thought that a consideration for the future might be to relocate the doors to align with each other. Although he agreed with the awkwardness of the doors, Mr. Goldwyn said the doors were in good working order. In future, if the development needed further structural change or should they become inoperable, it could be a consideration.

Several tenants discussed individual work orders for their apartments and for the development. Mr. Goldwyn encouraged the tenants to contact the Authority to report items that need repair as they are discovered.

There were no further comments or considerations made for the upcoming grant.

Public Comment for the 2008-2012 CHA Agency Plan

With the exception of the public comment received at the Public Hearings and the Public Information Meetings, which are attached to this Agency Plan, there was one other Public Comment received by the Cortland Housing Authority in response to the 2008-2012 Agency Plan during the 45-day Public Comment Period. The comment reflected a tenant's request to consider putting additional sidewalk on the north side of the 42 Church Street high-rise to connect the east and west sides of the building.

Cortland Housing Authority Resident Advisory Board Meeting Minutes

Friday October 5, 2007 – 10:00 a.m. CHA Conference Room

Present: Shirley Moore, Donna Kelley, Donna Decker, Phyllis Tufts, Patricia Chapman
Absent/Excused: Dorothy Colaw
Staff: Glenn Goldwyn, Margie Lann

The meeting was called to order at 10:00 a.m.

Margie Lann made introductions. Phyllis Tufts and Patricia Chapman are two of three new members of the Resident Advisory Board (RAB) for 2007. Dorothy Colaw, the third new appointee was unable to attend due to a prior commitment. Both Dorothy and Patricia are Public Housing tenants while Phyllis is a Section 8 Housing Choice Voucher Program participant. They replace Margaret McGinley and Norma Gilbert, members from the 2006 Board who were unable to continue on the Board. Patricia Chapman was added as a new member to the Resident Advisory Board to bring the membership to a total of six participants.

Goldwyn explained the purpose of the Resident Advisory Board, which is to review and approve the Agency Plan and to develop the Capital Fund Program for 2008-2012. Goldwyn explained there were only minor changes to the plan. Each member was given a copy of the Agency Plan with the attachments. Lann proceeded to review the draft Agency Plan in its entirety.

Lann and Goldwyn discussed the upcoming 2008 Capital Fund Program and reviewed the individual planned projects with the members. They reviewed the five year plan for future projects. Lann explained the funding is based on the previous years Capital Fund award. The amount has increased and decreased over the years. Due to fluctuations of the annual grant amounts and actual costs of completed projects, realignment of the timeline and the projects themselves are sometimes necessary.

The Board updated the mission statement of the plan to change the verbiage from “To promote adequate and affordable housing” to “To promote an adequate supply of safe and affordable housing”.

In addition, the Board agreed that a PHA goal to expand the supply of assisted housing should include applying for additional rental vouchers. The draft plan was amended to include these changes.

Patricia Chapman asked about the possibility of having elevator guards on each floor to prevent damage to the area from wheelchairs and other objects. Goldwyn stated that we have some in place but not all floors have been addressed. The line item in the area of corridor/community room improvement would be a likely place for that type of project. The Authority had a previous quote for several thousand dollars for that job. We are attempting to complete them on an as needed basis.

A question was posed by Ms. Chapman regarding placing "speed bumps" in the 42 Church Street parking lot to prevent drivers from driving too fast in the lot. Discussion followed concerning the pros and cons of such a project. One consideration was for those people who are trying to maneuver through the lot with wheelchairs and other devices. Additionally, snow plowing in the lot may be hampered by having the protrusions on the parking lot. As another alternative, a member suggested the possibility of putting a gate system to prevent people from driving in. Further discussion resulted in the realization that there are a multitude of delivery people and family members who drop off and pick up residents. This idea did not seem feasible to the Board after discussion. Goldwyn said he would look into the matter of "speed bumps" as a consideration. Shirley Moore asked about the possibility of a meeting with tenants who operate motorized scooters. She was concerned that some drivers are not operating the chairs in a safe manner. Goldwyn said he would look into addressing the matter with tenants.

There were no further questions or comments regarding the Capital Fund Program. The resolution for approval was presented and voted on by those members present.

The following resolution was introduced by Margie Lann, read in full and considered:

Cortland Housing Authority Admission Policy on Deconcentration

As part of the requirements that the U.S. Department of Housing and Urban Development (HUD) places on Public Housing Authorities, the Housing Authority must determine whether there are undue concentrations of poverty in any of its developments. Senior and disabled developments are exempt from this requirement, but all family developments are required to meet the deconcentration regulations.

The Cortland Housing Authority has three family developments with a total of 80 units. The Cortland Housing Authority also has three developments with 300 senior/disabled units that are exempt from these rules.

In order to test for deconcentration within our developments, Authority is required to use four benchmarks:

1. The average income for all of the family tenants
2. The average income for each of its family developments
3. The income level that represents 85% of the average incomes
4. The income level that is 115% of the average incomes.

Average incomes by development are reviewed to ascertain where they fall with respect to the 85% minimum and the 115% maximum benchmark income levels.

The 2007 average household income for the three Cortland Housing Authority family developments is as follows:

| | |
|-----------------------|----------------------------------|
| Pendleton Street 21-3 | \$ 18,771.00 (49 occupied units) |
| Scattered Site 21-5 | \$ 14,670.00 (19 occupied units) |
| Duplexes 21-6 | \$ 16,723.00 (10 occupied units) |

Authority Average \$ 16,945.30 for all family occupied units

85% Minimum \$ 14,403.51

115% Maximum \$ 19,487.10

Therefore the Cortland Housing Authority family developments are all within the Established Income Range and do not require further deconcentration at this time

Attachment D

Assessment of Demographic Changes Due to Site-Based Waiting Lists

The Cortland Housing Authority has had partial site-based waiting lists since the development of its 21-5 units in the late 1980's. The site-based waiting lists exist for the developments in Truxton, Marathon and Cincinnatus. One waiting list exists for the Cortland, Homer and McGraw family developments, as they are considered to be close enough in distance (Homer and McGraw are both less than three miles from the downtown Cortland location) to be one market. The Truxton, Cincinnatus and Marathon buildings are all at least 10 miles from downtown Cortland, which is a considerable distance for senior, disabled persons and families to travel.

The use of site-based waiting lists does encourage members of the local community to apply for housing at the "remote" senior units. The site-based waiting lists do not encourage people to leave Cortland for the remote sites to any degree (i.e. people at the bottom of a long waiting list for the Cortland units are very unlikely to jump to the Truxton or Cincinnatus developments where there are often vacancies for the units). Having a single waiting for the Cortland, Homer and McGraw developments does not seem to impede the rental of these developments.

The Cortland Housing Authority therefore has not experienced any significant demographic changes in the composition of the tenants in its developments due to site-based waiting lists.
