OMB No. 2577-0226
(exp. 06/30/2006)

This information collection is authorized by Section 511 of the Quality Housing and Work Responsibility Act, which added a new section 5A to the U.S. Housing Act of 1937 that introduced 5-year and annual PHA Plans. The full PHA plan provides a ready source for interested parties to locate basic PHA policies, rules, and requirements concerning the PHA's operations, programs, and services, and informs HUD, families served by the PHA, and members of the public of the PHA's mission and strategies for serving the needs of low-income and very low-income families. This form allows eligible PHAs to make a streamlined annual Plan submission to HUD consistent with HUD's efforts to provide regulatory relief for certain types of PHAs. Public reporting burden for this information collection is estimated to average 11.7 hours per response, including the time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information. HUD may not collect this information and respondents are not required to complete this form, unless it displays a currently valid OMB Control Number.

Privacy Act Notice. The United States Department of Housing and Urban Development, Federal Housing Administration, is authorized to solicit the information requested in this form by virtue of Title 12, U.S. Code, Section 1701 et seq., and regulations promulgated thereunder at Title 12, Code of Federal Regulations. Information in PHA plans is publicly available.

Attachment 1 Resident Advisory Board

The Resident Advisory Committee met on May 13, 2008 to review new proposed modifications to the agency's plans and to review the Fairport Housing Authority's progress with its established goals and objectives. The following is a summary of comments received from members and staff.

◆ Project Based Vouchers

Staff again reported that 10 units of tenant-based assistance were set aside and utilized at the Crosman project. Many of the members still did not fully understand the differences between the programs. Therefore, the staff explained the differences between project-based assistance and tenant-based. Staff solicited comments from the committee if the project-based assistance possibly be expanded should the occasion arise. The Rose-hollow II project was brought up as a possible source for expanded project-based assistance. Many expressed that setting aside 10 more units of tenant-based assistance for project-based assistance was a good use of program funds. They felt that there is not enough affordable rental property within the Village of Fairport, and this would help increase the supply. Members also felt that an additional 10 units taken out of the tenant-based program is not significant to otherwise harm the program.

◆ Homeownership Program

Staff again reviewed the Homeownership under the Choice Voucher option with the committee, and worked out a couple of scenarios for homeownership. Some members thought that the program as written was too regulated with not enough discretion given to local housing authorities to design their own programs based on local conditions. Even though there were some solutions found to manage costs associated with the program. The consensus remained that it is not practical in this real estate market for a Voucher Home-Ownership Program as currently written. However, FHA recently concluded an agreement with Canandaigua National Bank to offer our Self-Sufficiency graduates credit repair and home ownership counseling. The members felt that the referral system in the FSS program was a good first step for home-ownership.

◆ **Security Deposit Program**

Staff reported to the committee that there still remains approximately 8,000 dollars that has been set aside for the Security Deposit Program. Under the program, the agency in an attempt to lessen the impediments for mobility would pay up to a maximum of one half of the deposit. After some discussion the members overwhelming expressed their support for continued use of these reserve funds for this purpose. They also agreed with the staff that the tenants should pay at least one half of the deposit so that they maintain an interest in keeping the property in good condition.

◆ **General Administrative Policies**

There were no actual policy changes to the administrative plan for the up-coming fiscal year. However, there were a couple of amendments. First, a family obligation statement was added, clearly spelling out the family's responsibilities under the program. Second, clarified the agency's interim recertification process for adjustments in rent for cases where employment was voluntarily terminated. In addition the agency is required to add to the Annual Plan a statement in support of the Violence Against Women Act (VAWA). Including any preferences or partnerships the agency provides to implement (VAWA). Staff reported that there are two competing bills in congress Section 8 Voucher Reform Act (SEVRA) and HR-1851. The board had many questions regarding the new proposed reforms and the impact on the current program. After much discussion the members of the board indicated that it may not be a good time to make any major policy changes and made no further comments related to other current policies.

◆ **Waiting List Administration**

Staff reported the new waiting list demographics including estimated waiting time, number of families, disabled and elderly applicants, and new applications received. In addition, the staff reviewed with the members other related procedures for waiting list management. Staff related that it is now the policy of FHA to update the waiting list every year to ensure that the agency has current information so as to keep the list as manageable as possible. The committee felt that the staff was in the best position to judge same.

◆ **Progress Report**

Staff reported to the committee that the agency did not receive any new vouchers for this fiscal year. However, the Housing Authority was able to maintain all of its planned goals and objectives (with the exception of new vouchers) as outlined in the 5-Year (2006-2010) Plan.

First, the agency over the last year was able to maintain a lease-up percentage well above the planned 97%, actual number is closer to 99%. Second, to increase housing choice and discourage stratification of housing types the agency has prioritized integration of its voucher program assistance for very low-income families outside typical low-income projects and has established a goal of renting up to 70% of the total program to non-subsidized units. Even though we have not achieved the 70% goal – due to conflicting regulations - there has been no further erosion over the last year's percentage of 58%. Thirdly, the agency has maximized housing assistance funding by providing adequate payment standards. In fact, starting 10/01/2007 these standards did significantly increase, thereby providing more access to the widest possible housing choices without jeopardizing the number of families that can be assisted. Lastly, the Housing Authority was able to maintain the same number of participants in the Family Self-Sufficiency Program that encourages families to be economically self-sufficient.

The committee has reviewed the agency's Annual Plan for the upcoming fiscal year (beginning 10/1/08) and felt that it should be adopted as presented. The board also thanked the staff for its hard work in securing affordable housing for low-income families in this area.

Attachment 2 **SECTION 603**

In support of the Violence Against Women's Act (VAWA) the Housing Authority gives a local preference for admission to families who become displaced because of domestic violence. FHA has partnered with Safe Journey and Alternatives for Battered Women (ABW) to help identify those individuals. Procedures are identified in the administrative plan under involuntary displaced. In addition FHA works closely with the said organizations to promote victim safety in existing assisted families.
