The public housing stock in the City includes 989 units, of which 220 units (22.2%) are available to the elderly, 769 units (77.7%) are elderly units are accessible. CHA has been awarded a \$20 million HOPE VI grant that will be used to demolish Chester Towers. The funds will be used to develop senior housing along side the Matopos Hills development and additional units will be built at Chatham Estates to house disabled and handicapped residents. The site of Chester Towers will be used for retail office space and rental units. This project will result in 203 elderly housing units, 34 units for small families and 24 new homeownership units.*
- *The City of Chester's Consolidated Plan states (p.64) "The long-term physical deterioration and the concentration of very low income person allowed public housing developments in the City. "; to become focal points for drugs and crime, which negatively impacted on the public housing in addition to the neighborhoods they are located in. The City of Chester will continue to support and work with the Chester Housing Authority in its efforts to complete the physical reconfiguration, reconstruction and income mixing of all of the public housing as well as the revitalization and reconstruction of the adjacent neighborhoods.*

Other: (list below)

4. The Consolidated Plan of the jurisdiction supports the PHA Plan with the following actions and commitments: (describe below)
  - *The City of Chester's Consolidated Plan (p.68) states "The Upper West End Initiative project includes the redevelopment of the former McCaffery Village Public Housing development and the adjacent Highland Gardens neighborhood. The former McCaffery Village public housing development consisted of approximately 350 units of dilapidated, barracks style public housing. The units were small and densely constructed. Drug activity and other illegal activities were common. The Chester Housing Authority (CHA) received a HOPE VI grant from the Department of Housing and Urban Development to address these deteriorated living conditions and create an attractive, cohesive community.*

- *Using the HOPE VI grant to attract other sources of mixed financing, CHA was able to demolish McCaffery Village and replace it with 110 family units of public housing and 26 on-site homeownership units. Twenty-four of the family units are reserved for residents within a senior complex. In addition, CHA is working with a developer to construct retail space on the remaining 13 acres of the former McCaffery Village.*

*The HOPE VI plan also calls for the construction of off-site homeownership units in the adjacent Highland Gardens neighborhood. Highland Gardens was constructed during the World War II to house workers in defense related industries. As originally built, the entire development consisted of 784 units. The homes are small three bedroom units with no basements. Densely situated with little open space or recreational area, Highland Gardens housing is not desirable. The neighborhood suffers from a great deal of crime and a high concentration of poverty. The future of this blighted neighborhood is critical to the long-term success of Wellington Ridge.*

- *The City of Chester's Consolidated Plan (p.69) states "The City of Chester, in conjunction with the Chester Housing Authority and Pennrose Properites, has developed a plan to revitalize the southwest quadrant of the Highland Gardens neighborhood. Phase I of the project will consist of acquiring, relocating and demolishing approximately 100 units of housing. Once the site is cleared and all the residents have been relocated to decent, safe and sanitary housing, 50 single-family homeownership units will be constructed for low and moderate-income families. As a result this project will revitalize an important neighborhood and increase quality homeownership options for low and moderate-income families.*

Re: 2008 Annual Plan

The Chester Housing Authority has once again begun drafting its annual agency plan in compliance with the Quality Housing and Work Responsibility Act of 1998 ("QHWRA").

As you know, each year CHA seeks input for the plan from resident and community leaders. Your input is important to us, and will help us craft operational policies and guide our capital strategies for the coming year.

We hope you can attend and that you will have comments for us that we can integrate into our Agency Plan. 1. The Plan is consistent with the applicable comprehensive housing affordability strategy (or any plan incorporating such strategy) for the jurisdiction in which the PHA is located.
2. The Plan contains a certification by the appropriate State or local officials that the Plan is consistent with the applicable Consolidated Plan, which includes a certification that requires the preparation of an Analysis of Impediments to Fair Housing Choice, for the PHA's jurisdiction and a description of the manner in which the PHA Plan is consistent with the applicable Consolidated Plan.
3. The PHA has established a Resident Advisory Board or Boards, the membership of which represents the residents assisted by the PHA, consulted with this Board or Boards in developing the Plan, and considered the recommendations of the Board or Boards (24 CFR 903.13). 7. For PHA Plan that includes a policy for site based waiting lists:
  - The PHA regularly submits required data to HUD's MTCS in an accurate, complete and timely manner (as specified in PIH Notice 99-2);
  - The system of site-based waiting lists provides for full disclosure to each applicant in the selection of the development in which to reside, including basic information about available sites; and an estimate of the period of time the applicant would likely have to wait to be admitted to units of different sizes and types at each site;
  - Adoption of site-based waiting list would not violate any court order or settlement agreement or be inconsistent with a pending complaint brought by HUD;
  - The PHA shall take reasonable measures to assure that such waiting list is consistent with affirmatively furthering fair housing;
  - The PHA provides for review of its site-based waiting list policy to determine if it is consistent with civil rights laws and certifications, as specified in 24 CFR part 903.7( c)( 1).
