# Annual PHA Plan PHA Fiscal Year 2008

[24 CFR Part 903.7]

## **i. Annual Plan Type:**

Select which type of Annual Plan the PHA will submit.

**Standard Plan**

### **Streamlined Plan:**

 **Small Agency (<250 Public Housing Units)**  
 **Administering Section 8 Only**

## **ii. Executive Summary of the Annual PHA Plan**

[24 CFR Part 903.7 9 (r)]

Provide a brief overview of the information in the Annual Plan, including highlights of major initiatives and discretionary policies the PHA has included in the Annual Plan.

Housing needs of families in the jurisdiction served by the Lebanon Housing Authority were determined by the waiting list. The waiting list contains forty-six applicants, all below 30% of the medium income, with 35% needing one-bedroom units, this is down 25% from last year. One-bedroom needs exceed available units. The number of applications is up from last year and the move-out rate continues high. In the past year Section 8 and home ownership accounted for 4% of our move-outs, down from 10%, evictions 29%, up from 12% and 14% were related to health issues, up from 10%. LHA continues its outreach to attract more working applicants. Strategies are influenced by the extent housing needs are met by other organizations in the community. Lebanon is still experiencing a growth in the moderate priced rental housing market. Financial resources will be the Public Housing Operating Fund and rental income as well as the Capital Fund. Policies governing eligibility, selection and administration are current HUD guidelines. The Authority is not using any discretionary policies in setting rents. Flat rents have been adopted. Capital Fund Statements are included for Annual and Five Year Action plans. There are no current applications for demolition, disposition or new construction. Three new members have been added to the Board of Commissioners this year. The Mayor has appointed a citizens committee to study and recommend changes to the Upton Heights Housing Projects neighborhood. These recommendations to the Board could require certain applications, depending on funding availability. The applications would be incorporated in a Plan revision at a later time.

In the "Overall" Needs column, provide the estimated number of renter families that have housing needs. For the remaining characteristics, rate the impact of that factor on the housing needs for each family type, from 1 to 5, with 1 being "no impact" and 5 being "severe impact." Use N/A to indicate that no information is available upon which the PHA can make this assessment.

### C. Strategy for Addressing Needs

Provide a brief description of the PHA's strategy for addressing the housing needs of families in the jurisdiction and on the waiting list **IN THE UPCOMING YEAR**, and the Agency's reasons for choosing this strategy.

The Authority will address the needs of families in the jurisdiction and on the waiting list by maximizing the units that are available for leasing. Currently there is an abundance of private low-income units in the area, so additional units are not needed at this time. Private rental units are available also. Maximizing our unit availability continues to be our best option at this time.

#### **(1) Strategies**

**Need: Shortage of affordable housing for all eligible populations**

#### **Strategy 1. Maximize the number of affordable units available to the PHA within its current resources by:**

Select all that apply

- Employ effective maintenance and management policies to minimize the number of public housing units off-line
- Reduce turnover time for vacated public housing units
- Reduce time to renovate public housing units
- Seek replacement of public housing units lost to the inventory through mixed finance development
- Seek replacement of public housing units lost to the inventory through section 8 replacement housing resources
- Maintain or increase section 8 lease-up rates by establishing payment standards that will enable families to rent throughout the jurisdiction
- Undertake measures to ensure access to affordable housing among families assisted by the PHA, regardless of unit size required
- Maintain or increase section 8 lease-up rates by marketing the program to owners, particularly those outside of areas of minority and poverty concentration
- Maintain or increase section 8 lease-up rates by effectively screening Section 8 applicants to increase owner acceptance of program
- Participate in the Consolidated Plan development process to ensure coordination with broader community strategies
- Other (list below)

#### **Strategy 2: Increase the number of affordable housing units by:**

Select all that apply

- Apply for additional section 8 units should they become available
- Leverage affordable housing resources in the community through the creation of mixed - finance housing
- Pursue housing resources other than public housing or Section 8 tenant-based assistance.

Lebanon Housing Authority received a PHAS score of 81 for Fiscal Year 2007 and was designated as a Standard Performer. The Physical Inspection Score was 23 of 30. Items have been identified in the Needs Assessments and are being addressed in our Modernization efforts under the Capital Fund Program as funding allows. We are making every effort in maintenance to find and correct items that produce low scores using the Prevalence Report supplied by HUD. This was started under the 2007 CFP Grant with window glass replacement and new stoves and refrigerator. Other small cost items such as switch cover plates, smoke detectors, leaks and blocked egress are being addressed with routine maintenance on work order repairs. Stove and refrigerator replacement will continue with 2008 CFP. CFP funds will continue to be spent in areas that will improve the livability of the dwelling units by maintaining the structures and utilities. Lebanon Housing Authority received a score of 23 on the Financial Indicator. Operating Subsidy has been at less than 100% for several years and reserves have been reduced. These losses affect two sub -indicators, Current Ratio and Expendable Months. The change in subsidy funding from the AEL formula to the PEL formula provided Lebanon Housing Authority with an increase in funding. We are now at a more break-even budget than years past.

3.  Yes  No: Has the PHA included descriptions of asset management activities in the **optional** Public Housing Asset Management Table?

## **STATEMENT OF PROGRESS IN MEETING THE 5-YEAR PLAN MISSIONS AND GOALS**

The Lebanon Housing Authority is in the fourth year of its second 5-Year Plan. The Authority is meeting its mission to promote adequate and affordable housing, economic opportunity and a suitable living environment free from discrimination. The Authority is still striving to meet its goals as set forth in the 5-Year Plan. The Authority has not met its goal to expand the supply of assisted housing by reducing the vacancy rate. The number of applicants who meet the requirements for admissions remains constant even with half of all applicants not passing the criminal background check. The major hindrance for eligible families is the security deposit required for electrical service. None of the organizations that help with expenses are able to supply the full \$230 deposit. Move outs continue at the same rate as in past years. Turn around times remain in the forty day range. Lebanon is still experiencing a sound economy and apartment complexes are still being constructed. The good economic condition of the community reduces the demand for assisted housing. It makes it difficult to increase the number of working families residing in assisted housing and progress has been slowed. Families currently residing in public housing making less than 30% of the medium income has decreased from 94.5% to 92%. Working families have increased from 15% to 16%. Renovation and modernization activities are continuing to improve the quality of the assisted housing, but at a slower rate due to reductions in modernization funding.

## **IMPLEMENTATION OF PUBLIC HOUSING RESIDENT COMMUNITY SERVICE REQUIREMENTS**

Per NOTICE PIH 2003-17, Community Service requirements were reinstated. All residents covered by the Community Service requirements have been notified of their responsibility and consequences of failure to meet these requirements.

## **PET POLICY**

### **LEBANON HOUSING AUTHORITY (LHA) PET POLICY**

As applicable, Section 526 of the Quality Housing and Work Responsibility Act of 1998 (Public Law 105-276, 112 Stat. 2451, 2568 (the Public Housing Reform Act of 1998) added new section 31 (captioned A Pet Ownership in Public Housing@) to the United States Housing Act of 1937. Section 31 establishes pet ownership requirements for residents of public housing other than federally assisted rental housing for the elderly or persons with disabilities. Section 227 of the Housing-Rural Recovery Act of 1983 (12 U.S.C. 1701r-1) (the 1983 Act) covers pet ownership requirements for the elderly or persons with disabilities. This rule does not alter or affect these regulations in any way, nor would the regulation in Section 227 of the 1983 Act apply in any way to Section 31 of the 1937 Act. Section 31 of the 1937 Act is being implemented by adding a new subpart G to 24 CFR Part 960. The following policies must be complied with for pet ownership in the Lebanon Housing Authority:

1. Pet ownership: A resident may own one or more common household pets or have one or more common
- \$ASQTN0172008200806270254-02

household pets present in the dwelling unit of such resident, subject to the following conditions:

- If the pet is a dog or cat, it must be neutered/spayed. Evidence of neutering/spaying can be provided by a statement/bill from veterinarian and/or staff of the humane society. The Resident must provide waterproof and leak proof litter boxes for cat waste, which must be kept inside the dwelling unit. Cardboard boxes are not acceptable and will not be approved. The Resident shall not permit refuse from litter boxes to accumulate nor to become unsightly or unsanitary. Also, the weight of a cat cannot exceed 10 pounds (fully grown).
  - If the pet is a bird, it shall be housed in a birdcage and cannot be let out of the cage at any time.
  - If the pet is fish, the aquarium must be twenty gallons or less, and the container must be placed in a safe location in the unit. The Resident is limited to one container for the fish; however, there is no limit on the number of fish that can be maintained in the container as long as the container is maintained in a safe and nonhazardous manner.
  - If the pet is a dog, it shall not weigh more than 20 pounds (fully grown).
  - If the pet is a cat or dog, it must have received rabies and distemper inoculations or boosters, as applicable. Evidence of inoculations can be provided by a statement/bill from veterinarian or staff of the humane society.
  - All pets must be housed within the unit and no facilities can be constructed outside of the unit for any pet. No animal shall be permitted to be loose and if the pet is taken outside it must be taken outside on a leash and kept off other Resident's yards.
  - All authorized pet(s) must be under the control of an adult. An unleashed pet, or one tied to a fixed object, is not under the control of an adult. Pets which are unleashed, or leashed and unattended, on Authority property will be reported to the City of Lebanon Animal Control Officer. It shall be the responsibility of the Resident to reclaim the pet and at the expense of the Resident.
  - Pet(s) may not be left unattended for more than twenty -four consecutive hours. If it is reported to Authority staff that a pet(s) has been left unattended for more than a twenty-four (24) consecutive hour period, Authority staff may enter the unit and remove the pet and transfer the pet to the City of Lebanon Animal Control Officer. Any expense to remove and reclaim the pet from any facility will be the responsibility of the Resident.
2. Responsible Pet Ownership: Each pet must be maintained responsibly and in accordance with this Pet Policy and in accordance with all applicable ordinances, state and local public health, animal control, and animal anti-cruelty laws and regulations governing pet ownership. Any waste generated by a pet must be properly and promptly disposed of to avoid any unpleasant and unsanitary odor from being in the unit.
3. Prohibited Animals: Animals that are considered vicious and/or intimidating will not be allowed. Some examples of animals that have a reputation of a vicious nature are: reptiles, rottweiler, doberman

pincher, pit bulldog, and/or any animal that displays vicious behavior. This determination will be made by the AUTHORITY.

4. Pet(s) shall not disturb, interfere or diminish the peaceful enjoyment of other residents. The terms, "disturb, interfere or diminish" shall include but not be limited to barking, howling, chirping, biting, scratching and other like activities.

If the animal should become destructive, create a nuisance, represent a threat to the safety and security of other Residents, or create a problem in the area of cleanliness and sanitation, the Authority will notify the resident, in writing, that the animal must be removed from Authority property. The written notice will contain the date by which the pet must be removed and this date must be complied with by the Head of Household. This date will be immediate if the pet may be a danger or threat to the safety and security of other residents. The Resident may request a hearing, which will be handled according to the Authority's established grievance procedure. Provided, however, the pet must be immediately removed from the unit upon notice during the hearing process if the cause is because of safety and security.

5. The Resident is solely responsible for cleaning up the waste of the pet within the dwelling and on the grounds of the public housing development. If the pet is taken outside it must be on a leash at all times. If there is any visible waste by the pet it must be disposed of in a plastic bag, securely tied and placed in the garbage. If the Authority staff is required to clean any waste left by a pet, the Resident will be charged \$25 for the removal of the waste.
6. The Resident shall have canine pets restrained so that maintenance can be performed in the apartment. The Resident shall, whenever an inspection or maintenance is scheduled, either be at home or shall have all animals restrained or caged. If a maintenance person enters an apartment where an animal is not restrained, maintenance shall not be performed, and the Resident shall be charged a fee of \$25.00. If this same situation again occurs, the pet shall be removed from the premises. Pets that are not caged or properly restrained will be impounded and turned over to the City of Lebanon Animal Control Officer. It shall be the responsibility of the Resident to reclaim the pet at the expense of the Resident. The housing authority shall not be responsible if any animal escapes from the residence due to maintenance, inspections or other activities of the Authority.

## **DECONCENTRATION POLICY**

Adopted August 5, 1999

### **I. Objective:**

The objective of the Deconcentration Policy for the Lebanon Housing Authority is to insure that families are housed in a manner that will prevent a concentration of poverty families and/or a concentration of higher income families in any one development. The specific objective of the Lebanon Housing Authority is that no less than 40 percent of families admitted to public housing must have incomes at or below 30% of the area median income by public housing development. The Lebanon Housing Authority will take action to achieve the goal that no individual development has a concentration of higher income families. To insure that the Lebanon Housing Authority does not concentrate families with higher or lower incomes levels in any one development the Lebanon Housing Authority will track the status of family income, by development, on a regular basis utilizing income reports generated by the Authority's computer system.

### **2. Actions:**

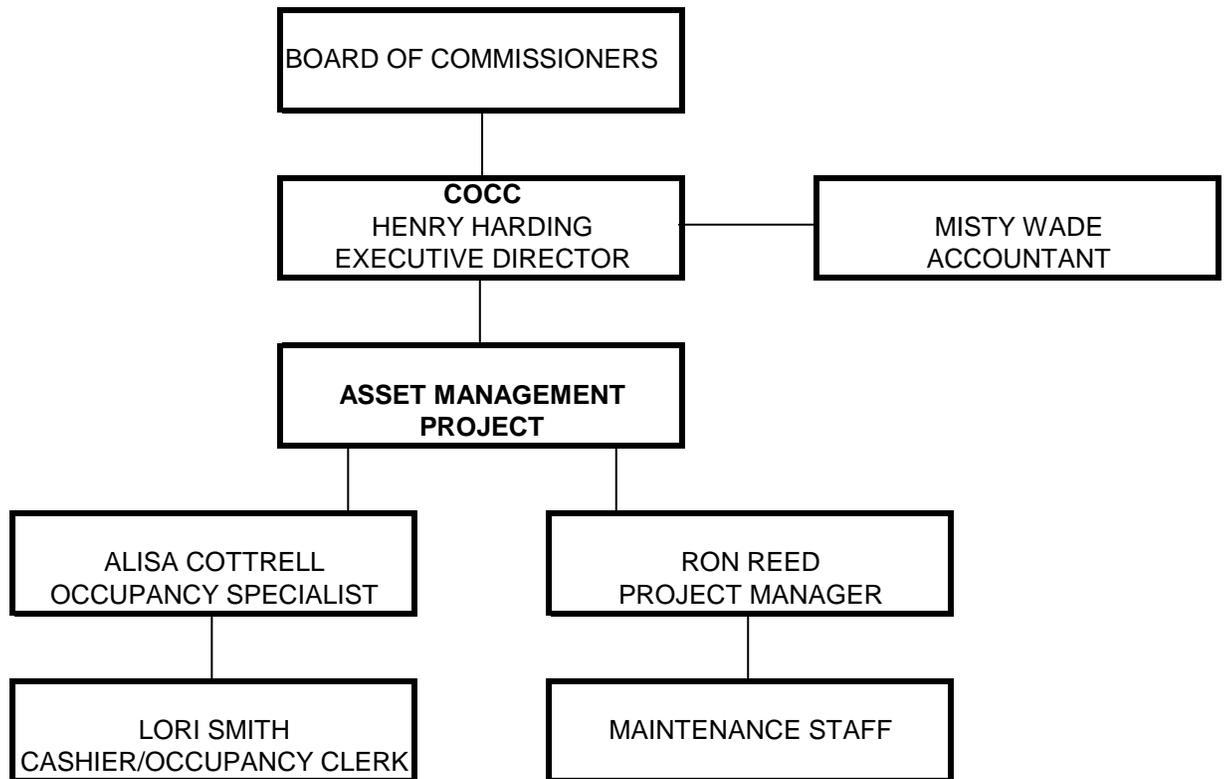

To accomplish the deconcentration goals, the Lebanon Housing Authority will take the following actions:

- A. At the beginning of each fiscal year the Authority will establish a numerical goal for admission of families whose incomes are at or below 30% of the area median income. The target annual goal will be calculated by taking 40% of the total number of move-ins from the previous Authority fiscal year.
- B. The Lebanon Housing Authority will limit the number of admissions to any one development to ensure that not less than 40% of admissions are families with incomes at or below 30% of the area median income.
- C. The Lebanon Housing Authority will skip families on the waiting list or skip developments to accomplish these goals. However, this action will not be taken until the Lebanon Housing Authority is assured we are not in violation of any Fair Housing Standards. Neither will the Lebanon Housing Authority hold any units vacant to accomplish these goals as long as Vacancy and Turn Around Time are a part of PHAS.
