9. Violence Against Women Act Statements

The PHA has amended the Administrative Plan for the Housing Choice Voucher Program and Admissions and Occupancy Policy for the Public Housing program to include provisions of the Violence Against Women Act.

That an applicant has been a victim of domestic violence, dating violence, or stalking is not an appropriate basis for denial of program assistance or for denial of admission of an otherwise qualified applicant.

The PHA may not deny portable voucher assistance to a tenant who violated previous assisted lease terms solely in order to move out quickly because of the fear of domestic violence. The PHA may not terminate or deny portable voucher assistance to a tenant who is otherwise in compliance with program rules moved out of a previous assisted unit in order to protect the health and safety of an individual who is or has been the victim of domestic violence, dating violence, or stalking and who reasonably believed he or she was imminently threatened by harm from further violence if he or she remained in the assisted dwelling unit.

The PHA may not deny a voucher to move to a tenant who violated previous assisted lease terms solely in order to move out quickly because of the fear of domestic violence. The PHA may not terminate or deny a voucher to move to a tenant who is otherwise in compliance with program rules who moved out of a previous assisted unit in order to protect the health and safety of an individual who is or has been the victim of domestic violence, dating violence, or stalking and who reasonably believed he or she was imminently threatened by harm from further violence if he or she remained in the assisted dwelling unit.

In cases where families breakup, priority for retaining rental assistance will go to an adult family member who will keep at least one dependent from the original household and has received actual or threatened physical violence against them or the dependent, from their spouse or another member of the household. In this case the household member who threatened or engaged in the violence must not remain in the assisted household. If there are no dependents in the original household then the family member who received the actual or threatened physical violence will still qualify for this priority.

The Public Housing lease has been bifurcated to allow for the eviction of family members that engage in domestic violence without terminating the tenancy of the victims.
