ii. Executive Summary of the Annual PHA Plan

[24 CFR Part 903.7 9 (r)]

Provide a brief overview of the information in the Annual Plan, including highlights of major initiatives and discretionary policies the PHA has included in the Annual Plan.

The Newport News Redevelopment and Housing Authority has prepared this agency plan in compliance with Section 511 of the Quality Housing and Work Responsibility Act of 1998 and the ensuing HUD requirements. The following statements guide the activities of the Newport News Redevelopment and Housing Authority.

Value Statement: The Newport News Redevelopment and Housing Authority will promote opportunities that revitalize communities and enhance the quality of life.

Mission Statement: The mission of the Newport News Redevelopment and Housing Authority (NNRHA) is to maintain and create affordable housing, viable neighborhoods, and opportunities for self-sufficiency that enhance the quality of life for all citizens of Newport News.

Our Annual Plan is based on the premise that if we accomplish the goals and objectives that relate to our assisted housing programs, we will be working towards the achievement of our mission. The plans, statements, budget summary, and policies as they related to our assisted housing programs, are set forth in the Annual Plan and all lead toward the accomplishment of our goals and objectives. Taken as a whole, they outline a comprehensive approach towards our goals and objectives and are consistent with the Consolidated Plan for Housing and Community Development. Below is a summary of last year's accomplishments:

>NNRHA received the 2006 Resident Opportunity for Self-Sufficiency (ROSS) Public Housing Family Self-Sufficiency Grant in amount of \$46,000. The purpose of this grant is to pay for the salary and fringe benefits of a program coordinator who will work with participating families to link them to supportive services they need to achieve self sufficiency.

>NNRHA received a Merit Award from the National Association of Housing and Redevelopment Officials for 2007 for our partnership with Girls, Inc.. The goal of Girls, Inc.

is to provide vital educational programs for girls living in NNRHA public housing communities coupled with programs that enhance their quality of life.

>The City of Newport News funds an off-duty officer project where the Housing Authority schedules off-duty officers to work 8 hour shifts on all southeast communities and Aqueduct properties to enforce all laws, to include banning drug users/dealers, trespassers and monitoring gang activity. This program is proving to be very effective with the increased number of arrests on Housing Authority property.

>The Safety/Security Department was recognized by the Housing Authority Insurance Group for meeting all 9 Safety Risk Control Standards for five consecutive years, 2003, 2004, 2005, 2006 and 2007.

>Crime statistics, furnished by the police department, indicate a reduction in reported offenses and calls for service to the police department by residents during the past 12 months as a result of using off-duty police officers at Aqueduct, Marshall and Dickerson complexes. There is a continued reduction in crime from using the off-duty police officers along with "Hot Spot" cards.

>The Section 8 and Public Housing Family Self-Sufficiency Programs have a total of 99 (59 Section 8 families and 40 public housing families) homeowners who purchased homes with their escrow fund. These families were previous Section 8 or public housing participants prior to purchasing their new homes.

>The Section 8 FSS program participants has exceeded HUD allocation:

Total Section 8 participants	257 participants
Total Public Housing FSS participants	148 participants

>The Section 8 average lease rate was 91%.

>The Public Housing average occupancy rate was 98.00%.

>NNRHA, on behalf of the City of Newport News, completed the Consolidated Annual Performance Evaluation Report (CAPER) for the 2006-2207 program year which evaluates planned activities funded by the Community Development Block Grant (CDBG), HOME Investment Partnership Program (HOME) and related programs.

>NNRHA completed the rehabilitation of 26 owner-occupied homes.

>The Authority continued to strengthen the homeownership rate in Newport News by assisting in the development of 9 homeownership opportunities. NNRHA completed the development of 8 newly constructed homes and 4 newly renovated homes. Through partnership with local Community Housing Development Organizations, NNRHA facilitated the development of 2 affordable homeownership units.

>Under the Capital Fund Program (CFP), NNRHA completed exterior repairs at Ridley Apartments, new roofs at Ridley Apartments and new windows at Pincroft Apartments.

>In conjunction with the Capital Grant section, NNRHA has hired a consultant to perform an energy conservation study. An analysis of the 12 public housing communities is underway.

>Successfully converted to Asset Management with 10 AMPs.

D. Other Information Required by HUD

Use this section to provide any additional information requested by HUD.

Plan Amendments

Substantial deviations or significant amendments or modifications are defined as discretionary changes in the plans or policies of the housing authority that fundamentally change the mission, goals and objectives, or plans of the agency and which require the formal approval of the Board of Commissioners.

Community Service Policy

What is the Community Service and Self-Sufficiency Provision?

The community service and self-sufficiency requirement is a legislative mandate by Congress as part of the Public Housing Reform Act of 1998. This provision follows some of the themes of the Personal Responsibility and Work Opportunity Reconciliation Act of 1996, also known as the Welfare Reform Act, by requiring low-income families in public housing to contribute or participate for 8 hours a month in a community service or a self-sufficiency activity or combination of both, as a condition of receipt of Federal housing assistance. Under this provision of law, noncompliance with the community service and self-sufficiency requirement is a violation and is grounds for nonrenewal of the lease at the end of a 12-month lease term, but not for termination of tenancy during the course of the 12-month lease term. However, nonrenewal of the lease is ultimately grounds for eviction.

Who Does It Apply To?

Community service and self-sufficiency applies to all nonexempt, adult residents in public housing. There are numerous exemptions under the law for adult residents who are unable to participate.

Definition of Economic Self-Sufficiency Program

For purposes of satisfying the community service requirement, participating in an economic self-sufficiency program is defined, in addition to the exemption definitions described above, by HUD as: Any program designed to encourage, assist, train or facilitate economic independence of assisted families or to provide work for such families.

In addition to the HUD definition above, the HA definition includes the following:

Participating in an educational or vocational training program designed to lead to employment.

Participating in the Family Investment Center Program.

Other activities as approved by the NNRHA on a case by case basis.

PHA Implementation of Community Service Requirement

The NNRHA will administer its own community service program, with cooperative relationships with other entities. In addition, the Reform Act specifically prohibits political activity as community service and self-certification of residents subject to the community service requirement that they have complied with 8 hours per month is not acceptable.

Pet Policy

The purpose of this policy is to establish the Authority's policy and procedures governing the ownership of common household pets in public housing units. This policy explains the criteria on the keeping of pets and establishes reasonable rules governing their care.

Residents interested in owning and/or maintaining a common household pet in their dwelling unit will be required to submit a written request for approval to their Management Rental Office and must receive approval from Management prior to housing a pet on NNRHA property. The pet owner must submit and enter into a Pet Agreement with the NNRHA. The purpose is to ensure that there is a standard to document the health, suitability and acceptability of the pet. Registration requirements may not conflict with State and local law.

Resident Survey Follow Up Plan

We have developed and completed a follow up action plan in the areas of Communication, Safety and Neighborhood Appearance as a result of the REAC Customer Service and Satisfaction Survey.

Implemented Plan for Communications

NNRHA developed a follow up action plan for communications as a result of the REAC Customer Service and Satisfaction Survey. The Community Resources Division provided suggestion boxes to all public housing rental offices for resident suggestions. After suggestions are placed into the boxes, the Public Housing Managers forward them to the Community Services Division. The editor of the monthly residents' "News & Neighbors" newsletter responds to the suggestions. The suggestion box offers the residents an opportunity to communicate with the Housing Authority staff concerning problems, advice, information and community service programs. It allows the resident to be confidential and names are an option on the suggestion form. This plan was implemented August 2003.

Use this section to provide any additional attachments referenced in the Plans.

Analysis of Average Incomes Outside the Established Income Range:

1. Lassiter Courts, Oyster Point and Brighton are all small 100 unit complexes and usually maintain a high occupancy rate.
2. These communities have very few senior citizens and have multiple members of the family who are employed.
3. Oyster Point was built in 1982, Brighton in 1972, and Lassiter Courts in 1996.
4. Oyster Point and Brighton are less than two miles from the central retail district of the city and therefore, present the families in these communities better access to employment and transportation.
5. Characteristics of Family Members with Income

	<u>SSI</u>	<u>TANF</u>	<u>Child Support</u>	<u>Employed</u>	<u>Social Security</u>
Oyster Point	16%	6%	12%	35%	12%
Brighton	12%	5%	16%	29%	15%
Lassiter Courts	12%	6%	23%	33%	12%

- Lassiter Courts is near the interstate and the Monitor Merrimac tunnel, which allows quick access to other cities (Chesapeake, Portsmouth, Suffolk, Norfolk) with employment opportunities such as Norfolk Shipyard, Portsmouth Naval Shipyard, Metro Machine, Portsmouth Naval Hospital, Chesapeake Square Mall, QVC, Planters Peanuts, and Obici Hospital.
- The NNRHA provides a priority to higher income families who agree to move into Lassiter Courts Apartments. In addition, current public housing residents who voluntarily participate in the Housing Authority's FSS Program or the Family Investment Center (FIC) receive priority as a transfer into Lassiter Courts Apartments.
- Oyster Point is in walking distance to a major mall and retail district which allows easy access to employment opportunities even for family members as young as 16 years of age.
- The Family Investment Center is located within walking distance to Dickerson Courts and Harbor Homes and we are focusing on getting all family members 18 and above to take advantage of the job training programs.

Summary

This analysis was prepared on occupancy data as of January 2, 2008. The income characteristics are sufficiently explained for the covered developments and support the goals of deconcentration of poverty and income mixing. In addition, we will review this data annually along with the Occupancy Policy as part of the planning process to identify any impediments to fair housing.

Analysis of Impediments to Fair Housing Choice

The Hampton Roads Community Housing Resource Board (HRCHRB) completed a Fair Housing Analysis for the Hampton Roads Region in December 2003. The jurisdictions participating in the study include the Cities of Newport News, Hampton, Norfolk, Portsmouth, Suffolk, Virginia Beach, and Chesapeake. The Newport News Redevelopment and Housing Authority (NNRHA) actively participated in the process by providing information about the local public housing and Section 8 programs as well as community development programs assisted with Community Development Block Grant and HOME funds. Regarding NNRHA's administration of the public housing and Section 8 programs, the study states, "Based on the review of the public housing programs it is found that NNRHA's administration of its programs does not impede housing choice for members of the protected classes. NNRHA actively recruits landlords to the Section 8 program outside of areas of concentration. NNRHA's ACOP and Section 8 Administrative Plan have reasonable accommodation policies in agreement with HUD policies and regulations." Admissions Preferences (Reasonable Accommodations)

Our Admission Preferences pertaining to “reasonable accommodation” under our transfer policy is outlined below.

In accordance with Chapter 5, Transfer Policy:

The HA may consider a request to transfer as a reasonable accommodation for persons with a disability.

The transfer waiting list will be maintained and ranked by date and time in the following order:

1. **NRRHA Action.**

2. **Medical-** Medically required transfers, verified with a written statement from a physician. It is not required that the medical statement indicate the nature of the person's illness, handicap, or disability. However, the medical statement should state the recommended suitable type unit for the family.

Example: A resident living in a one bedroom upstairs unit, but because of medical reasons the resident must be transferred to an available downstairs unit. In many cases, medical reasons may include, but is not limited to:

- a. Children age 17 and below with health problems.
- b. Adults with health problems.

3. Other Requests

- a. Families paying flat rent.
- b. Underhoused.
- c. Overhoused.
- d. Head of household requesting transfer due to employment location. The resident must be employed at the job location at least 6 months.
- e. All other requests to transfer will be processed in ranking order According to date and time of transfer request.

In addition, it is the current policy of NNRHA to permit a resident to transfer within or between housing developments when it is necessary due to occupancy standards compliance, medical reasons, or NNRHA action. This change gives a priority to children with health problems and prioritizes other general requests.

If a tenant that currently resides in public housing and later becomes disabled; and to the extent that a family that is non-disabled resides in a housing unit and that unit is needed to fill the needs of a tenant that needs accessibility features of the particular unit; the following shall apply:

In accordance with Chapter 3, Section C. Accessible Units:

The HA has units designed for persons with mobility, sight and hearing impairments. The units were designed and constructed specifically to meet the needs of persons requiring the use of wheelchairs and persons requiring other modifications.

Preference for occupancy of these units will be given to families with disabled family members who require the modifications or facilities provided in the units.

No non-mobility impaired families will be offered these units until all eligible mobility-impaired applicants have been considered.

Accessible units will be offered and accepted by non-mobility impaired applicants only with the understanding that such applicants must accept a transfer to a non-accessible unit at a later date if a person with a mobility impairment requiring the unit applies for housing and is determined eligible.

In accordance with Chapter 5, Transfer Policy:

The NNRHA will grant exceptions from guidelines in cases where it is the family's request or the HA determines the exceptions are justified by the relationship, age, sex, health or disability of family members, or other individual circumstances, and there is a vacant unit available, the following will apply:

The family may request to be placed in a larger bedroom size than indicated by NNRHA's occupancy guidelines. The HA will consider:

Person with Disability-

The NNRHA will grant an exception upon request as a reasonable accommodation for persons with disabilities if the need is appropriately verified and meets requirements.

Other Circumstances-

Circumstances may dictate a larger size unit than occupancy standards permit when persons cannot share a bedroom because of need for medical equipment due to its size and/or function. Requests for a larger bedroom size unit due to medical equipment must be verified.

As stated in the NNRHA Admissions and Occupancy Plan, Chapter 1, Section B, Reasonable Accommodations Policy, the Authority's policies and practices will be designed to provide assurances that all persons with disabilities will be provided reasonable accommodation so that they may fully access and utilize the housing program and related services.

The NNRHA Board of Commissioners adopted the latest version of the Statement of Policies Governing Admission and Continued Occupancy of the Low-Income Public Housing Program (Occupancy Policy), with respect to the Transfer Policy on October 15, 2002.

Long-Term Strategies to Reduce Energy and Utility Consumption

The Authority had an investment grade audit of its public housing building engineering systems performed in 2006. The result of that audit concluded that there is the opportunity to improve energy efficiency through physical upgrades to the building systems and fixtures. Therefore, preparation of a Request for Proposals (RFP) for an energy performance contract has begun. The financial incentives provided by HUD will complement the negotiated rate savings the Authority has with utility companies on its owner-paid public housing developments. Additionally, property managers and facilities technicians will procure energy star rated appliances, lighting and plumbing fixtures to reduce consumption.

Capacity Statement

NNRHA requires that financing for purchase of a home under its Section 8 homeownership program:

- 1) Be provided, insured, or guaranteed by the state or Federal government;
- 2) Comply with secondary mortgage market underwriting requirements; or
- 3) Comply with generally accepted private sector underwriting standards.
