### A. Housing Needs of Families in the Jurisdiction/s Served by the PHA

Based upon the information contained in the Consolidated Plan/s applicable to the jurisdiction, and/or other data available to the PHA, provide a statement of the housing needs in the jurisdiction by completing the following table. In the "Overall" Needs column, provide the estimated number of renter families that have housing needs. For the remaining characteristics, rate the impact of that factor on the housing needs for each family type, from 1 to 5, with 1 being "no impact" and 5 being "severe impact." Use N/A to indicate that no information is available upon which the PHA can make this assessment.

**DEFINITION OF “SUBSTANTIAL DEVIATION”  
AND  
“SIGNIFICANT AMENDMENT OR MODIFICATION”**

The following actions will be considered as a “significant amendment or modification” in accordance with HUD Agency Plan guidelines:

Changes to rent or admissions policies or organization of the waiting list

Any substantial deviation from the Mission Statement and/or goals and objectives presented in the 5-Year Plan that causes changes in the services provided to applicants and participants or significant changes to the Agency’s financial situation will be documented in subsequent Agency Plans. Any PHA changes to the policies or activities described in the Plan will be subject to a full public hearing and HUD review before implementation. An exception to this definition will be made for any amendments or modifications that are adopted to reflect changes in HUD regulatory requirements as such changes will not be considered significant amendments.

### **REMOVING IMPEDIMENTS AND PROVIDING FAIR HOUSING**

In the State's Analysis of Impediments to Fair Housing Choice (AI), the State determined it needed to follow a strategy that 1) increased the supply of affordable housing, 2) coordinated fair housing activities, 3) ensured fair lending and housing opportunities under the Department's Housing Programs and 4) educated the private sector – realtors, lenders, developers, and the general public – about fair housing requirements.

#### **Expanding the Supply**

As per the information above, DHCD financed thousands of new units of affordable housing during the reporting period. This included 2,419 rental units, 2,913 homeownership units, and tenant assistance to thousands of families.

In addition to these activities, DHCD took specific actions to increase the housing supply for persons with disabilities both in the homeownership and rental market. In the homeownership area, DHCD continued to operate its Homeownership for Individuals With Disabilities program noted elsewhere in this report. DHCD also continued to operate its Bridge Subsidy program for persons with disabilities on the Section 8 waiting list, which was authorized as a permanent program by the General Assembly. (It had been a demonstration program previously.) As noted in previous Performance Reports, DHCD changed its rating and ranking factors for rental housing projects, giving bonus points for projects that will affirmatively market units to individuals with disabilities. This change in policy resulted in 181 units being financed, held and/or marketed to persons with disabilities and other special needs during the reporting period (bringing the total number of units for the disabled to 975 since this change was implemented.) In addition, legislation was also passed by the General Assembly that expanded the Partnership Rental Housing Program to allow nonprofit organizations to access the program to build housing for persons with disabilities. These units are expected to start coming on line in 2008 and 2009 and will be covered in future performance reports.

As noted earlier in the Performance Report, DHCD also continued to successful operation of its Group Home and SHOP programs as well. These programs provided financing for 56 units/beds for persons with developmental disabilities, mental illness, and severe epilepsy.

#### **Coordinated Fair Housing Activities**

DHCD carried out coordinated fair housing activities with numerous agencies during the past year. This included work with the Maryland Department of Aging (MDoA), the Department of Health and Mental Hygiene, the Department of Disabilities, and the Department of Human resources, among others. DHCD's work with the Department on Aging included providing financing for housing with supportive services for elderly persons residing in DHCD financed elderly rental complexes. DHCD provided the housing financing, and the Department on Aging providing the services to seniors. DHCD's work with DHMH included coordinated housing work with DHMH's AIDS Administration to carry out HOPWA grant in Maryland's rural areas, with, once again, DHCD providing the housing assistance and the AIDS Administration providing medical assistance and other supportive services. DHCD also worked with the AIDS Administration to take over operation of the HOPWA program in Montgomery and Frederick

Counties. These efforts occurred as the cities of Frederick and Gaithersburg, who were formerly awarded HOPWA funds, requested the State to take over operation of the program in the impacted counties due to the inability of their small staffs to run a multi-county program. DHCD also worked with DHMH's Mental Hygiene and Developmental Disabilities Administrations to provide housing to disabled persons through the Homeownership for Persons with Disabilities Program, Group Home Program, and SHOP program as noted above. In the case of the Homeownership program, the Mental Hygiene and Developmental Disabilities agencies did outreach and provided services for disabled persons working to achieve homeownership. For the Group Home and SHOP programs, DHCD again provided the financing, and established agreements with the Administration for them to provide the service components, as well as licensing of the facilities to ensure quality care. (Similar agreements were established with each group home financed for the care of disabled elderly persons and abused children with the MDoA and DHR respectively). DHCD's work with the Governor's Department of Disabilities was reflected in the change in the multi-family rating and ranking procedures that financed more rental units using universal design standards. In addition, DHCD also worked with the Department of Disabilities in linking persons with disabilities to housing financed by the Department so persons with disabilities can find the housing they need.

### **Fair Lending and Housing Opportunities**

DHCD's major efforts regarding fair lending and housing opportunities in the past year have focused on helping households affected by the subprime mortgage crisis. DHCD created three new programs, Lifeline, Homesaver, and Bridge to HOPE, to help refinance mortgages and/or help owners refinance mortgages through the private sector. These programs have utilized over \$15 million in financing, with another \$12 million in active reservations. DHCD also created a HOPE Hotline to help families at risk of foreclosure, provided over \$2 million to housing counseling agencies through both federal and State resources, conducted 126 outreach events, and mailed out over 680,000 postcards to households in the most impacted communities regarding who they could contact via a "Mortgage Late, Don't Wait" media campaign. The media campaign also included outreach efforts through placing advertisements in buses and subways, radio spots, and public service announcements in movie theaters. As noted previously, working with DLLR and the Maryland General Assembly, the State also passed a series of bills strengthening the mortgage process. These included:

### **The Real Property - Maryland Mortgage Fraud Protection Act**

This legislation is a comprehensive criminal mortgage fraud statute that makes mortgage fraud a crime for **anyone** involved in the mortgage transaction. This includes lenders, borrowers, real estate agents, brokers or anyone who provides fraudulent information in home lending. The bill provides for significant fines and imprisonment for violators, and it also gives the court authority to order restitution and forfeiture and enhanced penalties for cases involving vulnerable adults.

### **The Protection of Homeowners in Foreclosure - Prohibition on Foreclosure Rescue Transactions – Enforcement**

This legislation bans foreclosure rescue transactions that scam homeowners out of their homes and the equity they've built. The bill also provides additional consumer protections for people who are trying to sell their homes because they are in default.

## The Real Property – Recordation of Instruments Securing Mortgage Loans and Foreclosure of Mortgages and Deeds of Trust on Residential Property

This new statute significantly lengthens the foreclosure process from 15 days to approximately 150 days making it fairer for homeowners and providing them with more time and notice before a foreclosure sale. It requires a lender to wait 90 days after default before filing the foreclosure action and to send a uniform Notice of Intent to Foreclose to the homeowner 45 days prior to filing an action. It also requires personal service to notify a homeowner of impending foreclosure action and requires that a sale may not occur for 45 days after service. A lender must produce proof of ownership when filing a foreclosure action. The bill codifies the right to cure, which will allow a homeowner to stop foreclosure by paying what is owed up until one business day before the sale.

On the rental housing side, as noted in last year's Performance Report, DHCD launched a new website (now in its second year), [www.mdhousingsearch.org](http://www.mdhousingsearch.org), which provides continuously updated information on the availability of affordable rental housing throughout Maryland. Accessing this website, where information is available in both English and Spanish (and where translation into other languages is also available) low-income households can search for housing throughout the State, both by county, and sometimes by individual community and even neighborhood. Operated on behalf of DHCD by Socialserve.net, interested parties can search for units based on location, price, handicapped accessibility, number of bedrooms, whether or not landlords accept Section 8, etc. DHCD offers this service free of charge to both households who are looking for affordable rental housing and landlords who list their properties for rent. The Spanish language mirror site, and the ability to obtain translation into other languages also allows DHCD to reach out to persons of Limited English Proficiency as they search for affordable rental housing.

### Educating the Private Sector

DHCD has renewed its contract with the Greater Baltimore Community Housing Resource Board (GBCHRB) to provide fair housing education and training to non-entitlement areas of the state. During the past year, the program-accomplished the following

1. **State-Wide Fair Housing Radio Interviews** – Some 15 relevant radio shows were produced and broadcast weekly on popular radio station “Heaven-600” (WCAO-AM, 600AM) which has a service area consisting on the Baltimore metro and surrounding counties – including Prince George’s and Calvert Counties.
2. **Fair Housing Educational Material Distribution** – 17,200 Fair Housing informational brochures and 92 Fair Housing posters were mailed to over 46 organizations & agencies.
3. **Promotion of April as National Fair Housing Month** – The month was promoted via distribution of advertising PSAs to radio stations, press releases to media, newsletter promotion, and web site highlighting. Also during the month, radio and TV interviews were conducted with HUD officials including Kim Kendrick, Assistant Secretary of Fair Housing & Equal Opportunity.
4. **Fair Housing Curriculum** – The GBCHRB continued to work on the proposal of the GBCHRB-developed “Renting & Buying Housing” (grades 10-12) curriculum to local county school systems.

5. **Fair Housing News** – The GBCHRB’s 4-page newsletter *Fair Housing News* was produced and posted on the GBCHRB’s web site a total of six times for agencies, groups, and individuals. An email-based version of the *Fair Housing News* was produced, and also emailed; its title is the *Fair Housing E-News*. The mailing list for *Fair Housing News* again was revised, updated, and expanded to include additional persons and organizations in the target areas.
6. **Self-Help Guide to Fair Housing** – Discussions also continued with locally based CHRB’s and nonprofits regarding the appropriate format for a specialized Self-Help Guide to Fair Housing for each county. A self-help guide to Fair Housing was produced for all counties that are identified as being in need.
7. **Toll-Free Telephone Line** – The GBCHRB’s 1-800-895-6302 toll free line was available and utilized State-wide during the project. .
8. **Fair Housing Cable-TV Shows** – Six new 30-minute shows were taped, including
  - Maryland Department of Disabilities
  - Governor’s Commission on Asian-Pacific American Affairs
  - Baltimore Neighborhoods, Inc.
  - Maryland Commission on Human Relations
  - Representatives from the U. S. Department of Housing & Urban Development.
9. **Internet Web Site** – The web-site was updated to include information about the DHCD partnership with GBCHRB, Self-Help Guides to Fair Housing, and the GBCHRB’s cable-TV and radio shows.

### **Maryland Commission on Human Relations**

While DHCD continued to carry out its strategies to increase and expand fair housing opportunities developed under its Analysis of Impediments to Fair Housing Choice, the Maryland Commission on Human Relations (MCHR) has the primary responsibility for carrying out fair housing activities in the State. The MCHR offered its services at office in Baltimore, Hagerstown Leonardtown, Cambridge and Salisbury, as well as through satellite locations in Oakland, Cumberland, Frederick, Prince Frederick and Hughesville. In addition to housing discrimination, they also investigated complaints based on employment and public accommodation, and have responsibility for hate crimes monitoring.

Among their major initiatives in the past year, the MCHR, in collaboration with the Maryland Association of Realtors, conducted best business and marketing practices training in counties throughout the State. They also provided 161 training sessions for approximately 6,800 individuals including training sessions on fair housing issues, disability and MCHR services among other issues.

A total of 90 fair housing complaints were filed state wide in 2007, 15 of them in areas covered under the State’s AI (the remainder of the complaints were in the State’s entitlement jurisdictions). Of the 90 statewide complaints (breakdowns by jurisdictions are not available), 50 were based on race, 4 on sex, 36 on disability, 2 on religion, 14 on national origin, 5 on familial status, and 1 on color. Note that the breakdowns exceed 90 total cases since cases can be filed in more than one category.

**VIOLENCE AGAINST WOMEN ACT (VAWA)**

The Maryland Department of Housing and Community Development has adopted a policy to implement applicable provisions of the Violence Against Women and Department of Justice Reauthorization Act of 2005 (VAWA). It is the goal of DHCD to serve the needs of child and adult victims of domestic violence, dating violence and stalking, as defined in VAWA, and to support the objectives of VAWA.

Activities include amending the administrative plan, notifying all owners and families of VAWA and identifying agencies and services to assist individuals and families. DHCD will make referrals to the Department of Social Services offices throughout the State. In Western Maryland, we have identified Family Crisis Resource Center and the Human Resources Development Commission, Inc. as referral sources. We will continue throughout the year to identify additional agencies and services.
