VIOLENCE AGAINST WOMEN POLICY RESOLUTION #5-2007

Adopted 5/8/2007

It shall be the policy of the Niobrara Housing Agency not to prohibited admission to any applicant or evict any tenant on the basis that they are or have been a victim of domestic violence, dating violence, or stalking if the applicant or tenant otherwise qualifies for admission or housing assistance.

The Niobrara Housing Agency provides that a family may move to another jurisdiction after leaving a unit in violation of the lease if the family moved to protect the safety of a domestic violence victim. Niobrara Housing Agency creates an exception to the “one-strike” policy for victims of domestic violence, dating violence, or stalking.

A household cannot be evicted for acts of domestic violence of which a member of the household is the victim, even if the acts of domestic violence were committed by the household member’s guest, another member of the household or other person under the tenant’s control. The Housing Agency will terminate the tenancy of any tenant who is an imminent threat to other tenants or those employed at the Niobrara Housing Agency.

A tenant who the Housing Agency is seeking to terminate due to criminal activity can assert that she/he falls under the domestic violence exception by notifying the Agency office in writing. If requested, the individual must provide certification within 14 business days after said request via a HUD-approved certification form that states the individual is a victim of domestic violence, dating violence, or stalking, and that the incident or incidents in question are bona fide incidents of such actual or threatened abuse. Such certification shall include the name of the perpetrator. Documentation signed by an employee, agent, or volunteer of a victim service provider, an attorney, or a medical professional from whom the victim has sought assistance must be provided by the individual. In such documentation the professional shall attest under penalty of perjury to the professional’s belief that the incident in question is a bona fide incident of domestic violence, dating violence, or stalking. The individual can also produce a Federal, State, tribal, territorial, or local police or court record.

Niobrara Housing Agency requires the issuance of a “HUD approved certification form” for victims of abuse to use in the event that a Housing Agency requests that a victim of abuse certify that the alleged incidents of abuse are bona fide, and a copy of this form can be requested from the office.

The Housing Agency may evict only the wrongdoer and not the entire family in cases of domestic violence.

All information the Agency may request to confirm domestic violence, dating violence or stalking victim status, pursuant to Federal law, shall be retained in confidence by the Agency, and shall neither be entered into any shared database nor provided to any related entity, except to the extent that disclosure is:

Requested or consented to by the individual in writing;
Required for use in an eviction proceeding; or
Otherwise required by applicable law

For the purposes of Policy, the following definitions apply:

“domestic violence” includes felony or misdemeanor crimes of violence committed by a current or former spouse of the victim, by a person with whom the victim shares a child in common, by a person who is cohabitation with or has cohabitated with the victim as a spouse, by a person similarly situated to a spouse of the victim under domestic or family violence laws, or by any other person against an adult or youth victim who is protected from that person’s acts under the domestic or family violence laws;

“dating violence” is defined as violence committed by a person who is or has been in a social relationship of a romantic or intimate nature with the victim; and where the existence of such a relationship shall be determined based on a consideration of the length of the relationship, the type of the relationship, and the frequency of interaction between the persons involved in the relationship;

“stalking” is defined as following, pursuing, or repeatedly committing acts with the intent to kill, injure, harass, or intimidate another person; or placing under surveillance with the intent to kill, injure, harass, or intimidate another person; and, in the course of, or as a result of, such following, pursuit, surveillance, or repeatedly committed acts, placing a person in reasonable fear of the death of, or serious bodily injury to, or causing substantial emotional harm to that person; a member of the immediate family of that person; or the spouse or intimate partner of that person.

“immediate family member”, with respect to a person, is identified as a spouse, parent, brother or sister, or child of that person, or an individual to whom that person stands in loco parentis; or any other person living in the household of that person and related to that person by blood or marriage.
