This information collection is authorized by Section 511 of the Quality Housing and Work Responsibility Act, which added a new section 5A to the U.S. Housing Act of 1937 that introduced 5-year and annual PHA Plans. The full PHA plan provides a ready source for interested parties to locate basic PHA policies, rules, and requirements concerning the PHA's operations, programs, and services, and informs HUD, families served by the PHA, and members of the public of the PHA's mission and strategies for serving the needs of low-income and very low-income families. This form allows eligible PHAs to make a streamlined annual Plan submission to HUD consistent with HUD's efforts to provide regulatory relief for certain types of PHAs. Public reporting burden for this information collection is estimated to average 11.7 hours per response, including the time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information. HUD may not collect this information and respondents are not required to complete this form, unless it displays a currently valid OMB Control Number.

3. The Consolidated Plan of the jurisdiction supports the PHA Plan with the following actions and commitments: (describe below)

In review of the Consolidated Plan of the State of Rhode Island, skyrocketing real estate prices are putting apartments and houses beyond reach as well as the dramatic increases in utilities, namely oil and electric. Many critical workers in education, financial services, and the medical profession cannot afford to buy homes. Retail and key support occupations cannot afford typical rents. For those with limited incomes, the housing situation in Rhode Island has reached crisis proportions. More people need a place to live but the supply of available housing is limited.

There is a need for 7923 unit for elderly renter households and 14830 for family renter households. These include households experiencing housing problems such as cost burdens greater than 30% of income, overcrowding, and/or without complete kitchen or plumbing facilities. Coventry Housing Authority continues to explore opportunities with the Town of Coventry to expand the supply of units in this community as well as to increase housing production throughout our jurisdiction. Coventry Housing Authority has received approval of a Capital Fund Financing Package to fund the installation and connection of its two oldest properties to the public sewer system. This will not only eradicate the aging septic systems serving this property, but will “free up” undeveloped parcels of land which can support additional housing units.

In addition Coventry Housing Authority is a member of the Town of Coventry’s Affordable Housing Advisory Committee to serve as an advocate for affordable housing in the town and will be responsible for the implementation of the State-approved Affordable Housing Production Plan.

Coventry Housing Authority will also work to preserve existing housing stock seeking low cost loans and grants for rehabilitation. We will also continue to promote homeownership opportunities through both the Section 8 Homeownership program and by providing homebuyer education counseling and down payment/closing cost assistance.
