5-YEAR PLAN
PHA FISCAL YEARS 2007 – 2011
[24 CFR Part 903.5]

A. Mission

State the PHA's mission for serving the needs of low-income, very low income, and extremely low-income families in the PHA's jurisdiction. (select one of the choices below)

- The mission of the PHA is the same as that of the Department of Housing and Urban Development: To promote adequate and affordable housing, economic opportunity and a suitable living environment free from discrimination.
- The PHA's mission is: (state mission here)
Mission: To provide affordable housing opportunities for our community.
Vision: We will increase sustainable housing while revitalizing neighborhoods and developing new communities.

B. Goals

The goals and objectives listed below are derived from HUD's strategic Goals and Objectives and those emphasized in recent legislation. PHAs may select any of these goals and objectives as their own, or identify other goals and/or objectives. Whether selecting the HUD-suggested objectives or their own, **PHAS ARE STRONGLY ENCOURAGED TO IDENTIFY QUANTIFIABLE MEASURES OF SUCCESS IN REACHING THEIR OBJECTIVES OVER THE COURSE OF THE 5 YEARS.** (Quantifiable measures would include targets such as: numbers of families served or PHAS scores achieved.) PHAs should identify these measures in the spaces to the right of or below the stated objectives.

HUD Strategic Goal: Increase the availability of decent, safe, and affordable housing.

- PHA Goal: Expand the supply of assisted housing
Objectives:
- Apply for additional rental vouchers:
The HASLC will actively apply for as many vouchers that HUD may make available in the future. The HASLC will also continue to apply for the City and State's TBRA vouchers that assist special populations.
 - Reduce public housing vacancies:
We will continue to maintain occupancy rate of 98%. This will be accomplished by regular monitoring of properties, good coordination with eligibility for adequate number of screened applications, and coordination with maintenance for speedy unit turnover.
 - Leverage private or other public funds to create additional housing opportunities:
The HASLC is using proceeds from the sale of our public housing to leverage with other funding sources such as Capital Funds, tax credits, Bonds, State, and City funds, to purchase existing buildings and/or land for the creation of mixed income developments that is affordable and expands the number of available units in our community. This mixed

financing will include either public housing developed under 24 CFR 941 (Subpart F) or Section 8 project based or tenant based.

- Acquire or build units or developments
We have purchased land located at 1812 South West Temple where we will build 93 to 95 units of affordable housing for seniors. Funding for this construction will be proceeds from the public housing sale and tax credits. We have placed an offer on property located in Salt Lake City's jurisdiction where we plan to construct 120 units of mixed income housing for families. This project will be funded through proceeds from the public housing sale and tax credits. This too will include either Section 8 project based or tenant based vouchers.

- Other (list below)
We are in the process of putting together an application to submit to HUD for approval to use Capital Funds for the construction of a 70 to 75 unit building in the North West quadrant of Salt Lake City for seniors. We are hoping to complete this process and begin construction by late 2009 or early 2010. This project will include public housing (ACC) units developed under 24 CFR 941 (Subpart F). Should that be denied we expect to project base Section 8 vouchers.

The Housing Authority of Salt Lake City has also committed to project base 75 Vouchers to the Road Home's Palmer Court project for chronically homeless individuals that will come on-line in 2009. In the future we will consider project basing additional vouchers for projects housing chronically homeless and/or other designated populations and for mixed income projects where funds from public housing disposition are used.

We will continue to look for a replacement location for Valor House. The Veterans Administration needs to gain back the space on their medical campus that houses the 62 beds for homeless Veterans.

The Housing Authority continues to look in Salt Lake City for land or buildings appropriate for purchase in our effort to produce a minimum of 420 units that replace the 313 units of public housing HUD approved for disposition.

- PHA Goal: Improve the quality of assisted housing
Objectives:
 - Improve public housing management: (PHAS score)
In 2007 we received a PHAS score of 96, making our designation status a high performer. It is our goal to maintain our high performer status.
 - Improve Voucher Management: (SEMAP score)
In 2007 we received a SEMAP score of 97 making our designation status a high performer. It is our goal to maintain our high performer status.

- Increase customer satisfaction:
We utilize our Resident Advisory Board, the HOME Resident Council, resident surveys, resident meetings and resident notices to communicate with our program participants on their needs. In 2007 we received a score of 9 out of 10 possible points in customer satisfaction. Customer satisfaction remains a top priority for our agency.
- Concentrate on efforts to improve specific management functions:
(list; e.g., public housing finance; voucher unit inspections)
 - Operate within budget amounts serving as many households possible within the federal program budgets.
 - Maintain our operating reserves at no less than 35%.
 - Continue to encourage existing Section 8 landlords to use direct deposit for HAP payments and mandate all new landlords use direct deposit.
- Renovate or modernize public housing units:
The HASLC will continue annual planning and strategy meetings with staff and residents to assess the needs of each structure and prepare a modernization schedule in order to meet the needs. Planning, assessment, and implementation are ongoing.
- Demolish or dispose of obsolete public housing:
The HASLC will continue the sale of its public housing units for families in accordance to our approved Disposition Plan.
- Provide replacement public housing:
The HASLC purchased property where construction will begin in 2009. One property will provide 93 to 95 units another property with 70 to 75 units of affordable housing for seniors. These projects will be a mixed income properties that begin our replacement of sold public housing units.
- Provide replacement vouchers:
The HASLC submitted an application for replacement vouchers once we received notice that our Disposition application was approved. The voucher replacement application was approved. We will now construct new replacement housing that is affordable to Voucher holders.
- Other: (list below)
- PHA Goal: Increase assisted housing choices
Objectives:
 - Provide voucher mobility counseling:
The needs of the client are reviewed with them at the time of program orientation and again at their annual review. Information on voucher mobility and lists of affordable housing and participating landlords in other areas are provided.
 - Conduct outreach efforts to potential voucher landlords
On an annual basis the HASLC conducts program information training to prospective and participating landlords and the community. We encourage landlords to attend the program orientation with their client.

- Increase voucher payment standards
We monitor our payment standard on a monthly basis evaluating whether or not there is difficulty locating an affordable housing unit within 60 days. It is our desire to assist as many families possible within our awarded vouchers. We are trying to keep the payment standard as low as possible. We consider raising the payment standard if our clients find it difficult to find a unit that is affordable within 60 days.
- Implement voucher homeownership program:
We are considering the implementation of a Section 8 Home Ownership Program within the upcoming 5 years.
- Implement public housing or other homeownership programs:
Due to the sale of all our public housing for families we will not create a Home Ownership Program in public housing. We are considering one for the Section 8 program.
- Implement public housing site-based waiting lists:
After evaluating the efficiency and effectiveness of centralizing the waiting list or having it on-site, we have determined it to be more cost effective to have the waiting list centralized. Applications are however available on-site at each of our buildings.
- Convert public housing to vouchers:
We plan to submit a Voluntary Conversion Application, if and when it becomes available, to HUD for our 100 unit elderly public housing complex (Phillips Plaza) and perhaps others. We believe we can demonstrate in this Application that it is more cost effective for HUD to convert this building and others from public housing to vouchers.
- Other: (list below)

HUD Strategic Goal: Improve community quality of life and economic vitality

- PHA Goal: Provide an improved living environment
Objectives: We improve the community, quality of life and economic vitality through strict lease enforcement, responding quickly to needed repairs, graffiti removal, working closely with the Police Department, taking an active role in the community and creating mixed income properties when possible.
 - Implement measures to deconcentrate poverty by bringing higher income Section 8 households into lower income developments:
With the selling of our family public housing we are left with senior housing only. We still try, when possible, to keep a mix of incomes.
 - Implement measures to promote income mixing in Section 8 by assuring access for lower income families into higher income developments: This is not applicable for our public housing for seniors. All buildings are located in the same general area that is not in poverty designated locations.

- Implement public housing security improvements:
 The HASLC continues to do the following:
 - Work with the Police Department with environmental design.
 - Have a police officer live at each public housing complex.
 - Remove gang graffiti within 24 hours.
 - Use off-duty police officers to conduct security patrols above and beyond what the city allows.
- Designate developments or buildings for particular resident groups (elderly, persons with disabilities)
 The HASLC has a HUD approved Elderly Only Designation for the following three buildings: City Plaza located at 1992 South 200 East; Phillips Plaza, 660 South 300 East; and Romney Plaza, 475 East 900 South.
- Other: (list below)
 The HASLC will apply to be selected as a Moving to Work Demonstration site should HUD make it available to additional sites. We believe we have the ability and creativity to develop a Section 8 Program that would offer flexibility as well as specific funding formulas that are more beneficial than the traditional methods used by HUD.

HUD Strategic Goal: Promote self-sufficiency and asset development of families and individuals

- PHA Goal: Promote self-sufficiency and asset development of assisted households
 Objectives:
 - Increase the number and percentage of employed persons in assisted families:
 The HASLC continues to provide resources to assist families in addressing barriers such as lack of child care, transportation, employment skills or education to increase the number of employed persons. We have renewed many partnerships with agencies to assist families in obtaining employment at a living wage. We continue to develop new partnerships to enhance self-sufficiency services to our program participants. When funding for self-sufficiency related programs are available, we apply. Available funding and established partnerships expand the number of families we are able to serve.
 - Provide or attract supportive services to improve assistance recipients' employability:
 We coordinate supportive services with community agencies for our clients to access services that enhance their possibilities of becoming self-sufficient. The HASLC provides a resident library at the Housing Authority's main office equipped with computer that has internet access, fax machine, copy machine and resources to obtain employment and supportive services.

- Provide or attract supportive services to increase independence for the elderly or families with disabilities.
 The HASLC is partnered with Salt Lake County Aging Service's Senior Companion Program that offers clients assistance with light housekeeping, grocery shopping, cooking, and transportation to doctor appointments and pharmacies as well as companionship. Aging services also provide our clients with weekly transportation for grocery shopping. Through our ROSS grant we contract with Aging Services to provide case management that assists the elderly in the prevention of early institutionalization.
- Other: (list below)
 The HASLC encourages program participants to participate in our Family Self-Sufficiency, Resident Opportunity and Support Services Programs. The HASLC is a member of the Utah Individual Account Network (IDA). IDA accounts are designed to assist participants in obtaining assets, specifically home ownership, education or entrepreneurship. Eligible families are referred to the Network. We also provide resource information to all housing program participants to assist them in reaching their fullest potential. We have many community partners who provide services such as employment skills and job search, budgeting, education and training, parenting classes, housekeeping, life skills, GED/High School diploma, home ownership, etc.

HUD Strategic Goal: Ensure Equal Opportunity in Housing for all Americans

- PHA Goal: Ensure equal opportunity and affirmatively further fair housing Objectives:
 - Undertake affirmative measures to ensure access to assisted housing regardless of race, color, religion national origin, sex, familial status, and disability:
 The HASLC provides and will continue to provide the following:
 - Reasonable accommodations to people with disabilities in order for them to take full advantage of offered programs and services.
 - Open the Housing Choice Voucher Program to disabled individuals receiving Medicaid Waiver through the use of shared housing, or group home. This allows these individuals to move out of institutions and into the community.
 - Provide information and resources to applicants and program participants who believe they may be victims of discrimination.
 - Provide discrimination complaint forms and assist any family that believes they have suffered discrimination in completing the forms.

- Undertake affirmative measures to provide a suitable living environment for families living in assisted housing, regardless of race, color, religion national origin, sex, familial status, and disability:
The HASLC will mix its public housing development populations as much as possible with respect to ethnicity, race and income. We will also encourage Section 8 voucher recipients to move to areas of low poverty and low minority density.
- Undertake affirmative measures to ensure accessible housing to persons with all varieties of disabilities regardless of unit size required:
We are left after Disposition with only one bedroom units in public housing. We do however provide equipment necessary for hearing and sight impaired residents as well as grab bars in all bathrooms.
- Other: (list below)
 - The HASLC will actively support other agencies and legislation that furthers fair housing.
 - The HASLC will be responsive to active and open communication with local and Federal Fair Housing offices.
 - We will continue to participate in fair housing training and presentations.
 - The HASLC will maintain good working relationships with HUD's FHEO staff.
 - Support victims of domestic violence, dating violence, sexual assault or stalking.The above listed goals are in place and are on-going.

Other PHA Goals and Objectives: (list below)

The Housing Authority of Salt Lake City is committed to providing quality housing to economically disadvantaged people in our community while creating and promoting opportunities for independence, self-sufficiency and improved quality of life.

ii. Executive Summary of the Annual PHA Plan

[24 CFR Part 903.7 9 (r)]

Provide a brief overview of the information in the Annual Plan, including highlights of major initiatives and discretionary policies the PHA has included in the Annual Plan.

Our Plan is based on the premise that if we accomplish our goals and objectives we will be working towards the achievement of our mission and the betterment of the clientele we serve.

The plans, policies, etc. set forth in the Agency Plan all lead towards the accomplishment of our goals and objectives. Taken as a whole, they outline a comprehensive approach towards our goals and objectives and are consistent with Salt Lake City's Consolidated Plan. Below are the highlights of our Annual and Five Year Plan:

- The Housing Authority has purchase land located in the North West quadrant of Salt Lake City for the development of 70 to 75 units of affordable housing for seniors. It is our intent to either submit to HUD an application for the use of Capital Funds for the construction or an application for Tax Credits to go along with funds from the public housing disposition for the financing of this development. This project will include public housing (ACC) units developed under 24 CFR (Subpart F). Should this be denied, we plan to use Section 8 project based vouchers. We expect to begin construction in spring of 2009.
- We have purchased land located at 1812 South West Temple where we will build 93 to 95 units of affordable housing for seniors. Funding for this construction will be proceeds from the sale of public housing and tax credits. We will include Section 8 project based and/or tenant based vouchers. We will submit the application for tax credits in October 2008 so we can begin construction in 2009.
- In 2009 the HASLC will provide The Road Home 75 Section 8 vouchers that will be project based for their Palmer Court Apartments designated for chronically homeless individuals and families.
- The HASLC will make available Section 8 project based vouchers for construction of affordable housing that uses public housing disposition funds for the construction.
- We will continue to research the effectiveness and demand for utilizing Section 8 vouchers for home ownership.
- It is still our intent to submit a voluntary conversion application to HUD to convert our 100 unit senior high rise (Phillips Plaza) to a Section 8 Voucher Program should HUD make that option available.
- It is our intent to apply to be a Moving to Work Demonstration site should HUD make it available to other locations.

C. Strategy for Addressing Needs

Provide a brief description of the PHA's strategy for addressing the housing needs of families in the jurisdiction and on the waiting list **IN THE UPCOMING YEAR**, and the Agency's reasons for choosing this strategy.

The HASLC's strategy for addressing the housing needs of families in our jurisdiction and on our waiting list is to provide as much safe, decent, affordable and accessible housing as possible. We will utilize the resources of the sale of family public housing to leverage those funds and build at least 420 new affordable housing units. These units will serve homeless, elderly, and families. They will be mixed income properties and will enable our agency to include some market rate rents. The mix of incomes and using Section 8 project based Vouchers will ensure the projects financial viability for years to come.

We will respond to all HUD notices of funding availability that will increase affordable housing, housing subsidies, and/or support services. We conduct annual landlord briefings to encourage program participation which increases available units to the program. We will also consider public housing expansion for seniors through the Capital Fund Program.

(1) Strategies

Need: Shortage of affordable housing for all eligible populations

Strategy 1. Maximize the number of affordable units available to the PHA within its current resources by:

Select all that apply

- Employ effective maintenance and management policies to minimize the number of public housing units off-line
- Reduce turnover time for vacated public housing units
- Reduce time to renovate public housing units
- Seek replacement of public housing units lost to the inventory through mixed finance development
- Seek replacement of public housing units lost to the inventory through section 8 replacement housing resources
- Maintain or increase section 8 lease-up rates by establishing payment standards that will enable families to rent throughout the jurisdiction
- Undertake measures to ensure access to affordable housing among families assisted by the PHA, regardless of unit size required
- Maintain or increase section 8 lease-up rates by marketing the program to owners, particularly those outside of areas of minority and poverty concentration
- Maintain or increase section 8 lease-up rates by effectively screening Section 8 applicants to increase owner acceptance of program
- Participate in the Consolidated Plan development process to ensure coordination with broader community strategies
- Other (list below)

Strategy 2: Increase the number of affordable housing units by:

Select all that apply

- Apply for additional section 8 units should they become available
- Leverage affordable housing resources in the community through the creation of mixed - finance housing
- Pursue housing resources other than public housing or Section 8 tenant-based assistance.
- Other: (list below)

Need: Specific Family Types: Families at or below 30% of median
