<b>5.1</b>	<b>Mission.</b> State the PHA's Mission for serving the needs of low-income, very low-income, and extremely low income families in the PHA's jurisdiction for the next five years: <b>The mission of the Housing Authority is to promote adequate and affordable housing, economic opportunity, and a suitable living environment free from discrimination for as many program-eligible persons as funding permits.</b>					
<b>5.2</b>	<p><b>Goals and Objectives.</b> Identify the PHA's quantifiable goals and objectives that will enable the PHA to serve the needs of low-income and very low-income, and extremely low-income families for the next five years. Include a report on the progress the PHA has made in meeting the goals and objectives described in the previous 5-Year Plan.</p> <p><b>Identification of goals and objectives: Over the next five years, the Housing Authority will strive to maintain our "High Performer" status with HUD by fully utilizing all available Section 8 funding and by managing our Voucher Program in an efficient, correct, responsible manner, and respectful manner. Specific goals include the following: Based on our current funding from HUD, we hope to achieve an average monthly lease-up of approximately 560 units. If HUD provides additional funding, we will continue to lease up to our maximum 593-unit program. It is also our goal to continue educating 100% of all new voucher holders, as well as program landlords and members of the public, about housing discrimination laws. Additionally, we will strive to pass 100% of all annual re-inspections or to abate payments when and as required by program regulations. We will provide rental assistance for new units only after they have been inspected and passed inspection. We will take action against 100% of all tenants who intentionally violate program regulations if and when we become aware of any such activity, and we will employ a variety of methods (both HUD-required and our own) to insure program integrity; we will encourage and assist to the extent possible all Family Self Sufficiency participants so that they may attain their economic goals; we will process 100% of all requests by disabled individuals for reasonable accommodations expeditiously; we will continue to provide voucher mobility counseling to 100% of all new voucher holders and to 100% of all other persons requesting such assistance; and we will employ new procedures and policies as useful or necessary.</b></p> <p><b>Progress made in meeting goals and objectives described in the previous 5-Year Plan: The Housing Authority succeeded in meeting the goals and objectives described in the previous 5-year plan. Specifically, the Housing Authority: maintained our high SEMAP score and high performer status with HUD; maintained our customer satisfaction rating (99%); streamlined various office procedures through use of new policies, procedures, and software applications; continued to provide voucher mobility counseling and helped a number of participants to successfully transfer to and from other jurisdictions; continued to conduct outreach efforts to new and potential landlords; raised our Payment Standards for one, two, and three bedroom units; enforced housing quality standards, educated tenants and landlords about anti-discrimination laws through an annual workshop and periodic briefing sessions and individual calls (including working with the Housing Rights Center); continued to administer the Family Self Sufficiency Program and to enroll new tenants onto the program; provided reasonable accommodations to persons with disabilities and educated tenants about their right to request reasonable accommodations.</b></p>

**Housing Needs.** Based on information provided by the applicable Consolidated Plan, information provided by HUD, and other generally available data, make a reasonable effort to identify the housing needs of the low-income, very low-income, and extremely low-income families who reside in the jurisdiction served by the PHA, including elderly families, families with disabilities, and households of various races and ethnic groups, and other families who are on the public housing and Section 8 tenant-based assistance waiting lists. The identification of housing needs must address issues of affordability, supply, quality, accessibility, size of units, and location.

**Based on information from all sources, including the most recent Consolidated Plan and the City's Section 8 current waiting list, there remains in our jurisdiction a significant need to assist low-income individuals and families (particularly elderly and disabled, extremely-low and very-low income individuals and families).**

**To illustrate, the most recent Consolidated Plan (completed 5/2005) shows the following:**

**Extremely-low and very-low income households comprised 14.5 % of renter households in the City. Eighty-four percent of this group were paying over 30% of household income for housing, and sixty-five percent of this group were paying over 50% of income for housing. There also exists a shortage of rental housing affordable for extremely-low to low-income households.**

**The Consolidated Plan showed there were 2,077 extremely low and low income renter households in the City, with only 1,131 rental units affordable to this income group.**

**With regard to the elderly population, at the time of the most recent Census, there were 6,508 persons age 62 or over in Redondo Beach, representing 10.3% of the population. Further, the Consolidated Plan shows that many were on fixed incomes and in no way could afford the median monthly rents in Redondo Beach.**

**Many persons with disabilities were also identified, in the Consolidated Plan, to be in similar need of housing assistance. That determination was based on a study and comparison of incomes earned by disabled individuals versus median monthly rents charged.**

**In terms of breakdown by race and ethnicity, of the 1,597 extremely low and very low income renter households in Redondo Beach, 1,133 were white non-Hispanic; 285 were Hispanic; 95 were Asian-Non-Hispanic; 82 were Black Non-Hispanic; 14 were Pacific Islander Non-Hispanic.**

**Additionally, a review of the City's current Section 8 waiting reveals information that is consistent with the Consolidated Plan, in terms of need to assist very-low and extremely-low income disabled individuals, seniors, and families. Specifically, the waiting list shows:**

**There are currently 2,209 households on the waiting list. Based on self-certifications made by the applicants on our preliminary application cards, 1592 applicants indicated they fall within our extremely-low to very-low income range. In addition, 41 applicants stated they are low-income. (The remaining 576 applicants have not yet provided enough income information for the Housing Authority to categorize their income levels.)**

**Of the 2209 applicants, 594 (26.89%) are elderly households with one or more members 62 years of age or older. 780 applicant families (35.31%) have disabled head of households or spouses.**

**In regards to racial groups, of those persons who indicated their race and ethnicity on their application cards, 34 applicants (1.54%) stated they are American Indian/Alaska Native, 172 applicants (7.79%) stated they are Asian; 27 applicants (1.22%) stated they are Native Hawaiian/Pacific Islander; 692 (31.33%) stated they are Black/African American; 1274 (57.67%) stated they are White. Additionally, 459 applicants (20.78%) of all applicants reported to be Hispanic, and 1740 (78.77%) reported to be Non-Hispanic.**

9.1	<p><b>Strategy for Addressing Housing Needs.</b> Provide a brief description of the PHA’s strategy for addressing the housing needs of families in the jurisdiction and on the waiting list in the upcoming year. <b>Note: Small, Section 8 only, and High Performing PHAs complete only for Annual Plan submission with the 5-Year Plan. The Housing Authority gives a priority on our waiting list to senior citizens and disabled individuals over other single individuals. Additionally, we admit new persons from the wait list only if they are extremely-low or very-low income. This is consistent with HUD regulations for the Section 8 Program, and it is consistent with the most pressing needs of our jurisdiction, as identified by our current waiting list and the most recent Consolidated Plan.</b></p> <p><b>The Housing Authority will continue to select new applicants from the top of our waiting list, and we will serve as many new qualified households as our (limited) funding permits. (Our funding generally allows for us to assist only a few new tenants each month, as we must wait for existing participants to leave the program before we can serve new persons).</b></p>
	<p><b>Additional Information.</b> Describe the following, as well as any additional information HUD has requested.</p> <p>(a) Progress in Meeting Mission and Goals. Provide a brief statement of the PHA’s progress in meeting the mission and goals described in the 5-Year Plan. <b>The Housing Authority continued to successfully administer our Section 8 Voucher and Family Self Sufficiency Programs. Briefly, we provided rental subsidies to approximately 560 Section 8 Voucher Program participants each month, enabling them to reside in decent, safe, and affordable housing; we inspected each housing unit on our program annually and actively enforced housing quality standard requirements; we continued to educate our clients and the public about anti-discrimination laws; we undertook measures to ensure participants were aware of their rights, including their rights to reasonable accommodations and accessible housing; we provided economic opportunities for tenants interested in the Family Self Sufficiency Program; and we took proactive steps to terminate participants who were abusing our Section 8 Program.</b></p> <p>(b) Significant Amendment and Substantial Deviation/Modification. The identification of housing needs must address issues of affordability, supply, quality, accessibility, size of units, and location.

**Based on information from all sources, including the most recent Consolidated Plan and the City's Section 8 current waiting list, there remains in our jurisdiction a significant need to assist low-income individuals and families (particularly elderly and disabled, extremely-low and very-low income individuals and families).**

**To illustrate, the most recent Consolidated Plan (completed 5/2005) shows the following:**

**Extremely-low and very-low income households comprised 14.5 % of renter households in the City. Eighty-four percent of this group were paying over 30% of household income for housing, and sixty-five percent of this group were paying over 50% of income for housing. There also exists a shortage of rental housing affordable for extremely-low to low-income households. The Consolidated Plan showed there were 2,077 extremely low and low income renter households in the City, with only 1,131 rental units affordable to this income group.**

**With regard to the elderly population, at the time of the most recent Census, there were 6,508 persons age 62 or over in Redondo Beach, representing 10.3% of the population. Further, the Consolidated Plan shows that many were on fixed incomes and in no way could afford the median monthly rents in Redondo Beach.**

**Many persons with disabilities were also identified, in the Consolidated Plan, to be in similar need of housing assistance. That determination was based on a study and comparison of incomes earned by disabled individuals versus median monthly rents charged.**

**In terms of breakdown by race and ethnicity, of the 1,597 extremely low and very low income renter households in Redondo Beach, 1,133 were white non-Hispanic; 285 were Hispanic; 95 were Asian-Non-Hispanic; 82 were Black Non-Hispanic; 14 were Pacific Islander Non-Hispanic.**

**Additionally, a review of the City's current Section 8 waiting reveals information that is consistent with the Consolidated Plan, in terms of need to assist very-low and extremely-low income disabled individuals, seniors, and families. Specifically, the waiting list shows:**

**There are currently 2,209 households on the waiting list. Based on self-certifications made by the applicants on our preliminary application cards, 1592 applicants indicated they fall within our extremely-low to very-low income range. In addition, 41 applicants stated they are low-income. (The remaining 576 applicants have not yet provided enough income information for the Housing Authority to categorize their income levels.)**

**Of the 2209 applicants, 594 (26.89%) are elderly households with one or more members 62 years of age or older. 780 applicant families (35.31%) have disabled head of households or spouses.**

**In regards to racial groups, of those persons who indicated their race and ethnicity on their application cards, 34 applicants (1.54%) stated they are American Indian/Alaska Native, 172 applicants (7.79%) stated they are Asian; 27 applicants (1.22%) stated they are Native Hawaiian/Pacific Islander; 692 (31.33%) stated they are Black/African American; 1274 (57.67%) stated they are White. Additionally, 459 applicants (20.78%) of all applicants reported to be Hispanic, and 1740 (78.77%) reported to be Non-Hispanic.**

9.1	<p><b>Strategy for Addressing Housing Needs.</b> Provide a brief description of the PHA's strategy for addressing the housing needs of families in the jurisdiction and on the waiting list in the upcoming year. <b>Note: Small, Section 8 only, and High Performing PHAs complete only for Annual Plan submission with the 5-Year Plan. The Housing Authority gives a priority on our waiting list to senior citizens and disabled individuals over other single individuals. Additionally, we admit new persons from the wait list only if they are extremely-low or very-low income. This is consistent with HUD regulations for the Section 8 Program, and it is consistent with the most pressing needs of our jurisdiction, as identified by our current waiting list and the most recent Consolidated Plan.</b></p> <p><b>The Housing Authority will continue to select new applicants from the top of our waiting list, and we will serve as many new qualified households as our (limited) funding permits. (Our funding generally allows for us to assist only a few new tenants each month, as we must wait for existing participants to leave the program before we can serve new persons).</b></p>

Briefly, we provided rental subsidies to approximately 560 Section 8 Voucher Program participants each month, enabling them to reside in decent, safe, and affordable housing; we inspected each housing unit on our program annually and actively enforced housing quality standard requirements; we continued to educate our clients and the public about anti-discrimination laws; we undertook measures to ensure participants were aware of their rights, including their rights to reasonable accommodations and accessible housing; we provided economic opportunities for tenants interested in the Family Self Sufficiency Program; and we took proactive steps to terminate participants who were abusing our Section 8 Program.</b></p> <p>(b) <b>Significant Amendment and Substantial Deviation/Modification.</b> Provide the PHA's definition of "significant amendment" and "substantial deviation/modification" NA</p>

Violence Against Women and Department of Justice Reauthorization Act of 2005  
(VAWA) – Supplement to 2010 Agency Plan

The Housing Authority works with and refers victims of domestic violence to two agencies, both long-time partners with our agency and the City of Redondo Beach. Those two agencies are the 1736 Family Crisis Center and the South Bay Youth Project. (The South Bay Youth Project is now a part of the South Bay Children’s Health Center.) It is the Housing Authority’s objective and policy to serve the needs of our program participants who are child and adult victims of domestic violence (including domestic violence, dating violence, sexual assault and stalking victims).

The 1736 Family Crisis Center offers a full range of counseling, case management, emergency shelter, relocation, and job development services for victims of domestic violence. They assist children, teens, and adults.

The South Bay Youth Project also provides counseling, case management, and support services to adults and youth who are victims of domestic violence.

In addition, it is the Housing Authority’s policy to refer program participants who are domestic violence victims to the Redondo Beach Police Department (RBPD). The RBPD may initiate an investigation, file restraining orders and/or file criminal charges against the perpetrator/s of domestic violence. The RBPD and the Housing Authority have a good working relationship, and assist each other in cases involving Section 8 participants where criminal activity is involved.

In situations where authorized Section 8 household members are found to have committed domestic violence crimes in assisted units, the perpetrators would face termination from the Section 8 program. Remaining household members would be eligible to stay on the program, provided they do not permit the perpetrators to return to the assisted households.
