- (d) **Homeownership.** A description of any homeownership (including project number and unit count) administered by the agency or for which the PHA has applied or will apply for approval.
- (e) **Project-based Vouchers.** If the PHA wishes to use the project-based voucher program, a statement of the projected number of project-based units and general locations and how project basing would be consistent with its PHA Plan.

8.0 Capital Improvements. This section provides information on a PHA's Capital Fund Program. With respect to public housing projects owned, assisted, or operated by the public housing agency, a plan describing the capital improvements necessary to ensure long-term physical and social viability of the projects must be completed along with the required forms. Items identified in 8.1 through 8.3, must be signed where directed and transmitted electronically along with the PHA's Annual Plan submission.

8.1 Capital Fund Program Annual Statement/Performance and Evaluation Report. PHAs must complete the *Capital Fund Program Annual Statement/Performance and Evaluation Report* (form HUD-50075.1), for each Capital Fund Program (CFP) to be undertaken with the current year's CFP funds or with CFFP proceeds. Additionally, the form shall be used for the following purposes:

- (a) To submit the initial budget for a new grant or CFFP;
- (b) To report on the Performance and Evaluation Report progress on any open grants previously funded or CFFP; and
- (c) To record a budget revision on a previously approved open grant or CFFP, e.g., additions or deletions of work items, modification of budgeted amounts that have been undertaken since the submission of the last Annual Plan. The Capital Fund Program Annual Statement/Performance and Evaluation Report must be submitted annually.

Additionally, PHAs shall complete the Performance and Evaluation Report section (see footnote 2) of the *Capital Fund Program Annual Statement/Performance and Evaluation* (form HUD-50075.1), at the following times:

1. At the end of the program year; until the program is completed or all funds are expended;
2. When revisions to the Annual Statement are made, which do not require prior HUD approval, (e.g., expenditures for emergency work, revisions resulting from the PHAs application of fungibility); and
3. Upon completion or termination of the activities funded in a specific capital fund program year.

8.2 Capital Fund Program Five-Year Action Plan

PHAs must submit the *Capital Fund Program Five-Year Action Plan* (form HUD-50075.2) for the entire PHA portfolio for the first year of participation in the CFP and annual update thereafter to eliminate the previous year and to add a new fifth year (rolling basis) so that the form always covers the present five-year period beginning with the current year.

8.3 Capital Fund Financing Program (CFFP). Separate, written HUD approval is required if the PHA proposes to pledge any

portion of its CFP/RHF funds to repay debt incurred to finance capital improvements. The PHA must identify in its Annual and 5-year capital plans the amount of the annual payments required to service the debt. The PHA must also submit an annual statement detailing the use of the CFFP proceeds. See guidance on HUD's website at:

<http://www.hud.gov/offices/pih/programs/ph/capfund/cffp.cfm>

9.0 Housing Needs. Provide a statement of the housing needs of families residing in the jurisdiction served by the PHA and the means by which the PHA intends, to the maximum extent practicable, to address those needs. **(Note: Standard and Troubled PHAs complete annually; Small and High Performers complete only for Annual Plan submitted with the 5-Year Plan).**

9.1 Strategy for Addressing Housing Needs. Provide a description of the PHA's strategy for addressing the housing needs of families in the jurisdiction and on the waiting list in the upcoming year. **(Note: Standard and Troubled PHAs complete annually; Small and High Performers complete only for Annual Plan submitted with the 5-Year Plan).**

- (c) PHAs must include or reference any applicable memorandum of agreement with HUD or any plan to improve performance. **(Note: Standard and Troubled PHAs complete annually).**

11.0 Required Submission for HUD Field Office Review. In order to be a complete package, PHAs must submit items (a) through (g), with signature by mail or electronically with scanned signatures. Items (h) and (i) shall be submitted electronically as an attachment to the PHA Plan.

INDEPENDENT AUDITORS' REPORT

To the Board of Commissioners of the
Housing Authority of the County of Screven
Newington, Georgia

We have audited the accompanying basic financial statements of the Housing Authority of the County of Screven, Georgia, (Authority), as of and for the year ended December 31, 2008. These financial statements are the responsibility of the Authority's management. Our responsibility is to express an opinion on these basic financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America, and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the basic financial statements referred to above present fairly, in all material respects, the respective financial position of the Housing Authority of the County of Screven, Georgia, as of December 31, 2008, and the respective changes in financial position, and cash flows, for the year then ended in conformity with accounting principles generally accepted in the United States of America.

In accordance with *Government Auditing Standards*, we have also issued our report dated August 20, 2009, on our consideration of the Authority's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit in accordance with *Government Auditing Standards* and should be considered in assessing the results of our audit.

The Management's Discussion and Analysis is not a required part of the basic financial statements but is supplementary information required by accounting principles generally accepted in the United States of America. We have applied certain limited procedures, which consisted principally of inquiries of management regarding the methods of measurement and presentation of the required supplementary information. However, we did not audit the information and express no opinion on it.

Our audit was conducted for the purpose of forming an opinion on the Authority's basic financial statements taken as a whole. The supplemental schedules, including the financial data schedule, are presented for purposes of additional analysis and are not a required part of the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, are fairly stated, in all material respects in relation to the basic financial statements taken as a whole.

Housing Authority of the County of Screven
Management's Discussion and Analysis
December 31, 2008

As Management of the Housing Authority of the County of Screven ("the Authority"), we offer readers of the Authority's financial statements this narrative overview and analysis of the financial activities of the Authority for the fiscal year ended December 31, 2008. We encourage readers to consider the information presented here in conjunction with the Authority's financial statements elsewhere in this report.

FINANCIAL HIGHLIGHTS

1. The assets of the Authority exceeded its liabilities at the close of the most recent fiscal year by \$400,076 (net assets) as opposed to \$367,126 as reported in the prior fiscal year.
2. As of the close of our current fiscal year, the Authority's proprietary fund reported ending unrestricted net assets of \$133,884.
3. The Authority's cash and cash equivalents and investment balances at December 31, 2008 was \$138,147 representing an increase of \$15,358 from the prior fiscal year.
4. The Authority had total revenues and capital contributions of \$103,618 and total operating expenses of \$70,668 for the year ended December 31, 2008.
5. The Authority's expenditures of federal awards amounted to \$82,959 for the fiscal year. Accordingly, a single audit was not required for 2008.

OVERVIEW OF THE FINANCIAL STATEMENTS

This discussion and analysis is intended to serve as an introduction to the Housing Authority's basic financial statements. The Housing Authority's basic financial statements comprise two components: 1) fund financial statements, and 2) notes to the financial statements. This report also contains other supplementary information in addition to the basic financial statements themselves. The Housing Authority is a special-purpose government engaged only in business-type activities. Accordingly, only fund financial statements are presented as the basic financial statements.

FUND FINANCIAL STATEMENTS

A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The Housing Authority uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. The Housing Authority data are reported as a proprietary fund. All of the Housing Authority's services are reported in one enterprise fund. Financial statement amounts are reported using the full accrual basis of accounting in which all assets and all liabilities associated with the operation of these funds are included on the statement of net assets. The focus of proprietary funds is on income measurement, which, together with the maintenance of equity, is an important financial indication. Increases or decreases in net assets serve as a useful indicator of whether the financial position of the Authority is improving or deteriorating.

USING THIS ANNUAL REPORT

The Housing Authority's annual report consists of financial statements that show information about the Housing Authority's Enterprise Fund. Our auditor has provided assurance in their independent auditors' report, located immediately preceding this Management's Discussion and Analysis, that the Basic Financial Statements are fairly stated. The auditor provides varying degrees of assurance regarding the other information included in this report. A user of this report should read the independent auditors' report carefully to ascertain the level of assurance being provided for each of the other parts of this report.

The Statement of Revenues, Expenses and Changes in Fund Net Assets presents information showing how the Authority's net assets changed during the most recent fiscal year. All changes in net assets are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of related cash flows. Thus, revenues and expenses are reported in this statement for some items that will result in cash flows in future fiscal periods (e.g., depreciation and earned but unused vacation leave).

The Statement of Cash Flows represents sources and uses of funds categorized as operating activities, noncapital financing activities, capital and related financing activities, and investing activities.

Notes to Financial Statements – The Notes to Financial Statements provide additional information that is essential to a full understanding of the data provided in the basic financial statements, including the measurement focus and accounting basis. The Notes to Financial Statements can be found in the audit report.

3. Supplemental Information – The supplemental schedules, including the financial data schedule, are presented for purposes of additional analysis and are not a required part of the basic financial statements. These schedules can be found in the audit report.

NET ASSETS AND CHANGES IN NET ASSETS

By far, the largest portion of the Authority's net assets reflects its investment in capital assets (e.g., land, buildings, equipment, and construction in progress). The Authority uses these capital assets to provide housing services to its tenants; consequently, these assets are not available for future spending. The unrestricted net assets of the Authority are available for future use to provide program services.

The Authority's Net Assets increased by \$32,950 during the fiscal year as detailed below. The Authority's revenues are primarily subsidies and grants received from HUD. The Authority receives operating subsidies each month based on a pre-approved amount by HUD. Capital grants are drawn down based on need against a pre-authorized funding level. Capital contributions during 2008 were due to modernization activities (primarily interior renovations). Operating expenses remained relatively stable from the prior year, except for maintenance labor expenses which had the most significant decrease for the year. The Authority's revenues were sufficient to cover all expenses, excluding depreciation during the fiscal year.

Computations of Changes in Net Assets are as follows:

BUDGETARY HIGHLIGHTS

For the year ended December 31, 2008, individual program or grant budgets were prepared by the Authority and were approved by the Board of Commissioners. The budgets were primarily used as a management tool and have no legal stature. Also, the Authority adopted a comprehensive annual budget for the proprietary fund. The budgets were prepared in accordance with the accounting procedures prescribed by U.S. Department of Housing and Urban Development.

As indicated by the excess of revenues over expenses, when adjusted by depreciation expense, the Authority's net assets increased during the fiscal year. This increase is indicative of the Authority operating within its budgetary limitations in total, for all its programs.

CAPITAL ASSETS AND DEBT ADMINISTRATION

1. Capital Assets – As of December 31, 2008, the Authority's investment in capital assets for its proprietary fund was \$266,192 (net of accumulated depreciation). This investment in capital assets includes land, buildings, equipment, and construction in progress.

	Cost	Accumulated Depreciation	Net
Land	\$ 95,920	\$ -	\$ 95,920
Construction in progress	-	-	-
Buildings and Improvements	517,602	(351,656)	165,946
Machinery and Equipment	10,331	(6,005)	4,326
Totals	\$ 623,853	\$ (357,661)	\$ 266,192

Net capital assets increased \$18,563. Depreciation expense of \$22,587 represents expiration of capitalized costs over their useful lives. Generally, these modernization activities are funded by grants from HUD.

Additional information on the Authority's capital assets can be found in the Notes to Financial Statements, which are included in this report.

2. Long term Debt – The Authority does not have any long-term debt at this time.

ECONOMIC FACTORS AND NEXT YEAR'S BUDGET RATES

The following factors were considered in preparing the Authority's budget for the fiscal year ending 2009:

1. Historical data of operating costs, and implementing CFP activities specified in our annual and 5 year plans,
2. The use of the Authority's unrestricted net assets of \$133,884 to fund any shortfalls rising from a possible economic turndown and reduced subsidies and grants. The Authority's unrestricted net assets appear sufficient to cover any short-term shortfall and to address any needs identified by management.

CONTACTING THE AUTHORITY'S FINANCIAL MANAGEMENT

Housing Authority of the County of Screven
Notes to the Financial Statements
December 31, 2008

NOTE 1: Summary of Significant Accounting Policies

The financial statements of the Housing Authority of the County of Screven (Authority) are prepared in accordance with U.S. generally accepted accounting principles (GAAP). The Governmental Accounting Standards Board (GASB) is responsible for establishing GAAP for state and local governments through its pronouncements (Statements and Interpretations). The more significant of the government's accounting policies are described below.

A. Reporting Entity

The Housing Authority of the County of Screven (Authority) is a public body created under the General Statutes of Georgia. The Authority was created for the purpose of providing safe and sanitary housing for the low-income citizens of Georgia. The Board of Commissioners of the Housing Authority is appointed by the County Commissioners of Screven County. The Authority's Board of Commissioners designates the Authority's management. The County provides no financial support to the Authority and is not responsible for the debts or entitled to the surpluses of the Authority. The Authority has the power to approve its own budget and maintains its own accounting system. Although the County appoints the Authority's governing board, no other criteria established by Government Accounting Standards Board Statement No. 14 for the inclusion of the Authority in the financial reports of the County are met. Therefore, a separate financial report is prepared for the Authority. All of the operations of the Authority are included in the audited financial statements and there are no operations or activities which are excluded. The Authority has no component units using the criteria of Statement No. 14.

B. Description of a Public Housing Authority

Funding for public housing authorities is received from the United States Department of Housing and Urban Development (HUD) and from participants in public housing programs. Under the Low Rent Housing Assistance Program, low-income tenants pay monthly rents that are determined by their need for assistance. HUD pays operating subsidies to the Housing Authority to enable the Authority to maintain the low-income character of the neighborhood while providing adequate services and maintaining adequate reserves.

The Authority had 14 units in management under HUD Contract number A-2125.

C. Basis of Presentation – Fund Accounting

The accounts of the Authority are organized and operated on a fund basis. A fund is an independent fiscal and accounting entity with a self-balancing set of accounts recording its assets, liabilities, net assets, revenues and expenses.

The Authority accounts for its operation in one proprietary fund type, the enterprise fund. An enterprise fund is used to account for operations (a) that are financed and operated in a manner similar to private business enterprises – where the intent of the governing body is that the costs (expenses, including depreciation) of providing goods or services to the general public on a continuing basis be financed or recovered primarily through user charges; or (b) where the governing body has decided that periodic determination of revenue earned, expenses incurred, and/or net income is appropriate for capital maintenance, public policy, management control, accountability or other purposes. The Housing Authority of the County of Screven maintains one enterprise fund.

Housing Authority of the County of Screven
Notes to the Financial Statements
December 31, 2008

D. Basis of Accounting

The accounting and financial reporting treatment applied to a fund is determined by its measurement focus. The enterprise fund is accounted for on a flow of economic resources measurement focus. With this measurement focus, all assets and all liabilities associated with the operation of this fund are included on the balance sheet. Enterprise fund type equity (i.e., net total assets) is segregated into contributed capital and retained earnings components. Operating statements for this fund present increases (e.g., revenues) and decreases (e.g., expenses) in net total assets.

The financial statements for the Authority have been presented on the accrual basis. Under this basis, revenues are recorded when earned and expenses are recorded when incurred.

The Authority has elected to apply only the applicable FASB Statements and Interpretations issued before November 30, 1989 in its accounting and reporting practices for its proprietary fund.

E. Budgetary Data

The Authority maintains budgetary control over its enterprise fund as required by the terms of the Authority's contract with HUD. An annual budget is adopted for the enterprise fund, except the Capital Fund Program. A multi-year budget is adopted for this program. The Board must approve all increases in appropriation to administration and capital expenditures. The budget was prepared on the modified accrual basis of accounting. The Authority's budget is not presented because it is not required by generally accepted accounting principles.

F. Assets, Liabilities and Equity

Deposits and Investments

The Authority's cash and cash equivalents are considered to be cash on hand, demand deposits and short-term investments with original maturities of three months or less from date of acquisition.

State statutes authorize the Authority to invest in obligations of the U.S. Government and agencies of corporations of the U.S. Government; obligations of any state; obligations of any political subdivision of any state; certificates of deposit or time deposits of any national state bank or savings and loan which have deposits insured by the FDIC or FSLIC; prime bankers acceptances; repurchase agreements; and the Local Government Investment Pool of the State of Georgia (Georgia Fund 1).

Investments are reported at fair value. Short-term investments are reported at cost, which approximates fair value. Securities traded on a national or international exchange are valued at the last reported sales price at current exchange rates. Investments that do not have an established market are reported at estimated fair values.

Inventories and Prepaid Items

When certain payments to vendors reflect costs applicable to future accounting periods, they are recorded as prepaid items.

Housing Authority of the County of Screven
Notes to the Financial Statements
December 31, 2008

Capital Assets

Capital assets are recorded at historical cost at the date of acquisition. Donated assets are recorded at their estimated fair value on the date received. Assets are depreciated over the useful lives on a straight-line basis over the following years:

Buildings and improvements	20 – 30 years
Equipment	5 – 10 years

The costs of normal maintenance and repairs that do not add to the value of an asset or materially extend asset lives are not capitalized. Improvements are capitalized and depreciated over the remaining useful lives of the related fixed assets, as applicable.

The Authority does not own any public domain (“infrastructure”) general capital assets.

Unearned Revenue

Deferred revenues consist of funds received for which revenue recognition criteria have not been met. Generally, deferred revenues also include rental payments made by tenants in advance of their due dates.

Vacation and Sick Leave Compensation

The Housing Authority of the County of Screven allows its full time employees to accumulate earned vacation leave, which is fully vested when earned. Accumulated vacation pay and salary related payments are reported as a current liability.

Employees can accumulate a limited amount of sick leave. Since the Authority has no obligation for the accumulated sick leave until it is actually taken, no accrual for sick leave has been made.

Equity Classifications

Equity is classified as net assets and displayed in three components in the statement of net assets. 1) Invested in capital assets, net of related debt consists of capital assets including restricted capital assets, net of accumulated depreciation and reduced by the outstanding balances of any bonds, mortgages, notes, or other borrowings that are attributable to the acquisition, construction, or improvement of those assets; 2) Restricted net assets consist of net assets with constraints placed on the use either by (a) external groups such as creditors, grantors, contributions, or laws or regulations of other governments; or (b) law through constitutional provisions or enabling legislation; and 3) Unrestricted net assets consists of all other net assets that do not meet the definition of “restricted” or “invested in capital assets, net of related debt”. It is the Authority’s policy to use restricted resources first, then unrestricted.

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Capitalized Interest

Interest costs are capitalized when incurred by proprietary funds on debt where proceeds were used to finance the construction of assets.

Housing Authority of the County of Screven
Notes to the Financial Statements
December 31, 2008

Operating Revenues and Expenses

Proprietary funds distinguish between operating revenues and expenses and nonoperating. Operating revenues and expenses generally results from providing services and producing and delivering goods in connection with the proprietary fund's principal operations, which are disclosed at Note 1.B.

NOTE 2: Detail Notes on Enterprise Fund

Deposits and Investments

The Authority's deposits are either insured or collateralized in accordance with State law. The Authority may waive collateral requirements for operating account balances in accordance with OCGA 45-8-11.

Interest rate risk is the risk that changes in interest rates will adversely affect the value of an investment. The Authority does not have a formal investment policy that limits investment maturities as a means of managing its exposure to fair value losses arising from increasing interest rates.

Credit risk is the risk that an issuer or counterparty to an investment will not fulfill its obligations. The Authority has no investment policy that would further limit its investment choices from those authorized and listed in Note 1.F.

Receivables

As of December 31, 2008, the Authority had the following receivables:

	Amount
Tenants accounts receivable	\$ 1,477
Less: Allowance for Doubtful Accounts	<u>(946)</u>
Tenants accounts receivable - net	<u>531</u>
Total receivables	<u>\$ 531</u>

All receivables are expected to be collected within one year.

NOTE 3: Risk Management

The Authority carries commercial insurance against all risks of loss, including property and general liability, auto, worker's compensation, fidelity, and public official's liability insurance. There have been no significant reductions in insurance coverage in the prior year, and settled claims from these risks have not exceeded commercial insurance coverage in any of the last three fiscal years.

NOTE 4: Claims and Judgments

At December 31, 2008, the Authority was not a defendant in any lawsuit. No provision was made in the audited financial statements for any contingent liabilities. In the opinion of management, there are no legal matters that will have a materially adverse effect on the Authority's financial position.

Housing Authority of the County of Screven
Notes to the Financial Statements
December 31, 2008

NOTE 5: Retirement Plan

The Authority provides eligible employees a defined contribution plan, the Housing – Renewal and Local Agency Retirement Plan. A defined contribution plan provides retirement benefits in return for services rendered, provides an individual account for each participant, and specifies how contributions to the participant's account are determined instead of specifying the amount of benefits the participant is to receive. Under a defined contribution plan, the benefits a participant will receive depend solely on the amount contributed to the participant's account, the returns earned on investments of those contributions, and forfeitures of other participants' benefits that may be allocated to such employee's account. The current Authority Retirement Plan was authorized by resolution of the Board of Commissioners, and the plan may be amended at the Board's discretion. Enrollment in the pension plan begins after one year of service. The Authority contributes monthly into an account for each enrolled employee.

For fiscal year ended December 31, 2008, the Authority paid \$10,757 in total salaries. The Authority's required and actual contributions for fiscal year ended December 31, 2008 were \$914 or 8.5% of payroll. Employee required and actual contributions for fiscal year ended December 31, 2008 were \$645 or 6% of payroll.

There were no changes in plan provisions during fiscal year 2008. Additionally, no loans were made to the employer from the retirement plan, and plan assets do not include any securities of the Authority.

REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS*

To the Board of Commissioners of the
Housing Authority of the County of Screven
Newington, Georgia

We have audited the financial statements of the Housing Authority of the County of Screven (Authority), as of and for the year ended December 31, 2008, and have issued our report thereon dated August 20, 2009. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States.

Internal Control Over Financial Reporting

In planning and performing our audit, we considered the authority's internal control over financial reporting as a basis for designing our auditing procedures for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the authority's internal control over financial reporting. Accordingly, we do not express an opinion on the effectiveness of the authority's internal control over financial reporting.

A control deficiency exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect misstatements on a timely basis. A significant deficiency is a control deficiency, or combination of control deficiencies, that adversely affects the entity's ability to initiate, authorize, record, process, or report financial data reliably in accordance with generally accepted accounting principles such that there is more than a remote likelihood that a misstatement of the entity's financial statements that is more than inconsequential will not be prevented or detected by the entity's internal control.

A material weakness is a significant deficiency, or combination of significant deficiencies, that results in more than a remote likelihood that a material misstatement of the financial statements will not be prevented or detected by the entity's internal control.

Our consideration of internal control over financial reporting was for the limited purpose described in the first paragraph of this section and would not necessarily identify all deficiencies in internal control that might be significant deficiencies or material weaknesses. We did not identify any deficiencies in internal control over financial reporting that we consider to be material weaknesses, as defined above.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the authority's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

We noted certain matters that we reported to management of the authority in a separate letter dated August 20, 2009.

This report is intended solely for the information and use of management, Board of Commissioners, and the U.S. Department of Housing and Urban Development, and is not intended to be and should not be used by anyone other than these specified parties.
