5 **Goals and Objectives.** Identify the PHA's quantifiable goals and objectives that will enable the PHA to serve the needs of low-income and very low-
income, and extremely low-income families for the next five years. Include a report on the progress the PHA has made in meeting the goals and
. objectives described in the previous 5-Year Plan.
2

The Villisca LRH will continue with our previous 5 year goals to provide quality and fair housing for the jurisdiction we serve:

Improve Public Housing Management: The agency will continue to improve the quality, care, integrity and professional standards of our housing as deemed possible with the nature and size of the entity.

Renovations: Over the past years, the agency has completed numerous capital projects in the Valley East Complex to the site, buildings and units, including general replacement and upgrade to individual HVAC systems, roofs, siding and windows, exterior doors and storm doors, complex handrails, sidewalks and driveways. Interior improvements have been made to the bathroom areas, including replacement of water closets, vanity tops, tubs, shower surrounds and fixtures, and flooring replacement and incorporation of washer/dryer units. A maintenance building and area-wide gazebo were constructed.

NEW GOALS:

Reduce vacancies: We currently have 1 vacancy at this time. We continue to work at marketing strategies through newspaper ads, articles and word of mouth to maintain full capacity.

Communication: Keep tenants informed of all pertinent information through the development of a flyers, newsletter, and meetings. We utilize outside agencies to come to our agency to give current informative presentations on subjects of interest by our tenants. We have also provided flu shot sites, farmer's market coupon sites, as well as other health-related clinics for our elderly and disabled tenants.

Operation: The Villisca LRHA will continue to operate in full compliance with equal opportunity laws, and regulations.

Renovations: The primary area of concern included in this five-year CIAP include building improvements to the Lincoln Heights Complex, including roofs, siding and window replacement, weatherization review and upgrade site improvements.

The secondary area of concern includes unit improvements to the Valley East Complex elderly units, including kitchen cabinet replacement, countertop, sink and faucet replacement, and general handicap unit kitchen and bathroom ADA upgrade. Note: Multi-year funding is proposed for completion of this priority.

Site improvements during the next five-year period include replacement of broken, defective or cracked concrete surfaces in parking areas, along sidewalks and at unit entrances. General improvements and upgrade to the area landscaping, playgrounds and equipment and public utilities is also envisioned.

The Agency intends to hire Force Account labor from time to time in order to renovate tenant damaged units, beyond what is considered normal wear and tear.

The annual expected CIAP contribution to the Villisca LRHA by HUD is assumed to be \$51,503 for payment of proposed improvements, force account work and engineering services. Timing of bids and improvements will be such to allow completion of projects within a time frame in which the Agency has sufficient funding to pay for the improvements.
