PHA Plan Elements. (24 CFR 903.7)

(b) Identify the specific location(s) where the public may obtain copies of the 5-Year and Annual PHA Plan. For a complete list of PHA Plan elements, see Section 6.0 of the instructions.

Copies of EBRPHA's 5-Year and Annual PHA Plan are available in the Administrative Office at 4731 North Boulevard, Baton Rouge, LA 70806 and each EBRPHA AMP Base Site Office. Additionally, the plan will be made available on EBRPHA's website, www.ebrpha.org

PUBLIC HOUSING

EBRPHA's policies governing tenant eligibility, selection and admission for the public housing program are included in the Admissions and Continued Occupancy Policy (ACOP) for Low Rent Housing. At a minimum, the ACOP is reviewed annually (more often if needed) to reflect changes in regulation or PHA operation. Utility allowances, flat rents, and the dwelling lease were revised/updated during the current fiscal year and since the last Annual Plan submission. The policy can be viewed at the EBRPHA Administrative Office and each of the Public Housing AMP Base Sites.

The Admissions and Continued Occupancy Policy for the Public Housing Program is designed to demonstrate that the East Baton Rouge Parish Housing Authority is managing its program in a manner that reflects its commitment to improving the quality of housing available to its public and its capacity to manage that housing in a manner that demonstrates its responsibility to the public trust. In addition, this Admissions and Continued Occupancy Policy is designed to achieve the following objectives:

- To provide improved living conditions for very low and low income families while maintaining their rent payments at an affordable level.
- To operate a socially and financially sound public housing agency that provides decent, safe, and sanitary housing within a drug-free, suitable living environment for residents and their families.
- To avoid concentrations of economically and socially deprived families in any one or all of the East Baton Rouge Parish Housing Authority's public housing developments.
- To lawfully deny the admission of applicants, or the continued occupancy of residents, whose habits and practices reasonably may be expected to adversely affect the health, safety, comfort or welfare of other residents or the physical environment of the neighborhood, or create a danger to East Baton Rouge Parish Housing Authority employees.
- To attempt to house a resident body in each development that is composed of families with a broad range of incomes and rent-paying abilities that are representative of the range of incomes of low-income families in the East Baton Rouge Parish Housing Authority's jurisdiction.
- To provide opportunities for upward mobility of families who desire to achieve self-sufficiency.
- To facilitate the judicious management of East Baton Rouge Parish Housing Authority's inventory and the

efficient management of East Baton Rouge Parish Housing Authority's staff.

- To ensure compliance with Title VI of the Civil Rights Act of 1964 and all other applicable Federal laws and regulations so that the admissions and continued occupancy are conducted without regard to race, color, religion, creed, sex, national origin, handicap or familial status.

Section 8

EBRPHA's policies governing tenant eligibility, selection, admission and continued participation for the housing choice voucher program are included in the Administrative Plan. The purpose of the Administrative Plan is to establish policies for carrying out the local Rental Assistance Programs and Voucher Programs in a manner consistent with HUD requirements but not a mere restatement of HUD-mandated policies and procedures. New preferences were established, the waiting list was opened, and the HQS inspections process was revised during the current fiscal year and since the last PHA Plan annual update. The Administrative Plan can be viewed at the EBRPHA Administrative Office at 4731 North Boulevard, Baton Rouge, LA 70806.

The plan covers both admission and continued participation in these programs. The overall plan for the Section 8 Rental Assistance Programs is designed to achieve five major objectives:

- To provide improved living conditions for very low income families while maintaining their rent payments at an affordable level.
- To promote freedom of housing choice and spatial deconcentration of very low income and minority families.
- To provide decent, safe and sanitary housing for eligible participants.
- To provide an incentive to private property owners to rent to very-low-income families by offering timely assistance payments.
- To provide guidance in the administration of the programs in compliance with HUD requirements, including maintaining well-organized and complete records and facilitating HUD's monitoring and review of the Housing.

Waiting List

Public Housing

The East Baton Rouge Parish Housing Authority administers its waiting list as required by Federal Regulations. There are no preferences at this time; applications are maintained by date and time sequence. All applicants must meet applicable income eligibility requirements as established by HUD.

The PHA manages site-based waiting lists for each of its 14 public housing developments. There are currently 2,928 applications on file. Maximum number of applications allowed per family is three. Applicants are made one unit offer before removal from list(s). Complete admissions procedures are identified in the PHA Admission and Continued Occupancy Policy. Waiting lists are opened and applications taken on a site-by-site basis in accordance to the EBRPHA ACOP.

The PHA performed an analysis of its family developments to determine concentrations of poverty and the need to promote deconcentration of poverty. All developments with the exception of one, Scotland Villa, were within the Established Income Range (EIR); Scotland Villa exceeded the EIR. The PHA Deconcentration policy will be used to address the finding.

Housing Choice Voucher Program

The EBRPHA opened its HCV waiting list and began accepting applications on February 17, 2010. As our waiting list is currently open, families may apply online or via a toll-free number. As of April 30, 2010, there are approximately 15,000 applicants on the Housing Choice Voucher Program waiting list. The waiting list must remain open and special preferences were established as part of the EBRPHA's agreement with HUD on receipt of 500 new vouchers. Applications will be accepted through September 17, 2010. The Administrative Plan was revised incorporating preferences for FEMA Temporary Housing Units and Displaced Katrina/Rita families. The preferences are set to expire once the 500 vouchers received under the THU-to-HCV program have been issued. A local preference for families residing in East Baton Rouge Parish was also added. There is also an existing preference for elderly and disabled families. These preferences will remain in effect.

Applications are processed in preference, date and time order. The EBRPHA permits specific categories of families onto the waiting list when closed. The specific categories currently established are approved set asides such as family

unification and witness protection.

SERVICE AND ACCOMMODATIONS POLICY

It is the policy of the East Baton Rouge Parish Housing Authority to be service-directed in the administration of our housing programs, and to exercise and demonstrate a high level of professionalism while providing housing services to the families within our jurisdiction.

Rent Determination

Public Housing

Families residing in Public Housing have a choice of paying income-based or flat rents. The Housing Authority’s public housing rent determination is at 30% of AMI as stated in the Admissions and Continued Occupancy Policy.

There is no minimum income requirement. Families who report zero income are required to complete a written certification every 90 days. How allowable deductions from and exclusions of Annual Income and the presence or absence of household members affect the Total Tenant Payment (TTP) are described in the EBRPHA's ACOP. The accurate calculation of Annual Income and Adjusted Income ensures that families are not paying more or less money for rent than their obligation under the regulations. The EBRPHA follows HUD's regulation and guidance on the verification of income, assets, and deductions from income. Flat rents for Public Housing are reviewed and updated annually. Flat rents are established using local rent comparables and review of established Fair Market Rents. The Public Housing Flat Rent Structure was updated during the current fiscal year and since the last Annual Plan update. Utility allowances were also reviewed and updated.

Section 8 HCV

Housing Choice Voucher payment standards were last revised in March 2007. The EBRPHA payment standards are at 114% of the FMR as per allowed in Federal Register FR-5018-N-02. The Section 8 utility allowance was reviewed and updated in the current fiscal year and since the last Annual Plan update.

A family renting a unit below the payment standard pays the higher of 30% of monthly-adjusted income, 10% of monthly income, or the welfare rent. There is no voucher shopping incentive. A family renting a unit above the payment standard pays the higher of 30% of monthly adjusted income, 10% of monthly income, or the welfare rent, plus the amount of rent above the payment standard. [§545: §8(o)(2)(A)&(B)] A family must not pay more than 40% of income for rent when the family first receives the subsidy in a particular unit. (This maximum rent burden requirement is not applicable at reexamination if the family stays in place.) [§545: §8(o)(3)]. There is no minimum income requirement. Families who report zero income are required to complete a written certification every ninety (90) days. The EBRPHA follows HUD's regulation and guidance on the verification of income, assets, and deductions from income.

The minimum rent for Section 8 and Public Housing is \$50.

CSS will make certain the agency is compliant with HUD 8-hour Community Service Requirement for designated residents by referring them to Housing Authority self-sufficiency programs and community (public and private sector) training programs, supportive services, and employment.

Based on information provided by the applicable Consolidated Plan, information provided by HUD, and other generally available data, make a reasonable effort to identify the housing needs of the low-income, very low-income, and extremely low-income families who reside in the jurisdiction served by the PHA, including elderly families, families with disabilities, and households of various races and ethnic groups, and other families who are on the public housing and Section 8 tenant-based assistance waiting lists. The identification of housing needs must address issues of affordability, supply, quality, accessibility, size of units, and location.</p> <p>The City of Baton Rouge, Office of Community Development provides the following information on housing needs.</p> <p>Rental Housing needs for extremely low income (0-30% MFI Medium Family Income) Renters: Of the 57,176 occupied rental units in the jurisdiction, 28%, or 16,190 units, are occupied by extremely low income households. Due to the limited financial resources of these households, they are more likely than all other households to be experiencing housing problems. Elderly, one and two member households occupy 4,991 renter units in the jurisdiction; 8.7% of all renter units. Of the 4,991 elderly, one and two member households, 1,799 of them are in the extremely low income range. A large percentage of them have housing problems and cost burdens. This income range also includes 5,541 households of the total small (one and two member) renter households in the jurisdiction. There are 4,761 large related renter household; of the 1,376 are in this lowest income range. Previously the large related renter households in this lowest income range had the worst problem of all categories with overcrowding; 63.9% of the renters in this category live in overcrowded units. All households in the extremely low income range have a high percentage of housing problems. The percentages of housing problems of all minority renter households in this income range is 68.1%, noticeably less than the percentage for all extremely low income renter household which is 74.3%. In terms of racial and ethnic groups, 73.1% of the black non-Hispanic headed households have housing problems, and 77.6% of the Hispanic headed households have housing problems in the lowest income range of renters. Although the percentage of housing problems and cost burdens for minority renter households are nearly the same as for all households, a disproportionate percentage of black non Hispanic households are in the extremely low income range compared to the percentage of all households in this range. Low Income (31-50%) Renters: Low income renter households occupy 10,234 of the total occupied rental units in the jurisdiction. The statistics indicate critical needs in this category as 72.8% of those in the Low Income group are still having housing problems. Fewer of the elderly, one and two member renter households are in the low income range but many of the low income elderly one and two member renter households are still having housing problems with cost burden over 30% of MFI. The 3,946 small related households in the low income range are a lower percentage of the total small related renter household than those in the extremely low income range, but 68.7% still have housing problems but 464 households have a cost burden over 50% of MFI. There are only 975 large related renter households in the low income range but they have extensive housing needs. Cost burdens over 30% of MFI and locating 3, 4, and 5 bedrooms units for a large family is a problem causing overcrowding conditions. The percentage of minority housing problems in this category is high and the percentage of the non-Hispanic Black households in this category with housing problems is down, the percentage of Hispanic households in this category with housing problems is up. The minority households in this income range have a lower percentage of housing problems than the total households. Minority households in this income range have a lower percentage of housing problems than the total households. The percentage of black non-Hispanic households with housing problems is 67% and the percentage of Hispanic households with housing problems is 86%.</p> <p>Moderate Income (51-80% MFI) Renters: There are 11,502 moderate income renter households in the jurisdiction or 18.4% of the total rental households. There are many housing needs in the moderate income households nearly 25% of households have a cost burden greater than 30% of MFI, and 2 % have a cost burden greater than 50% MFI. Fewer elderly, one and two member households of the total elderly one and two member households are in the moderate income range. The majority of the elderly one and two member households are in the income ranges below moderate, and 21% area in the middle income range. The 984 households in the moderate income range do have housing needs. The percentage of them with housing problems is 35% and the percentage with a cost burden greater than 30% of MFI is 34%. Their percentage of cost burden greater than 50% of MFI is 16%. The small related renter households is about ¼ of the total moderate income level. There are 4,437 moderate income small related households or 20% of the total small related renter households. The percentage with housing problems is 25% and the percentage with a cost burden greater than 30% of MFI is 16%. Only 1% have cost burdens greater than 50% of MFI. There are 987 large related renter households in the moderate income range 21% of all large related renter households. The majority of these households (57%) have housing problems, but only 8% have a cost burden of 30% of MFI and 0% have a cost burden greater than 50%. In the moderate income range, the minority renter households have a lower incidence of housing problem than the total renter households. Whereas the percentage of minority renter households experiencing housing problems is 28% the percentage of all renter households experiencing housing problems is 33%. Of the minority households 28% of the Black non-Hispanic moderate income renter households have housing</p>

problems, 44% of the Hispanic moderate income renter households have housing problems. The percentage of White households in the moderate range with housing problems is 38%. The percentage of Hispanic households with housing problems is high in this category, but the total percentage of Hispanic renter households in the jurisdiction is only 2%. The housing problems are directly related to income levels is evidenced by the fact that where the incidence of housing problems of total households to minority households is proportionate, the income distribution is proportionate. **The percentage of total renter households in the moderate income range is 20%.** The percentage of Black Non-Hispanic renter households in the moderate income range is 20%. The percentage of those with housing problems is 12% for Black non-Hispanic households while for all households the percentage with housing problems is 33% and among White Non-Hispanic households the percentage with housing problems is 38%.

Strategy for Addressing Housing Needs. Provide a brief description of the PHA’s strategy for addressing the housing needs of families in the jurisdiction and on the waiting list in the upcoming year. **Note: Small, Section 8 only, and High Performing PHAs complete only for Annual Plan submission with the 5-Year Plan.**

Strategy 1. Maximize the number of affordable units available to the PHA within its current resources:

- Employ effective maintenance and management policies to minimize the number of public housing units off-line
- Reduce turnover time for vacated public housing units
- Reduce time to renovate public housing units
- Seek replacement of public housing units lost from inventory through mixed finance development
- Maintain or increase section 8 lease-up rates by establishing payment standards that will enable families to rent throughout the jurisdiction
- Continue to participate in FEMA disaster housing assistance programs

Strategy 2: Increase the number of affordable housing units:

Apply for additional section 8 vouchers should they become available
Leverage affordable housing resources in the community through the creation of mixed - finance housing
Pursue housing resources other than public housing or Section 8 tenant-based assistance.

Strategy 3: Target available assistance to the elderly:

Seek designation of public housing for the elderly
Apply for special-purpose vouchers targeted to the elderly should they become available
Provide preference for the elderly

Strategy 4: Target available assistance to Families with Disabilities:

Seek designation of public housing for families with disabilities (To Be Considered)
Apply for special-purpose vouchers targeted to families with disabilities should they become available

Additional Information. Describe the following, as well as any additional information HUD has requested.

(a) Progress in Meeting Mission and Goals. Provide a brief statement of the PHA's progress in meeting the mission and goals described in the 5-Year Plan.

The East Baton Rouge Parish Housing Authority's (EBRPHA) mission is further supported in this Public Housing Agency Annual and Five-year Plan through our continued commitment to build and maintain affordable housing for the residents of our community. EBRPHA's Low Rent portfolio consists of 15 apartment complexes/scattered site with 1180 public housing units. The EBRPHA's non-profit, Partners-For-Progress portfolio consists of 1 Project-Based Section Eight 82 unit apartment complex, Wesley Chapel and 2 tax credit properties; Brookstown Place consisting of 25 family units and Cedarpoint consisting of 80 family units. In addition to the authority owned properties, EBRPHA provides rental assistance to over 3,000 families through its Voucher Program, over 500 families through the Disaster Voucher and Disaster Housing Programs, and an average 12 families through the Single Room Occupancy Program.

Public Housing properties are being managed and budgets and financial statements are prepared at the AMP level. Reduced vacancy turnaround time, improved maintenance and marketing have contributed to higher occupancy rates and an increase in rental income. The EBRPHA completed a market analysis of its portfolio and developed a Strategic Plan identifying short-term and long-term goals including demolition, disposition, housing designation, rehabilitation, and replacement housing. The EBRPHA has completed construction and has added an additional 27 rental units known as RiverSouth to its portfolio. A contract has been executed with a developer company for the demolition and new construction of approximately 150+ affordable housing units. During the past year, the EBRPHA has obligated, completed and/or started over \$3.5 million of renovation work at its public housing developments including new roofing, painting, new air conditioning, bathroom renovations, etc.

The EBRPHA received a three year, \$1,059,000 YouthBuild grant from the Department of Labor to provide GED and construction training/certification to 60 students between the ages of 16 and 24.

EBRPHA applied and received 500 new vouchers as part of the Temporary Housing Unit (THU) to Voucher Program. Applications are currently being taken and eligibility determination is being completed.

The EBRPHA requested and HUD has allocated permanent vouchers to assist eligible families on conversion from DHAP Katrina. The Section 8 HCV Program received over 769 applications to convert temporary housing assistance (DHAP) to permanent voucher assistance. To date, 442 vouchers have been issued to eligible applicants with 363 families being housed.

The Section 8 Voucher Home Ownership Program has completed plans on 212 clients; 32 have completed 1st time homebuyers classes, 17 have been issued vouchers, 7 contracts are pending, and 5 clients have closed, becoming home owners.

The EBRPHA will be partnering and submitting an application for up to 200 additional vouchers under the Rental Assistance for Non-Elderly Person with Disabilities NOFA.

PARTNERS FOR PROGRESS

Partners for Progress (PFP) is a related non-profit Louisiana Corporation, which was created as an instrumentality of

the Authority for the purpose of managing an 82-unit residential apartment complex (Wesley Chapel) (WC) as well as future acquired properties. On December 31, 2004, legal ownership of WC was transferred to PFP. PFP has entered into a management agreement with the Authority for the Authority to manage WC apartments.

Plan for the Comprehensive Renovations to Wesley Chapel

Partner's was notified November 2008 that its application was successful in receiving an award. As a result, it was awarded \$1,014,925 in credits that is expected to raise \$7.9 million in equity. In late 2009, Wesley Chapel also received \$1 million in TCAP funds under the American Recovery and Reinvestment Act. Being a GO Zone project, Partners for Progress is awaiting pending legislation that would extend the Placed-In-Service date needed by all GO Zone projects that have not been able to commence construction. Plans were completed and the project bid.

Brookstown Place

PFP Development Corporation (PFPDC) is a related for-profit Louisiana corporation created on June 16, 2005, as an instrumentality of the Authority to facilitate low income housing tax credit (LIHTC) development. ATTACHMENT "A" ORGANIZATIONAL STRUCTURE

East Baton Rouge Parish Housing Authority

ATTACHMENT “B” COMMUNITY AND SUPPORTIVE SERVICES PROGRAMS

Community and Supportive Services (CSS) assess the needs of residents and coordinate available resources in the community to meet those needs. In order to accomplish this, CSS focuses on three areas of public housing supportive services: Elderly Services, Resident Services, and Community Services. In elderly services, CSS prioritizes in assisting the elderly public housing population and help them improve living conditions and enable elderly residents to continue to live in place, independently. In Resident Services, CSS also work with Resident Councils to promote the development of local strategies to coordinate the use of assistance under the Public Housing Program with public and private resources, for supportive services and resident empowerment activities. And in Community Services, CSS will make certain the agency is compliant with HUD 8-hour Community Service Requirement for designated residents by referring them to Housing Authority self-sufficiency programs and community (public and private sector) training programs, supportive services, and employment.

FAMILY ROAD OF GREATER BATON ROUGE

Family Road of Greater Baton Rouge (Family Road) is a non-profit organization that provides a variety of services for families. Family Road also provides an incentive program, wherein families can earn Family Road bucks (pretend money) and purchase items at the family store (new items donated from local stores and agencies).

FINANCIAL LITERACY PROGRAM

Helping residents become better money managers is just the beginning of the agency efforts to improve self-sufficiency. Dow Louisiana Federal Credit Union (DLFCU) is one of the agency’s partners in this effort. DLFCU offers a series of financial literacy classes to the agency’s public housing population to ensure that the agency’s lower-income residents can access financial services and education. The goal is to help residents enhance their money management skills, understand basic financial services, and build financial confidence.

DLFCU uses a comprehensive approach to delivering these financial literacy classes to the Public Housing population: The program consists of several lessons and is delivered through a unique combination of technology, community partnerships and employee volunteers. DLFCU uses an array of innovative training techniques which includes course materials, visual aids and videos to instruct participants and is committed to providing to this financial literacy program. The program designed to support individuals in all stages of the financial literacy life cycle and leverages the credit union’s many resources.

VETERANS UPWARD BOUND PROGRAM

The Housing Authority’s partnership with the Southeastern Louisiana University’s Veteran Upward Bound Program has given residents that are US veterans a unique opportunity to gain access to information about college and career awareness, acquire the academic skills required for entry into higher education and/or to acquire the equivalent of a high school diploma. Veteran Upward Bound (VUB) is a U.S. Department of Education TRIO program, and it is funded by a competitive grant. Services are offered continuously to public housing residents with various workshops, self-paced computer tutorials, individualized tutoring and classroom-based instruction. Each participant is given an individualized education plan after testing and assessment of educational and career goals. It encourages Veteran residents to participate in activities that will assist in meeting their educational goals. Veterans work at their own pace, concentrating only on the subjects needing improvement. This enables an individual to start at any time and finish when ready to enter a post-secondary school. All services and materials are provided free to program participants. To help offset some of the miscellaneous costs associated with attending the program, a stipend is prorated according to attendance in scheduled classes and completing required testing and paperwork. Veterans are eligible for a stipend of \$40.00 per month.

ISTROUMA AREA COUNCIL BOY SCOUTS

The local Boy Scouts council has been an agency partner for several years and offers effective character, citizenship, and personal fitness training for youth in public housing. Specifically, the Boy Scouts endeavors to develop youth that has the potential to have a high degree of self-reliance as evidenced in such qualities as initiative, courage, and resourcefulness;

understand the principles of the American social, economic, and governmental systems; and are prepared to participate in and give leadership to society. Each develop has an established Boy Scout Troop and works with Istrouma Area Council scouting leaders. Youth meet regularly onsite and partake in weekend scouting trips throughout the year.

METRO HEALTH

The Housing Authority is currently partnered with The Baton Rouge Black Alcoholism Council's (BRBAC) Metro Health to provide several services to public housing residents. Metro Health is local program designed to provide education to the community about the consequences of substance abuse and risky sexual behavior. Metro Health also conducts street outreach activities in neighborhoods recognized for drug and alcohol abuse and other high risk activities. Outreach consultants distribute HIV/AIDS and substance abuse literature, as well as condoms, while providing risk reduction counseling and referrals to individuals in their community settings.

Metro Health currently provides AIDS/HIV Awareness workshop at onsite at several public housing developments to residents, including Sex Education targeted towards women in public housing. At the successful completion of the program, residents receive a one hundred dollar Wal-Mart gift card. Metro Health also provides free, anonymous and confidential risk reduction counseling and testing to individuals. Metro Health also provides Public Housing developments with a variety of free condoms and sex education literature. Metro Health provides testing on-site at public housing developments periodically.

OBRIEN HOUSE TUTORIAL PROGRAM

O'Brien House (OH) offers an after-school tutorial program to four public housing developments: Wood Plaza, Roosevelt Terrace, and Zion Terrace, Scotland Villa. The OH tutorial programs are designed as structured activities that convene two days per week after school hours and offer activities to help our school-aged residents learn new skills, and develop into responsible adults. Each tutorial day after school, OH provides students with homework assistance, a cognitively based enrichment activity, a recreation activity, and life skills.

STRENGTHENING FAMILIES PROGRAM

The Strengthening Families Program, a partnership with O' Brien House, offers family advocacy workshops to public housing residents at Zion Terrace, Roosevelt Terrace, Wood Plaza, and Scotland Villa. Strengthening Families works with parents and caregivers to lead, manage money, and advocate for their families and each other. The workshop is designed to help families develop the knowledge and skills to take advantage of entitlements and policies that govern resources available to families. Workshops focus on residents being more in control of their family. Assisting residents becoming more confident in their parenting and strengthening their social support and community bonds are also focal points in the training. Residents learn how and when to advocate, what documents are helpful in advocacy, and how to move forward through complex systems to get problems resolved. Residents have an opportunity to listen and share stories of their successes and concerns.

CATHOLIC CHARITIES' FAMILY ACHIEVEMENT CENTER

Catholic Charities provides Financial Literacy and a Strengthening Families Program to public housing resident through its Family Achievement Center FAC. FAC offers a menu of services onsite through outreach, which allows families to self-select the programs that best suit their family needs. The FAC programs are offered at one public housing development per month. FAC also provides links to community resources and services to participants of the Financial Literacy and Strengthening Families Programs.

The Financial Literacy Classes are provided through a series of workshops that help individuals and families increase their knowledge and skills in budgeting and money management. The two part series called "Money Makeover" combines an FDIC nationally approved curriculum, Money Smart, and specialized instructors from the financial field to give families valuable tools to help residents stabilize financially and overcome debt. The workshops also teach residents how to take control of their financial situations in order to reduce financial distress, and learn the most effective tools to understand and manage personal finances. Residents also learn how to manage limited money by preparing a personal spending plan and identifying ways to decrease expenses.

The Strengthening Families Program strives to meet the requests of parents to have a center where families with young children could go to enjoy enrichment activities together, attend classes and skill training sessions, network with their neighbors, learn more about local resources, and obtain individualized family support services. In addition to educational programs, instructors utilize an assets-based approach that encourages residents to make a Family Development Plan, with goals focused on the healthy development of their children and on meaningful family self-sufficiency.

GED PROGRAM

Many residents have shown interest in literacy and GED preparation classes. One of the hurdles to receiving these services is accessibility due to proximity and transportation barriers. Although programs are available to the general public throughout the city, it is very difficult for interested residents to enroll in classes or attend consistently.

In order to overcome these barriers, the agency with Literacy Works and has brought a GED preparatory program specifically to public housing residents. Literacy Works was recently awarded a grant to service 50 individuals per year with GED preparatory classes and is partnered with the Louisiana Departments of Education and Social Services. The Pre-GED Program is divided into 3 different programs: young Adults (16-21 years old), adults (22-49 years old), and seniors (50 years old and up) and will target public housing residents. All programs are held at the Clarksdale public housing development.

PARENTING CLASSES

Through the Louisiana Department of Health and Hospitals Office Mental Health's Early Childhood Supports and Services (ECSS), the agency offers a series of monthly parenting classes. ECSS is a state pilot prevention and early intervention program whose mission is to reduce and/or eliminate the incidence of mental health problems in children and to improve the educational outcomes for at risk children. ECSS consist of a group of parents, advocates, and interested community members as well as public and private agencies. These agencies provide services to children ages 0 through 6 and their families. Intervention is provided to young children and their families when they are referred to appropriate supports and services by any Network member.

NUTRITION PROGRAM

The LSU Agriculture Center's Expanded Food and Nutrition Education Program (EFNEP) offer onsite nutrition and health education to public housing residents. The EFNEP is designed to assist low-income families in acquiring the knowledge, skills, attitudes, and changed-behavior necessary for nutritionally sound diets, and to contribute to their personal development and the improvement of the total family diet and nutritional well-being.

Through an experiential learning process, residents will learn how to make food choices which can improve the nutritional quality of the meals they serve their families. Residents will gain new skills in food production, preparation, storage, safety and sanitation. Residents will also gain the knowledge of how to better manage their food budgets and related resources from federal, state, and local food assistance agencies and organizations. Residents will be educated on related topics such as physical activity and health. EFNEP is delivered as a series of 10-12 or more lessons, often over several months, by paraprofessionals and volunteers, many of whom are indigenous to the target population. The hands-on, learn-by-doing approach allows the participants to gain the practical skills necessary to make positive behavior changes. Through EFNEP, participants also experience increased self-worth, recognizing that they have something to offer their families and society.

DIABETES EDUCATION PROGRAM

The Louisiana Health Care Review is offering a series of diabetes training sessions for residents at each senior/disable development. The free program is designed to assemble community, medical, and public health partnerships and resources that can improve diabetes outcomes among Medicare beneficiaries. Through diabetes self-management education (DSME), the program seeks to create a greater awareness among people with diabetes and their families. The ultimate goal of the program is to reduce early mortality and disability among racial and ethnic minorities by educating them on how to monitor and control their own health.

NEIGHBORHOOD NETWORKS CENTERS

EBRPHA has two Neighborhood Networks Centers (NNC) located at two public housing developments: Turner Plaza and Riversouth. The Neighborhood Networks Centers primarily provides residents with specialized training and technology access. The NNC offers high speed community public access and a cutting edge wireless community network. The NNC also offers basic, intermediate, advanced classes in various computer applications.

Services include:

- Free Computer Access (Open Lab)
- Free Computer Training
- Self-paced learning curriculum
- Job search and resume assistance
- Free Color Copy Services
- Free Internet Access
- Free Local Fax Service
- Free Local Telephone Calls

Programs are provided for all age groups. Free soft-skills training and workshops are also available throughout the year for residents at the NNC.

FOOD CERTIFICATION PROGRAM

The Housing Authority offers free Food Safety and Sanitation Certification training through the HOPE VI Neighborhood Networks Center to residents. In this 16 hour industry recognized certification course with Baton Rouge Community College (BRCC), residents learned about the micro-world of bacteria, viruses, parasites, contamination, food-borne illness, storage, preparation, serving, HACCP system, cleaning and sanitizing, integrated pest management, regulations and standards and employee food-safety training. BRCC utilizes the ServSafe curriculum, the industry's leading food safety training and certification program, which is recognized by more federal, state, and local jurisdictions than any other food safety certification.

BRCC administers certification testing and sends all course and test materials to the National Restaurant Association in Chicago, IL, which accredits BRCC for this certification course. This certification positions participants for job opportunities, which includes food services, hospitality, and entrepreneurship. Certifications will be valid for 5 years and residents also are given the opportunity to be certified by the State of Louisiana regulatory agency: Louisiana Department of Health and Hospitals. With the state certification, residents also have an opportunity to open their own business (catering or restaurant) in the state, serve as a food safety inspector if they elect to do so.

HEALTHY LIFESTYLE CHOICES PROGRAM

O'Brien House created an onsite intervention program at Turner Plaza to focus on Healthy Lifestyle Choices. Program provides residents with the skills and knowledge to make healthy decisions that will prevent risky behaviors such as substance abuse. The curriculum uses fun, interactive activities such as games, role plays and discussions, and community projects to convey prevention knowledge and skills. Topics includes information and skills about: decision making, values, how to access information, communication, negotiation, goals for the future, STD, HIV, alcohol and other drug use, and facts about a healthy sexual lifestyle. Program Coordinators are trained to recognize individuals with suspected substance use problems and refer them for assessment and treatment.

HIV/AIDS PREVENTION PROGRAM

Metro Health hosts a HIV/AIDS Prevention Program at Turner Plaza that provides HIV testing and prevention educational workshops monthly to Turner Plaza residents. The program utilizes peer educators to train residents on anti-drug usage, safer sexual using practices, and developing and enhancing negotiation skills around condom use. The program also offers avenues which foster ethical, personal, social-emotional and intellectual development. Since many elderly/disabled residents may engage in sexual and drug use behaviors that put them at risk for HIV infection, these evidence-based qualities are essential to making appropriate choices that will ultimately decrease the spread of HIV/AIDS and other STDs, as well as increase civic responsibility.

COMMODITY DISTRIBUTION PROGRAM

Through a partnership with the Louisiana Department of Agriculture and the East Baton Rouge Parish government, local community and faith-based groups distribute commodities to seniors. The groups are responsible for receiving, storing and distributing USDA donated commodities for several of the local donated food programs administered by USDA. The City of Baton Rouge's Division of Human Development & Services/Office of Social Services in conjunction with the Greater Baton Rouge Parish Food Bank distribute commodities to low-income public housing families that reside in a elderly/disabled development who have been certified eligible for Needy Family Food Distribution Program. Residents may pick up their commodity food from onsite once every quarter in the calendar year. The program provides nutritional food boxes residents who meet federal income guidelines and are residents of East Baton Rouge Parish. All food packages contain high protein, nutrient dense foods, specially selected in order to ensure that clients receive proper nutrition. These foods are donated and are very similar to foods you would find in grocery stores. The program is extended to the agency's three elderly/disabled housing developments on a regular distribution cycle.

SOUTHERN UNIVERSITY SERVICE LEARNING PROGRAM

The Southern University Center for Service Learning Program is designed to provide an integrated service learning program into the academic curricula of all Southern University undergraduate students. The agency works with Service Learning students that have been assigned to the agency to fulfill 60 clock hours of volunteerism. These students must complete volunteer hours as required through their respective college curriculums within the current collegiate semester. Students are assigned to work with youth and adult residents in a supportive role to existing programs and activities onsite at a public housing development. The program focuses on the promotion of civic responsibility while providing opportunities for students to serve the local community.

COMMUNITY SERVICE & SELF SUFFICIENCY REQUIREMENT ORIENTATIONS

In an effort to address resident non-compliance of Community Service and Self-Sufficiency Requirements, the agency began implementing a series of monthly Community Service Orientations at public housing developments in 2009. The

orientation is designed to help residents with the community service requirement process and is used to supplement the information provided during move-in and recertification. During the orientation, residents were offered tips, tools, forms, and examples of community service and self-sufficiency activities to help residents understand and deal with the requirement for: CSSR core competencies, delivery options, service hours, and documentation

AMP Managers were issued a new CSSR Intake Forms and an updated Monthly Report Form in 2009 that will be distributed to residents that are required to complete public housing community service. The intake form is used to gather employment and volunteer history and better assist residents with community service assignments. The monthly report form is used to document the number of community service hours each individual performs. Each household member who is required to perform community service must submit his or her own form either monthly or during annual recertification.

ATTACHMENT "D" PET POLICY

I. INTRODUCTION

The Pet Rules and Policies for Housing Authority of East Baton Rouge Parish hereinafter referred to as Authority is developed in accordance with the HUD regulations published in the Federal Register on October 1, 2000, with an effective date of October 12, 2000. The pet rules for this Authority are incorporated into this policy. The rules adopted by this property are reasonably related to the legitimate interest of the authority including:

- The Authority's interest in providing decent, safe, and sanitary living environment for existing and prospective residents;
- Protecting and preserving the physical condition of the property; and
- The Authority's financial interest in the property.

II. DEMONSTRATION OF ACCEPTABILITY

A. MANAGEMENT APPROVAL

Prior to a pet being accepted for keeping in an apartment within the Authority the proposed owner must prepare and submit an "Application to Keep a Pet" to the Authority. The Resident/Pet Owner and the Authority must enter into a "PET AGREEMENT," (Attachment A).

In addition to executing the Agreement, the Resident/Pet Owner must provide to the Authority documented proof of the proposed pet's health, suitability and acceptability in accordance with the provisions outlined in "Standards" below.

Pets must be registered with the Authority before the pet is brought onto the property premises and annually thereafter.

Registration includes:

- Certification signed by a licensed veterinarian or designated State or local authority or agent, stating that the pet has received all inoculations required by State or local law.
- Statement signed by a licensed veterinarian that the animal is in good health, has no communicable diseases or pests, and in the case of dogs or cats, is spayed or neutered.
- Sufficient information to identify pet and demonstrate it is a common household pet
- Name, address, and phone number of one or more responsible parties to care for the pet if the owner dies, is incapacitated or unable to care for the pet.
- Execution of a Pet Agreement, stating that the resident accepts complete responsibility for the care and cleaning of the pet and acknowledges the applicable rules.
- Pet must be licensed in accordance with applicable state and local laws and regulations.

Registration will be coordinated with the annual reexamination date.

Approval for the keeping of a pet shall not be extended until the requirements specified above have been met, and in no event will approval of other than the common household pets be extended.

The Authority shall refuse to register a pet if:

- The pet is not a common household pet identified more specifically in this policy.
- Keeping a pet would violate any applicable House Pet Rules.
- Pet owner fails to provide complete pet registration information or fails annually to update the registration.
- The Authority reasonably determines, based on the pet owner's habits and practices, that the pet owner will be unable to keep the pet in compliance with the pet rules and other lease obligations.
- The Authority may refuse to register a pet based on the determination that the pet owner is financially unable to care for the pet or that the pet is inappropriate, based on the therapeutic value to the pet owner or the interests of the property or existing residents.
- The Authority is required to notify the pet owner if the Authority refuses to register a pet. The notice shall state the basis for the Authority's action and shall be served in accordance with the HUD notice requirement.

III. ADDITIONAL FEES AND DEPOSITS — PETS

VII. INSPECTIONS

The Authority may, after reasonable notice to the resident during reasonable hours enter and inspect the premises, in addition to other inspections allowed.

The Authority may enter and inspect the unit only if he or she has received a signed, written complaint alleging that the conduct or condition of the pet in the dwelling unit constitutes a nuisance or threat to the health or safety of the occupants of the property or other persons in the community.

VIII. INSURANCE

Resident is required to carry Resident — Home Owners Liability Insurance, in an amount reasonable to cover possible claims. (\$10,000.00 or more)

IX. PET RULE VIOLATIONS

The notice must contain a brief statement of the factual basis for the determination and the pet rule alleged to be violated. The notice also must state:

That the resident/pet owner has 10 days from the effective date of the service of notice to correct the violation or make written request for a meeting to discuss the violation.

That the resident/pet owner is entitled to be accompanied by another person of his or her choice at the meeting; and

That the resident/pet owner's failure to correct the violation, request a meeting, or appear at a requested meeting may result in initiation of procedures to terminate the pet owner's tenancy.

B. PET RULE VIOLATION MEETING

If a resident/pet owner requests a meeting on a timely basis, the Authority will establish a mutually agreeable time and place for the meeting. The meeting will be scheduled no later than 15 days from the effective date of service of notice of the pet rule violation, unless the pet owner agrees to a later date in writing. The resident/pet owner and the Authority will discuss the alleged violation at the meeting and attempt to correct it.

As a result of the meeting, the Authority may give the resident/pet owner additional time to correct the violation.

C. NOTICE FOR PET REMOVAL

Contain a brief statement of the factual basis for the determination and the pet rule(s) that have violated;

State that the resident/pet owner must remove the pet within 10 days of the effective date of service of the notice of pet removal; and

State that failure to remove the pet may result in initiation of procedure to Terminate the resident/pet owner's tenancy.

D. TERMINATION OF TENANCY

The Authority may initiate procedures for termination of the resident/pet owner's tenancy based on a pet rule violation if:

The pet owner has failed to remove the pet or correct a pet rule violation within the applicable time period specified; and

This includes pets which appear to be poorly cared for which are left unattended for longer than 24 hours.

The situation will be reported to the responsible party designated by the resident/pet owner.

If the responsible parties are unwilling or able to care for the pet or if the Authority, despite reasonable efforts, has been unable to contact the Responsible Parties, the Authority may contact the appropriate State or local authority and request the removal of the pet.

X. EMERGENCIES

The Authority will be concerned about pets that become vicious or display symptoms of severe illness or demonstrate other behavior that constitutes an immediate threat to the health or safety of the tenancy as a whole.

The Authority will refer these cases to the State or local authority authorized under applicable state or local law to remove these pets who exhibit this behavior.

XI. EXCLUSIONS

The pet deposit will be waived for animals that assist persons with disabilities. 24 CFR 5.303 excludes animals that assist the handicapped from this pet policy. This exclusion applies to animals that reside in developments for the elderly and handicapped, as well as to animals that visit these developments. The PHA may not enforce or apply any pet rules against individuals with animals that are used to assist the handicapped. Noting in 24 CFR 5.303:

Acting on behalf of the Board of Commissioners of the Public Housing Agency (PHA) listed below, as its Chairman or other authorized PHA official if there is no Board of Commissioners, I approve the submission of the X 5-Year and/or X Annual PHA Plan for the PHA fiscal year beginning 10-1-10 hereinafter referred to as "the Plan", of which this document is a part and make the following certifications and agreements with the Department of Housing and Urban Development (HUD) in connection with the submission of the Plan and implementation thereof:

2. The Plan contains a certification by the appropriate State or local officials that the Plan is consistent with the applicable Consolidated Plan, which includes a certification that requires the preparation of an Analysis of Impediments to Fair Housing Choice, for the PHA's jurisdiction and a description of the manner in which the PHA Plan is consistent with the applicable Consolidated Plan.
3. The PHA certifies that there has been no change, significant or otherwise, to the Capital Fund Program (and Capital Fund Program/Replacement Housing Factor) Annual Statement(s), since submission of its last approved Annual Plan. 8. For PHA Plan that includes a policy for site based waiting lists:
 - The PHA regularly submits required data to HUD's 50058 PIC/IMS Module in an accurate, complete and timely manner (as specified in PIH Notice 2006-24);

 - Adoption of site-based waiting list would not violate any court order or settlement agreement or be inconsistent with a pending complaint brought by HUD;
 - The PHA shall take reasonable measures to assure that such waiting list is consistent with affirmatively furthering fair housing;
 - The PHA provides for review of its site-based waiting list policy to determine if it is consistent with civil rights laws and certifications, as specified in 24 CFR part 903.7(c)(1).
