5.2	Goals and Objectives. Identify the PHA's quantifiable goals and objectives that will enable the PHA to serve the needs of low-income and very low-income, and extremely low-income families for the next five years. See Attachment I Include a report on the progress the PHA has made in meeting the goals and objectives described in the previous 5-Year Plan. See Attachment II

For a complete list of PHA Plan elements, see Section 6.0 of the instructions. Town of Bar Harbor Housing Authority, 80 Mount Desert Street, Bar Harbor, Maine.				
7.0	Hope VI, Mixed Finance Modernization or Development, Demolition and/or Disposition, Conversion of Public Housing, Homeownership Programs, and Project-based Vouchers. <i>Include statements related to these programs as applicable.</i> a. 8.0	Capital Improvements. Please complete Parts 8.1 through 8.3, as applicable.				
8.1	Capital Fund Program Annual Statement/Performance and Evaluation Report. As part of the PHA 5-Year and Annual Plan, annually complete and submit the <i>Capital Fund Program Annual Statement/Performance and Evaluation Report</i> , form HUD-50075.1, for each current and open CFP grant and CFFP financing.				
8.2	Capital Fund Program Five-Year Action Plan. As part of the submission of the Annual Plan, PHAs must complete and submit the <i>Capital Fund Program Five-Year Action Plan</i> , form HUD-50075.2, and subsequent annual updates (on a rolling basis, e.g., drop current year, and add latest year for a five year period). Large capital items must be included in the Five-Year Action Plan.				

8.3	<p>Capital Fund Financing Program (CFFP). <input type="checkbox"/> Check if the PHA proposes to use any portion of its Capital Fund Program (CFP)/Replacement Housing Factor (RHF) to repay debt incurred to finance capital improvements.</p>
9.0	<p>Housing Needs. Based on information provided by the applicable Consolidated Plan, information provided by HUD, and other generally available data, make a reasonable effort to identify the housing needs of the low-income, very low-income, and extremely low-income families who reside in the jurisdiction served by the PHA, including elderly families, families with disabilities, and households of various races and ethnic groups, and other families who are on the public housing and Section 8 tenant-based assistance waiting lists. The identification of housing needs must address issues of affordability, supply, quality, accessibility, size of units, and location. See Attachment III</p>

9.1	<p>Strategy for Addressing Housing Needs. Provide a brief description of the PHA’s strategy for addressing the housing needs of families in the jurisdiction and on the waiting list in the upcoming year. Note: Small, Section 8 only, and High Performing PHAs complete only for Annual Plan submission with the 5-Year Plan.</p> <p>a. The Public Housing program has seen a significant decline in on island housing demand while off island demand is stable. For the island PHA’s to survive we’ll need to increase services to attract off island elderly and disabled populations.</p> <p>b. The Section-8 Voucher program on island is now almost non-existent with a small waiting list. Island employment provides for a good wage and weekly rentals now dominate the rental market. The island rentals that are available don’t provide for a twelve month lease period. Off island assistance is stable with a fair supply of units in our price range with the exception of our hard to house clients. For our three & four bedrooms clients the cost is above our payment standard. Adjustments will be needed along with a review of rent reasonableness.</p>
10.0	<p>Additional Information. Describe the following, as well as any additional information HUD has requested.</p> <p>(a) Progress in Meeting Mission and Goals. Provide a brief statement of the PHA’s progress in meeting the mission and goals described in the 5-Year Plan. We will begin working on our identified goals as soon as the 2010 5-Year and Annual Plan is approved.</p> <p>(b) Significant Amendment and Substantial Deviation/Modification. Provide the PHA’s definition of “significant amendment” and “substantial deviation/modification”.</p> <p>a. Substantial Deviation from the Plan Substantial deviations are defined as discretionary changes in the plans or policies of the housing authority that fundamentally change the mission, goals, objectives, or plans of the agency and which require formal approval of the Board of Commissioners.</p> <p>b. Significant Amendment or Modification to the Plan Significant amendments or modifications are defined as discretionary changes in the plans or policies of the housing authority that fundamentally change the mission, goals, objectives, or plans of the agency and which require formal approval of the Board of Commissioners.</p>

11.0	<p>Required Submission for HUD Field Office Review. In addition to the PHA Plan template (HUD-50075), PHAs must submit the following documents. Items (a) through (g) may be submitted with signature by mail or electronically with scanned signatures, but electronic submission is encouraged. Items (h) through (i) must be attached electronically with the PHA Plan. 2010 5 Year & Annual Plan

2010 – 2014 Goals

5.2

- a. Continue the use of force account labor in the CIP Program. The use of force account labor has enabled us stretch available funds to accomplish more work items.
- b. The consolidation for the Section 8 Voucher program has reduced operational cost while serving the same population in the same geographical area. We will continue to consolidate other operations when politically feasible.
- c. We will continue to make energy and environmental upgrades.
- d. We have built 31 single family highly efficient green homes for families earning up to 120% of AMI. We now have 50% occupancy, given the current economic climate it will be extremely challenging to hold this rate without supplemental funding, we will continue looking for funding.
- e. Our tenant services and meals program for the elderly is holding its own but has experienced significant reductions in funding from the state. We will continue to apply for funding to stabilize and expand this program.
- f. All five authorities are rated high performers.
- g. We will continue our aggressive in house commissioner and staff training policy.
- h. With in the next five years we will experience significant senior staff retirement. We are now preparing staff for authority and management position shifts.

Ellsworth & MDI Housing Authorities 2010 5-Year Plan

9.0 Housing Needs

Overview of Housing Needs

Demographic Trends

The demographics on Mt. Desert Island have changed dramatically in the last 5 years. The island population has become much more seasonal due in large part to a very rapid rise in the price of houses and land on Mount Desert Island and the downturn in the economy. As families move “off Island” in search of more affordable housing and employment, the average age of the remaining residents has increased. These demographic changes are reflected in a decrease in the number of children in 3 of the 4 Island school districts. These changes are also reflected in our Section 8 program. Previously 240 of the 373 Section 8 vouchers assigned to the MDI & Ellsworth Housing Authorities were used on the Island. Currently only 41 of the vouchers are on the Island. Of these 23 are in tax credit properties.

Housing Needs in Ellsworth & MDI

Affordability

From 2000 to 2009 the average rent for a 2 bedroom apartment in the Ellsworth LMA increased 51.7% from \$574 to \$870, while the median income for renter households increased only 21.3% from \$23,982 to \$29,099. Household unable to afford the average 2-bedroom rent in the Ellsworth LMA increased from 2,304 (47.9%) to 3,349 (58.9 %). In the various Island communities in 2009 the number of households unable to afford the average 2-bedroom rent ranges from 53.5% in Tremont to 61.7% in Southwest Harbor.

Supply

The supply of affordable housing has steadily decreased over the last 10 years due primarily to:

- a.) Many seasonal businesses have begun to purchase rental properties for use solely by their workers
- b.) There has been an influx of retirees who have purchased second homes
- c.) Landlords are renting to college students for nine months during the “off-season” and then renting their units to summer visits for 3 months at premium rates.

Quality

The housing stock in Maine is some of the oldest in the nation. Sixty-eight percent of the housing stock in the Ellsworth LMA was built prior to 1980 with 30.9% built prior to 1940. While there are a variety of programs to rehabilitate single family

homes, there are few programs to support the renovation of multi-family units. Only 30 units of rental housing were built between 2000 – 2006.

Accessibility

The age of Maine’s housing stock has a significant impact on the number of handicap accessible units in the Ellsworth area. Other than units owned and/or operated by the MDI & Ellsworth Housing Authorities there are less than 20 handicapped accessible units in the Ellsworth LMA.

Summary

The sharp rise in the price of real estate on MDI has had a devastating effect on the overall economy of The Island”. The middle class can no longer find affordable housing, which has resulted in a decrease in the year round population, a decline in school enrollment, the closing of service related businesses such as grocery stores, hardware stores, car repair facilities, clothing stores, etc. The only hope for the survival of the community is a long term commitment to the development of affordable housing.

VAWA Statement

The Ellsworth & MDI Housing Authorities (EMDIHA) are committed to assisting individuals and families who have been victims of domestic violence by ensuring compliance with all aspects of the Violence Against Women Act. By taking advantage of several regional training opportunities EMDIHA has ensured that staff has the knowledge to effectively administer and comply with all provisions of the Violence Against Women.

In accordance to the VAWA revisions within our ACOP and lease, EMDIHA employs a variety of methods to assist victims of domestic violence, including evicting the perpetrator so the victim and family can remain in their current apartment, transferring the victim to another public housing unit, or issuing a Section 8 voucher so the victim can move to a safe undisclosed location away from public housing.

Our staff works closely with the representatives of the Ellsworth Police Department to insure the victim remains safe by helping them implement their legal and security options and referring them to medical and emergency housing services as needed. Next Step, a shelter for battered women, is an available resource that provides temporary secure undisclosed housing. When the victim and family are their care they also provide counseling and case management to find long-term solutions.
