The PHA advertises units based upon the Fair Housing Standard. The PHA is making units handicapped assessable with the amount of funds it has available. We will be able to do more now that we have the heating system replaced, since this had depleted our reserves. The stimulus funds will also help in this area.

Other PHA Goals and Objectives: (list below)

Violence Against Women Act

The new provisions of the Violence Against Women Act (VAWA), effective January 5, 2006, requires that the Consolidated Plan contain estimated housing needs for victims of domestic violence, dating violence, sexual assault and stalking.

This is a small community so its difficult to determine the housing needs for this population, but the PHA does identified the housing needs for this population, and has given a preference to this population.

The PHA in partnership with other service providers will provide service offered by any agency that has service for families that suffer from domestic violence.

Safety and Crime Prevention

The PHA must ensure the safety of all public housing residents, and will do so by coordinating with the local police to provide crime prevention measure and activities to ensure the residents safety. The PHA will share information with the local police department that is necessary for it to provide protection and preventive measure and activities to the project.
